Welcome to Deakin

G’day and welcome!
Each year thousands of students from around the world choose Australia as their study destination, and you too could soon be on your way to join them. Like Australia, Deakin University offers a safe and welcoming environment, and we support you at every step to ensure you not only succeed at your studies, but also enjoy your Deakin experience.

World-class degrees
When you study a Deakin degree you will be ready to take your next step with confidence and gain the experience you need to succeed. With a wide range of study areas to choose from, Deakin can help you find the right degree to pursue your dream career.

Career focus
We want to ensure you gain the exposure and experience you need to graduate with confidence. At Deakin you will find there is a practical focus across all our programs. We prepare our students for employment by providing practical instruction on real-world problems, career guidance and work experience opportunities. You can learn more about this in the course pages of this guide.

Campus locations
Experience life in Australia at one of Deakin’s campuses located in Melbourne, Geelong and Warrnambool. Our four modern campuses are right on the doorstep of some of Australia’s most popular destinations. When you study here, you will discover both incredible scenery and wildlife, and a welcoming and engaging culture. Deakin also offers programs through our innovative online Cloud Campus.

Scholarships
Deakin offers different scholarships to assist high-achieving international students throughout their studies, and you may be eligible. Learn more at deakin.edu.au/ug-scholarships.

Trimester system
At Deakin we run on a trimester system. This means that our programs may offer intakes in March (Trimester 1), July (Trimester 2) and November (Trimester 3). This system gives you the option of completing your degree sooner, if you choose to study three trimesters in a single year. You will find more information on Trimesters in the course pages of this guide.

Impressive subject rankings
Deakin is among the best in the world across many study areas, including:
• 3rd in the world for Sport Science*
• 30th in the world for Nursing*
• 31st in the world for Education*

*ShanghaiRankings Global Ranking of Sport Science Schools and Departments 2020
*QS Rankings by Subject 2021

* ShanghaiRankings World University Rankings
* QS Young University Rankings
* Australian Graduate Survey and Graduate Outcomes Survey, QILT
Your Deakin home

As a Deakin student you can study at one of our four campuses, or our innovative online Cloud Campus. You will find a unique study experience at each of our campuses. The local communities that surround Deakin are friendly, safe and full of life, creating the perfect study environment.

Melbourne Burwood Campus
The Melbourne Burwood Campus is Deakin's largest. A short trip from Melbourne's central business district, Burwood offers the perfect balance between city lifestyle and suburban comfort. On campus you will find impressive buildings and world-class facilities, a wide range of learning and social spaces, and a relaxed atmosphere. If you enjoy getting outdoors between classes, the Melbourne Burwood Campus also sits alongside parkland, which is great for walking, jogging and cycling.

On-campus accommodation
Indicative weekly rates: A$259–A$326
deaKin.edu.au/ug-burwood

Living in Melbourne
A welcoming community
Living in Melbourne means you will become a part of an international community. People from all over the world call the city their home.

Many activities
Enjoy live music at Federation Square, or ride a bike along the Yarra River trail. Visit the native animals at the Melbourne Zoo, or spend mornings exploring the Queen Victoria Market tasting fresh and local produce. With so much to see and do, you will never be bored in Melbourne.

Geelong Waurn Ponds Campus
At Deakin’s Geelong Waurn Ponds Campus, you are surrounded by expansive grounds and impressive new buildings. It offers state-of-the-art engineering and medical facilities, including some of the most advanced research spaces in the world. The campus also features our incredible sporting facilities, such as Deakin’s Elite Regional Sports Precinct, which includes an Australian rules football oval, FIFA-grade soccer pitch, athletics track, basketball courts, and more.

On-campus accommodation
Indicative weekly rates: A$236–A$249
deaKin.edu.au/ug-waurn-ponds

Geelong Waterfront Campus
Located in the heart of Geelong, the Geelong Waterfront Campus has spectacular views of the bay. Used as wool stores in the 19th century, this campus has been converted to create an impressive, modern space that offers an inspiring study environment. The unique mix of old and new allows for engaging and creative spaces, and its central location means students can visit Geelong’s central business district between classes.

In 2019 a new ferry travelling between Melbourne and Geelong was launched. The ferry offers a comfortable and convenient mode of transport. It docks a short walk from the Geelong Waterfront Campus. Train and bus services are also regularly available between Geelong and Melbourne.

