A WORLD-CLASS UNIVERSITY IN THE HEART OF ONE OF THE WORLD’S MOST LIVEABLE CITIES*

*Economist Intelligence Unit Global Liveability Index, 2019
From our Vice-Chancellor
FROM OUR VICE-CHANCELLOR

A member of Australia’s prestigious Group of Eight research-intensive universities and ranked in the top 1% of universities worldwide, the University of Adelaide is recognised globally for its research excellence and dedicated staff that are international leaders in their field.

Our postgraduate coursework degrees are world-class, driven by cutting edge research and technology that encourages critical thinking, problem solving, teamwork and communication. The University’s Industry Engagement Priorities ensure close alignment with the needs of industry while our broader research mission is committed to tackling the grand challenges of our time. The University is focused on preparing students for their careers through industry placement and internship opportunities.

The University’s beautiful North Terrace campus is located at the heart of the city and our diverse student body, warmly welcomed from over 90 countries, creates a vibrant community amongst outstanding facilities. An international orientation program assists students with a successful transition and provides an insight into local South Australian culture.

A postgraduate coursework degree at the University allows for study at the forefront of discovery, with access to state-of-the-art research facilities, cross-disciplinary programs, and a connection to a globally integrated and culturally diverse community. The academic environment of the University pursues excellence, creativity of thinking, and innovation. With five Nobel Laureates and more than 100 Rhodes Scholars we provide graduates with the opportunity to make a major contribution to the world.

Vice-Chancellor and President
Professor Peter Høj AC
WHY CHOOSE THE UNIVERSITY OF ADELAIDE?

- RANKED IN TOP 1%*
- 5 STARS PLUS QS RATING
- ASSOCIATED WITH 5 NOBEL LAUREATES
- MEMBER OF THE GROUP OF EIGHT™
- PRODUCED OVER 110 RHODES SCHOLARS
Founded in 1874, the University of Adelaide is Australia’s third-oldest university. We consistently rank in the top 1% globally and number one in South Australia for tertiary education. Our reputation for excellence and breaking new ground has been forged by a continuous stream of outstanding people. We proudly count among our distinguished alumni five Nobel Laureates and over 110 Rhodes Scholars. Australia’s first female prime minister and Supreme Court judge were also University of Adelaide alumni.

Today, our vibrant culture continues to attract some of the world’s best and brightest—academic leaders from all corners of the globe and students from more than 100 countries.

Outstanding teaching
University of Adelaide students learn with the guidance and support of exceptional academic staff. Operating at their disciplines’ cutting edge, they enthusiastically share their passion for new knowledge and encourage students’ own pursuits of world-changing discoveries.

The University also provides a wide range of student support services and opportunities, all of which are detailed in these pages. This nurturing environment—and unwavering commitment to the highest teaching standards—enables students to fulfil their potential and make significant contributions to the world.

Global research impact
The University of Adelaide is committed to conducting world-class research with global, real-world impact.

A member of Australia’s prestigious Group of Eight research-intensive universities, we enhance and sustain life for people and planet by addressing the world’s most significant challenges.

Our areas of particular strength include: food and wine; defence and security; health and medicine; engineering and technology; life sciences; mining and energy; and the environment.

AREAS OF STUDY

- Health and Medical Sciences
- Sciences
- Business, Law and Economics
- Education, Humanities, Music and Social Sciences
- Engineering, Architecture, Computer and Mathematical Sciences

OVER 100 COUNTRIES REPRESENTED IN STUDENT POPULATION

27,000 STUDENTS

* Times Higher Education and QS ranking

Adelaide has a bustling, energetic city centre and is renowned for its festivals, cultural life and sporting events. With great shopping, beaches, a cafe culture, affordable student accommodation and friendly residents, Adelaide offers a relaxed lifestyle with all the convenience of city living.
A truly liveable city

Safe and relaxed, Adelaide is ranked as one of the world’s top 10 most liveable cities.

Source: Economist Intelligence Unit Global Liveability Index, 2019

Australia’s most affordable mainland city

Adelaide is one of the most affordable mainland Australian cities, with a cost of living up to 12% lower than Sydney and Melbourne.

Source: Study Adelaide www.studyadelaide.com

Culturally diverse

South Australians hail from over 120 different countries, creating a wonderful mix of cultures and influences. One in five South Australians were born overseas!
ADELAIDE CITY

Adelaide - the perfect city for students
ADELAIDE

1. Adelaide Railway Station
2. State Library of SA
3. Adelaide Festival Centre
4. Art Gallery of South Australia
5. Adelaide Zoo
6. Adelaide Botanic Gardens
7. China Town
8. Adelaide Oval
9. South Australian Museum
Adelaide is a coastal city, with pristine white sandy beaches that attract thousands for relaxation and recreation in the summer. It takes just 20 minutes on the tram to get from the city centre to the beach.

**STATE STATS**

- **AREA**: 983,482 km²
- **CAPITAL**: Adelaide
- **COASTLINE**: 5,059 km (with over 100 islands)
- **POPULATION**: Adelaide: 1.3m  South Australia: 1.7m
- **OFFICIAL LANGUAGE**: English
- **CURRENCY**: Australian dollar (AUD)
- **MAJOR INDUSTRIES**: Includes bioscience, defence, minerals and energy, and wine

**HIT THE BEACH**

Adelaide is a coastal city, with pristine white sandy beaches that attract thousands for relaxation and recreation in the summer. It takes just 20 minutes on the tram to get from the city centre to the beach.
CAFÉ CULTURE

Adelaide is one of Australia’s most cosmopolitan cities, with an array of cafés, restaurants and shops reflecting the diversity of its ethnic communities. Adelaide is reputed to have more cafés and restaurants per head of population than any other city in Australia.

LIVE CENTRALLY

Student accommodation is more affordable in Adelaide than in many other Australian cities, and much of it is in the heart of the CBD. Many students can simply walk to their lectures.
Adelaide is a vibrant city that’s easy to navigate. Broad, spacious boulevards accommodate an efficient network of public buses, trains and trams, with international students receiving the same discounts as locals.

South Australia is known as the festival state of Australia because of the large number of national and international cultural and sporting festivals it hosts per year.
SHOPPING

Adelaide boasts a range of shopping experiences comparable to anywhere in Australia. Within the CBD, Rundle Mall has the biggest concentration of department and chain stores, while within walking distance are trendy boutiques, bars and cafés.

CLIMATE

Warm, dry summers and short, mild winters. Over 300 days of sunshine per year.

The University of Adelaide has three campuses in South Australia—North Terrace, Roseworthy and Waite—and a new campus in Melbourne, Victoria.
The University’s main campus on North Terrace is renowned for its historic architecture and lively atmosphere. Located in the heart of Adelaide’s central business and shopping district, the campus is adjacent to the State Library, Festival Theatre, South Australian Museum, Art Gallery of South Australia, Adelaide Zoo, and Botanic Gardens.

The University’s Adelaide Health and Medical Sciences building is also within walking distance, in the Adelaide BioMed City precinct.

VIRTUAL TOURS

Explore our virtual video tours to discover your place among the iconic heritage-listed architecture and state-of-the-art facilities on our beautiful, historic main campus; experience our innovative Adelaide Health and Medical Sciences building in the heart of the Adelaide BioMed City precinct; or uncover the picturesque settings and advanced technology available at our satellite campuses, Waite and Roseworthy.

Visit: www.adelaide.edu.au/tours
The Waite campus is home to the internationally renowned Waite Research Institute—the largest agricultural research institute in the southern hemisphere and third largest in the world. A number of research partners are also co-located there. Staff and students work closely with these organisations, providing a unique opportunity for collaboration on national and international research projects. Research areas include wine, plant biotechnology, plant breeding, sustainable agriculture and land management.

The campus is located eight kilometres south of the city centre and is easily accessible by public transport and a Waite-North Terrace campus shuttle bus service. Campus services include a childcare centre, library, cafe, gym and sporting facilities.
Roseworthy campus is an internationally renowned centre for excellence in dryland agriculture, natural resource management and animal production. Set on over 1,600 hectares of land, it is home to South Australia’s only veterinary school. It features an AUD$37 million veterinary clinic, where students can gain clinical experience while studying.

The campus is located 55 kilometres north of Adelaide and 10 kilometres from the town of Gawler (population 26,000). Access is available by a North Terrace-Roseworthy campus shuttle bus. Campus services include student accommodation, a swimming pool, library, cafe and fitness centre.

Our Melbourne campus is located on the western fringe of the city in Docklands. The free city circle tram stops at our front door, and there are high-end shops, cinemas and hotels in the neighbourhood.

We offer a selection of degrees at both the undergraduate and postgraduate levels as pathway options as part of our University of Adelaide College offerings. For information about the campus and the services available, visit: www.adelaide.edu.au/melbourne
We'll support you on your journey
The University offers a range of support services to help international students succeed.

Friendly staff are available to help students manage their studies, assist with queries related to student visa conditions, help with health or disability needs, support students as they fit into their new life in Adelaide, and help solve personal problems. In addition, doctors at our North Terrace campus Health Practice can provide students with year-round health support.

**International Student Support**
Ongoing one-on-one support from international student advisors, orientation and social programs for all students, and assistance with Confirmation of Enrolment (CoE) and student visa-related queries.
www.ua.edu.au/iss

**Careers Services**
Individual advice and group workshops to help students develop career management skills, an extensive database of employment opportunities and resources known as CareerHub, and annual career-related events including the Careers Expo and employer-on-campus sessions.
www.adelaide.edu.au/student/careers

**Writing Centre**
Support with writing academic English through one-on-one advice from writing mentors, workshops and comprehensive support resources.
www.adelaide.edu.au/writingcentre

**Maths Learning Centre**
Help for all students to develop mathematics skills at every level, with drop-in sessions, lectures, games and resources.
www.adelaide.edu.au/mathslearning

**Peer Assisted Study Sessions (PASS)**
Regular extracurricular sessions led by student mentors to help students improve their grades in specific courses.
www.adelaide.edu.au/pass

**Childcare**
Full-time and part-time care for children of students and staff, located on the North Terrace and Waite campuses.
www.adelaide.edu.au/childcare

**Counselling Support**
Counselling Support is free, confidential and available to all enrolled students seeking to address issues that may affect their study or life.
www.adelaide.edu.au/counselling

**Disability Support**
Support for all students who have an ongoing medical condition, to help them focus on their studies.
www.adelaide.edu.au/disability

**Elite Athlete Support**
Support to help elite student athletes balance their academic and sporting commitments, by providing a flexible and responsive approach to study.
www.adelaide.edu.au/eliteathletes

**Student Health and Wellbeing**
An online resource to provide information and support to students on a range of health and wellbeing topics, campaigns and events.
www.adelaide.edu.au/student/wellbeing

**Health Practice**
Comprehensive health care for all students and staff, with male and female doctors (GPs), offering health checks, immunisations and mental health support.
www.adelaideunicare.com.au

**Library**
One of the state’s most extensive research collections, quiet study spaces, and support from specialist research librarians.
www.adelaide.edu.au/library
The University of Adelaide offers a stimulating environment where students are encouraged to take part in a wide range of extracurricular activities.
Social programs

The University offers a variety of social programs to help international students adjust to their studies and make new friends. These include ongoing English conversation practice (Talking with Aussies), regular culturally-themed social nights (Language and Cultural Engagement program), a chance to improve intercultural and employability skills (Global IQ Connect) and opportunities to develop leadership and employability skills (Peer Mentor program).

StudyAdelaide
www.studyadelaide.com

StudyAdelaide provides information and support to students both before they arrive in Adelaide and after they settle into life in their new home. It conducts a busy schedule of events and activities each year. These include everything from a welcome ceremony with the Lord Mayor, international student awards, career advancement workshops, wine education functions, regional trips and social events, such as sports days.

A place to call home
Accommodation plays an important part in building a solid foundation for academic success.

Students benefit from the advantages that come from choosing to study in a city where accommodation of all types, including our University-managed accommodation, is not only accessible but affordable.

The University recommends students adopt the RECAS approach to identifying an accommodation option to suit their individual needs and support a positive educational experience.

• Research all available accommodation options
• Establish a realistic budget
• Consider the value of managed student accommodation
• Avoid extended temporary accommodation
• Seek assistance from the University Accommodation Service

Students unfamiliar with Adelaide are encouraged to consider living in managed student accommodation during their first year of university.

Managed student accommodation provides new students with the opportunity to become better acquainted with the city, settle into their academic program and make new friends, without having to worry about the challenges of the private rental market.

Students who might take the option to study at our Melbourne campus can find out accommodation options at: www.adelaide.edu.au/melbourne/student-information/accommodation
Long-term student accommodation
www.adelaide.edu.au/accommodation

The University assists international students to obtain suitable longer-term housing. Students may choose any of the following options.

The University of Adelaide Village

The University of Adelaide Village is the largest of our accommodation properties. The Village is home to over 400 students, who experience the safety and security of having access to University staff on-site, 24 hours a day, seven days a week.

Students need only bring their personal belongings, as furniture, kitchen appliances, utilities (including electricity), phone and internet are all included in the accommodation fees. The only additional costs are for groceries (students must cook and clean for themselves) and the on-site, coin-operated laundry facilities.

Roseworthy Residential College

This accommodation is operated by the University and is only available to students of the University’s Roseworthy campus, offering them the opportunity to enjoy the benefits of on-campus residential living.

Independent residential colleges

There are five independent residential colleges situated in North Adelaide that offer accommodation to students. These independent residential colleges are privately owned and operated.

Students can contact the residential colleges directly to better understand what’s available. These residential colleges include: Aquinas, Lincoln, St Ann’s, St Mark’s and Kathleen Lumley (postgraduate only).

Commercial student accommodation

Commercial student accommodation refers to purpose-built off-campus student accommodation facilities, run by private management companies. These facilities offer fully-furnished, self-contained apartments that give students flexibility to live alone or share with others. There are also rooms for couples. In addition to rent, students may need to budget for additional expenses, including:

- gas
- electricity
- telephone connection (optional)
- internet connection (optional).

Places in commercial student accommodation facilities are offered on a 6- or 12-month fixed-term lease. It’s important to note that these facilities are not directly affiliated with the University of Adelaide and students are advised to inspect them before committing.

Private rental and share accommodation

Affordable share accommodation can also be found in the private rental market. Students wishing to find share or rental accommodation when they arrive in Adelaide are encouraged to book temporary accommodation in the first instance.

The University offers a rental database for our students’ exclusive use. Visit: www.adelaide.edu.au/accommodation

Our enrolled students can access the database from our Accommodation Service, Level 4, Hub Central, North Terrace campus, with a username and password. The database is only promoted among the University community, and most accommodation listings are offered by people affiliated with us who would like to share their room/property with a University of Adelaide student.

Once in Adelaide, students should visit the University’s Accommodation Service for information on all available options and support in identifying and securing quality long-term living arrangements. Students are discouraged from sending money from offshore to secure share or rental accommodation prior to inspecting it.

LONG-TERM STUDENT ACCOMMODATION OPTIONS

This table matches long-term student accommodation options to individual needs.

Accommodation for families

Students accompanied by family members will find private rental accommodation in houses or apartments the most suitable accommodation option.

It’s easier for an individual student to initially travel to Adelaide on their own to arrange suitable permanent family accommodation. Spouses and children who arrive later can then move straight in.

Arrival reception and temporary accommodation

Temporary accommodation and arrival reception services are available to commencing international students. Eligible students can book an arrival reception service and be met by a University representative at Adelaide Airport, via a domestic or international flight. Students will then be transported to their accommodation.

Eligible students who choose not to secure long-term managed student accommodation for their arrival in Adelaide may also be eligible for seven nights of temporary accommodation booked through the University. It is important to note that temporary accommodation options arranged through the University are unlikely to be extended beyond seven nights due to high demand for short-term accommodation during the traditional student intake periods.

For more information on eligibility criteria, arrival reception and temporary accommodation, contact our Accommodation Service (see below).

For more information, visit:
www.adelaide.edu.au/accommodation
Accommodation
Although living in Adelaide is more affordable than many other major cities, accommodation remains students’ largest variable expense. It can cost anywhere from around AUD$135 per week for share accommodation outside the city centre to AUD$259 per week (including electricity, water, gas and unlimited wi-fi) for University-managed accommodation within the city centre. The average rent for a private studio apartment in the CBD is approximately AUD$400 per week.

Application fee
An application fee of AUD$110 must be paid with the University of Adelaide undergraduate online application. An exemption may apply for some government- or externally-sponsored students.

Incidental costs
Prospective students should allow at least AUD$500 per year for textbooks and basic study materials. Depending on the degree, other costs may include: specialist equipment (e.g. laboratory coats, microscopes, stethoscopes); optional supplementary reading and academic program materials; field trips; and expenses such as thesis preparation, printing and binding.

Tuition fees
International students are required to pay international student tuition fees, which cover the cost of teaching and many student support services. The indicative annual tuition fee quoted in this prospectus is based on the standard full-time enrolment load of 24 units per year, or 12 units per semester. The quoted fee is reviewed annually and may increase in future years. Fees may also vary depending on enrolment load.

New international students are required to pay a tuition fee deposit when accepting an offer of admission. After enrolment, students are then invoiced for the balance of their fees in that enrolment period. The University invoices students (or their sponsor) each enrolment period according to students’ enrolment load.

Student Fees Refund Policy
All applicants must read the University’s policy on refunds and adjustments before accepting an offer of admission. The policy complies with all requirements for tuition fee refunds stipulated in the Education Services for Overseas Students Act 2000 (ESOS), associated Australian Government regulations, and the ESOS National Code of Practice (2018). For policy details, visit: www.adelaide.edu.au/policies/4343

For information about refund administration and refund amounts, visit: www.adelaide.edu.au/student/finance/refunds

Health and medical
Student visa holders and their dependants are required to have health insurance for the duration of their student visa through the Overseas Student Health Cover (OSHC) scheme. The University’s preferred OSHC provider is Allianz Global Assistance. Visit: www.allianzcare.com.au/en/student-visa-oshc.html

For additional information, please refer to: https://international.adelaide.edu.au/life-on-campus/support-services
**Students with families**

International students who bring their families to Australia will need to take into account additional costs associated with health cover, housing, food, transport, childcare and education. For information and advice about schooling, visit: www.internationalstudents.sa.edu.au/en/students/dependants

**Part-time work**

Many international students and their dependants hope to obtain part-time work to supplement funds for living costs. While this may be possible, we recommend that students do not rely on it for essential expenses.

Obtaining a job is not guaranteed and can take time. Students should also be aware that the workload for many degrees is intense, so they may not have time to undertake employment.

International students who do find part-time work should be aware that they have the same workplace rights as all other workers in Australia. For more information on working while studying, visit: www.homeaffairs.gov.au/trav/stud

Additional information and advice about your workplace rights and obligations is available at: www.fairwork.gov.au

**Change to permanent resident status**

Different quota restrictions (imposed by the University and the Australian Government) apply to admissions for international students than for Australian residents.

International students whose immigration status changes to Australian Permanent Resident will be required to transfer to a domestic fee-paying place. They may subsequently apply to transfer into a Commonwealth-supported place, depending on their degree.

**Scholarships**

A number of scholarships will be available for international students who wish to study at the University of Adelaide commencing in 2022. For information on the application process, minimum eligibility criteria and important deadlines, visit: https://international.adelaide.edu.au/admissions/scholarships

A selection of scholarships are also available from the Australian Government. For information on these, visit: www.australiaawards.gov.au

All scholarship details are subject to change, so interested students are encouraged to check these websites regularly.

---

**STUDY-RELATED COSTS**

This should be viewed as a guide only, as costs can vary significantly from one student to another. These are basic living costs at the time of publication and do not include program tuition fees, costs for textbooks, other study-related needs, running a car, medical expenses or any luxuries.

* General requirements for coursework degrees:
  Applicable to all postgraduate degrees except those specified below.

**Ensemble**
The University accepts the following English language tests (except where otherwise specified):
- IELTS (International English Language Testing System) Academic Test
- TOEFL (Test of English as a Foreign Language)
- Pearson Test of English (Academic)
- C1 Advanced, formerly known as Cambridge Certificate in English: Advanced (CAE)
- Occupational English Test (Health Sciences only).

Test scores from multiple test sittings cannot be combined to satisfy the University’s minimum English language requirements. Other evidence of English proficiency may be accepted subject to external accrediting body requirements. For more information, please refer to [https://international.adelaide.edu.au/admissions/how-to-apply/admission-requirements/english-language-requirements](https://international.adelaide.edu.au/admissions/how-to-apply/admission-requirements/english-language-requirements)

In most cases evidence of English proficiency must be less than two years old.

The majority of students with English test scores just below the University's minimum English language requirements can choose to undertake an intensive English language program at the University of Adelaide.

An offer to the Academic English Pre-enrolment English Program (PEP) (refer to page 30) will be included for eligible students. These programs provide an alternative entry pathway for prospective students who have received offers to the University conditional upon English proficiency. Upon successful completion of the PEP at the required level, students can be granted entry into most degrees at the University.