On-campus accommodation
Indicative weekly rates: A$259–A$288
deaKin.edu.au/ug-waterfront

Living in Geelong
Be by the ocean
Just a short train or ferry ride from Melbourne, Geelong is a coastal city located near some of Australia’s best surf beaches. Take a break from your studies and head to the Surf Coast, where you can enjoy a swim or surf in the pristine water.

Support the local team
Engage with the local community at GMHBA Stadium where the Geelong Cats – an Australian Football League (AFL) team and partner of Deakin – play their exciting games. You might even become a fan!
Warrnambool Campus

Become a part of a close community where students and lecturers have the opportunity to get to know each other and work closely together. Deakin's Warrnambool Campus is located on the doorstep of beautiful surf beaches and popular tourist attractions, and you will experience a sense of community that extends across the whole town. Warrnambool is known for being a safe place. The area also offers a range of restaurants and an extensive arts and cultural scene to keep our students entertained. For those looking for an occasional jolt of big city excitement, trains run four times a day to Melbourne.

On-campus accommodation
Indicative weekly rates: A$212–A$215
deakin.edu.au/ug-warrnambool

Living in Warrnambool

Made for exploring
Set along one of the country’s most scenic coastlines, Warrnambool is the place to be for exploring Australia’s famously unique plant and animal habitats.

A cost-effective choice
For students and parents concerned about expenses, Warrnambool offers a lower cost of living than Melbourne and Geelong without sacrificing quality.

Consider online study

Same quality education
Cloud Campus students receive the same quality of education as our on-campus students. Cloud students participate in lectures in real time and can contribute and ask questions like on-campus students do. Deakin staff are also available to chat online should you need any assistance outside of class.

Engaging platform
Deakin’s Cloud Campus is delivered through innovative and engaging systems that allow students to access the same materials and services as on-campus students.

Cloud Campus (online)
As a leading provider of distance and online education for more than 40 years, Deakin has a unique understanding of students who need to study from afar.

Our Cloud Campus is virtual and vibrant. You will have access to lectures and resources and can participate in live-streamed seminars and class discussions. Chat with lecturers and students in real time, and submit assignments easily and efficiently. It is your choice of when, where and how you study. You can be confident that you will receive the same quality education as an on-campus student.

Studying online means you need to be a disciplined, independent and organised learner. Our Cloud Campus comes with orientation sessions, tailored support services, easy-to-use digital tools and resources, and a dedicated ‘student success coach’ to keep you on track.
deakin.edu.au/ug-cloud

Beautiful surroundings
Deakin’s campuses in Geelong and Warrnambool are set in established regional communities that are surrounded by incredible scenery. You will experience Australia’s true natural beauty when you live and study in these locations.
What it costs to live in Australia

Beyond tuition fees, there are a number of other costs you need to consider before deciding to study in Australia.

The Australian Government provides average living cost estimates for international students living and studying in the Australian state of Victoria. Costs vary depending on where you choose to live. For example, living in Melbourne is slightly more expensive than living in Geelong or Warrnambool. The information to the right lists some of these estimated costs but for more detailed information visit studyinaustralia.gov.au.

Overseas Student Health Cover
In addition to tuition fees, all on-campus international students are required to pay Overseas Student Health Cover (OSHC). The amount payable will be included in your Letter of Offer – you will receive this from Deakin if your application is successful.

Scholarships
You may be eligible for a range of scholarships through Deakin and through other organisations, including the Australian Government.

Deakin offers specific scholarships to support high-achieving students. These include:
- Deakin Vice-Chancellor’s International Scholarship, which offers a 100% or 50% tuition fee reduction for the normal duration of your course.
- Deakin International Scholarship, which offers a 25% tuition fee reduction for the normal duration of your course.

Both scholarships recognise students with consistently high academic performance who have the potential to make a valuable contribution to the University.

Deakin also offers scholarships related to certain study areas, degrees, campuses and countries. For a full list of scholarship opportunities open to international students, and information on how to apply, visit deakin.edu.au/ug-scholarships.

Accommodation
- Hostels and guest houses: A$90 to A$150 per week
- Shared rental: A$95 to A$215 per week
- On campus at Deakin (inclusive of amenities): A$259 to A$326 per week*
- Homestay: A$235 to A$325 per week
- Rental: A$185 to A$440 per week

Other living expenses
- Groceries and eating out: A$140 to $280 per week
- Gas, electricity: A$10 to A$20 per week
- Public transport: A$30 to A$60 per week
- Gym membership: A$30 to A$100 per month*
- Netflix: A$10 to A$20 per month*
- Haircut: A$10 to A$100 each visit*
- Coffee: A$3 to A$6 per cup*

Minimum cost of living

The Australian Government Department of Home Affairs has financial requirements you must meet in order to receive a student visa for Australia. From 23 October 2019 the 12-month living cost is:
- You: A$21,041 per year
- Partner or spouse: A$7,362 per year
- Child: A$3,152 per year

All costs are in Australian dollars.

* On-campus estimated cost is for Deakin’s Melbourne Burwood Campus and includes amenities, such as electricity, gas and internet. On-campus accommodation costs for the Geelong and Warrnambool campuses are lower.

Destination Australia Scholarship
If you study at Deakin’s Warrnambool Campus you may be eligible for the Australian Government’s Destination Australia Scholarship. This scholarship supports study and living expenses and is valued at A$15,000. Learn more at education.gov.au/destination-australia.
Deakin wants you to have a meaningful learning experience. That is why we offer a complete range of support services, from orientation and welcome sessions to academic support and social activities.
Prepare for your future career

Deakin is dedicated to preparing you for your dream career. Experience practical, real-world learning, and be ready to enter the workforce with confidence.

DeakinTALENT

DeakinTALENT is our graduate employment division and is dedicated to providing expert career guidance. DeakinTALENT can help you to:
- identify and communicate your personal brand
- create a LinkedIn profile that stands out
- develop an effective resume and cover letter
- manage interview nerves
- excel at networking and connect with employers.

deakintalent.deakin.edu.au

Deakin TALENT International Students’ Careers (DISC) program

DISC has been designed specifically for international students and graduates. It offers a suite of workshops to help you understand the workplace, learn what employers are looking for, and help you connect with and present confidently to employers. The program provides opportunities to network with Deakin alumni and – if you are returning home after your degree – DISC also helps you to connect with your home employment market.

Deakin TALENT International Students’ Careers (DISC) program

The DeakinTALENT Experience and Employment Expo (EEExpo) brings over 100 employers to Deakin in Trimester 1 and 2. It is a great way to meet, network and gain insights from a range of employers. You will learn about opportunities such as internships, vacation work, volunteering, international experiences and graduate programs.

EEExpo

FreelancingHUB

The FreelancingHUB is an exciting initiative designed to develop job-ready graduates through work experience opportunities. The HUB positions you in not-for-profit or community organisations where you work to develop a solution to a real-world project. Students are assigned an experienced mentor and project manager and will gain key employability skills, such as communication, collaboration, creativity and critical thinking.

FreelancingHUB placements are open to students across all study areas, but places are limited.

Internships as part of your degree

Many Deakin degrees offer the opportunity to complete an internship as part of the program. With the help of our dedicated work integrated learning team, you can find a short-term work opportunity in a local organisation, where you gain exposure to real-life projects, Deakin students have worked in advertising firms, sporting organisations, local hospitals and wildlife parks – just to name a few. The experience gained as part of these internships adds to your portfolio of work, which you can present to future employers.

Find your course

Browse the many exciting undergraduate courses we have on offer throughout this guide, and choose the degree you wish to study.

Understand the entry requirements

It is important that you understand the entry requirements for your degree before you submit your application to Deakin. Entry requirements for each Deakin degree differ and also depend on your country of residence. The minimum academic entry requirements for our undergraduate degrees can be found on page 12.

Understand the English language requirements

All applicants need to meet Deakin’s English language requirements at the level necessary for their course. Minimum International English Language Testing System (IELTS) scores are included on the course information pages of this guide. For more information see page 18.

Gather supporting documents

When you apply to study at Deakin it is important to attach all required supporting documentation, otherwise your application could be delayed or rejected. Most documents need to be certified before they are submitted to Deakin, so give yourself plenty of time to get organised. Certified copies must include: award certificates, academic transcripts and formal identity papers (e.g. your passport). Documents must be translated into English.

How to apply

1. Find your course
2. Understand the entry requirements
3. Understand the English language requirements
4. Gather supporting documents
5. Submit your application

Applying to Deakin

You can apply to Deakin at any time throughout the year, and Deakin’s international admissions team is always ready to quickly process applications and assist with any questions you may have. Application processes and requirements may differ slightly depending on your chosen degree, as well as your country of residence and entry pathway.