For more information, visit: [www.adelaide.edu.au/elc/our-courses/pre-enrolment-english-program-pep](http://www.adelaide.edu.au/elc/our-courses/pre-enrolment-english-program-pep)

1 Applicants seeking entry to these degrees must present the specified IELTS/TOEFL/Pearson/CAE/OET scores to meet the English language proficiency requirements and are not permitted to undertake an Academic English PEP pathway.

2 Applicants to master degrees offered by the School of Psychology must provide an IELTS, unless eligible for an exemption in accordance with the Psychology Board of Australia requirements prescribed at: [www.psychologyboard.gov.au/registration/overseas-applicants](http://www.psychologyboard.gov.au/registration/overseas-applicants)

* These entry requirements are correct at the time of printing. For up-to-date information, visit: [international.adelaide.edu.au/apply](http://international.adelaide.edu.au/apply)
ENGLISH LANGUAGE CENTRE

The University’s English Language Centre (ELC) provides outstanding academic English, general English programs and English teacher training services for international students and groups.

Academic English PEP Pathway

The University of Adelaide offers an academic English pathway for students who have not met their coursework degree’s minimum English language entry requirements. This is a direct entry pathway into further studies at the University of Adelaide. The length of the program depends on the applicant’s English proficiency test score. Students who successfully complete the Pre-enrolment English Program (PEP) at the required level do not need to sit another English test before entering their University degree.

The PEP is offered in lengths of 10, 15, 20 and 25 weeks. For more information on the PEP, visit: www.adelaide.edu.au/elc/our-courses/pre-enrolment-english-program-pep

Academic English PEP Pathway - Extended

The PEP Extended 30 and 35-week courses combine General English for Academic Purposes (GEAP) classes and Pre-enrolment English Program (PEP) classes.

Commencing in the GEAP allows students to develop the fundamental linguistic building blocks of grammar and vocabulary for academic level study, before progressing to English classes specifically tailored for students entering an award program.

• PEP Extended 30 week students will complete 5 weeks of GEAP before commencing 25 weeks of PEP classes.
• PEP Extended 35 week students will complete 10 weeks of GEAP before commencing 25 weeks of PEP classes.

Eligibility
To find out which PEP they are eligible for, students should refer to the diagram opposite.

Other programs

General English for Academic Purposes (GEAP)

Our General English for Academic Purposes (GEAP) program is for students wishing to develop effective oral and written communication skills—and boost their learning confidence—at one of the most prestigious universities in Australia. Delivered in the University of Adelaide’s academic environment and attracting students from all around the world, GEAP is offered in five levels of language proficiency—from elementary through to advanced. All levels focus on developing speaking, listening, reading and writing skills, with academic tasks added as the student’s proficiency increases.

There are no entry requirements and students can choose to enrol for anywhere from five to 45 weeks.

Customised Group Short Term Programs and Study Tours

Customised Short Term Programs and Study Tours offer an ideal mix of academic excellence and cultural experience for groups of international students or professionals looking for a rewarding study experience. Programs are customised to each group’s specific needs and can be for any length of time, from 2 to 12 weeks and can be delivered online, face to face in Adelaide or a combination of both. Homestay accommodation can also be included.

Academic sessions can focus on general English tuition or a specific discipline of interest, while cultural activities include exploration of destinations of cultural, historical, geographical and social interest.

TOEFL Test

The Test of English as a Foreign Language Internet-based Test (TOEFL iBT) measures students’ proficiency in speaking, reading, writing and listening to ensure they can communicate their ideas and interact in real life, classroom and campus situations. The TOEFL iBT is accepted at all Australian universities and can be taken at the University of Adelaide. Tests are held regularly throughout the year at our ELC. For more information and dates, visit: www.adelaide.edu.au/elc/toeflibt

Academic English PEP Pathway program timelines and costs

In addition to the fees below, an enrolment fee of AUD $295 will apply to Academic English Pathway programs. For trimester dates and fees please visit: www.adelaide.edu.au/elc/our-courses/pre-enrolment-english-program-pep/dates-and-fees

For more information about the English Language Centre, visit: www.adelaide.edu.au/elc
ACADEMIC ENGLISH (PEP) ENTRY REQUIREMENTS

This diagram shows the IELTS scores required for entry into PEP programs of various lengths; and the amount of time it takes most students to become proficient enough to enter degrees requiring an overall IELTS score of 6.5, with no band less than 6.0 (or equivalent). TOEFL, Pearson and C1 Advanced tests are also accepted.

### IELTS Overall 5.0 and No Band Less Than 4.0
- **PEP Extended - 35 weeks**

### IELTS Overall 5.0 and No Band Less Than 4.5
- **PEP Extended - 30 weeks**

### IELTS Overall 5.5 and No Band Less Than 4.5
- **PEP - 25 weeks**

### IELTS Overall 5.5 and Writing at 5.5 or Above
- **PEP - 20 weeks**

### IELTS Overall 6.0 and No Band Less Than 5.0
- **PEP - 15 weeks**

### IELTS Overall 6.0 and Writing at 5.5 or Above
- **PEP - 10 weeks**

### Important Information

For students applying for degrees with higher English language requirements, or with an English test score other than IELTS.

Some postgraduate degrees require a higher level of English ability. When studying a PEP in combination with a degree requiring an overall IELTS score greater than 6.5, PEP entry requirements are higher than those shown in the tables.

Please note that, as well as the IELTS test, the ELC accepts the TOEFL iBT, Pearson and C1 Advanced for entry into the PEP.

### Direct Entry

To postgraduate coursework degree with IELTS 6.5 with all band scores at 6.0 or equivalent

---

* Students in PEP Extended 35 week and 30 week courses will first participate in General English for Academic Purposes (GEAP) classes until the 25 week PEP intake and then take classes with other PEP students.
Applicants should be aware of their specific degree admission and student visa requirements before applying to the University.

Postgraduate entry requirements
Entry is competitive—the minimum academic entry requirement for most postgraduate coursework degrees is an Australian bachelor degree or equivalent qualification, from a recognised institution, at a level of academic achievement specified by the relevant faculty or school.

Entry requirements vary between degrees. Some of the graduate certificates and graduate diplomas offered may be accepted as a requirement for entry to a master degree, or as professional qualifications in their own right.

For information on particular degree requirements, please refer to the list of academic programs and minimum entry requirements on pages 102-107. More detailed information regarding postgraduate coursework degrees is available in the University of Adelaide Calendar, at: www.adelaide.edu.au/calendar

International students must also meet the University’s English language requirements—see pages 28-29 for details.

Deferral of admission
Applicants who have been offered a place in a degree may apply to defer their enrolment for up to two years. Exceptions apply to degrees such as teaching.

Credit for previous study
In some cases, international students may be credited with advanced standing (status/exemptions) on the basis of previous studies at another institution. Applicants seeking advanced standing must submit detailed syllabuses (course outlines) of the subjects they’ve completed with their application.

Student personal information
Under Australia’s strict privacy laws there are very limited circumstances in which the University can release personal or academic information about a student. Such information will usually only be released to Australian government departments where legislatively required, or in a health or safety emergency.

The University cannot release any information about a student’s results, attendance, application status or any other matters to their parents.

For more information on the University’s Privacy Policy and Management Plan, visit: www.adelaide.edu.au/policies/62

For more details on academic year dates, visit: [www.adelaide.edu.au/students/dates](http://www.adelaide.edu.au/students/dates)
APPLICATION PATHWAY

STEP 1
APPLICATION

Apply through one of the University’s official international representatives, or via our online application system at:
https://international.adelaide.edu.au/admissions/how-to-apply/apply-now

Payment and documents required
- A non-refundable AUD$110 application fee.
- Original or certified copies of student academic qualifications, transcripts, English language test results (if applicable) and any other supporting documents.

Copies can be certified by an authorised staff member of the University of Adelaide, Justice of the Peace, Notary Public, consular official, commissioner for taking affidavits, registrar of the University from which the transcript or parchment is issued, police officer or examining authority.

Further information and contact details
https://future.ask.adelaide.edu.au/app/ask_a_question

To apply directly to the University, visit:
https://international.adelaide.edu.au/admissions/how-to-apply/apply-now

International representatives
For a full listing of our international representatives and their contact details, visit:
https://international.adelaide.edu.au/admissions/find-a-university-of-adelaide-agent

STEP 2
APPLICATION ASSESSMENT

All applications will be assessed. Successful applicants will be emailed directly (if they applied directly), or via their official representative.
Successful applicants will receive the following:
- Offer of Admission
- Refund Information
- Offer Acceptance Agreement
- Genuine Temporary Entrant (GTE) Questionnaire*
- Payment Form
- Acceptance Information Leaflet
- Terms and Conditions.

Unsuccessful applicants will be informed by email.
* Where applicable

STEP 3
ACCEPT OFFER

- Complete and sign Offer Acceptance Agreement.
- Arrange payment of tuition fee deposit as per instructions in Offer letter.
- Arrange for payment of Overseas Student Health Cover (OSHC) for duration of visa.
- Arrange for payment of English language program fees (if applicable).
- Provide a copy of the Personal Details section of the student’s passport.
- Read and agree on all Terms and Conditions.

Conditional offers
Students who receive a conditional offer must provide documentary evidence that they’ve met any outstanding conditions, and send the relevant documentation directly with their acceptance documentation. A new Offer of Admission is not sent unless required for scholarship or sponsorship purposes.
**STEP 5**

**OBTAIN INTERNATIONAL STUDENT VISA**

Applicants should lodge their student visa application immediately. This can be done with the assistance of a recognised University of Adelaide agent or representative. Or, if applying directly, by visiting [https://immi.homeaffairs.gov.au/help-support/applying-online-or-on-paper/online](https://immi.homeaffairs.gov.au/help-support/applying-online-or-on-paper/online) to create an ImmiAccount.

**STEP 6**

**PREPARE FOR DEPARTURE**

After making travel arrangements, students should consider their accommodation options by visiting: [www.adelaide.edu.au/accommodation](http://www.adelaide.edu.au/accommodation)

While there, they can also book an airport pickup and temporary accommodation if required (fees apply).

**STEP 7**

**ENROLMENT**

Prior to orientation, students will receive information about obtaining their University username and password. Then, when enrolments open, students will be able to log in to the Access Adelaide section of the University website and enrol.

**STEP 8**

**ARRIVE AND ATTEND ORIENTATION**

Students should aim to arrive in Adelaide in time to attend the international student orientation program. Participation in this program will help familiarise students with the city and campus, and provide a chance to meet staff and other students and make friends before commencing studies.

For more information, visit: [https://international.adelaide.edu.au/preparing-to-arrive/orientation](https://international.adelaide.edu.au/preparing-to-arrive/orientation)

---

**WELCOME TO THE UNIVERSITY OF ADELAIDE!**
ARCHITECTURE
We specialise in delivering internationally recognised postgraduate degrees in architecture, landscape architecture, property and construction management. As a student of our school, you’ll benefit from our bigger-picture world view. Our curriculum focuses on the built environment as a whole, not just its individual components.

To become a practising architect, you’ll need to complete a minimum five years’ study: a three-year undergraduate degree in architectural design, followed by a two-year master degree.

The University of Adelaide is the only institution in South Australia to offer a double degree pathway at master level in architecture. Completing the double master requires only one extra year of study, and will qualify you in two disciplines, thereby enhancing your career prospects.

Features of our school
- All our industry professors are award-winning professionals in their own right, and bring a high degree of inspiration and reality to their teaching.
- Our internship program provides master-degree students with professional work placements within Australian or overseas businesses and professional practices.
- Students have 24-hour access to our computer-aided architectural design (CAAD), creation and fabrication studios, and state-of-the-art model-making laboratory—one of the best equipped architectural design labs at any Australian university.

Professional accreditation
- Australian Institute of Architects
- Australian Institute of Landscape Architects
- Royal Institution of Chartered Surveyors
- Architectural Practice Board of South Australia.

Hayley Edwards
Master of Architecture with Master of Landscape Architecture

“...The world is facing growing challenges of explosive population growth. I chose an architectural degree, because architects are uniquely placed to meet these challenges head on.”
The Master of Architecture (coursework) is an advanced design education for entry into today’s architectural profession. Architects reflect on and respond to cultural, historical, political, social, environmental, and technological contexts. They shape the spaces and experiences that make up our built environment.

Our Master of Architecture provides the professional accreditation which allows you to begin the journey to registration as an ARA (Australian Registered Architect).

**What will you do?**
- Take a sequence of core design studios, each with a distinct focus.
- Explore material cultures, urban landscapes and complex buildings.
- Build skills in professional practice and construction technologies.
- Cultivate critical judgement via studies of architectural history theory.
- Expand your horizons with travelling studios in Australia and overseas.
- Form interdisciplinary teams to address complex design problems.
- Propose and complete a research-led final project in a small studio group.

**Where could it take you?**
You’ll graduate as an accredited graduate architect, equipped for a range of creative and managerial careers in the field. You might restore beautiful old buildings, pioneer new responses to the housing crisis or specialise in high-performance architectural technology. You could design schools that inspire learning or hospitals that help heal the sick. Perhaps you’ll distil a culture or an era into the next iconic opera house or skyscraper.

**Professional accreditation**
The Master of Architecture (coursework) is accredited by the Architects Accreditation Council of Australia (AACA).

---

**MASTER OF CONSTRUCTION MANAGEMENT**

CRICOS CODE 09632K CAMPUS North Terrace

**DURATION**
2 years full-time

**INTAKES**
February and July

**INDICATIVE ANNUAL TUITION FEE** $40,500

adelaide.edu.au/degree-finder

**Construction your ideal career**
The increase of infrastructure and building projects is a significant driver of the economy—both in Australia and throughout the world. There is growing demand to ensure these projects are delivered on time, within budget, and at a high level of quality, to satisfy stakeholders.

**What will you do?**
- Undertake our Construction Management Professional Practice course and gain connections with local and national industry leaders.
- Build advanced technology and management skills related to the field.
- Apply life-cycle and systems-thinking approaches to management of construction and civil projects.
- Develop skills in relevant software, including: Revit, MS Project, Gabi and CostX.
- Take electives across the disciplines of entrepreneurship, architecture, property and project management.
- Complete a supervised research project.

**Where could it take you?**
You might oversee the development of a World Centre for Positive Wellbeing in Adelaide. You could prepare for the 2024 Olympics in Paris. Perhaps you’ll work on high-speed railways or help with the construction of an Australian hyperloop.

**Professional accreditation**
The Master of Construction Management is accredited by the Royal Institution of Chartered Surveyors (RICS). RICS accreditation is an internationally recognised professional standard which allows graduates to work in the property industry in many countries around the world.

---

**MASTER OF LANDSCAPE ARCHITECTURE**

CRICOS CODE 09831B CAMPUS North Terrace

**DURATION**
2 years full-time

**INTAKES**
February and July

**INDICATIVE ANNUAL TUITION FEE** $40,500

adelaide.edu.au/degree-finder

**Experiment beyond boundaries**
Landscape architecture is about working with open spaces and built environments engaging with natural systems and human cultures. As a creative and contemporary practice, it is always growing and evolving.

Our Master of Landscape Architecture teaches you to use design to expand possibilities, not memorise fixed definitions.

**What will you do?**
- Explore and extend your capacity for creativity.
- Share design studios with students across the School of Architecture and Built Environment.
- Learn to work with advanced ecological, construction and landscape technologies.
- Develop your own position on current disciplinary, social and political issues.
- Undertake individual design projects.
- Apply and advance your learning through internship electives.
- Undertake immersive overseas studios.
- Engage with the many industry professionals who teach and tutor in classes as well as extracurricular activities.

**Where could it take you?**
- You might work in government or private practice, finding solutions to pressing societal challenges.
- This degree qualifies you to begin the journey to registration as an RLA (Registered Landscape Architect).
- Collaborate with engineers, architects, policymakers, artists and others in the design professions.
- Design exterior spaces at a variety of scales and for various clients and users, both public and private—from innovative playgrounds, dynamic waterfronts, thoughtful memorials and special-use gardens to local, regional and national parks and critical infrastructure projects.

**Professional accreditation**
The Master of Landscape Architecture is accredited by the Australian Institute of Landscape Architects (AILA).
MASTER OF PROPERTY

CRICOS CODE  086021F  CAMPUS North Terrace

DURATION  2 years full-time
INTAKES  February and July

INDICATIVE ANNUAL TUITION FEE  $40,500

Command the property market
The world is becoming more and more urbanised. Investments in land, infrastructure, offices, housing, retail and recreation facilities are increasing across the globe. Property developers work to get the best results for all involved. They make sure developments are safe, productive, sustainable, high-quality and profitable.

What will you do?
Our Master of Property draws on the expertise of multiple University faculties. You will:
• take core courses in finance, project management, law, development and construction
• build skills through development and design simulations
• travel overseas for a course on International Property
• share a studio with Master of Architecture students
• complete a major supervised project on property issues.

Where could it take you?
You might assess the feasibility of a multi-storey tower. You could work with landlords and tenants managing retail centres in Sydney. Perhaps you’ll assess the redevelopment potential of properties or advise sponsors on how best to invest.

Professional accreditation
The Master of Property program is accredited by the Royal Institution of Chartered Surveyors (RICS). RICS accreditation is an internationally recognised professional standard which allows graduates to work in the property industry in many countries around the world.

The degree is also accredited by Consumer and Business Services (CBS). CBS accreditation allows graduates to register as land agents, sales representatives or property managers in South Australia.

adelaide.edu.au/degree-finder

MASTER OF ARCHITECTURE WITH MASTER OF LANDSCAPE ARCHITECTURE

CRICOS CODE  059390E  CAMPUS North Terrace

DURATION  3 years full-time
INTAKES  February and July

INDICATIVE ANNUAL TUITION FEE  $40,500

Blur the boundaries
Architecture and landscape architecture work in concert to create functional, innovative and beautiful buildings and places. This combined degree examines the vital relationship between the two areas of study and offers a holistic perspective on the profession today. How can we effect environmental change through design? How can we stay responsive to shifting needs and landscapes?

What will you do?
In our Master of Architecture with Master of Landscape Architecture you’ll:
• explore and extend your capacity for creativity
• learn to work with advanced ecological, construction and landscape technologies, material cultures and complex buildings
• develop skills in relevant software, including: Revit, AutoCAD, Rhino, Grasshopper, GIS, Photoshop, InDesign, BIM and Maxwell
• share design studios with students across the School of Architecture and Built Environment
• develop your own position on current disciplinary, social and political issues
• apply and advance your learning through internship electives
• undertake individual research-led design projects and immersive overseas studios
• engage with the many industry professionals who teach and tutor in classes as well as extracurricular activities.

Where could it take you?
You’ll graduate as an accredited architect-ure and landscape professional, well prepared to pursue architectural, landscaping or managerial roles. You could combine building and landscape architecture principles to innovate on residential complexes or skyscraper sites. You might become a green architect, focused on eco-design and native gardens. Perhaps you’ll be a project manager for emerging community hubs, social spaces, play areas and parks.

Professional accreditation
The Master of Architecture is accredited by the Architects Accreditation Council of Australia (AACA).
The Master of Landscape Architecture is accredited by the Australian Institute of Landscape Architects (AILA).

adelaide.edu.au/degree-finder
Fulfil your personal and professional potential with postgraduate studies in the arts.

**Become an expert in your field**
Develop specialist knowledge and skills that will extend you beyond your undergraduate degree while learning from leading researchers and practitioners. You will sharpen your analytical thinking and research skills, providing you with academic depth that sets you apart from others and enhances your career opportunities.

**Expand your career**
Higher-level qualifications continue to give additional benefits in the labour market for postgraduate coursework graduates, with improved salary and employment outcomes.

Overall employment for postgraduate coursework graduates in 2020 was 96%, with 94% in full-time employment*. The median salary of undergraduates employed full-time in 2020 was $75,000** per year, while for postgraduate coursework graduates it was $98,000*.

**Grow personally and professionally**
Further study in the Arts offers both personal development and career opportunities for: recent graduates seeking a promotion and enhanced career options; mid-career professionals who want to extend or update their knowledge in a changing industry; or those who want to branch out into a completely new field for any number of personal or professional reasons.

**MENGRU CHEN**
Master of Interpreting, Translation and Transcultural Communication

“With a valued degree from the University of Adelaide, I am able to look for more job opportunities, both in Australia and around the world.”
The program currently offers either a music degree, or another degree substantial music component, means demonstrated musical experience. A bachelor degree or equivalent plus a substantial music component OR a bachelor degree or equivalent with you will need to show evidence of having in the private studio.

Music stream have various performance opportunities in public and private organisations such as the United Nations. Graduates from the Creative Practice in Music (extension pathway only 1.5 years) Environmental Studies and International Relations.

Where could it take you?
Creative Practice in Music
The Creative Practice in Music specialisation in the Master of Arts gives you practical, theoretical and conceptual tools to enter the world of music in the 21st century as a creative artist. We focus on the use of digital technology across the fields of sonic art, sound design and composition, including the application to contemporary media, such as film and games. You can explore a variety of different approaches, both individual and collaborative, and styles, from popular to experimental, to compile a professional portfolio of creative work.