Submit your application

You can submit your application to study at Deakin using a variety of methods:
- Through a Deakin authorised agent: One of Deakin’s friendly agents can assist you to submit your application and ensure you have all the necessary documents ready. Visit deakin.edu.au/ug-reps to search for a Deakin authorised agent located near you.
- Direct to Deakin: You can apply directly to Deakin through Deakin’s StudyLink Connect platform. Here you will be guided through each step of the application process.

deakin.edu.au/ug-apply

How to certify your documents

Certified copies of documents are photocopies that have been viewed along with the original document by an authorised person who will stamp them as being authentic copies. Visit deakin.edu.au/ug-apply to see how you can certify your documents and who they can be certified by.

10
11
Deakin degrees have entry requirements that you will need to meet in order to gain entry into the University.

Using the academic admission requirements table

The following table (pages 12 to 16) details the academic admission requirements for entry into Deakin undergraduate degrees. Review the table for the qualification most relevant to your secondary school studies. Some qualifications will require you to make a quick calculation to convert your results into scores that Deakin will use to assess your application. Use the footnotes below the table to learn how to calculate your total score.

If your country is not mentioned

If your academic results or country of origin are not mentioned on these pages it does not mean that you are unable to apply to Deakin. Our Admissions Team can assess your academic scores and other achievements upon submission of your application.

If you do not meet the requirements

If you are not sure you meet the academic admission requirements for a Deakin degree, there may still be a pathway available for you to study at Deakin in the future. Please page 17 of this Guide to learn about the alternative pathway options to Deakin.

Select countries not in the table

China entry requirements – Gaokao (高考)

Gaokao students who meet the Tier One University cut off score for their province will meet the academic requirements for entry into most Deakin undergraduate degrees.

Vietnam entry requirements

For entry into most bachelor degrees, Vietnamese students must graduate with a National High School Graduate Certificate and achieve an overall GPA of at least 8.0 for Year 11 and Year 12. In addition, applicants must achieve a minimum score of 8.0 for three major subjects in Year 12. Major subjects include maths, English, chemistry, literature, physics, or biology. A minimum score of 8.5 in maths is required for engineering-related programs.

Indonesia entry requirements

Deakin accepts students into degree programs who have completed their SMA 3 and achieved the specified average grade in SMA 3 School Average Report and National Standardised School Examination (UNSM). Most bachelor degree bachelor degrees require an average grade of at least 7.5 in SMA 3 school report average grade and UNSM.

Canada entry requirements

Applicants must achieve a minimum of five Grade 12 credits. All applications are assessed individually based on specific provincial and territorial level and credit requirements.

New Zealand NCEA requirements

Applicants must have a New Zealand University Entrance certification and a minimum of 80 credits, including at least 60 credits at Level 3 or higher on the NZ qualifications framework, and an achievement of the required credits. All applications are assessed individually.

Deakin accepts students into bachelor degree programs from the following countries if they meet the following requirements.

Footnotes

1. The ATAR score presented here is the 2020 score and should only be used as a reference for 2022. Please note, clear cut ATAR scores can change from year to year.

2. To calculate eligibility, total up results of two best A-level subjects, where A=5, B=4, C=3, S=2. You must complete a minimum of three A Levels.

3. To calculate eligibility, total up results of best three A-level subjects, where A=5, B=4, C=3, S=2. You must complete a minimum of three A Levels.

4. To calculate eligibility, total up results of best three A-level subjects, where A=5, B=4, C=3, S=2. You must complete a minimum of three A Levels.

5. A minimum of 8.0 for Year 11 and Year 12. In addition, applicants must achieve a minimum score of 8.0 for three major subjects in Year 12. Major subjects include maths, English, chemistry, literature, physics, or biology. A minimum score of 8.5 in maths is required for engineering-related programs.

6. Deakin accepts students into degree programs who have completed their SMA 3 and achieved the specified average grade in SMA 3 School Average Report and National Standardised School Examination (UNSM). Most bachelor degree bachelor degrees require an average grade of at least 7.5 in SMA 3 school report average grade and UNSM.

7. Applicants must achieve a minimum of five Grade 12 credits. All applications are assessed individually based on specific provincial and territorial level and credit requirements.