Graduates from the Creative Practice in Music stream have various performance opportunities in public and private practice, and often undertake teaching in the private studio.

When applying for this specialisation, you will need to show evidence of having a bachelor degree or equivalent with a substantial music component OR a bachelor degree or equivalent plus demonstrated musical experience. A substantial music component, means either a music degree, or another degree with a major in music, for example a teaching degree. Demonstrated music experience means several years of experience in performing and/or teaching and/or creating music. This should be documented in your application.

All applicants will complete an audition or interview (online or in person).

Environmental Studies
The Master of Arts specialisation in Environmental Studies will help you develop an understanding of the principles and practice of environmental policy, planning and governance. Managing environmental problems increasingly entails a new set of approaches, including government, public-private partnerships, economic tools and incentives, democratic decentralisation, and risk management. Potential applicants may take this more integrated learning stream, or focus more directly on environmental policy and management issues within the specialist program Master of Environmental Policy and Management.

Graduates from the Environmental Studies stream will be well equipped to take up senior policy roles in government, and a variety of roles in environmental management for government agencies, industry and the not-for-profit sector.

International Relations
The Master of Arts specialisation in International Relations provides an opportunity to explore the character of the contemporary world and gain an advanced understanding of the key issues and debates in international politics. You will study a wide range of research areas, including strategic and security studies; contemporary international thought; gender perspectives in international relations; international political economy; issues of equity and inequality in the international sphere; power, culture and communication; and Asian and European studies.

International Relations graduates find successful careers in numerous roles, such as security adviser, political analyst, political reporter, foreign affairs reporter, intelligence analyst and within international organisations such as the United Nations.

Facilitate understanding
This two-year degree is for students fluent in both Chinese and English seeking a career as a professional interpreter and/or translator. It is endorsed by the National Accreditation Authority for Translators and Interpreters (NAATT).

What will you do?
In our Master of Arts (Interpreting, Translation and Transcultural Communication) you’ll:
• take courses in cultural and social studies
• explore approaches to cross-cultural communication
• build practical interpreting and translation skills
• undertake a professional internship
• complete a research project in trans-cultural communication and/or translation.

Where could it take you?
When you graduate, you’ll be eligible to take NAATT’s Certified Interpreter and Certified Translator tests. From here you might become a medical, judiciary or literary translator. You could pursue interpreting roles in business, tourism, education or public relations. Perhaps you’ll work with government alongside foreign affairs ministers. You may also continue on to do a PhD in the Faculty of Arts.

Professional accreditation
The degree is endorsed by the National Accreditation Authority for Translators and Interpreters (NAATT). Students who successfully complete this degree will be eligible to undertake the Certified Interpreter and Certified Translator tests conducted by NAATT.

CONTRIBUTE IN YOUR DISCIPLINE
Our Master of Arts challenges you to think, perform and grow to new levels. You’ll develop specialised knowledge in your field of study with advanced research and communication skills. A master will also give you a competitive edge in community and arts careers around the globe.

WHAT WILL YOU DO?
• Take 12 units worth of core courses in your chosen discipline.
• Work in close contact with research-active academics.
• Benefit from small-group learning.
• Intern in an organisation tied to your career aspirations.
• Apply and share your learning in a capstone thesis.

The program currently offers specialisations in:
• Creative Practice in Music (extension pathway only 1.5 years)
• Environmental Studies
• International Relations.

CRICOS CODE 074691M CAMPUS North Terrace
INDICATIVE ANNUAL TUITION FEE $38,000
A better chance for our environment

Responding effectively to environmental problems involves far more than applying scientific knowledge, or the ‘top-down’ regulation of people and their environments. The future of our planet relies on informed and creative thinking around policy and practice. This kind of environmental expertise is critical and in high demand.

What will you do?

Our Master of Environmental Policy and Management addresses how the signature environmental issues of our time are to be managed. You will:

- choose between a coursework or research specialisation
- explore environmental governance and planning in depth
- apply your knowledge to real-world issues
- pursue electives aligned to your personal and professional interests
- undertake meaningful research projects.

Where could it take you?

You could set up environmental programs for the public to air their concerns or better understand issues that affect them. You might negotiate policy design with private businesses and government sectors to generate sustainable management systems. Or, perhaps you’ll research economic incentives or decentralised solutions for better environmental outcomes.

---

Lead a new generation of digital creativity

Immersive media, such as virtual, mixed and augmented reality (VR, MR and AR respectively), is changing the way the world delivers and consumes content—both for entertainment and learning. With demand for highly trained professionals in the area far outstripping supply, our new Master of Immersive Media Technologies will equip you to take advantage of this global career opportunity.

A cross-disciplinary degree blending theory with advanced practical skill development and research, it’s suitable for bachelor graduates wishing to advance their skills, or graduates in other fields seeking to change direction.

What will you do?

The degree is completed over 18 months to two years full-time, depending on your previous qualifications. It emphasises both the creative and technical elements required for success in the immersive media industry—including the entrepreneurial foundations of leadership. Working across South Australia’s highest ranked Arts faculty* and drawing on expertise from our world-top-100 Computer Science school^, you will gain:

- comprehensive understanding of the global immersive media industry and its future markets and applications
- in-depth knowledge of immersive design theory and game-engine capabilities
- advanced technical skills in developing core digital assets in areas such as 3D modelling, sound engineering and programming
- a firm grasp of the physiological and ergonomic implications of immersive technology design and human-computer interfacing
- deep insight into the industry’s associated ethical considerations.

You will also undertake a substantial research project, providing the opportunity to not only extend your knowledge even further in a field of interest, but develop highly transferable critical thinking, problem-solving and communication skills.

Where could it take you?

You’ll graduate well prepared to play a senior role in immersive media anywhere in the world—whether in hands-on content development and simulation, or project leadership. From the health, education and entertainment sectors, to defence, science and mining.

^ Times Higher Education World University Rankings by Subject, 2020
MASTER OF INTERNATIONAL SECURITY

CRICOS CODE 0301767 CAMPUS North Terrace

DURATION 2 years full-time

INTAKES February and July

INDICATIVE ANNUAL TUITION FEE $38,000

Lead strategic security policy and response

The range and complexity of security challenges facing the world has never been greater—and it’s continually growing. Climate change, cyber-attack, violent extremism and inter-state rivalries are a constant threat to stability for nation-states and regions all over the globe. Understanding and managing these critical and fluid situations is a matter of the highest priority, both in Australia and abroad, with significant implications for foreign policy and international development. Our Master of International Security prepares you to take the lead.

What will you do?

Studied over two years full-time, the degree will equip you with the specialist knowledge, awareness and skills to diagnose emergent cross-border security challenges and produce sustainable policy or practice solutions. The program is designed and delivered by Adelaide’s internationally recognised academics, whose research informs Australian national security policy, international security organisations and non-government organisations (NGOs).

Highly interdisciplinary, it integrates knowledge from our politics, international relations, public policy, Asian studies and geography experts to provide you with:

• advanced skills in identifying and analysing emerging global security threats
• deep understanding of strategic cultures and unconventional conflict
• the opportunity to explore particular interests in cyber security, Indo-Pacific security, national security law, transnational crime, human rights, the impact of climate change, and more
• high-level research skills, through a major final-year research project.

Where could it take you?

You will emerge equipped for senior security strategy and policy-related roles in Australia, the region and overseas. You could find yourself analysing threats in a national security agency. You might develop risk-mitigation strategies for an international non-government organisation operating in conflict zones. Or you might contribute to Indo-Pacific policy for Australia’s growing defence industry.

In whichever sector you find yourself, this degree will give you the knowledge and confidence you need to engage with the most complex security dilemmas.

MASTER OF MEDIA (STRATEGIC COMMUNICATION)

CRICOS CODE 0100934 CAMPUS North Terrace

DURATION 2 years full-time

INTAKES February and July

INDICATIVE ANNUAL TUITION FEE $38,500

Lead and control strategic dialogue

Organisations of all kinds are becoming increasingly media-savvy. Competition for audiences’ attention is ever more intense. The need for keenly targeted and strategically effective communication has never been greater—and demand for highly skilled professionals with the judgement to lead it across multiple channels is following suit.

What will you do?

Conducted over two years full-time (or 1.5 years for students with a bachelor degree in Media, Communications or other relevant field), our Master of Media (Strategic Communication) will equip you to lead strategic communication planning, management and execution across all key channels: digital and social media, TV, radio and press.

You will graduate with:

• significantly enhanced strategic thinking, problem-solving and decision-making abilities
• highly advanced skills in creating and tailoring strategic messaging for all key media channels
• deep understanding of the principles underlying media relationship-building
• awareness of key media channels’ unique consumption drivers
• insight into current and forecast global media trends.

You’ll also gain:

• opportunities for valuable professional experience and connections through an industry placement and ongoing mentoring
• high-level skills and understanding in risk and crisis communication and brand messaging.

And you’ll build outstanding research skills by doing a major second-year research project.
Where could it take you?
You’ll graduate with the knowledge, skills and depth of insight to lead strategic communication in any sector, anywhere in the world—from advanced manufacturing to professional services, and NGOs to FMCGs. You’ll be well equipped to guide the achievement of all organisational objectives: marketing, business development, community engagement and positive social change.

Professional accreditation
Our Master of Media (Strategic Communication) has been granted accreditation by PRIA, the Public Relations Institute of Australia.

MASTER OF PUBLIC POLICY

<table>

<td>INDICATIVE ANNUAL TUITION FEE $38,000</td>
<td></td>
</tr>
</tbody>
</table>

Conceive and create the frameworks of society
Public policy shapes our lives. It governs everything from how we do business, to how our health, welfare and education systems operate, and how our nation engages with the world.

Those who set and/or influence policy can create profound change by improving things like community equity, diversity, wellbeing, security and prosperity. Our Master of Public Policy prepares you to take the lead.

What will you do?
The Master’s program is studied over two years full-time, or 18 months if extending a past bachelor degree.

It provides specialist knowledge in policy processes and governance institutions; advanced skills in policy analysis and research; and the capability to design and implement sound policy in complex environments.

Highly interdisciplinary, the degree integrates knowledge from the University’s world-class experts in: politics; international relations; economics; law; environmental and social sciences; strategic communications; philosophy and more. You will gain:

• deep understanding of political, legal and ethical issues affecting public policy
• broad awareness of public policy’s underlying economic principles
• advanced skills in community engagement and its analysis
• the opportunity to explore interests in specialist areas, such as international trade, human rights, environmental planning and governance, global food and agribusiness, public health, education and more
• high-level research skills, through a major final-year research project.

Where could it take you?
You might pursue a career in politics or the public service. You could analyse and develop policy in a major industry body or consulting firm. Perhaps you’ll interpret policy and advise on its application for a large company, a lobbying organisation, or not-for-profit.
Through a combination of cutting-edge research and real-world experience, our postgraduate business and economics degrees will enhance your initiative, encourage creativity and give you advanced skills applicable to any profession.

With a large and diverse range to choose from, you’re sure to find an ideal qualification to help you start, broaden or diversify your career in business—whatever your previous undergraduate degree.

**Internationally recognised education quality**

Adelaide Business School and its Entrepreneurship, Commercialisation and Innovation Centre (ECIC) are accredited by the international Association to Advance Collegiate Schools of Business (AACSB).

AACSB accreditation is the hallmark of excellence in business education, and has been earned by less than 5% of universities worldwide. Graduating from an AACSB-accredited school also means you won’t have to sit the GMAT for entry into many postgraduate programs globally.

The Business School has close affiliations with many other professional bodies to ensure our degrees are practical and relevant in the real-world. Our Financial Markets Lab also employs the software you’ll be using in the workplace, so you graduate work-ready.

**Access vast expertise**

Through the University’s Centre for Global Food and Resources you can advance your knowledge and research skills in: food, water and environmental policy; behavioural economics; food security; food value chain analysis; and agriculture’s role in growth and development.

Through our School of Economics you can develop theoretical and practical mastery of the global language—wherever you travel, your economics knowledge and skills will be immediately relevant.

The Institute for International Trade can deepen your understanding of current international trade, services and investment issues—including the negotiating environment’s political dynamics, and globalisation’s opportunities and challenges.

**Receive structured peer support**

Our Postgraduate Mentor Program will provide you with valuable social and academic support. Ensuring a smooth transition into postgraduate tertiary study, it will enhance your entire student experience by developing professional networks with peers, academics and potential employers.

**Meet the challenge**

The ECIC can hone your entrepreneurial instincts through its ThincLab business incubators and eChallenge New Venture accelerator program—a competition-based learning experience that develops strategic business thinking for early-stage enterprises.

You could also form a team and take part in the UBS Investment Banking Challenge, where you’ll test if you have what it takes to work on a real-life mergers-and-acquisitions transaction and beat over 300 teams to take out the national final. Visit www.ubs.com/auschallenge for more information.

---

**YUKA MITOMA**

Master of Global Food and Agricultural Business

“**The opportunity to pursue a master degree at the University of Adelaide has provided me not only with academic learning, but hands-on experience in an amazingly supportive atmosphere. It has extended my career path and allowed me to deepen my expertise.**”
Inspire greatness

We are living in a world that is at times volatile, unexpected and ambiguous. It is essential that current and future leaders be equipped to deal with complex problems in a systemic, integrated and collaborative fashion.

Our Adelaide Master of Business Administration (MBA) creates leaders who can deliver on the demands of an increasingly complex world, as demonstrated by our broad network of alumni in the business community.

What will you do?
The Adelaide MBA is student-focused, with maximum flexibility to suit the needs of busy professionals. You will:

• build professional relationships and networks
• gain advanced problem-solving, analytical and critical thinking skills
• develop strong leadership skills necessary for driving innovation and positive change within organisations
• cultivate a global outlook, strategic mindset, and the ability to see the bigger picture
• understand the management of critical business functions through coursework, including finance, accounting, economics and marketing.

There are also opportunities for international exchanges at world-leading business schools (subject to any travel restrictions).

Professional accreditation

The degree is ranked first in South Australia by The Australian Financial Review’s ‘BOSS’ magazine and is recognised internationally as a Tier 1 MBA by CEO Magazine.*

* Rankings released in September 2019 and March 2020 respectively.

Focus your career in accounting

Modern economies depend on good accounting. We need experts who understand and can explain financial and social business environments to others. Our Master of Accounting offers an intensive two-year path to careers in accounting, financial management, auditing and business advising.

What will you do?

• Learn the fundamentals of financial and management accounting.
• Study advanced accounting concepts and techniques.
• Take courses in taxation and auditing.
• Explore relevant business areas, such as economics, finance, information systems and business law.
• Work on a large-scale applied research project.

Where could it take you?

Accounting graduates are in demand and enjoy both stability and variety. Due to changes in reporting practices, career opportunities are increasing across public and private sectors. You might work with a charity, in education or for the government. Perhaps you’ll become chief financial officer at a company or manage budgets in the sporting world. You could even unmask financial deceptions as a forensic accountant.

Professional accreditation

Our Master of Accounting satisfies the requirements for associate membership of CPA Australia, and Chartered Accountants Australia and New Zealand.

The right decision every time

Combined knowledge in accounting and finance has never been more in demand. There’s a wealth of career opportunities for employees who can draw upon and synthesise the two.

Our Master of Accounting and Finance offers an intensive two-year path to financial expertise and a professional accounting qualification.

What will you do?

• Explore financial and management accounting, auditing and taxation.
• Study management theory, business maths, business law and economics.
• Learn how financial managers make investment and financing decisions.
• Understand how financial instruments and capital markets are used to enhance returns and manage risks.
• Build critical thinking, communication and leadership skills.

Where could it take you?

You’ll graduate career-ready and able to adapt to the demands of a global economy. You might secure a job as a company auditor or finance manager. You could take on an accounting role in a flourishing organisation. Perhaps you’ll consult on corporate mergers and acquisitions.

Professional accreditation

Our Master of Accounting and Finance satisfies the requirements for associate membership of CPA Australia, and Chartered Accountants Australia and New Zealand.

The degree is also listed on the Australian Securities and Investments Commission (ASIC) registry as RG146-compliant for several areas of specialisation.

And we are recognised as a CFA (Chartered Financial Analyst) Program Partner through this degree. This signals to employers that our curriculum is closely tied to professional practice and well suited to preparing you for employment in the finance and investment industry.

### A potent combination

Accounting and marketing are key to good business strategy. The two areas work together to please customers and create value in both the short and long term.

In a complex business world, broad perspectives and skill sets are invaluable. Our Master of Accounting and Marketing sets you up for success and employability across the professional realm.

### What will you do?

This intensive program meets the needs of entrants from both relevant and non-relevant fields. You will:

- explore economic concepts, theories and analytical techniques
- learn the fundamentals of financial and management accounting
- study future-oriented marketing concepts
- undertake a marketing research project.

### Where could it take you?

You might use your marketing skills to promote your own accounting business. You could balance costs and evaluate campaign impact for major fashion or tech brands. Perhaps you’ll cook up international sales strategies for winemakers or start your own enterprise.

### Professional accreditation

Our Master of Accounting and Marketing satisfies the requirements for associate membership of CPA Australia, and Chartered Accountants Australia and New Zealand.

### Apply economic thinking to complex global challenges

Want to explore a whole new world of thinking? Where finding the right questions is almost as important as finding answers to them; where logic, systematic development of argument and attention to evidence and data are more important than ever before; and where independent and creative approaches to ideas are highly valued?

Our Master of Advanced Economics is suited to students with high-level economic understandings and quantitative skills, who want to move into cutting-edge research.

### What will you do?

- Hone your knowledge in advanced econometrics, and micro-macroeconomics.
- Partner with an academic supervisor who’ll support and encourage your intellectual development.
- Undertake research projects and complete a major thesis.

### Where could it take you?

This degree offers a direct pathway into research-based degrees such as the Doctor of Philosophy (PhD) or the Master of Philosophy (M.Phil) in Economics. You’ll also be ready to move into jobs with private and public employers that ask for high-level economic research skills.

You might design policies to distribute water and natural resources between farmers, industry and consumers. You could prepare interest rate recommendations for central banks, evaluate development aid policies or advise on the impact of trade agreements on jobs, investment and wages. Perhaps you’ll look into the structure of the health care system or the economic impact of carbon taxes.

### Be a leader of agribusiness

Based in the heart of the Australian food, wine and agriculture industry, our Master of Agribusiness degree is the first in Australia to provide the elite level of education required to create future food and agribusiness leaders through its unique mix of business fundamentals, practical experience and global connections.

With growing global populations and climate challenges impacting our ability to feed the world sustainably, our master degree prepares you to meet these challenges, and equips you for leadership and problem-solving in an ever-expanding and increasingly complex global marketplace.

### What will you do?

Our Centre for Global Food and Resources has conducted extensive research with some of Australia’s leading agribusiness firms to develop a program that effectively integrates academic knowledge with industry application. This degree will help you refine the practical research, advisory and business skills necessary for a successful career in food- and agriculture-related industries.

You will:

- complete a capstone research project that lets you showcase the skills you have learned across the program
- have access to two elective options, including a full range of internship options with leading agribusiness companies, that give you the flexibility to tailor your degree to your interests and career objectives.

### Where could it take you?

The agribusiness value chain is one of Australia’s largest and most important industry sectors. Recognised by the Australian Industry Skills Councils as a priority skill, agribusiness is forecast to continue providing positive labour outlooks for years to come.

With reports indicating there have been as many as six agribusiness job openings per graduate, favourable employability outcomes exist for you in the local, national and global value chain networks, including key areas such as: food retailers, processors, traders, producers, as well as full range of service providers, including financial agencies, agricultural consultancies and input and support suppliers.
Take on economic challenges
Economists analyse the decisions of individuals, governments and businesses and their impact on our lives and welfare. Armed with these insights, they can give expert advice on business strategy, understand the background behind the news, influence public policy for a better world and make informed personal financial decisions.

What will you do?
Our Master of Applied Economics is suited to students with or without prior knowledge in the field. You will:
- hone your understanding of incentives, opportunity costs, trade-offs, supply and demand, and efficiency
- apply economic concepts to a range of fields—from public policy and finance to international trade and natural resources
- practise advanced techniques for analysing and managing data
- explore economic growth and development and the organisation of markets.

Where could it take you?
Economics graduates go on to all sorts of exciting careers and research pathways. You might assess telecommunications mergers as an economic analyst, or reform regulatory frameworks for public forests as a policy officer with state government. You could work on the stock market, in an aid agency researching the best return on aid donations or in banking and financial services. Perhaps you’ll use your analytics and modelling skills to develop optimal strategies for efficient HR recruitment.

Stand out from the crowd
The financial realm is complex. Navigating it successfully requires professional practice, experience and high levels of competence. Our Master of Applied Finance secures you with an advanced suite of financial skills and a competitive edge in the industry.