8. Applicants must have a New Zealand University Entrance certification and a minimum of 80 credits, including at least 60 credits at Level 3 or higher on the NZ qualifications framework, and an achievement of the required credits. All applications are assessed individually.

9. Deakin accepts students into bachelor degree programs from the following countries if they meet the following requirements.

10. Students enrolling in this course will need to pass CASPer, an online test used to assess the personal attributes of applicants to initial teacher education courses. For more information visit www.education.gov.au/literacy-and-numeracy-test-initial-teacher-education-students

11. The requirement of the Australian Government is that all teaching graduates must pass the Literacy and Numeracy Test for Initial Teacher Education Students (LANTITE) in order to teach. Students must pass the test to graduate from the course. Visit www.education.gov.au/literacy-and-numeracy-test-initial-teacher-education-students for more information.

**Legend**
- **C** : Graduate entry
- **NP** : No offers made to recent secondary education applicants
- **RC** : Admission is based on a range of criteria
- **A** : No offers made to school-leaver applicants

**Notes**
- The ATAR score presented here is the 2020 score and should only be used as a reference for 2022. Please note, clearly-in ATAR scores can change from year to year.
- To calculate eligibility, total up results of best three A levels subjects, where A = 1, B = 2, C = 3, D = 4. You must complete a minimum of three A levels.
- To calculate eligibility, total up results of best four A levels subjects, where A = 1, B = 2, C = 3, D = 4, E = 5. You must complete a minimum of three A levels.
- Additional high school mathematics is an entry requirement of this course.
- Students enrolling in this course will need to pass CASPer, an online test used to assess the personal attributes of applicants to initial teacher education courses. For more information, please visit deakin.edu.au/ug-casper.
- Students seeking to become teachers in Australia must pass the Literacy and Numeracy Test for Initial Teacher Education Students (LANTITE) in order to teach. Students must also pass the test to graduate from the course. Visit www.education.gov.au/literacy-and-numeracy-test-initial-teacher-education-students for more information.
Students enrolling in this course will need to pass CASPer, an online test used to assess the personal attributes of applicants to initial teacher education courses. For more information visit deakin.edu.au/ug-casper.

To calculate eligibility, total up results of best three A-level subjects, where A=5, B=4, C=3, D=2, E=1. You must complete a minimum of three A Levels.

Students who apply for this degree will be ranked on academic merit and qualifications, this means those who meet entry requirements will not be guaranteed a place.

Are you worried that you will not meet the academic admission requirements for Deakin University? Deakin College is the perfect pathway to gain entry into your dream degree.

Deakin College is a direct pathway to Deakin University, and provides an excellent avenue for students who do not yet meet the admission requirements for Deakin University programs.

Diplomas

Deakin College offers diplomas in the areas of business; commerce, construction management; design; engineering; film, television and animation; health sciences; information technology; and science. Diplomas at Deakin College are equivalent to the first year of a Deakin University undergraduate degree, and may provide entry into the second year of a relevant Deakin University bachelor degree.

Deakin College advantages

Starting with Deakin College offers a number of advantages, including:

- fast-tracking your studies
- three trimesters per year in March, June and October
- entry into the second year of a Deakin University degree (diploma studies only)
- small group teaching and individual attention
- academic and welfare support services.

Who should apply?

Deakin College programs are aimed at students who do not meet Deakin University's academic entry requirements.

Accreditation

Deakin College diploma programs are accredited by the Tertiary Education Quality and Standards Agency (TEQSA).

To enrol in a Deakin degree, you will need to be able to read, speak, write and listen in English at a certain level. Different Deakin programs have different English language requirements.

### English language requirements

#### International English Language Testing System (IELTS)

IELTS is the most popular English language test in the world. IELTS tests are available in nearly every country. IELTS tests assess listening, reading, writing and speaking skills.

#### Test of English as a Foreign Language (TOEFL)

The TOEFL test is available in two formats — one is delivered via the internet and the other is a paper-based test. The majority of TOEFL test takers worldwide sit the TOEFL iBT test, delivered via the internet. The TOEFL Paper-delivered Test is offered only in specific locations where testing via the internet is not available.

#### Other accepted English language tests

- C1 Advanced (formerly Cambridge English Advanced CAE)
- C2 Proficiency (formerly Cambridge English Proficiency CPE)
- English language test for healthcare professionals (OET)
- Pearson Test of English Academic (PTE Academic)

#### English language in this guide

This guide uses IELTS exam scores as the standard for English language requirements, but if you have taken a test other than IELTS you can find equivalent requirements in the below table.