What will you do?
This intensive degree focuses on managerial effectiveness and best practices for financial problem-solving. You will:
- take core accounting, economics and finance courses
- build practical and real-world skills through five applied courses
- pursue electives according to your interests and career goals
- learn a wide range of advanced analytical tools for financial decision-making
- build strong communication and leadership skills.

Where could it take you?
A Master of Applied Finance sets you up for success in the finance sector. You could be a business manager in New York, London, Shanghai or Hong Kong, or become an investment consultant or financial analyst in Sydney. Perhaps you’ll pursue a senior role in commercial banking.

Professional accreditation
The University of Adelaide is recognised as a CPA (Chartered Financial Analyst) Program Partner through the Master of Applied Finance degree. This signals to employers and the marketplace that the Adelaide Business School’s curriculum is closely tied to professional practice, and well suited to preparing students for employment in the finance and investment industry.

Make your big ideas a reality
Entrepreneurs and investors are necessary in all areas and industries—from science and health to media, arts and education. They take the risks needed to start up new businesses and social ventures. This intensive 1.5-year degree sets you up to build sustainable organisations, grow wealth for stakeholders and make positive impacts in your community.

What will you do?
Our Master of Applied Innovation and Entrepreneurship gives you practical knowledge, access to networks and a growth mindset for success. You will:
- build tools for assessing and implementing ambitious ideas and ventures
- learn how to create supportive environments that foster and enable innovation
- examine entrepreneurial investment and management practices
- create a business plan for a real-world venture through a six-unit research project.

Where could it take you?
You might shine a spotlight on an unexpected renewable energy source. You could explore ecotourism or virtual reality. Perhaps you’ll invest in a world-changing approach to everyday health care. This degree is also suitable if you want to be a corporate intrapreneur, driving innovative products and services for employers. You could even find alternative career pathways in the government and not-for-profit sectors.
MASTER OF APPLIED PROJECT MANAGEMENT

CRICOS CODE 086352J  CAMPUS North Terrace

DURATION 17 months full-time  INTAKES January, May, September

INDICATIVE ANNUAL TUITION FEE $46,000

adelaide.edu.au/degree-finder

Scale up
Project management is about delivering successful results for business, government and the community. It requires passion, resolve and vision.

This intensive degree will set you up to manage projects at whole new scales and levels of complexity.

What will you do?
Our Master of Applied Project Management places a strong emphasis on holistic and systems-based project management. You will:

- learn scalable project management concepts, methodologies and tools
- build your understandings around world-leading practices (PMBOK® Guide and PRINCE2™)
- confidently apply your learning to meet professional and organisational goals
- develop the leadership skills required for large-scale projects
- undertake significant research projects.

Where could it take you?
You could organise major sporting events or coordinate living arts festivals. You might manage megaprojects in health care, science, manufacturing, catering, entertainment or the defence sector. Perhaps you’ll lead a marketing team in Silicon Valley or oversee the development of a multi-storey tower in Dubai.

Professional accreditation
The University of Adelaide is a Registered Education Provider for the Project Management Institute (PMI®) and approved by PMI® to issue Professional Development Units for its approved training courses. PMI and PMBOK are registered marks of the Project Management Institute, Inc.

MASTER OF APPLIED PROJECT MANAGEMENT (PROJECT SYSTEMS)

CRICOS CODE 07813J  CAMPUS North Terrace

DURATION 2 years full-time  INTAKES January, May, September

INDICATIVE ANNUAL TUITION FEE $46,000

adelaide.edu.au/degree-finder

Oversee excellence
Advanced project management is about delivering successful results in complex environments. It requires great vision, strategic thinking and problem-solving skills. This intensive degree sets you up to manage the entire life cycle of large projects.

What will you do?
In our Master of Applied Project Management (Project Systems) you’ll:

- gain a firm understanding of complex systems, linear project planning and risk assessment
- consider how project inputs, transformations, outputs and feedback loops impact on productivity
- examine the role of stakeholders and external influences
- undertake a major research project
- develop the advanced leadership skills needed for large-scale projects.

Where could it take you?
You might coordinate civil engineers and urban planners on major infrastructure projects. You could design explicit climate change strategies with a global team. Perhaps you’ll start a logistics company and help start-ups realise their dreams.

MASTER OF BUSINESS ADMINISTRATION (EMERGING LEADERS)

CRICOS CODE 0100793  CAMPUS North Terrace

DURATION 17 months full-time  INTAKES January, May, September

INDICATIVE ANNUAL TUITION FEE $47,500

adelaide.edu.au/degree-finder

Lead others to greatness amidst complexity
We’re living in a world that’s frequently volatile, unexpected and ambiguous. It’s essential that current and future business leaders are able to rapidly understand and solve complex problems in a systematic, integrated way. Success demands the leadership mindset. And with our new ‘pre-experience’ Master of Business Administration (Emerging Leaders), you can start acquiring it immediately after graduating from any bachelor degree—and complete your studies in as little as 12 months.

What will you do?
The Emerging Leaders MBA is part of the Adelaide Business School’s MBA suite, and is designed for aspiring leaders and young entrepreneurs looking to fast-track their pathway into business management. This program is normally completed over 12 months, so is ideal for those coming straight from a bachelor degree. Our program will equip you with:

- mastery of complex leadership concepts and skills—from identifying technical and human challenges, to mobilising collaborative action in different cultures and environments
- highly advanced strategic thinking skills—the ability to see the bigger commercial and societal picture and make decisions with a truly global outlook
- high-level problem-solving, research and analysis, critical thinking and self-reflection skills
- outstanding management capabilities in critical business functions, including finance, accounting, economics, marketing and business law.

You’ll also:
- partner with an experienced industry mentor to plan and develop a sustainable entrepreneurial enterprise through the Australian eChallenge or Tech eChallenge
- build extensive professional relationships and networks.

Where could it take you?
The Master of Business Administration (Emerging Leaders) will prepare you to lead projects, teams and, ultimately, organisations all over the world. You could even take your destiny entirely in your own hands by launching your own business.
MASTER OF BUSINESS ADMINISTRATION (ENTREPRENEURSHIP)

CRICOS CODE 0100294
CAMPUS North Terrace

DURATION 2 years full-time
INTAKES January, May, September

INDICATIVE ANNUAL TUITION FEE $47,500

adelaide.edu.au/degree-finder

Lead market-shaping innovation

Well-honed entrepreneurial skills are critical for all professionals in today’s volatile global workplace. But those who aspire to lead must take them to an entirely different level.

The ability to systematically inspire and drive an organisation-wide culture of innovation will give you—and your enterprise—a near future-proof competitive advantage. Our Master of Business Administration (Entrepreneurship) sets you on that path and is available upon completing any bachelor degree.

What will you do?
The MBA (Entrepreneurship) is part of the Adelaide Business School’s MBA suite and can be completed over two years. You don’t need professional experience to apply, as the degree will equip you with:

- a deep understanding of the entire entrepreneurial process—from opportunity identification and concept development, to new-product launches and expansion
- highly advanced strategic thinking skills—the ability to see the bigger commercial and societal picture and make decisions with a truly global outlook
- high-level problem-solving, analytical, critical thinking and self-reflection skills
- outstanding management capabilities in critical business functions, including finance, accounting, economics and marketing
- extensive industry and professional relationships and networks.

Where could it take you?
The MBA (Entrepreneurship) will prepare you to lead innovation in all kinds of senior and leadership positions within your chosen industry. You could head a specialist product or service development team; progress to leading innovation in a national division; and in time drive companies’ visions as a CEO or managing director. You could even take your destiny entirely in your own hands by launching your own business.

MASTER OF BUSINESS ADMINISTRATION (INTERNATIONAL TRADE AND DEVELOPMENT)

CRICOS CODE 0100295
CAMPUS North Terrace

DURATION 2 years full-time
INTAKES January, May, September

INDICATIVE ANNUAL TUITION FEE $47,500

adelaide.edu.au/degree-finder

Lead profitable cross-border relationships

International trade and development is the glue that binds humanity into a single, powerful engine of progress. It has the potential to generate widespread prosperity, raise global living standards, strengthen societies, and build strong, respectful cross-border relationships.

Leaders who master its complexities will enjoy a wealth of career opportunities throughout the world. Our Master of Business Administration (International Trade and Development) can be entered immediately upon completing any bachelor degree and will make you one of them.

What will you do?
The MBA (International Trade and Development) is part of the Adelaide Business School’s MBA suite and can be completed over two years. You don’t need professional experience to apply, as the degree will equip you with:

- a deep understanding of global trade drivers—economic, geopolitical and cultural—and the levers of power
- a thorough working knowledge of best-practice community development principles
- highly advanced strategic thinking skills—the ability to see the bigger commercial and societal picture and make decisions with a truly global outlook
- high-level problem-solving, analytical, critical thinking and self-reflection skills
- outstanding management capabilities in critical business functions, including finance, accounting, economics and marketing
- extensive industry and professional relationships and networks.

Where could it take you?
The MBA (International Trade and Development) will prepare you to move rapidly into senior marketing roles within your chosen industry. You could oversee new-product or new-service launch campaigns; develop an organisation’s strategy to raise its international profile; or manage an industry body’s advocacy campaigns to ensure members’ views are heard in government.

INTAKES January, May, September

INDICATIVE ANNUAL TUITION FEE $47,500

adelaide.edu.au/degree-finder

Lead strategic brand and sales growth

The faster the world moves, the more critical marketing becomes. Mastery of the discipline enables business leaders to drive growth by ensuring their products’ or services’ greatest strengths are communicated compellingly and with strategic precision: at the right time, to the right audience, through the right channels.

Our Master of Business Administration (Marketing) sets you on that path and can be entered immediately upon completing any bachelor degree.

What will you do?
The MBA (Marketing) is part of the Adelaide Business School’s MBA suite and can be completed over two years. You don’t need professional experience to apply, as the degree will equip you with:

- a deep understanding of the entire marketing process—from market analysis and engagement, to brand building, campaign strategy and tactical executions
- a thorough working knowledge of customer relationship management (CRM) principles
- highly advanced strategic thinking skills—the ability to see the bigger commercial and societal picture and make decisions with a truly global outlook
- high-level problem-solving, analytical, critical thinking and self-reflection skills
- outstanding management capabilities in critical business functions, including finance, accounting, economics and marketing
- extensive industry and professional relationships and networks.

Where could it take you?
The MBA (Marketing) will prepare you to move rapidly into senior marketing roles within your chosen industry. You could oversee new-product or new-service launch campaigns; develop an organisation’s strategy to raise its international profile; or manage an industry body’s advocacy campaigns to ensure members’ views are heard in government.
The MBA (Project Management) prepares you to move rapidly into senior management and leadership roles within the wine sector. You could oversee a winery’s development and launch of new varietals; tailor a label’s marketing and sales; or lead government initiatives to boost industry competitiveness.

You could oversee a winery’s development and launch of new varietals; tailor a label’s marketing and sales; or lead government initiatives to boost industry competitiveness.

MASTER OF BUSINESS LAW

CRICOS CODE 081156J  CAMPUS North Terrace

DURATION 2 years full-time

INTAKES February and July

INDICATIVE ANNUAL TUITION FEE $46,000

adelaide.edu.au/degree-finder

A competitive edge in business

Want to bolster your business skills with legal expertise? The ability to understand, analyse and use legal information can be critical for strength and longevity in the business realm. Postgraduate law courses provide an overview of legal issues within a contemporary business context.

What will you do?

Our Master of Business Law caters to the needs of busy professionals. The majority of courses are taught intensively over one or two weeks and some include evening and weekend sessions. You will:

• learn about different laws affecting your business sector
• build legal-communication skills
• undertake a substantial research project
• learn best practices for dealing with legal and regulatory challenges
• broaden your networks through the University’s Lex Salus, Next Steps and Law Students’ Society events.

There is also available a Graduate Certificate in Business Law or Graduate Diploma in Business Law which can lead into the Master of Business Law.

MASTER OF BUSINESS RESEARCH

CRICOS CODE 056947G  CAMPUS North Terrace

DURATION 1.5 years full-time

INTAKES February

INDICATIVE ANNUAL TUITION FEE $47,500

adelaide.edu.au/degree-finder

Contribute to a better business future

Curious about trends and changes in the commercial realm? Business-minded but thinking bigger than the nine-to-five? Our Master of Business Research is designed for graduates of a business coursework master degree who want to start on a research pathway or reinforce their edge in the labour market.

What will you do?

There are many different areas of business you can research during your study. You might investigate organisational resilience or mentor-protégé relationships. You could research machine-learning classification techniques and how they’re used to predict movement in the stock market. You might be interested in consumer behaviour, marketing strategies in the wine industry or the impact of cryptography on audit procedures. Perhaps you’ll examine management practice in family businesses or women’s experiences in leadership positions.

Over the course of the program you will:

• discover how to do meaningful research
• plan and conduct your research with high levels of independence, guided by an academic mentor who’ll support and encourage your intellectual development
• develop skills for problem-solving, analytical and critical thinking, project management, self-management and communication
• drive innovation and progress in an area you’re passionate about
• become part of the academic community and build your professional and global networks
• complete a dissertation comprising 33 percent of the program.

Where could it take you?

Completion of this degree satisfies the entry requirements for a PhD, but many employers will also value the research skills, networks and experiences you can draw from as a graduate of our master program.

MASTER OF COMMERCE BY COURSEWORK

CRICOS CODE 081151C  CAMPUS North Terrace

DURATION 2 years full-time

INTAKES February and July

INDICATIVE ANNUAL TUITION FEE $47,500

adelaide.edu.au/degree-finder

Business your way

The University of Adelaide’s Business School has been pushing boundaries in business education for over 115 years. We have a wide range of innovative postgraduate courses designed to build advanced business skills and knowledge. Our Master of Commerce provides an opportunity to design an individual study program tailored to your needs, interests and career goals.

What will you do?

Your degree can include courses from a variety of different disciplines. You will:

• enrol in five core topics
• choose eight electives—from Strategic Marketing or Understanding Consumers, to Income Taxation or Derivatives
• undertake industry internships and placements (subject to approval)
• complete three research courses.

Where could it take you?

If your strengths lie in understanding and working with people you might pursue marketing or project management. You could put your skills to use championing early-stage start-ups. Perhaps you’ve a knack for patterns and numbers that will see you move into corporate accounting or market research.
Focus on finance
Finance professionals are pragmatic, quick-thinking and ambitious. They’re skilled problem-solvers who stay informed and get results.

With advanced courses in research, funds management and corporate policy, our Master of Finance offers a competitive edge in the finance world.

What will you do?
• Study Australian and international financial markets in depth.
• Learn about derivative assets and their specific markets’ operation.
• Explore different areas of the finance industry according to your interests and career goals.
• Analyse and interpret developments in financial practice.
• Work on a large-scale applied research project.

Where could it take you?
You might work in commercial banking as a sales associate, trust officer or loan officer. You could advise on investment decisions or help people secure their dream homes. Perhaps you’ll be a capital market dealer or manage a hedge fund.

Professional accreditation
This degree will provide you with an excellent grounding for pursuing Chartered Financial Analyst (CFA) qualifications. Its courses capture large elements of the CFA curriculum.

Multiply your expertise
Our Master of Finance and Business Economics is suited to business or economics graduates seeking in-depth advancement in their area. It also meets the needs of graduates with related degrees looking to comprehensively adapt to the fields of economics and finance.

What will you do?
While the degree includes study in both areas, students must specialise in one. Depending on your goals and interests you will:
• study wealth management and financial modelling in depth
• learn analytical tools for financial decision-making
• analyse theoretical and applied aspects of modern economics and econometrics
• discover advanced techniques for analysing and managing data
• explore matters relating to the growth and stability of the whole economic system.

In our finance specialisation you’ll gain necessary educational grounding for further professional studies towards the Chartered Financial Analyst qualification.

Where could it take you?
You might be a high-stakes stockbroker, banker, data analyst in a government agency or health economist with a pharmaceutical group. You could be a demand planner in a big wine company. Perhaps you’ll help people secure their dream homes or retirement goals as a financial planner.

Professional accreditation
The Master of Finance and Business Economics covers a substantial part of the body of knowledge required by those wishing to pursue further professional studies with the Chartered Financial Analyst Institute. It is also recognised by the Australian Securities and Investments Commission (ASIC) registry as RG146-compliant for several specialised finance fields.
MASTER OF INNOVATION AND ENTREPRENEURSHIP

CRICOS CODE 089735C  CAMPUS North Terrace

DURATION 2 years full-time

INTAKES January and September

INDICATIVE ANNUAL TUITION FEE $46,000

See the world for what it could be

Entrepreneurs and investors are necessary in all areas and industries—from science and health to media, arts and education. They take the risks needed to start up new businesses and social ventures. This rigorous two-year degree sets you up to build sustainable organisations, grow wealth for stakeholders and make positive impacts in your community.

What will you do?

Our Master of Innovation and Entrepreneurship gives you practical knowledge, access to networks and a growth mindset for success. In core courses you will:
• build tools for assessing and implementing ambitious ideas and ventures
• learn how to create supportive environments that foster and enable innovation
• examine entrepreneurial investment and management practices
• complete a six-unit research project.
There’s also a research track available, designed to qualify you for higher degrees by research. In this pathway you’ll complete a 12-unit project.

Where could it take you?

You might shine a spotlight on an unexpected renewable energy source. You could explore ecotourism or virtual reality. Perhaps you’ll invest in a world-changing product or service. For employers, you might be an international marketing manager, investment consultant, trade agreements negotiator, corporate export manager, or economic researcher.

MASTER OF INTERNATIONAL MANAGEMENT

CRICOS CODE 096132E  CAMPUS North Terrace

DURATION 2 years full-time

INTAKES January and September

INDICATIVE ANNUAL TUITION FEE $47,500

A global perspective

International business managers help different types of organisations benefit from the complex and dynamic forces of globalisation.

The University of Adelaide takes a practical approach to equip students from all around the world with the skills needed to manage these complexities and impact the international market.

What will you do?

With a combination of foundation and specialised courses, this degree is suited to entrants from non-business backgrounds. A shorter, 1.5-year option is available for entrants with an undergraduate degree in related fields. These might include accounting, business management, human resources management, banking and finance.

You will:
• learn to spot and seize international business opportunities, get the best out of the culturally diverse workforce, negotiate across cultures, and deliver value to different types of organisations
• build advanced business, communication and leadership skills
• expand your cultural awareness.

You’ll also gain real-world experience through one of the following*:
• a domestic internship with an international project
• an international internship
• an international study tour.

Where could it take you?

Your role on the global stage is dictated only by your own ambitions. You might advance to a leadership position within a multi-national organisation. You could land a management role in import and export trading. Perhaps you’ll work in the diplomatic corps or a government body that looks after international trade and investment.

* Subject to any travel restrictions.

MASTER OF INTERNATIONAL TRADE AND DEVELOPMENT

CRICOS CODE 089644F  CAMPUS North Terrace

DURATION 17 months full-time

INTAKES January and September

INDICATIVE ANNUAL TUITION FEE $48,000

Achieve sustainable economic development

In a conflicted and inequitable world, practical and informed steps towards positive growth are key. Global collaboration is needed to secure a stable, positive future for our planet.

Our Master of International Trade and Development (MITD) equips you for leading roles in areas related to economic growth and development. We help you build the knowledge, networks and capacity to enable change.

What will you do?

• Gain practical insights into the political dynamics of trading environments.
• Understand the roles of key domestic, regional and global players.
• Consider opportunities and challenges facing businesses and economies in a globalised world.
• Build advanced legal and commercial knowledge.
• Learn negotiation and leveraging strategies through case-based learning experiences.

Where could it take you?

Your role on the global stage is dictated only by your own ambitions. You could find yourself at a world summit, coming up with strategies for achieving long-term international goals. You might look after your community’s interests as a local MP.

Perhaps you’ll be an international marketing manager, investment consultant, trade agreements negotiator, corporate export director or economic researcher.
## MASTER OF MARKETING

**CRICOS CODE 08579B**
**CAMPUS** North Terrace

### A competitive edge in marketing

Marketing experts are strategists, innovators and communicators. They craft irresistible experiences, delight customers and create value. Our Master of Marketing is an advanced degree designed to skyrocket students into senior marketing positions.

**What will you do?**

This intensive program will challenge marketing and non-marketing undergraduates alike. You will:
- explore future-oriented marketing concepts
- learn to make informed marketing decisions
- develop critical and strategic thinking skills
- apply cutting-edge analytical tools and techniques
- gain deep insights into local and global markets
- pursue electives aligned to your interests and career goals—from Social Entrepreneurship to Wine Marketing.

**Where could it take you?**

Our graduates go on to exciting marketing careers in business, government, community service and not-for-profit organisations. You could shape the future of global food, fashion or tech brands. You might analyse consumer data and suggest sales strategies based on your research. Perhaps you’ll connect with partners in public relations or represent the athletic elite as a sports agent. Your role in today’s marketing environment is dictated only by your own ambitions.

**Professional accreditation**

Graduates may gain partial credit towards the Australian Marketing Institute’s (AMI) Certified Practising Marketer (CPM) qualification.

Completing four prescribed courses also allows students to apply for the Australian Market and Social Research Society’s (AMRSRS) Certificate in Market Research.

---

## MASTER OF PROFESSIONAL ACCOUNTING

**CRICOS CODE 072988K**
**CAMPUS** North Terrace, Melbourne

### A competitive edge in a global marketplace

Home to some of the most innovative and revered winemakers in Australia, South Australia is the ideal location for you to study how business operates in the wine industry. This intensive degree sets you up to have a positive impact on the entire wine value chain—a capability demanded of wine business professionals worldwide.

**What will you do?**

Our Master of Wine Business is designed for both current and aspiringwine business owners, marketers, managers, winemakers, sommeliers and staff. You will:
- benefit from flexible study modes
- build working knowledge and skills in both winemaking and viticulture
- learn about direct wine marketing
- understand how to evaluate domestic and international markets
- study the foundations of wine science
- explore legal aspects of the business
- undertake a six-unit research project.

There are also internship opportunities across South Australia’s booming wine industry.

**Where could it take you?**

You might manage a cellar door or an up-and-coming winery. You could work in marketing, sales, tourism or events, delighting customers and crafting irresistible experiences for wine lovers. Perhaps you’ll export South Australia’s best or take on a strategic role in a regional governing body.
Every day, computer scientists work on software that pushes the limits of human endeavour in areas as varied as disease treatment, weather prediction, cyber security, international finance and space exploration.

As a University of Adelaide computer science graduate, you will be equipped to drive that transformation—to effectively program the future.

Our innovative degrees are at the forefront of the digital technologies revolution. We have strong links with industry. And we’re internationally renowned in multiple areas: computer vision, distributed and high-performance computing, evolutionary systems, formal methods and software architectures.

Learn from outstanding academic staff

Home to the Australian Institute for Machine Learning—ranked #4 in the world* and the largest machine learning research group in the country—you’ll learn from world-leading AI researchers and teachers at the cutting-edge of their field.

Be nationally accredited and globally recognised

Our computer science degrees are accredited by the Australian Computer Society. They also provide the necessary academic requirements for membership of the global Institute of Electrical and Electronic Engineers and the Association for Computing Machinery. Your University of Adelaide qualification can take you anywhere.

Graduate career-ready

You will emerge as a highly skilled, adaptable graduate, ready to design computer-based solutions to many of society’s challenges. You’ll possess a diverse suite of valuable skills sought-after by employers throughout the economy—from finance, defence and information technology, to scientific research, logistics and teaching.

*CS Rankings 2020, Global ranking of universities for Computer Vision research

SOHAIB IRSHAD

Master of Computing and Innovation

“One of the most enjoyable things about studying at the University of Adelaide is the broad networking experience it provides. From academic to social events, you get to meet amazing new people with rich history and culture.”
**Experiment and Innovate in computer science**

Our Master of Computer Science has a major research component and projects are supervised by leading academics from world-class research groups. Their fields of expertise include computer vision, evolutionary computation, distributed systems, computer networks, high-performance computing, formal verification and systems modelling.

**What will you do?**

- Build advanced technical knowledge and skills.
- Learn to design and construct large software systems.
- Propose and conduct an advanced research project.
- Deliver a report and public presentation on your work.

Foundational programming skills and familiarity with at least one object-oriented programming language are required to enter the program. Our assignments are usually written in Java or C++.

**Where could it take you?**

High-performing graduates may be able to proceed to further research study. You could take gaming environments to a whole new level. You could break ciphers or automate cloud security analyses. Perhaps you’ll develop interfaces for the visually impaired. A master degree will give you a competitive edge in all sorts of exciting computer science careers.

**Professional accreditation**

The Master of Computer Science is accredited by the Australian Computer Society (ACS). It is designed to provide a professional qualification in computing and information technology and also provides the necessary academic requirements for membership of the Institute of Electrical and Electronic Engineers (IEEE) and the Association for Computing Machinery (ACM).
Defend the digital domain
Governments and organisations all over the world are actively seeking cyber security experts with advanced technical skills and an understanding of the social and legal contexts of the digital world. The need is urgent. It spans all sectors. And your pathway is here.

What will you do?
Our Master of Cyber Security will equip you to lead cutting-edge cyber security programs—for governments, law enforcement agencies, companies and NGOs alike. The industry-driven content is delivered over 24 months full-time with mentoring from world-class cyber security researchers. You will gain:
- a deep, interdisciplinary understanding of complex cyber security needs and considerations across multiple industries
- highly advanced technical skills and the ability to apply them in real-world contexts
- a sophisticated grasp of cyber security policy and governance considerations—social, legal and commercial
- the ability to critically analyse and evaluate relevant data and technology
- the refined interpersonal skills to effectively communicate issues and strategies to a range of stakeholders.
You’ll also take specialist courses in your chosen major—Cyber Security Management or Secure Software Development. And you’ll apply and expand your learning through a major research project, or industry-based practise.

Where could it take you?
To the discipline’s highest levels. You could develop strategies to secure health providers’ patient data. Or protect social media users’ personal details. Perhaps you’ll prevent cyber theft for global financial institutions. Or ensure undercover police officers’ identities aren’t compromised. Wherever your interests lie, your expertise will be in demand.

Professional accreditation
The Master of Cyber Security is accredited by the Australian Computer Society.
A competitive edge in data science

Big data and data science is an emerging area of necessity for many fields—from science and engineering to economics and digital humanities.

Our Master of Data Science explores how data is changing our world. We give you the knowledge and skills to contribute in the areas you care about.

What will you do?

• Undertake a specialised introductory IT program in your first semester.
• Build core skills in programming, mathematics and data science.
• Learn how data science techniques can drive changes in organisations, industries and communities.
• Advance your abilities in chosen areas of interest.
• Combine and apply your learning in a significant project.

Where could it take you?

You might help big businesses use data to make more informed decisions in the face of uncertainty. You could analyse data from apps to drive UX updates. Perhaps you’ll come up with innovative management systems as a data architect.

Professional accreditation

The Master of Data Science is accredited by the Australian Computer Society.

Harness AI to shape the future

Artificial intelligence (AI) and its component discipline machine learning now present the world’s single greatest commercial opportunity. Research indicates that by 2030 it could increase global GDP by up to 14%—a staggering US$15.7 trillion gain.

Employment prospects are equally outstanding. AI and machine learning appointments worldwide have doubled in the past three years, with demand easily outstripping supply.

The Master of Machine Learning, conducted through the University of Adelaide’s world-renowned Australian Institute of Machine Learning (AIML), will position you perfectly to play a senior leadership role in this exciting future.

What will you do?

Our Master of Machine Learning is driven by AIML’s cutting-edge research and extensive industry links, spanning diverse international sectors—from health, medical technology, defence and security to environment and natural resources.

Selecting from either an Applied or Technical specialisation, you’ll undertake a carefully balanced mix of face-to-face intensive courses, work-integrated learning and online study. The two-year full-time degree will equip you with:

• highly advanced technical skills in machine learning and AI application development, including in specialist areas, such as deep learning and visual question answering
• a firm grasp of the commercial, organisational and research opportunities presented by machine learning and AI
• a deep understanding of the disciplines’ ethical and social considerations
• the chance to gain invaluable real-world experience, through a major research or industry-based project
• extensive industry connections and networks.

You’ll also receive ongoing mentoring, feedback and direction from AIML’s world-class researchers and high-performing industry professionals.

Where could it take you?

You could enhance children’s education with AI-based personal study plans. You might help climate-change-affected farmers feed the world with machine-learning-driven environmental management systems. Perhaps you’ll help extend life expectancy by perfecting tailored health-plan development based on AI analysis of key predictive data.

The degree also provides an outstanding foundation for further advanced study through a machine learning or AI PhD.
Teacher. School leader. Educational researcher. Whatever your career stage, our qualifications can help you advance your career in education.

**A degree to start your teaching career**

If you’ve previously completed an approved undergraduate degree, our Master of Teaching (Middle and Secondary) will give you the qualification you need to change paths and become a practising teacher.

You’ll focus on developing the pedagogical knowledge and skills to teach two subject areas. You will also take courses on contemporary educational issues and practice, relevant to both the middle and secondary years of schooling. Particular emphasis will be placed on understanding adolescent behaviour and promoting wellbeing.

Our Master of Teaching (Middle and Secondary) is accredited by the Teachers Registration Board of South Australia. Graduates may register to teach in South Australia and—in most cases—interstate and overseas.

**A degree to take your existing education career further**

If you’re a registered teacher, trainer, vocational educator, educational consultant or university lecturer or supervisor, our Master of Education will refresh and expand your professional knowledge and skills—and help you step into more senior roles.

It enables you to gain specialist training in:

- educational leadership and innovation
- wellbeing
- entrepreneurship education
- science, technology, engineering and mathematics (STEM) education
- English language teaching (ELT/TESOL)
- research.

**WAI MAUNG**

Master of Education

“I really enjoy interacting with international students from diverse communities, and learning their unique cultures gave me a sense of cross-cultural understanding during my University life.”

**WHY THE UNIVERSITY OF ADELAIDE?**
What will you do?
We offer six areas of specialisation:
• Educational Leadership and Innovation - study leadership and management theory in depth and consider how it can be applied to lead educational change.
• Wellbeing - examine evidence-based approaches to wellbeing support—a key knowledge area for all educators.
• Entrepreneurship Education - explore entrepreneurship and innovation and its impact on education, schools and systems.
• Science, Technology, Engineering and Mathematics (STEM) Education - investigate issues, opportunities and student engagement in STEM areas.
• English Language Teaching (ELT/ TESOL) - learn the latest strategies for effective English language teaching.
• Research - strengthen your educational research skills and understandings, with opportunities to go on to a PhD.

Where could it take you?
You’ll graduate ready to pursue a rewarding non-school-based education career. You could revolutionise the field with a new approach to assessment or integrated curriculums. You might want to teach English to adults or work in higher education. Perhaps you’ll be an education consultant or transition into research and publish your own book.

If you’ve already completed a teaching qualification and worked as a teacher in Australia for two years, you may be granted up to 24 units of credit. Note: this degree does not provide a recognised qualification for teaching in schools. For this pathway, see our Master of Teaching.

Professional accreditation
This program does not constitute the requirements for a recognised teaching qualification.

Related degrees
• Graduate Certificate in Education
• Professional Certificate in Education.

Contribute your way in education
The Master of Education is designed for professionals working in the education industry—including school leaders, teachers, educational consultants and trainers or students—wishing to pursue a non-school-based teaching career. It is also suitable to study as preparation to teach in the higher education environment, or to develop your research capacity and transition into educational research and lead educational change. This flexible degree focuses on six specialisations and electives to meet your professional learning needs.

JORDON DELLA-PIETRA
Master of Teaching

"My time at the University of Adelaide was fun and educational. The friends made here have helped me through personal and academic challenges. The University allowed me to explore different career options for my degrees and provided flexible learning options. Support at the University was also very useful."
MASTER OF TEACHING (MIDDLE AND SECONDARY)

CRICOS CODE 097624K  CAMPUS North Terrace
DURATION 2 years full-time  INTAKES January
INDICATIVE ANNUAL TUITION FEE $40,000

Want to have a profound, positive influence in the lives of young people?

If you’ve already completed an approved undergraduate degree, our Master of Teaching offers a unique pathway to a rewarding career. You’ll build advanced research skills and graduate with a competitive edge in the teaching job market.

What will you do?

• Take courses on contemporary educational issues and social contexts.
• Build understandings of adolescent behaviour, learning and motivation.
• Learn to support student wellbeing and positive student-teacher relationships.
• Complete three full-time supervised teaching blocks of 70 days in South Australian schools.
• Undertake a practice-based research project.

Where could it take you?

This degree is accredited by the Teachers Registration Board of South Australia. Graduates may register to teach in South Australia and—in most cases—interstate and overseas (please check international countries for specific registration requirements relevant to those jurisdictions). An education background will also prove invaluable in a wide range of careers servicing communities outside the classroom.

Note: Master of Teaching degree is a 48-unit (2-year) program, with the option of studying in accelerated mode (1.5 years). Fees are based on the number of units you enrol in.

Professional accreditation

This degree provides a professional qualification that is recognised for teacher registration purposes in South Australia. In most cases the qualification is portable to other states and countries.
Whether you’re a recent engineering graduate or a practising professional with relevant work experience, our highly ranked postgraduate engineering degrees are your passport to senior high-tech roles around the world.

In addition to graduating with broad, adaptable skill sets applicable to a wide variety of industries, you will also have the chance to enhance your career pathways by specialising in cutting-edge technologies.

This solid technical foundation can open up opportunities in many specialist engineering areas, including: chemical, civil, environmental, mining, electrical and electronic, mechanical, petroleum, data science, and software.

**Become an expert in your field**

Across all our Master of Engineering programs you will have the opportunity in your second year to undertake a major engineering project aligned to your discipline. This project will set you up for a professional career or further research pathways.

**Graduate career-ready**

The University of Adelaide has an outstanding reputation for high-quality engineering teaching, research and industry links. You will emerge from this ideal educational environment perfectly equipped to immediately make a difference in people’s lives.

Our programs are designed to prepare you for graduate work environments and provide opportunities to apply newly acquired skills to real-life situations. All Master of Engineering programs require industry-based practical experience prior to graduation.

**Nationally accredited and globally recognised degrees**

Our engineering postgraduates enjoy lucrative national and international job prospects and rewarding long-term careers involving imagination, innovation and leadership. All our Master of Engineering degrees are fully accredited by Australia’s peak professional engineering body, Engineers Australia.

**YOGESH DOIPHODE**

Master of Engineering (Mechanical Engineering)

“University provides a variety of opportunities to internationalise your student experience, study abroad, connect with other international students and develop a global outlook, which employers will value.”
There are several options for professional advancement through higher education and specialization. Biopharmaceuticals hold a significant role in improving health care. High-level problem-solving and communication skills are essential whether you plan to be an aerospace technician or drafter, or an aerospace engineer. You could develop better combat droids, jet engines, or laser-guided weapons systems. Y ou might work in water treatment, waste management or even tissue engineering. You could conduct safety and risk assessments on process plants. Perhaps you’ll design environmentally sustainable combustion systems.

**Design high-tech building solutions**

Civil and structural engineers create and maintain buildings, systems and infrastructure. They make sure bridges, roads, tunnels, railways, dams, airports and water channels meet the needs of our society in safe and sustainable ways.

**What will you do?**

Our Master of Engineering (Civil and Structural) comprises a foundation year and an advanced studies year. We have a strong focus on design and analysis using modern, computer-based methods. Learning in a faculty ranked 25 in the world for Civil Engineering*, you will:
- study structural dynamics, reinforced concrete and steel design
- develop and evaluate geotechnical models
- pursue specialist topics according to your interests and career goals
- build communication and project management skills
- undertake a significant research project.

**Where could it take you?**

You might manage water resources or supervise major transportation projects. You could develop infrastructure for underground renewable energy systems. Perhaps you’ll specialise in the design of earthquake-resistant buildings.

**Professional accreditation**

The Master of Engineering (Civil and Structural) is fully accredited by Engineers Australia.

**Innovators of today and tomorrow**

Civil and environmental engineers design sustainable solutions for meeting society’s needs. They build and improve the infrastructure and systems underpinning modern life, without compromising our environment or future generations.

**What will you do?**

Our Master of Engineering (Civil and Environmental) comprises a foundation year and an advanced studies year. Learning in a faculty ranked 25 in the world for Civil Engineering*, you will:
- practise advanced civil engineering analysis and design
- study environmental science and engineering principles
- pursue specialist topics according to your interests and career goals
- build communication and project management skills
- undertake a significant research project.

**Where could it take you?**

You might manage coastal erosion, develop policy on energy futures or come up with large-scale recycling schemes. You could supervise major urban water projects. Perhaps you’ll design high-speed railways or help with the construction of Australia’s next state-of-the-art sporting facility.

**Professional accreditation**

**A competitive edge in your field**

Electrical engineers are designers and problem-solvers. They tackle large-scale electrical challenges, develop innovative technologies and improve the quality of modern life.

Our academic expertise in Electrical and Electronic Engineering is internationally recognised; we were recently ranked 1st in the field in Australia and 42nd globally*.

**What will you do?**

Our Master of Engineering (Electrical) comprises a foundation year and an advanced studies year. You will:
- practise modelling, analysing and operating electric energy systems
- build communication and project management skills
- gain advanced understandings in mathematics and systems engineering
- pursue specialist topics—from power quality and fault diagnostics to distributed generation technologies
- undertake a significant research project.

**Where could it take you?**

You might become a project engineer for a national energy company. You could create and maintain sensor systems for smart cities. Perhaps you’ll help developing communities build electrical grids or renewable energy systems from scratch.

**Professional accreditation**

The Master of Engineering (Electrical) is fully accredited by Engineers Australia.

*Academic Ranking of World Universities by Subject, 2020

---
Stand out in your industry
Electronic engineers possess highly sought-after skills and the knowledge needed to deliver innovative solutions. They design and construct products and services we use each and every day—from smart devices to medical imagery, information systems to security and defence technologies.

What will you do?
Our Master of Engineering (Electronic) comprises a foundation year and an advanced studies year. Learning in a faculty ranked 1st in Australia for Electrical and Electronic Engineering, and 42 in the world*, you will:
• study the principles of control and communication systems
• build communication and project management skills
• gain advanced understandings in mathematics and systems engineering
• pursue specialist topics—from telecommunications and microelectronics to image sensors and processing
• undertake a significant research project.

Where could it take you?
You could drive research and development into autonomous vehicles, or energy-efficient transport. You might work on state-of-the-art avionics with the air force. Perhaps you’ll build digital hardware for computers or artificial intelligence.

Professional accreditation
The Master of Engineering (Electronic) is fully accredited by Engineers Australia.

*Academic Ranking of World Universities by Subject, 2020

Specialise in cutting-edge technologies
Mechanical engineers are experts in everything from prosthetic limbs and robots to motor vehicles, aircraft and space stations. They design and develop materials, processes and products—always innovating new ways to improve our lives and the world.

What will you do?
Our Master of Engineering (Mechanical) comprises a foundation year and an advanced studies year. Learning in a faculty ranked top 100 in the world for Mechanical Engineering*, and with a strong hands-on learning and design focus, you’ll:
• explore advanced mechanics and structural design
• study applied aerodynamics and thermodynamics
• pursue specialist topics according to your interests and career goals
• build communication and project management skills
• undertake a significant research project.

Where could it take you?
You could develop life-saving medical technologies, or innovate in the sustainable energy field. You might design, build and test robots and robotic systems with artificial intelligence. Perhaps you’ll be an aerospace engineer or check naval ships for damage using vibration mechanics.

Professional accreditation
The Master of Engineering (Mechanical) is fully accredited by Engineers Australia.

*Academic Ranking of World Universities by Subject, 2020

Make smarter machines
Mechatronic engineering combines mechanics, electronics and computing. Mechatronic engineers work comfortably across all three areas, often creating complex and intelligent technologies.

What will you do?
Our Master of Engineering (Mechatronic) comprises a foundation year and an advanced studies year. You will:
• take advanced courses in mechanical engineering and programming
• gain hands-on mechatronic experience through small-group projects
• pursue specialist topics according to your interests and career goals
• build communication and project management skills
• undertake a significant research project.

Where could it take you?
You might design and optimise micro-machines, craft the next generation of cameras or help build underwater exploration vehicles. You could maintain a fully automated robotic assembly line. Perhaps you’ll develop cutting-edge defence or medical technologies.

Professional accreditation
The Master of Engineering (Mechatronic) is fully accredited by Engineers Australia.
MASTER OF ENGINEERING (MINING)

What will you do?
Our Master of Engineering (Mining) comprises a foundation year and an advanced studies year. Learning in a faculty ranked number seven in the world for Mineral and Mining Engineering*, you will:
• study geomechanics, geotechnical engineering and geostatistics
• build skills in mine design, modelling and simulation
• conduct risk and uncertainty analyses
• explore mine management, planning and sustainable practices
• pursue specialist topics according to your interests and career goals
• undertake a significant research project.

Where could it take you?
You might process minerals, take on a managerial role or work with artificial intelligence designed for mining. You could be a highly paid drilling or geotechnical engineer. Perhaps you’ll work in exciting developing fields like deep-sea or space mining.

Professional accreditation
The Master of Engineering (Mining) is fully accredited by Engineers Australia.

* Academic Ranking of World Universities by Subject, 2020

Specialise in new mining technologies
Mining engineers work with all aspects of ore extraction and processing. They gather valuable minerals or metals and provide a backbone industry for our society.

Robertus Robi
Master of Engineering (Mining)

“All the staff at the University are very friendly and have a passion to help. Even though I’ve only been here eight months, I feel like Adelaide is my second home.”