---

*For health-related award courses only.

**This standard is relevant for Deakin undergraduate health degrees (unless otherwise specified).

This standard is relevant for Deakin undergraduate education degrees (except Bachelor of Arts/Master of Teaching and Bachelor of Science/Master of Teaching) and Deakin undergraduate law degrees.

*This standard is relevant for Bachelor of Nursing (and related combined degrees), Bachelor of Medical Imaging, Bachelor of Occupational Therapy, Bachelor of Social Work and Bachelor of Vision Science/Master of Optometry.

NOTE: The information presented is current at the time of printing. For the most-up-to-date information about English language requirements, visit deakin.edu.au/ug-english.

---

**If your current English level does not meet Deakin’s English language requirements, or you want to improve your English before starting your degree, the Deakin University English Language Institute (DUELI) is the place for you.**

#### Meet Deakin’s English language requirements

DUELI can help you meet the English language requirements for your Deakin University degree. Successful completion of DUELI’s English for Academic Purposes (EAP) path programs can provide you with entry into most degrees at Deakin University. DUELI also has specialised English programs for commerce, nursing, and teaching.

#### The DUELI advantage

DUELI is recognised as one of the best English language institutes in Australia. DUELI will do more than improve your English: it will give you the chance to improve your study skills and become familiar with studying at an Australian university. Courses start every five weeks.

---

**What can you study?**

#### English for Academic Purposes (EAP)

EAP programs prepare students for university studies in Australia. You can meet Deakin University’s English language requirements for most undergraduate courses by successfully completing the EAP 3 program.

**General English (GE)**

GE programs offer students at all levels the chance to use English confidently and correctly. GE programs can prepare beginner English speakers for the EAP program.

#### English for Commerce

This five-week program is designed for students wishing to undertake the Bachelor of Commerce at Deakin University. You will develop your English skills for accounting, law, finance and marketing, and extend your reading and writing skills for a range of complex business ideas and concepts.

**Entry requirements:**

- IELTS score of 5.5 (no band lower than 5.0), or
- Completion of EAP 3 with an overall score of 60 per cent.

### Improve your English at Deakin

#### DUELI is a part of Deakin

DUELI is more than an English language centre; it is a part of Deakin University. As a DUELI student you will have access to all of Deakin’s facilities and services, including libraries, health services, and sport facilities.

Find your degree

The rest of this guide explores Deakin’s undergraduate degrees. Identify the entry requirements and learn about our state-of-the-art facilities, work experience opportunities, accreditations and more.

Courses fees
Example: A$30 800
The annual course fee indicates the tuition fee for two trimesters of full-time study, or 8 credit points, unless otherwise indicated. Additional fees may apply and course fees may be subject to change. All fees are listed in Australian dollars.

deeakin.edu.au/ug-fees

English requirements
Example: IELTS score 6.5/6
IELTS is the international English Language Testing System. The numbers reflect the minimum overall score required as well as the lowest score allowed for any band (overall score/lowest band score). Deakin also accepts the results of other English language tests. For more information about English language requirements see page 18.

Course structure
Unit
A unit is normally one trimester long and must have a value of 1 or 2 credit points.

Credit point
For each unit you successfully complete, you will receive the credit point value of that unit towards your studies. You must complete a specified number of credit points to obtain your degree. Most undergraduate degrees require 24 or 32 credit points.

Major sequence
A major sequence is a group of related units in a particular study area or academic discipline. A major can be made up of either 6 or 8 units. A successfully completed major sequence will be listed on your academic transcript.

Course fees
Example: A$30 800
The annual course fee indicates the tuition fee for two trimesters of full-time study, or 8 credit points, unless otherwise indicated. Additional fees may apply and course fees may be subject to change. All fees are listed in Australian dollars.

*Students applying for this initial teacher education course are required to sit the CASPer test, a non-academic assessment. Please be advised the cost of the CASPer test is a responsibility borne by individual applicants. Deakin University will not be able to reimburse any test costs. Find out more at deakin.edu.au/casper.

Trimester 3 is compulsory for this course.

**Cloud Campus (online) students will be required to participate in campus-based intensive activities each trimester at the Geelong Waurn Ponds Campus.

~ Unlikely most Deakin courses, the Bachelor of Medical Imaging runs on a Semester system.