74 Engineering
Secure your future in the defence sector
South Australia has a world-class maritime industry base and the sector is growing rapidly. We’re currently witnessing a time of multi-billion-dollar spending on submarines and surface ships. The University of Adelaide is Australia’s leading university in defence, and partnered with industry both locally and internationally. Whether you’re looking to upskill or change careers, we’ll help match your professional goals to industry objectives.

What will you do?
Our new Master of Marine Engineering is flexible, and delivered in collaboration with ASC, Australia’s builder and sustainer of the Navy’s fleet of Collins Class submarines. During this program you will:
• develop and enhance prior expertise
• build highly sought-after knowledge and practical skills
• take core courses intensively, allowing you to complete Submarine Design, Naval Ship Engineering and Systems Engineering within six months
• choose from a wide range of specialist electives and study paths.
Industry-sponsored students will also gain practical experience through workplace projects.
This degree is delivered in steps. Exit paths will be available after six and 12 months of full-time study, at which points you’ll receive a Graduate Certificate or Graduate Diploma in Marine Engineering.

Dual Master of Marine Engineering with ENSTA Bretagne
The University of Adelaide also offers a premium dual 1.5-year Master of Marine Engineering program with ENSTA Bretagne in France. Students spend one semester in Brest, France, one semester in Adelaide and a third semester in a jointly supervised industry internship. The new dual program feeds directly into the defence engineering skills base available to South Australia and France. Graduates receive two internationally recognised qualifications—a Master of Marine Engineering from the University of Adelaide and a Master of Science in Marine Engineering, Surface Ships and Submarines from ENSTA Bretagne.

Lead industry’s material progress
Investment in the advanced materials market is expanding the world over—in the space industry, medical technologies, defence, manufacturing, energy, telecommunications and more. Experts with the advanced capabilities to lead discoveries in materials engineering are in high demand.

What will you do?
Our Master of Materials Engineering will equip you with high-level knowledge—and practical research skills—at the real-world interface between materials engineering, chemistry and physics.
The industry-driven content is delivered over two years full-time, through a flexible blend of online and intensive face-to-face learning; and if you’re currently employed full-time and looking to upskill, you can make the study fit you by taking courses individually or combined as a graduate diploma or certificate.
You will:
• work in the University’s state-of-the-art engineering research labs
• have access to cutting-edge on-campus research and development facilities
• be mentored by world-class materials engineering researchers—including from the University of Adelaide Centre for Materials in Energy and Catalysis, and the ARC Research Hub for Graphene Enabled Industry Transformation.
You’ll also be able to take specialist courses in your chosen major: Energy; Quantum; or Optical. And you’ll apply and expand your learning through a major research project supervised by leading Adelaide engineers and scientists.

Where could it take you?
You could enable smaller, more energy-dense batteries. You might allow creation of a high-agility suit for more productive spacewalks. Perhaps your innovation will lead to the conversion of sunlight into transportable fuels to power our cars and society. You may even wish to continue your studies in a materials engineering PhD.

A competitive edge in one of engineering’s highest paid fields
Petroleum engineers help sustain society’s way of life. They provide oil and gas in efficient, safe and environmentally responsible ways.
Our Master of Petroleum Engineering is designed for graduates of a Bachelor of Engineering (Honours) or equivalent science and mathematics degrees. It’s also open to petro-technical professionals seeking to advance their technical careers with formal qualifications.
Our petroleum engineering degrees are developed and taught by industry-trained academics through the Australian School of Petroleum and Energy Resources. This is Australia and Southeast Asia’s academic centre for petroleum research and education, and the only school of its kind in Australia. It sits within a faculty ranked number seven in the world for Petroleum Engineering*.

What will you do?
• Learn all about well testing and drilling engineering.
• Explore unconventional resources and recovery.
• Access our Tempest reservoir simulator.
• Gain field experience at an Australian sedimentary basin.
• Take integrated courses in business, economics and project management.
• Complete a 6-unit research project thesis.

Where could it take you?
You’ll graduate ready to enter the upstream sector of the petroleum industry. You could drill exploratory wells for oil, gas and energy companies. You might search for underground or underwater oil fields with a government agency. Perhaps you’ll move into a supervising or managerial role.
*QS World University Rankings by Subject, 2020
Master of Petroleum Engineering Science

Prepare to lead in global resources

Our new Master of Petroleum Engineering Science will not only place you at this in-demand discipline’s cutting edge, but equip you to shape its future. This cross-disciplinary degree is suitable for petroleum engineering bachelor or honours graduates wishing to advance their skills, or honours graduates in other engineering fields seeking to change career paths.

What will you do?

Completed over one to two years full-time (depending on your previous qualifications and professional experience), the degree features an engaging blend of face-to-face tuition, in-the-field application and online learning. It’s developed and taught by world-class, industry-trained and research-active academics through our Australian School of Petroleum and Energy Resources (ASPER)—Australia’s only school of its kind, and the leading centre for integrated petroleum research and education throughout the Asia Pacific region. The school sits within a faculty ranked number seven in the world for Petroleum Engineering*.

The wide-ranging and internationally informed curriculum draws on ASPER’s strong collaborations with industry and other leading universities around the world. It also includes a significant research project. You will graduate with:

• highly developed research planning and execution skills, and the ability to apply research principles and methods in the field
• outstanding interpersonal communication and teamwork skills.

Where could it take you?

You will emerge ready to play a senior role in the upstream petroleum industry anywhere in the world. You may also choose to take your research further with a PhD.

* QS World University Rankings by Subject, 2020

Master of Science (Petroleum Geoscience)

Upstream excellence

Petroleum geoscience is about understanding our earth and the processes that shape it. Geoscientists are explorers, problem solvers and innovators. They recover resources and meet energy demands in economical, safe and sustainable ways. The Australian School of Petroleum and Energy Resources is a world-class centre for petroleum education, training and research. Sitting within a university ranked top 100 in the world for Geology and Geophysics*, it has strong links to industry, with fully integrated teaching and research programs.

What will you do?

Our Master of Science (Petroleum Geoscience) is a one-year intensive degree. You will:

• work with internationally experienced staff and senior industry personnel
• access industry-standard techniques, software and datasets
• study exploration and development geoscience in depth
• build hands-on skills and practical knowledge
• undertake an advanced research project.

Where could it take you?

You might pursue careers in mineral or petroleum exploration with multinational and local companies. You could be a geologist, a geophysicist or an oil and gas analyst. Perhaps you’ll work in consulting or as a natural resource manager in a government agency.

* QS World University Rankings by Subject, 2020
HEALTH
The University of Adelaide’s wide range of postgraduate health degrees can provide the knowledge and skills to advance your career and make a positive difference for humanity.

**Industry-driven and connected**
All our postgraduate health degrees are highly informed by real-world needs. Throughout your studies, you’ll be given the opportunity to learn from practising industry experts and significantly develop your professional networks.

**High-level guidance and mentoring**
The pride we take in attracting leading academics and researchers from around the world ensures you will learn from the best. Our staff are experts in their field and have outstanding international reputations, with many recognised as high-cite professors. What’s more, our low student-to-staff ratios mean you’ll get plenty of one-to-one attention during your time with us.

**State-of-the-art facilities**
The University’s AUD$246 million Adelaide Health and Medical Sciences (AHMS) building opened in 2017 in the heart of the Adelaide BioMed City precinct. Here—just metres from the new Royal Adelaide Hospital and the South Australian Health and Medical Research Institute—you will learn alongside more than 1,700 of our students and 600 University of Adelaide health researchers in a vibrant and innovative environment.

**ROMY HIDAYAT**
Master of Public Health

“I chose to study the Master of Public Health at the University of Adelaide to gain a global perspective on public health issues and improve my knowledge and skills to further my career.”
DOCTOR OF CLINICAL DENTISTRY

CRICOS CODE 08834G DURATION 3 years full-time INTAKE February

LOCATIONS North Terrace campus and placements at various external locations

MINIMUM ENTRY REQUIREMENTS Bachelor of Dental Surgery (or equivalent) or higher. Applicants must have:
• at least two years of general practice and an honours (research training) degree OR
• successfully completed the Primary Examinations of the Royal Australasian College of Dental Surgeons OR
• successfully completed the Primary Examinations of the Royal College of Dental Surgeons (UK).

ADDITIONAL ENTRY REQUIREMENTS All applicants must complete the online application form at www.health.adelaide.edu.au/admissions/dental/application.html and provide:
• a short description of their research interests and aptitudes
• evidence of professional qualifications
• employment history details
• two professional referees
• a full CV, including work history and publications. Students applying for the following specialisations must complete an interview via phone or Skype: Periodontics; Oral and Maxillofacial Pathology; Endodontics; Paediatric Dentistry; Special Needs Dentistry; and Prosthodontics. Further assessments may also be required. Students applying for the specialisation in Orthodontics must complete a multiple mini-interview (MMI) in person, and manual dexterity assessments.

INHERENT REQUIREMENTS Students accepted into the degree are required to maintain AHRA registration and the appropriate level of immunisations and criminal history clearances. Please refer to www.health.adelaide.edu.au/study-with-us/student-support/clinical-placements

APPLICATION CLOSING DATE 30 April 2021

INDICATIVE ANNUAL TUITION FEE $62,000

adelaide.edu.au/degree-finder

Adelaide Dental School is ranked 2nd in Australia and number 28 in the world*. Our leading-edge expertise gives our graduates a competitive advantage in a flexible and rewarding profession. This three year degree provides specialist dental education through clinical training and research.

What will you do?
Our Doctor of Clinical Dentistry is a professional postgraduate training program, not a PhD. You will:
• undertake clinical placements in metropolitan, rural, public and private health care settings
• conduct evidence-based clinical research
• propose, present and submit a dissertation
• advance your knowledge and technical skills in a specialisation of your choice.

We offer the following specialist training areas:
• Endodontics
• Oral and Maxillofacial Pathology
• Orthodontics
• Paediatric Dentistry
• Periodontics
• Prosthodontics
• Special Needs Dentistry.

Where could it take you?
You’ll graduate ready to change lives on your chosen dentistry path. You’ll be eligible for specialty registration in Australia, provided you’ve fulfilled all the qualifications and strict conditions outlined by the Australian Health Practitioner Regulation Agency. Note: before applying, make sure this degree allows you to register in the country where you intend to work.

Professional accreditation
All Doctor of Clinical Dentistry specialisations are accredited by the Australian Dental Council.

* QS World University Rankings, 2020

GRADUATE CERTIFICATE IN ALCOHOL AND DRUG STUDIES

CRICOS CODE online DURATION 6 months full-time INTAKE February

MINIMUM ENTRY REQUIREMENTS A relevant 4-year undergraduate degree with a high level of academic achievement.

ADDITIONAL NOTES This degree is delivered online only. It is not available to international applicants who hold or require an Australian student visa. International applications will, however, be accepted from candidates who will undertake their studies offshore, or who hold a valid Australian visa permitting online study.

INDICATIVE ANNUAL TUITION FEE $12,000

adelaide.edu.au/degree-finder

Support recovery in your communities
Substance abuse is a common issue in today’s world. It continues to take a great toll on both individuals and society.

This is a flexible online certificate, ideally suited to professionals maintaining regular work commitments in Australia or overseas. It focuses on building advanced knowledge around drugs and alcohol, and the ways in which addiction can be treated.

What will you do?
• Study the biological mechanisms behind addiction.
• Consider underlying genetic and social factors.
• Explore current approaches to drug problems—from short-term treatments to long-term and community-based management.
• Investigate future developments in drug treatments and the field at large.

Where could it take you?
This certificate will be beneficial in a range of professions that interact with drug and alcohol addiction. These might include medical practitioners, nurses, psychologists, social workers, pharmacists, educators, law enforcement officers, counsellors, and project and policy officers.
GRADUATE DIPLOMA IN NURSING SCIENCE

CRICOS CODE 022511F
LOCATIONS North Terrace, teaching hospitals
DURATION 1 year full-time
INTAKES February and July

MINIMUM ENTRY REQUIREMENTS
Applicants must be registered (or eligible for registration) as a nurse in Australia or New Zealand and hold a Bachelor of Nursing degree or equivalent; OR have at least 1 year’s experience as a registered nurse in the specialist field they wish to study.

ADDITIONAL ENTRY REQUIREMENTS
Within 10 days of submitting a formal application, candidates must provide all required additional information online at: http://health.adelaide.edu.au/admissions/gdnurssci/application.html

INDICATIVE ANNUAL TUITION FEE $35,000

Advance your nursing career
Nurses are highly respected members of the community. They care for patients in a range of settings and touch lives with empathy, compassion and humour. Our Graduate Diploma in Nursing Science is a highly flexible degree, available as a mix of online and blended learning. It’s well suited to registered rural or remote nurses, and those not yet working in a specialty. The degree is structured to include face-to-face sessions in order to meet requirements for international students.

What will you do?
You’ll consolidate and build on essential knowledge as you:
• gain insight into different nursing specialisations and career opportunities
• benefit from strong links to industry, and expert teaching
• explore professional issues such as accountability, ethics, advocacy, leadership, cultural competence and evidence-based practice
• pursue electives according to your interests and career goals
• develop research skills for further study options

Where could it take you?
You’ll graduate prepared for advanced nursing roles. You might become a clinical practice nurse. You could be a hospital team leader. Perhaps you’ll take on a senior position within a community practice.

MASTER OF CLINICAL NURSING

CRICOS CODE 072311M
LOCATIONS Teaching hospitals
INTAKE February

DURATION 2 years full-time

MINIMUM ENTRY REQUIREMENTS
Successful completion of a bachelor degree or equivalent in a non-nursing discipline with at least a pass average in a field other than nursing. Applicants must have successfully completed a university-level 1 Human Biology subject or equivalent.

INDICATIVE ANNUAL TUITION FEE $46,000
adelaide.edu.au/degree-finder

Flexibility and challenge
Nurses are highly respected members of the community. They help treat patients across a wide range of health care settings and touch lives with empathy, compassion and humour. Our Master of Clinical Nursing offers you an intensive two-year path to a rewarding career as a registered nurse.

What will you do?
This intensive degree cultivates the professional knowledge, skills and confidence needed to make a difference every day. You will:
• benefit from small-group learning and diverse student cohorts
• develop hands-on skills in high-tech simulation settings
• study anatomy, physiology, pathophysiology and pharmacology
• gain a keen understanding of professional standards and ethics
• undertake clinical placements in a wide range of health care settings.

Where could it take you?
You’ll emerge with an advanced professional qualification recognised Australia-wide. You could assist in operating theatres, emergency wards, and a multitude of other health care environments. You’ll be equipped to pursue a career in acute care, aged care, or community or mental health. Perhaps you’ll work in rural communities or with aid organisations.

Professional accreditation
The Master of Clinical Nursing is approved by the Nursing and Midwifery Board of Australia and the Australian Nursing and Midwifery Accreditation Council (ANMAC) of Australia. The Australian Health Practitioner Regulation Agency (AHPRA) is responsible for student registration with the Nursing and Midwifery Board of Australia, and this is completed upon enrolment in the program. There is no fee involved.

In order to be able to register as a Registered Nurse with AHPRA, all applicants must meet the Nursing and Midwifery Board of Australia English language registration standard.

MASTER OF MINIMALLY INVASIVE SURGERY

CRICOS CODE Must be a 457 visa holder
LOCATIONS Teaching hospitals
DURATION 1 year full-time
INTAKE February

MINIMUM ENTRY REQUIREMENTS
Applicants must be experienced surgeons who have completed, or are within one year of completing, FRACS (Fellow of the Royal Australasian College of Surgeons), FRANZCOG (Fellow of the Royal Australian and New Zealand College of Obstetricians and Gynaecologists) or equivalent training. Applicants should have a surgical fellowship or a consultant post with a major interest in minimally invasive surgery. They must also hold a clinical position. This is not automatically offered with the Master of Minimally Invasive Surgery and applicants are personally responsible for obtaining a suitable position.

ADDITIONAL ENTRY REQUIREMENTS
International applicants must be resident in Australia; meet the requirements of the Temporary Business (Long Stay) 457 visa; and register with the Australian Health Practitioner Regulation Agency. They must complete the online application form at http://health.adelaide.edu.au/admissions/mmis/application.html and provide:
• a curriculum vitae
• two letters of reference
• certified copies of all previous degrees and qualifications (accompanied by an official translation if not in English).

This degree is not available to students in Australia on a student visa.

INDICATIVE ANNUAL TUITION FEE $41,500
adelaide.edu.au/degree-finder

Expand your surgical skill set
Our Master of Minimally Invasive Surgery is for surgeons who wish to make minimally invasive surgical techniques an integral part of their career. Through this program you’ll gain a thorough clinical grounding in laparoscopic surgery, become a better surgeon and a future leader in minimally invasive surgery.

What will you do?
The programme is comprised of online modules with weekly online tutorials and four clinical immersion sessions throughout the year. You will:
• develop advanced theoretical understandings of minimally invasive surgical procedures
• consolidate and improve clinical skills
• gain exposure to robotic surgical techniques.

Professional accreditation
This course is accredited by the Royal Australasian College of Surgeons.
# Master of Nursing Science

**CRICOS Code**: 022903B  
**Locations**: Teaching hospitals (on campus/online – blended)  
**Duration**: 2 years full-time  
**Intakes**: February and July

**Minimum Entry Requirements**  
A completed Graduate Diploma in Nursing Science or equivalent and at least two years’ relevant post-registration nursing experience.

**Additional Entry Requirements**  
Successful completion of a Human Biology/Anatomy (Level 1) university course. Applicants who have not previously completed a program of studies that included human anatomy or biology will be required to complete an equivalent course prior to consideration of any application for entry. It is strongly recommended that you contact the Master of Clinical Nursing Program Coordinator prior to enrolling in, and paying for, a prerequisite course to ensure it meets the requirements.

Within 10 days of submitting a formal application, candidates must provide all required additional information online at: http://health.adelaide.edu.au/admissions/mastnurssci/application.html

**Additional Notes**  
The generic Master of Nursing Science can be awarded without one of the listed specialties. Speciality courses are subject to availability each year and are not guaranteed.

**Indicative Annual Tuition Fee**: $35,000

---

# Master of Public Health

**CRICOS Code**: 081148J  
**Campus**: North Terrace  
**Duration**: 2 years full-time  
**Intakes**: February and July

**Entry Requirements**: Bachelor degree or equivalent with a minimum GPA of 5.0.

**Indicative Annual Tuition Fee**: $39,500

---

**Advance your nursing career**

Nurses are an integral part of society. They are problem-solvers and pillars of strength. Through scholarship and leadership, nurses can challenge, reform, improve and enrich health care now and into the future.

This advanced degree is suited to nurses with a solid foundation in clinical practice who want to pursue research or leadership positions.

**What will you do?**

Our Master of Nursing Science offers a comprehensive grounding in research methods and critical analysis. You will:

- build clinical enquiry and management skills
- take new courses in advanced clinical practice
- gain hands-on experience in simulations and skills laboratories
- partner with an expert in your field of study who’ll support and encourage your academic development
- undertake a 12-unit research project, or conduct a systematic review (9 units).

If you want to continue to further PhD study, you’ll complete 12 units of research. An exit path for the Graduate Diploma in Nursing Science will be available after one year’s full-time (or equivalent) study.

**Where could it take you?**

You will open up global opportunities and senior management roles in the health sector. You could develop mental health programs for psychiatric wards or prisons. You might come up with innovative ways to support surgeons in emergency. Perhaps you’ll do large-scale research on cancer pain management or cardiovascular risk factors.

**Areas of specialisation**

- Acute Care
- Anaesthetic and Recovery
- Cardiac
- Emergency
- Intensive Care
- Oncology
- Orthopaedic
- Perioperative

**Related degrees**

- Graduate Certificate in Nursing Science (Infection Control Nursing)
- Graduate Diploma in Nursing Science.

---

**Tackle real-world health problems and protect your community**

Our Master of Public Health offers a simplified two-year path to working—and making a difference—in the health sector. Equipped with knowledge of epidemiology, biostatistics, health economics, social science research methods, health systems, global health and infectious disease, you will be able to impact the health of your community by influencing policy or advocating for change at a population level. Open up new career opportunities and work alongside other health professionals within a population health context to make our society healthier and safer.

**What will you do?**

- Develop specialist knowledge of practice and policy.
- Connect with mentors, active researchers, practitioners and policymakers.
- Learn strong problem-solving and research skills.
- Gain hands-on experience in real-life settings.
- Build professional networks.
- Tailor your study to personal goals and aspirations.

**Where could it take you?**

You could work with communities to manage local health problems or keep the nation informed during times of crisis. You might design and implement educational campaigns and health promotion programs. Perhaps you’ll advise on policy or be a research or project officer.
MASTER OF SCIENCE IN ADDICTION STUDIES

CRICOS CODE: Online only  CAMPUS: North Terrace

DURATION: 1 year full-time  INTAKE: August

MINIMUM ENTRY REQUIREMENTS
As set out by Virginia Commonwealth University (at www.ipas.vcu.edu), all applicants must have:
- Completed a 4-year bachelor degree in an appropriate field of study if applying in the United States; or, if applying from outside the US, an honours (level 2A or 1) or professional bachelor degree in an appropriate field of study at a recognised tertiary institution.
- A high level of proficiency in English, demonstrated by completion of a university qualification studied in the English language, or by meeting one of the following English language requirements: an IELTS score of 7.0; a paper-based TOEFL score of 600; or a computer-based TOEFL score of 250.
- Good academic references.
- Access to a reliable Internet connection and be computer-literate.

ADDITIONAL NOTES
This degree is delivered online only, it is not available to international applicants who hold or require an Australian student visa. International applications will, however, be accepted from applicants who will undertake their studies offshore, or who hold a valid Australian visa permitting online study.

INDICATIVE ANNUAL TUITION FEE
For fee information, visit: www.ipas.vcu.edu

adelaide.edu.au/degree-finder

Join world leaders in addiction prevention
Our Master of Science in Addiction Studies offers you a unique pathway to making a difference. It’s delivered online through three of the world’s leading universities in addiction sciences: The University of Adelaide, Virginia Commonwealth University, and the Institute of Psychiatry, King’s College London. On completion of the degree, you’ll be recognised as a graduate of all three universities.

What will you do?
- Learn from world experts in addiction.
- Access multiple libraries and resources.
- Explore all aspects of addiction—from pharmacological and psychosocial approaches to public health and policy.
- Work through forward-thinking lectures, readings and modules.
- Develop international networks.
- Study from anywhere in the world.

Where could it take you?
Maybe you’re in law enforcement or social work and want to support changes in your community. Perhaps you’re a counsellor looking to take on a specialised role in addiction. Maybe you’re a research scientist or a public health graduate pursuing innovation and policy changes.

Where could it take you?
You could support young people in your community through roles and programs in schools or youth work. You might run a private practice or conduct group therapy at a centre. Perhaps you’ll be a relationship or return-to-work counsellor.

Our clinical pathway graduates can register as an intern with the Psychotherapy and Counselling Federation of Australia as well as the Australian Counselling Association, and, after further clinical experience, apply for full registration.

Professional accreditation
The clinical pathway of the Master of Counselling and Psychotherapy has been designed to meet the training requirements for counselling practitioners as outlined by the Psychotherapy and Counselling Federation of Australia (PACFA) and the Australian Counselling Association (ACA). The program is accredited by both PACFA and the ACA, and graduates are eligible to be listed with the Australian Register of Counsellors and Psychotherapists (ARCAP).

MASTER OF COUNSELLING AND PSYCHOTHERAPY

CRICOS CODE: 091225G  CAMPUS: North Terrace

DURATION: 2 years full-time  INTAKE: February

MINIMUM ENTRY REQUIREMENTS
A bachelor degree or equivalent.

ADDITIONAL ENTRY REQUIREMENTS
All applicants must:
- submit a resume (including academic transcripts) as part of their application
- attend an interview (face-to-face, or by phone or Zoom). If the number of applicants exceeds the number of places available, applicants will be ranked according to a standardised interview assessment process and the University will offer places in order of rank.
- undertake clinical placements, internships or research projects involving children or people who are ill, elderly or vulnerable must provide a criminal history check. International applicants should obtain a certificate in their home country.

PROGRESSION REQUIREMENTS
Progression to the 2nd year of the Masters of Counselling and Psychotherapy Clinical Pathway is conditional upon students achieving at least:
- a minimum credit grade (>64) in the following three courses:
  - PUB HLTH 5006 Ethics in the Counselling Workplace
  - PUB HLTH 6007 Nature of Grief
  - PUB HLTH 7003 Cognitive Behavioural Therapy
- a pass grade in PUB HLTH 8008 Counselling Skills 2.

Students who do not satisfy the above condition will be required to exit with a Graduate Diploma in Counselling and Psychotherapy, subject to meeting all requirements of the lesser award.

INDICATIVE ANNUAL TUITION FEE
$38,000

adelaide.edu.au/degree-finder

Towards wellbeing
Counsellors support others in exploring and overcoming emotional, mental and lifestyle issues. Counselling is a rewarding career choice for students who want to develop personal and professional wisdom to transform the lives of others.

What will you do?
Our Master of Counselling and Psychotherapy supports the development of ethically aware, research-informed, and clinically effective counsellors. You will:
- learn from academics with extensive professional counselling experience
- build hands-on skills through experiential learning
- benefit from case-based learning in small-group workshops
- gain a core understanding of cognitive behavioural therapy, grief, attachment theory, trauma-informed practice, mindfulness approaches, and ethical practice.

From second year you’ll begin tailoring your studies to your personal interests, eventually choosing between a clinical or research pathway.
MASTER OF PSYCHOLOGY (CLINICAL)

CRICOS CODE 001449C CAMPUS North Terrace
DURATION 2 years full-time INTAKE January

ACADEMIC ENTRY REQUIREMENTS
Entry is available to graduates with an Australian honours psychology degree or equivalent, at a minimum of Second Class, Division A Honours and including an individually conducted research project counting for 33% or more of the year’s work. Applicants with an overseas honours qualification should supply a certified copy of the assessment of their qualifications by the Australian Psychological Society (APS), and information about the research component of their qualifications. Students who undertake honours in psychology at an accredited onshore Australian university do not need to have their qualifications assessed. Selection is dependent on academic results, two referee reports and a structured panel interview.

ADDITIONAL ENTRY REQUIREMENTS
All applicants must complete the additional information online form at: www.health.adelaide.edu.au/admissions/mpsychadmission/appform.html
Applicants are required to provide two references to support their application.
The Heads of Departments and Schools of Psychology Australia (HoDSPA) are providing a service to manage references. Students can register to use this service at: www.psychologyreference.org

APPLICATION CLOSING DATE 21 October 2021

INDICATIVE ANNUAL TUITION FEE $40,500

Help your community function and flourish
Our Master of Psychology (Clinical) provides the knowledge and skills needed to practise as a registered psychologist.
Clinical psychologists work with clients with high- and low-prevalence mental health issues—from anxiety and depression to disability and relationship challenges.

What will you do?
• Benefit from our strong links with a professional community of clinical practitioners.
• Undertake three clinical placements totalling over 1,000 hours.
• Enjoy small class sizes and face-to-face teaching.
• Hone listening, empathy and interviewing skills.
• Network with future employers in mental health and health care settings.
• Complete a significant research project in clinical psychology.

Where could it take you?
Upon successful completion, you’ll be eligible to apply for full registration with the Psychology Board of Australia. You’ll be set to find work in a wide variety of public and private settings. To gain clinical endorsement, further postgraduate supervision is required.

Professional accreditation
The Master of Psychology (Clinical) is accredited by the Psychology Board of Australia.

Graduate registration
The Master of Psychology (Clinical) prepares graduates for registration as a psychologist with the Psychology Board of Australia (PBA). With additional supervised work experience as prescribed by the PBA, graduates can become clinical psychologists.

MASTER OF PSYCHOLOGY (HEALTH)

CRICOS CODE 061043M CAMPUS North Terrace DURATION 2 years full-time

INTAKE Summer school, typically January

ACADEMIC ENTRY REQUIREMENTS
Entry is available to graduates with a four-year qualification in psychology or equivalent (including honours with a minimum grade of Second Class, Division A and an individually conducted research project carrying 33% or more of the year’s work). The degree must meet the standards set out by the Australian Psychology Accreditation Council (APAC), including an accredited sequence in psychology. Applicants must be eligible for registration as a Provisional Psychologist with AHPRA; it is the applicant’s responsibility to determine their eligibility (www.psychologyboard.gov.au/registration/provisional).
Applicants who have an overseas honours qualification should supply a certified copy of the assessment of their qualifications by the Australian Psychological Society (APS), and information about the research component of their qualifications. Information on having your qualification assessed by the APS can be found at www.psychologyboard.org.au/About-Us/What-we-do/Assessing-overseas-qualifications/APS-assessment-skilled-Migration-university-entry
Students who undertake honours in psychology at an accredited Australian university do not need to have their qualifications assessed by APS. Selection is dependent on academic results, two referee reports and an interview, using a multiple mini-interview (MMI) approach, where applicants will be interviewed by a different person for each question. Selection interviews are typically held in November of the year a potential candidate applies.

ADDITIONAL ENTRY REQUIREMENTS
Additionally, applicants must:
• be eligible for registration with the Psychology Board of Australia (PsBA) as a provisional psychologist
• provide two referee reports submitted through the HoDSPA (Heads of Departments and Schools of Psychology Australia) website at www.psychologyreference.org typically by mid-October in the year of application
• provide details of relevant work experience and published works via the submission of a comprehensive CV (curriculum vitae) within the SATAG application
International applicants must also satisfy English language requirements, as set out by AHPRA at www.ahpra.gov.au/registration/registration-standards/english-language-skills

APPLICATION CLOSING DATE 18 October 2021

INDICATIVE ANNUAL TUITION FEE $40,500

Treat the whole person
Mental and physical health are inextricably connected. Health psychologists explore brain-body interactions with a view to improving client wellbeing. This requires advanced psychological skills and clinical expertise.
Our Master of Psychology (Health) is one of only two health psychology degrees currently available in Australia. It provides the professional knowledge needed to practise as a registered health psychologist.

What will you do?
• Enjoy small class sizes with leading health psychologists and educators.
• Learn about illness, disease, and the promotion and maintenance of health.
• Study health care systems and policy.
• Explore psychological factors that contribute to ill health.
• Undertake three industry placements totalling over 1,000 hours.
• Network with future employers in mental health, health care and government settings.

Where could it take you?
Upon successful completion, you’ll be eligible to apply for full registration with the Psychology Board of Australia. You could design public health campaigns to prevent addiction, injury and illness. You might help people manage chronic pain or cope with diagnoses and medical treatments. Perhaps you’ll work to shift individual attitudes, beliefs and health behaviours. To gain endorsement as a health psychologist further postgraduate supervision is required.

Note: entry to this degree is competitive and strict quotas apply.

Organisational psychologists inspire change and improve people’s experiences in the workplace. Studying the Master of Psychology (Organisational and Human Factors) can lead to a fulfilling career delivering professional psychological services to organisations and their people. The degree offers a combination of coursework, research and industry placements to ensure students graduate with the skills and knowledge required to establish effective procedures and structures in organisations, and to facilitate the development of productive and committed employees, teams and work units. A unique subject in human factors provides an insight into human safety and ergonomics, and over 1,000 hours of supervised placements offer the chance to develop practical skills and build professional networks while studying.

Graduates of the degree are eligible to apply for full registration with the Psychology Board of Australia, and meet the entry requirements to the Australian Psychological Society (APS) College of Organisational Psychologists as a full member. Organisational psychologists have a range of career opportunities in change management, human resources, human factors, workplace advice and advocacy, consumer behaviour and marketing, and other areas.

Prospective applicants should note that entry to this degree is competitive and strict quotas apply.

Professional accreditation
The Master of Psychology (Health) is accredited by the Australian Psychology Accreditation Council (APAC).

Graduate registration
Upon successful completion of the degree, graduates are eligible to apply for full registration with the Psychology Board of Australia and find work in a wide variety of public and private settings. Further postgraduate supervision is required to become an endorsed health psychologist.
The Adelaide Law School is South Australia’s highest ranked law school* and houses a vibrant community of scholars and teachers, committed to advancing humanity’s understanding and application of law. Our range of high-quality postgraduate degrees—all of which benefit from a strong commercial and international focus—will significantly expand both your professional capabilities and career opportunities.

**Degrees for law graduates and lawyers**

If you’re a law graduate or practising lawyer, our competitive, flexible postgraduate coursework degrees will dramatically accelerate your professional development. You’ll enhance and broaden your scholarly skills in legal research and writing, and access a range of elective courses to suit your interests and career aspirations, such as international and comparative commercial law.

- Master of Laws
- Graduate Diploma in Legal Practice (GDLP).

The GDLP provides the compulsory practical legal training (PLT) for law graduates seeking admission to practise in Australia.

**Degrees for non-law graduates**

Similarly, if you’re a non-law graduate, you can greatly broaden your career options by studying our selection of postgraduate degrees that extend your knowledge in business studies, with a focus in the law.

- Master of Business Law
- Graduate Diploma in Business Law
- Graduate Certificate in Business Law.

**All with the opportunity to study internationally**

The Adelaide Law School has partnerships with leading overseas universities you will have the chance to study with on exchange (subject to any travel restrictions):

- University of Copenhagen (Denmark)
- University of Mannheim (Germany)
- Pace University (United States)
- University of Alberta (Canada)
- Peking University (China)
- KU Leuven (Belgium)
- Shanghai Jiao Tong University (China)
- University of Montreal (Canada).

*QS World University Rankings by Subject, 2020*

**MARIO PEGOLI**

GDLP (student), LLB (graduate)

“The GDLP team includes personnel from the Law Society of South Australia and University of Adelaide. Their guidance and assistance is of immense value, especially when you start juggling work, studies and life.”
GRADUATE DIPLOMA IN LEGAL PRACTICE

CRICOS CODE 077967G CAMPUS North Terrace
DURATION 1 year full-time
INTAKES February, April, July, October
INDICATIVE ANNUAL TUITION FEE $17,500
adelaide.edu.au/degree-finder

Approach the bench

The Graduate Diploma in Legal Practice (GDLP) is a compulsory requirement to be admitted as a barrister and solicitor in South Australia. It provides practical legal training for law graduates.

To apply, you must have successfully completed a Bachelor of Laws (LLB), or met the criteria specified by admitting authorities in your state or territory. If you studied your LLB overseas you’ll need to have your qualifications accredited by the South Australian Board of Examiners before you can commence the GDLP. You can contact the Law Society of South Australia (www.lawsocietysa.asn.au) to discuss these requirements.

What will you do?

The GDLP program is designed to be flexible around other requirements. You’ll choose between weekday, after-hours and weekend classes. There is also an accelerated pathway, which can be completed in 20 weeks. You will:

- complete five core courses
- select two electives aligned to your interests and career goals
- undertake five hours minimum of continuing professional development
- build real-world skills through 30 days (225 hours) of legal practice placement.

After gaining admission, you can apply for a Practising Certificate in other Australian states and territories via mutual recognition.

MASTER OF BUSINESS LAW

CRICOS CODE 081156J CAMPUS North Terrace
DURATION 2 years full-time
INTAKES February and July
INDICATIVE ANNUAL TUITION FEE $46,000
adelaide.edu.au/degree-finder

A competitive edge in business

Want to bolster your business skills with legal expertise?
The ability to understand, analyse and use legal information can be critical for strength and longevity in the business realm. Postgraduate law courses provide an overview of legal issues within a contemporary business context.

What will you do?

Our Master of Business Law caters to the needs of busy professionals. The majority of courses are taught intensively over one or two weeks and some include evening and weekend sessions. You will:

- learn about different laws affecting your business sector
- build legal-communications skills
- undertake a substantial research project
- learn best practices for dealing with legal and regulatory challenges
- broaden your networks through the University’s Lex Salus, Next Steps and Law Students’ Society events.

MASTER OF LAWS

CRICOS CODE 051753C CAMPUS North Terrace
DURATION 1 year full-time
INTAKES February and July
INDICATIVE ANNUAL TUITION FEE $46,000
adelaide.edu.au/degree-finder

A competitive edge in law

Studying law is more challenging and intellectually adventurous than ever before. In an expanding and evolving legal landscape, extended development is a strategic door opener.

Our Master of Laws is suited to students proceeding directly from undergraduate study, as well as experienced legal practitioners looking to specialise.

What will you do?

- Focus your program through a range of elective options—including international and comparative commercial law.
- Develop advanced legal writing, reasoning and analysis skills.
- Study with legal professionals, former judges and international academics.
- Broaden your networks through the University’s Lex Salus, Next Steps and Law Students’ Society events.
- Undertake a substantial research project.

Where could it take you?

You might help update evidence laws around Internet activity and new technologies. You could move into property or native title law. Perhaps you’ll become a co-owner in a Hong Kong law firm. Whether you want to uphold, use or change the system, a master in law can take you just about anywhere.
In today’s highly technical environment, a degree in mathematical sciences teaches students the universal language required to describe, model and understand the world around them.

A postgraduate degree in mathematical sciences from the University of Adelaide provides you with valuable training in rigor and logical thinking. Our graduates are highly regarded for their creativity, problem-solving abilities and research skills, and pursue successful careers in their chosen specialisation—Applied Mathematics, Pure Mathematics or Statistics—in a wide range of industries.

**Choose a specialisation**

The Applied Mathematics specialisation assists you to gain an in-depth understanding of mathematical theories and their practical application in the world around us. It covers topics such as mathematical methods, fluid mechanics, computational mathematics, financial modelling, mathematical biology and applied probability.

The Pure Mathematics specialisation enables you to study the abstract theories built by logical deduction that underpin modern science and technology. This discipline is fundamental to applied mathematics, statistics, computer science and mathematical physics.

The Statistics specialisation equips you with the skills needed to effectively collect, analyse and model data from a range of sources—including surveys, experiments and other studies that generate numerical data—to solve complex, real-world problems.

### 2015 Rhodes Scholar for South Australia

The University of Adelaide holds a strong tradition of research and teaching excellence across the disciplines of Applied Mathematics, Pure Mathematics and Statistics. We are proud of our students’ achievements, including the 2015 Rhodes Scholar for South Australia.

**Be career-ready**

A postgraduate degree in mathematical sciences from the highly ranked University of Adelaide equips you with the theoretical and practical expertise to stand out in your chosen profession, opening the door to career opportunities in specialist areas such as finance, commerce, information technology, scientific research and logistics, and teaching.

---

**QIU HONG XIAN**  
Master of Mathematical Sciences

“The academic staff are inspirational and have supported me to gain the knowledge, skills and confidence to contribute to the future of mathematical sciences.”

---

**MASTER OF MATHEMATICAL SCIENCES**

Our Master of Mathematical Sciences is an intensive degree designed for students with backgrounds in related study areas.

**What will you do?**

- Develop advanced research skills as you learn from award-winning academics in state-of-the-art facilities.
- Take your mathematical knowledge to an advanced level through a major of your choice.

**Majors are available in:**

- **Applied Mathematics**—use mathematical techniques to answer questions about the world around us. These answers might come in the form of insights, explanations, solutions or predictions.
- **Pure Mathematics**—study abstract theories built by logical deduction that underpin modern science and technology.
- **Statistics**—solve real-world problems through the collection, analysis and modelling of data.

**Where could it take you?**

Our maths graduates go on to careers in technology-led industries. You could help build business start-ups as a data scientist or enter the growing field of gaming design and performance analysis. You might be an actuary, applying probability and statistics to insurance and banking. Perhaps you’ll take your research to the next level in academia.

MUSIC
With a distinguished history dating back to 1883, the Elder Conservatorium was the first tertiary music school in Australia, and is widely respected as one of the country’s most innovative music institutions.

Through its postgraduate degrees, covering all professional areas of the music industry, Elder Conservatorium encourages the development of new parameters of artistic and scholarly endeavour that contribute to the advancement of knowledge and practice in the art of music.

Over the years, Elder Conservatorium has been a pioneer and a leader. It was one of the first institutions to offer degrees in performance and music composition, and—more recently—the first electronic music studio.

The Elder Conservatorium also has one of Australia’s longest established and most vibrant jazz programs, and has established innovative partnerships with major cultural organisations, including the State Opera, Adelaide Symphony Orchestra, Australian String Quartet and Australian Ballet.

We offer degrees for those seeking to become teachers in a variety of settings, or for musicians who would like to focus on performance and technical mastery of a specific area.

YUEQI LI
Master of Music (Performance and Pedagogy)

“ I enjoy all my one-to-one lessons, and we have the freedom to choose what repertoire we are going to do the next year. I am passionate to learn the pieces I like and I can get them to a higher level through the one-to-one lessons.”
Graduate Diploma in Music (Performance and Pedagogy)

CRICOS CODE 056485M CAMPUS North Terrace
DURATION 1 year full-time
INTAKES February and July
INDICATIVE ANNUAL TUITION FEE $38,000

Share your passion
Music education is a rewarding and invigorating area to work in. It challenges and inspires musicians all around the world. This one-year degree combines performance studies in your specialisation with the theory, method and practice of teaching.

What will you do?
Our Graduate Diploma in Music (Performance and Pedagogy) advances your technical mastery as you:
• undertake weekly one-to-one lessons with performance staff
• build pedagogical skills and knowledge through seminars and workshops
• gain hands-on experience through teaching practice in selected schools and colleges
• perform two minor recitals with pedagogy-related content.

Where could it take you?
You'll graduate ready to pursue dual careers in music performance and education. You could play in an orchestra while running a private music studio. You might be a soloist with an after-school program, rock camp or community choir. Perhaps you’ll play chamber music as well as teaching on school and college campuses.