# Trimester 3 in Year 3 is compulsory for this course.

~ Bachelor of Education and Bachelor of Education (Primary) are available through the Cloud Campus (online) only.

# This intake is available to students who are a Registered Nurse in their home country and meet the course's recognition of prior learning requirements (Melbourne Burwood and Geelong Waterfront campuses only).
Architecture and Construction Management

Whether you want to create sustainable design concepts for cities or project manage commercial developments, an architecture or construction management degree will take you in the right direction.

Take the next step in your career

Studying architecture at Deakin means you will gain hands-on experience from the first day of your degree. You will build models, examine professional architects’ projects, and develop drawing and digital design skills. Our construction management students also experience practical learning in all aspects of industry, including cost estimation, project management, construction methods, contracts and scheduling.

Innovative teaching and facilities

The School of Architecture and Built Environment has an expansive, modern, and inspiring learning space that has won three prestigious Australian Institute of Architects awards for design excellence. The arub studio and workshop provides students with a place to design and build models, and encourages experimentation with technology, materials and processes. These interdisciplinary spaces provide access to a variety of digital tools with an open plan studio design facilitating project collaboration.

dea.university/ug-abe

Professional recognition

When followed by successful completion of an accredited Master of Architecture, the Bachelor of Design (Architecture) is accredited within Australia by the Australian Institute of Architects (AIA); the Architects Registration Board of Victoria (ARBV) and the Architects Accreditation Council of Australia (AAACA). The Bachelor of Design (Architecture) is also recognised by the Board of Architects Malaysia (Lembaga Arkitek Malaysia), and included on their ‘List of Recognised Architectural Programmes’.

Graduates of the Bachelor of Construction Management (Honours) will be recognised for practice in more than 50 countries. The degree is accredited by the:

• Australian Institute of Building (AIB)
• Australian Institute of Quantity Surveyors (AIQS)
• Chartered Institute of Building (CIOB)
• Royal Institution of Chartered Surveyors (RICS).

Bachelor of Design (Architecture)

When you choose to study Deakin’s Bachelor of Design (Architecture) you choose a path of discovery. Explore the creative possibilities of architectural design and its potential to make a positive impact on the built environment. Discover architectural ideas through cutting-edge content, develop your creativity. Gain a practical understanding of the built environment and its relationship with the community through meaningful and sustainable design, from houses to high-rise projects.

Course information

Course code: S345
Years (full time): 3
Campus: Warrnambool
Intake: T1 (March), T2 (July)
2022 annual fee: A$33,600
IELTS score: 6.5

Structure

24 credit points, including:
• 10 core units
• 2 zero credit-point academic integrity and safety induction units.

Careers

Deakin architecture graduates work across the globe, including China, Dubai, Germany, Norway, the UK and the US. Our graduates have pursued the following roles: architectural consultant or designer, project lead and design coordinator, 3D architectural modeller and draftsman.

Related degrees

Bachelor of Design (Architecture)/Bachelor of Construction Management (Honours)

Further study

Working together

Deakin construction management students work closely with our architecture students. The insight into each other’s work is invaluable when you graduate and begin to work together on real-world projects.
Business

Discover Deakin’s wide range of undergraduate business courses and how they can help you develop the skills and knowledge needed to succeed in a wide variety of business settings. Our degrees have been developed in consultation with industry and offer opportunities to build an invaluable network and learn directly from professionals.

Gain practical, real-world experience
Deakin’s business courses offer work experience opportunities, known as Work Integrated Learning. These include internships, cultural engagement, industry based learning, consultancy experience, and entrepreneurship experience, some of which are offered by industry partners in Australia and overseas.

Get a recognised education
Deakin is ranked in the Top 1% of universities worldwide for Business and Management Studies (QS). Deakin Business School is accredited by EQUIS and AACSB. These prestigious accreditations are awarded to business schools that meet strict standards of quality, academic and professional excellence, and demonstrate a commitment to ongoing improvement and innovation in their courses. A hallmark of excellence, these accreditations place the Deakin Business School in the Top 1% worldwide.

Graduate with an advantage
EQUIS accreditation means a business school is globally recognised, internationally benchmarked and part of an ongoing quality improvement system enriched by involvement with a vibrant learning community.

As one of only 10 universities in Australia with this accreditation, you can confidently embark on your studies with the knowledge that Deakin’s business courses offer a high level of quality needed to succeed in the business world.