Graduate Diploma in Music Performance

CRICOS CODE 013935A CAMPUS North Terrace
DURATION 1 year full-time
INTAKES February and July
INDICATIVE ANNUAL TUITION FEE $38,000

Present programs of major repertoire
Our Graduate Diploma in Music Performance challenges you to reach the highest standards of professional performance. It’s a one-year, skill-based degree focusing on traditional approaches to classical or jazz performance.

What will you do?
• Advance technical mastery within your specialisation.
• Benefit from weekly one-to-one lessons with performance staff.
• Prepare one major and one minor recital.
• Negotiate your own learning outcomes and modes of assessment for an individualised creative project.

Where could it take you?
You might travel the globe as an orchestral musician. You could grace the stage of every jazz venue in New Orleans and New York. Perhaps you’ll curate concerts, teach in private studios or find international stardom as a soloist.

Master of Music (Performance Studies)

CRICOS CODE 064439F CAMPUS North Terrace
DURATION 2 years full-time
INTAKES February and July
INDICATIVE ANNUAL TUITION FEE $38,000

Realise excellence
Our Master of Music (Performance Studies) challenges you to reach the highest standards of professional performance. It’s an intensive, skill-based degree focusing on traditional approaches to classical or jazz performance.

What will you do?
• Advance technical mastery within your specialisation.
• Benefit from weekly one-to-one lessons with performance staff.
• Prepare and present programs of major repertoire.
• Study leading twentieth century and contemporary composers.
• Negotiate your own learning outcomes and modes of assessment for creative projects.
• Develop advanced solo and ensemble performance skills.

Where could it take you?
You might travel the globe as an orchestral musician. You could grace the stage of every jazz venue in New Orleans and New York. Perhaps you’ll curate concerts, teach in private studios or find international stardom as a soloist.
Harmonise your interests

Music education is a rewarding and invigorating area to work in. It challenges and inspires musicians all around the world. This intensive degree combines performance studies in your specialisation with the theory, method and practice of teaching.

What will you do?

Our Master of Music (Performance and Pedagogy) will advance your technical mastery as you:

• build pedagogical skills and knowledge through seminars and workshops
• undertake a significant research project on learning and teaching processes
• gain hands-on experience through teaching practice in selected schools and colleges
• perform minor and major recitals with pedagogy-related content
• benefit from weekly one-to-one lessons with performance staff.

Where could it take you?

You’ll graduate well prepared to pursue dual careers in music performance and education. You could play in an orchestra while running a private music studio. You might be a soloist who coaches students through masterclasses and workshops. Perhaps you’ll play chamber music as well as teaching on school and college campuses.
The University of Adelaide is leading the way in scientific research and education, equipping scientists with the skills to be at the leading edge of discovery and career success. We actively partner with industry to make sure you are equipped with the most up-to-date skills for your chosen career. Our world-class facilities enable us to deliver specialised education with a focus on hands-on learning, such as our on-campus working vineyard and winery and our AUD$37 million veterinary teaching hospital.

**Teaching led by world-class research**

The University of Adelaide brings together many different strands of science, and staff from around the globe, to conduct world-class research. Their work informs our teaching and gives you the unique opportunity to work with them on national and international projects. Our campuses are home to a number of co-located industry partners, affiliated researchers and research institutes of international significance. This means our students have the chance to participate in cutting-edge discovery and gain valuable practical experiences while they study.

**Lester Yang**

Winemaker, Pernod Ricard Winemakers

“Whilst studying my Bachelor of Viticulture and Oenology I heard that the University of Adelaide offers one of the best wine degrees in the world. I made up my mind to continue my career in this industry and the University of Adelaide became my first choice to expand my knowledge further.”
Our Doctor of Veterinary Medicine provides the necessary training and qualifications for registration as a veterinarian. Most students enter this program after completion of the Bachelor of Science (Veterinary Bioscience) at the University of Adelaide. If you have an equivalent degree, you may also be eligible for entry. However, there are currently no equivalent bachelor degrees within Australia. Generally, equivalence is found with a completed veterinary program from an overseas institution.

What will you do?
• Learn about the causes, diagnosis and treatment of diseases of domesticated animals, including dogs, cats, horses, ruminants, camels, pigs and poultry.
• Explore wildlife ecology, conservation medicine and ecoclinic.
• hone your scientific and technical skills for research and clinical practice.
• Gain advanced professional experience through a structured internship program.
• Complete a further 23 weeks of extramural practical work.

Where could it take you?
You could work in clinical veterinary practice, treating small and/or large animals. You might work in biosecurity, managing programs to prevent disease incursion. Perhaps you’ll be a researcher or pursue pathways to government work, academia, consultancy, discipline specialisation (e.g. surgery, dermatology) or species specialisation (e.g. equine, wildlife, zoo animal).
Note: this program cannot be studied part-time.

Ready to drive progress in a top-ranking postgraduate degree?
Our Master of Biotechnology (Biomedical) focuses on innovative technologies for disease prediction and treatment.

What will you do?
• Learn from active researchers in biomedical science.
• Gain the latest industry insights from lab placements.
• Take courses in entrepreneurship, innovation and intellectual property management.
• Undertake a one-year independent research project.
You’ll also gain access to the following internationally renowned research facilities and centres:
• Adelaide Proteomics Centre
• Adelaide Microarray Centre
• SA Genome Editing Facility
• South Australian Genomics Centre main facility in South Australian Health and Medical Research Institute
• Confocal Microscopy
• Adelaide Microscopy
• Bioinformatics Hub.

Where could it take you?
You’ll be at the cutting edge of biotechnology, where major advances are influencing important issues such as vaccines, cancer and stem cell therapies. Due to its strong research focus, this degree is often used as a pathway to a PhD in biotechnology and biomedical science.

Take proton therapy to the world
Proton therapy is big news in the fight against cancer. Offering next-level precision, it’s an attractive option for treating many tumours close to healthy organs or in children.

Consequently, the treatment’s global market is expected to double by 2024*. Australia’s first proton therapy centre will be part of the neighbouring South Australian Health and Medical Research Institute II, while China has around 50 centres on the way. Specialists in the area are in short supply—and high demand—worldwide.

What will you do?
Our Master of Medical Radiation Physics will equip you for a rewarding career in this exciting health field. The degree is studied over two years full-time and is suitable for students with an undergraduate physics degree, or engineering graduates seeking a change of specialisation.

Highly clinically oriented, it will enable you to:
• master theoretical and practical mathematics and physics as they relate to clinical radiotherapy and medical imaging
• learn from highly accomplished and internationally experienced medical physicists practising at the esteemed Royal Adelaide Hospital
• collect, analyse, critically evaluate and synthesise quantitative and qualitative data relating to physics and medical physics
• build high-level problem-solving and communication skills
• develop advanced research skills through a major final-year research project.
Where could it take you?
You will graduate with a strong foundation of knowledge and skills to undertake the necessary additional study and clinical training for Australian College of Physical Scientists and Engineers in Medicine accreditation. Once you’ve done this, many doors will open. You could join a cutting-edge proton therapy clinic as a radiation oncology medical physicist. You might help enhance therapy decisions as a diagnostic imaging medical physicist. Perhaps you’ll minimise treatment side-effects as a radiation safety officer.

International students, please note that you may also need to undertake additional study or research to gain accreditation in your home country.

*Wise Guy Reports, 2019

MASTER OF SCIENCE
CRICOS CODE 0100938
CAMPUS North Terrace or Waite (depending on specialisation)
DURATION 2 years full-time
INTAKES February
INDICATIVE ANNUAL TUITION FEE $48,000

adelaide.edu.au/degree-finder

CARRY THE WORLD FORWARD
In the face of numerous grand challenges, the world is turning to scientists—the great problem-solvers—for solutions. To be effective, their efforts must be well conceived, collaborative and inspire action. In short, they must show outstanding leadership.

Our Master of Science—from a leading Australian university ranked among the world’s top 1%*—prepares you to play this critical role in one of three specialist areas:

• Earth Science
• International Agricultural Development
• Plant Breeding Innovation.

WHAT WILL YOU DO?
This highly interdisciplinary degree is completed over two years full-time. It includes an engaging, student-centred blend of face-to-face and online coursework, and a significant independent research project.

Supported by an inspiring team of world-class researchers and academics, and working with state-of-the-art scientific research technology and facilities, you’ll gain:

• a deep understanding of your chosen specialisation’s key theoretical and practical aspects, and its place within science’s broader scope
• advanced capabilities working across scientific disciplines
• high-level skills in collecting, analysing, critically evaluating and synthesising qualitative and quantitative data
• the ability to communicate effectively in a variety of modes, to diverse audiences, for a range of purposes
• strong research design, execution and reporting skills.

You’ll also have the option of gaining valuable real-world experience through an industry internship, and undertaking life-changing overseas study tours.

WHERE COULD IT TAKE YOU?
You’ll graduate ready to drive innovative scientific research and/or development worldwide. If you have strong entrepreneurial instincts, you may even choose to launch your own research consultancy. Or you could extend your research further still with a PhD.

*Times Higher Education, 2020

MASTER OF VITICULTURE AND OENOLOGY
CRICOS CODE 082842A
CAMPUS Waite
DURATION 2 years full-time
INTAKE July
INDICATIVE ANNUAL TUITION FEE $47,500

adelaide.edu.au/degree-finder

BE PART OF A RENOWNED INSTITUTION
Adelaide is one of the great wine capitals of the world, with over 200 cellar doors within an hour of the CBD. Our winemakers are innovators and cultural leaders within a sector helping to drive the nation’s economy. In fact, 70 percent of Australian wine research happens at the University of Adelaide’s Waite campus. This intensive two-year degree has an international reputation for excellence. It’s suited to students with a relevant bachelor degree or equivalent in a science field.

WHAT WILL YOU DO?
• Study at the largest agricultural teaching and research precinct in the Southern Hemisphere.
• Make wine in our state-of-the-art Hickinbotham Roseworthy Wine Science Laboratory.
• Build hands-on scientific and technological skills in the vineyards and winery.
• Learn from over 150 researchers and partners in grape and wine science.
• Access cutting-edge research at the Australian Research Council Training Centre for Innovative Wine Production.
• Undertake a research project and submit a thesis of 10,000 words OR complete a professional placement of at least 10 weeks (375 hours).

WHERE COULD IT TAKE YOU?
You could manage a vineyard or winery. You might experiment with the latest technologies to innovate and develop efficiencies in related industries. Perhaps you’ll focus on sustainable and natural practices, building an organic, biodynamic or solar-powered future for the wine industry.

### Notes

1. Students satisfactorily completing all courses may expect to complete an academic program within the normal duration of that degree. Students who have failed courses, or students needing to complete prerequisite courses will take longer.
2. The indicative annual tuition fee quoted is based on the standard full-time enrolment load of 24 units per year, or 12 units per semester. These fees cover the cost of teaching and student support services. The quoted fee is reviewed on a yearly basis. Prospective students should be aware that their fees may increase each year and that they are liable for these fees upon acceptance of their offer. Where the standard duration is less than one year, the full cost of the degree is displayed. Where the standard duration of the degree is greater than one year, the annual fee is displayed. Where a degree is offered on a trimester basis, and has a duration of one year or more, the quoted fee is for 24 units only. Each student will be advised of their fee schedule in their offer of admission to the University. Fees may vary depending on enrolment load e.g. if students 'overload' or 'underload', fees may be increased or decreased accordingly.
3. External degree: to apply, please contact the relevant school/department as stated in the detailed degree information in this prospectus.
4. Available online only.
5. Melbourne campus offers intakes in March, July and November.

<tr>
<td>Global Food and Agricultural Business</td>
<td>62</td>
<td>2 years</td>
<td>$46,000</td>
<td>Jan, May, Sep</td>
<td>Relevant bachelor degree or equivalent with high level of academic achievement e.g., economics, business, agriculture, animal science, environmental studies, international studies.</td>
</tr>
</tbody>
</table>

---

6. Applicants must submit a portfolio and a curriculum vitae to Admissions. The portfolio should be of the applicant’s own work (uploaded as a .pdf or link to their online application, or by mail as a CD/DVD), demonstrating manual graphic skills and ability through freehand drawing or sketches, skills in relevant design-related areas, as well as familiarity using a computer-aided design (CAD) software package.

7. Delivered on a trimester basis. Trimesters are compressed study periods which usually run from late January to May, May to August and September to November.

8. A total tuition fee for 12 units of study is provided for graduate certificates.

9. Trimester 2 delivery considered on a case-by-case basis.

10. GPA (grade point average) is a numerical index that summarises academic performance on a scale of 0 to 7.0

11. Offered part-time and available to non-student visa holders only.

12. Applicants considered for July intake on a case-by-case basis.

13. See full program entry for additional entry requirements.

14. Music extension pathway only 1.5 years.

15. Other non-academic entry criteria may apply.

6. Applicants must submit a portfolio and a curriculum vitae to Admissions. The portfolio should be of the applicant’s own work (uploaded as a pdf or link to their online application, or by mail as a CD/DVD), demonstrating manual graphic skills and ability through freehand drawing or sketches, skills in relevant design-related areas, as well as familiarity using a computer-aided design (CAD) software package.

7. Delivered on a trimester basis. Trimesters are compressed study periods which usually run from late January to May, May to August and September to November.

8. A total tuition fee for 12 units of study is provided for graduate certificates.

9. Trimester 2 delivery considered on a case-by-case basis.

10. GPA (grade point average) is a numerical index that summarises academic performance on a scale of 0 to 7.0

11. Offered part-time and available to non-student visa holders only.

12. Applicants considered for July intake on a case-by-case basis.

13. See full program entry for additional entry requirements.

14. Music extension pathway only 1.5 years.

15. Other non-academic entry criteria may apply.

</table>

**NOTES**

1. Students satisfactorily completing all courses may expect to complete an academic program within the normal duration of that degree. Students who have failed courses, or students needing to complete prerequisite courses will take longer.

2. The indicative annual tuition fee quoted is based on the standard full-time enrolment load of 24 units per year, or 12 units per semester. These fees cover the cost of teaching and student support services. The quoted fee is reviewed on a yearly basis. Prospective students should be aware that their fees may increase each year and that they are liable for these fees upon acceptance of their offer. Where the standard duration is less than one year, the full cost of the degree is displayed. Where the standard duration of the degree is greater than one year, the annual fee is displayed. Where a degree is offered on a trimester basis, and has a duration of one year or more, the quoted fee is for 24 units only. Each student will be advised of their fee schedule in their offer of admission to the University. Fees may vary depending on enrolment load e.g. if students ‘overload’ or ‘underload’, fees may be increased or decreased accordingly.

3. External degree: to apply, please contact the relevant school/department as stated in the detailed degree information in this prospectus.

4. Available online only.

5. Melbourne campus offers intakes in March, July, and November.

| Wine Business                                                | 57   | 1 trimester | $47,500                     | Jan         | 1. Bachelor degree or equivalent, OR  
2. Three years of relevant work experience.*  
* Relevant work experience includes full-time commercial experience in a senior administration, sales, marketing, vineyard or winery operations role (all applicants must provide a resume and the details of two referees). |

6. Applicants must submit a portfolio and a curriculum vitae to Admissions. The portfolio should be of the applicant’s own work (uploaded as a .pdf or link to their online application, or by mail as a CD/DVD); demonstrating manual graphic skills and ability through freehand drawing or sketches, skills in relevant design-related areas, as well as familiarity using a computer-aided design (CAD) software package.

7. Delivered on a trimester basis. Trimesters are compressed study periods which usually run from late January to May, May to August and September to November.

8. A total tuition fee for 12 units of study is provided for graduate certificates.

9. Trimester 2 delivery considered on a case-by-case basis.

10. GPA (grade point average) is a numerical index that summarises academic performance on a scale of 0 to 7.0.

11. Offered part-time and available to non-student visa holders only.

12. Applicants considered for July intake on a case-by-case basis.

13. See full program entry for additional entry requirements.

14. Music extension pathway only 1.5 years.

15. Other non-academic entry criteria may apply.
Advanced standing  Status/credit/exemptions granted on the basis of work already completed at another post-secondary institution.

Articulation agreement  A formal agreement where study at selected institutions may be counted towards University of Adelaide qualifications.

Assumed knowledge  Previously acquired knowledge that will enable understanding of a course or degree.

Bachelor degree  An undergraduate qualification gained after a minimum of three years full-time study. A bachelor degree is made up of a range of core (compulsory) courses and elective courses, usually delivered via lectures and tutorials.

Campus  The grounds of a university or other institution of higher education.

Combined degree  A combined degree allows students to complete the requirements of two degrees in less time than when completed separately. Successful completion results in the award of a single parchment listing the combined degrees. A student may not graduate until the requirements for both degrees have been met.

Confirmation of Enrolment  The document sent by the University after receipt of the tuition fee deposit. May be used as proof of student status to apply for a student visa.

Core course  A compulsory subject taken as part of a program of study.

Course  An individual subject taken as part of a program of study.

Coursework program  A degree structured around particular courses, usually delivered via lectures and tutorials.

CRICOS  Commonwealth Register of Institutions and Courses for Overseas Students.

DHA  Department of Home Affairs.

Diploma  Some schools in the University offer diplomas, which usually consist of 1–2 years of full-time coursework, delivered via lectures and tutorials.

Discipline  A field or area of study, e.g. engineering, architecture, nursing.

Double degree  A double degree allows students to complete the requirements of two degrees in less time than when completed separately. Successful completion results in the award of two degrees with separate parchments. A student may graduate from each degree as soon as the requirements for each degree have been met. For example: Bachelor of Engineering (Chemical) with Bachelor of Arts.

Elective course  A non-compulsory subject that may be chosen as part of a program of study.

Exchange agreement  An agreement between universities allowing students to undertake 1–2 semesters of their degree at an overseas institution.

Extra admission requirements  Requirements, in addition to the specified qualifications, needed for a student to be accepted into a particular degree, e.g. audition, interview, portfolio submission, University Clinical Aptitude Test.

Full-time study  A standard full-time study load consists of 24 units per academic year, and 12 units per semester. The University and the DHA considers a 75% study load (9 units per semester or trimester) a full-time load. While international students can enrol in a 75% study load, this isn’t recommended as it may result in them not completing their degree within the standard duration. International students are required by DHA to complete within the specified duration of the degree.

Faculty  An academic branch in the University, consisting of various schools, e.g. the Faculty of Health and Medical Sciences.

GEAP (General English for Academic Purposes)  A course for students looking to improve their English for a variety of reasons, such as to assist with future study or their career. GEAP by itself is not a direct entry pathway to undergraduate or postgraduate study at the University of Adelaide.

Honours  A one-year full-time (or equivalent part-time) program that allows students to consolidate learning from their undergraduate studies by undertaking research and a thesis.

IELTS  The International English Language Testing System, an internationally recognised UK-based test for English language assessment, essential for student visa requirements.

Indicative annual tuition fee  The indicative annual tuition fee quoted in this prospectus is based on the standard full-time enrolment load of 24 units per year or 12 units per semester. These fees cover the cost of teaching and the cost of student support services. The quoted fee is reviewed on a yearly basis. Prospective students should be aware that their fees may increase each year and that they are liable for these fees upon acceptance of their offer. Each student will be advised of their fee schedule in their offer of admission to the University. Fees may vary depending on enrolment load, e.g. if students ‘overload’ or ‘underload’, fees may be increased or decreased accordingly. All fees listed are in Australian dollars (AUD$).

Lecture  A class on a specific topic presented by a lecturer to a large group of students.

Level  A stage or period of study (generally one year in duration) within a degree, e.g. Level 1, 2, 3. The depth and complexity of courses increases through each level.

Major sequence  A combination of approved courses leading to specialisation within a field of study, completed over one or more years of a degree.

OSHC  Overseas Student Health Cover is compulsory health insurance that provides basic and emergency health cover. It is an essential requirement for international students to obtain a student visa.

Part-time study  Any study load that is less than 75%, or 18 units a year. Note that under current student visa regulations, part-time study is not recommended for international students as they are required by the DHA to complete within the specified duration of their degree.

PEP (Pre-enrolment English Program)  A direct entry pathway English language program for students who have not met the entry requirements for their chosen award program.

Prerequisites  To be eligible for some degrees, particularly in the areas of Science, Engineering, Mathematics and Computer Science, applicants are required to have passed specific subjects called prerequisites.

Program  A series of courses making up a particular qualification, e.g. Bachelor of Commerce.

Selection Rank  A score that is given to a degree and used as part of the Admissions process.

Semester  The standard length of an individual course. University courses are usually taught in two semesters: semester 1, from February/March until late June, and semester 2, from July/August until November.

Seminar  A small class similar to a tutorial, involving presentations by students.

TOEFL  Test of English as a Foreign Language, an internationally recognised US-based English language test.

Trimester  Trimesters are compressed study periods which usually run from late January to May, May to August and September to November. (Note Melbourne campus trimesters run slightly different).

Tutorial  Small, weekly classes led by a tutor or lecturer, where students discuss issues relevant to a particular course.

Unit  A value assigned to courses identifying the amount of work involved. Full-time students normally undertake 24 units of study a year. Majority of courses are equivalent to 3 units.