Bachelor of Human Resource Management (Psychology)
The Bachelor of Human Resource Management (Psychology) empowers you to see human resources from a different angle. By exploring the human mind in a business context, you will have a significant advantage when performing key functions in your human resources role, from recruitment and workplace negotiations, to creating high-performance work environments.

Course information
Course code: M340
Years (full time): 3
Campus: Geelong Waterfront, T2 (July)
2022 annual fee: A$35,600
IELTS score: 6.5

Accreditation
The Bachelor of Human Resource Management (Psychology) is accredited by the Australian Human Resources Institute (AHRI) and Australian Psychology Accreditation Council (APAC).

Structure
24 credit points, including:
- 24 core units (including one work integrated learning unit)
- 0-credit-point academic integrity unit.

Careers
A diverse range of local and international career opportunities exist for graduates of this degree, including: employee relations officer, human resources officer, human resources compensation officer, human resources consultant, industrial relations officer, organisational development consultant, and training and development officer.

Further study
- Graduate Diploma of Psychology (Advanced)
- Master of Psychology (Clinical)
- Master of Psychology (Organisational)

A pathway to becoming a registered psychologist
Completion of the Bachelor of Human Resource Management (Psychology) or the Bachelor of Marketing (Psychology) provides students with an APAC-accredited three-year degree in psychology. This allows students to then undertake additional study in pursuit of professional registration as a practising psychologist through the Psychology Board of Australia. Read more on page 60 of this guide.
Communication and Media

Studying communication and media at Deakin is all about identifying, creating and analysing different contexts and audiences to deliver tailored messaging and communications solutions. Discover the different programs we offer and choose an area of focus that interests you.

Experience outstanding facilities
Deakin has heavily invested in state-of-the-art facilities so that our media and communication students can take their knowledge and skills from the classroom and apply them in practical settings. You will have access to a range of contemporary learning spaces, including:
• a high-definition television studio used by commercial broadcasters
• a green screen studio linked to the newsroom and other creative production suites, enabling production of video content
• a collaborative news production area with an editorial hub, including production facilities and monitors to stream live TV news channels
• editing booths for audio and additional visual editing, and to conduct recorded interviews in soundproof spaces
• a creative media lab and collaborative workspaces
• an extensive media resource centre for borrowing equipment and getting technical advice
• creative spaces with shared computer stations for collaborative learning and team projects.

Gain professional experience
Deakin communication students gain practical experience through our internship program. In your first year you will start working on your professional identity and learn how to make and pursue industry contacts. This will prepare you to undertake an internship in your chosen industry. Through a specialised third year unit, and after your internship, you will learn how to think strategically about career readiness and career development. These experiences, along with your study, will allow you to build your resume and portfolio of work. You will graduate with confidence, ready to demonstrate your professional skills to employers.

Bachelor of Communication (Advertising)
Designed to inspire the next generation of ‘big idea’ thinkers, the Bachelor of Communication (Advertising) gives you the skills to understand complex audiences, analyse media effectiveness and master your creative thinking. Prepare for the challenge and excitement of developing intelligent brand communication as you work across real-world projects and connect with clients and advertising practitioners.

Course information
Course code: AMK
Years (full time): 3
Campus: B  D  T
Intake: T1 (March), T2 (July), T3 (November)
2022 annual fee: A$31,600
IELTS score: 6/6

Accreditation
The Bachelor of Communication (Advertising) is accredited by the International Advertising Association, ensuring you will be across the latest industry standards and remain connected to industry after you graduate.

Structure
24 credit points, including:
• 12 core units
• 6 course elective units
• 6 elective units
• 0-credit-point academic integrity unit.

Further study
• Bachelor of Communication (Honours)
• Master of Communications

Bachelor of Communication (Digital Media)
Combine your interests in communication technologies, social media and content creation to discover a career in digital media. You will be supported to develop your creative, analytic and production skills to communicate professionally across traditional and digital platforms. You will learn how to engage diverse audiences, build communities and help organisations and clients with digital content solutions.

Course information
Course code: AMK
Years (full time): 3
Campus: B  D  T
Intake: T1 (March), T2 (July), T3 (November)
2022 annual fee: A$31,600
IELTS score: 6/6

Accreditation
This degree is accredited by the Public Relations Institute of Australia (PRIA). Graduates are eligible for accelerated membership of the PRIA, ensuring you remain connected and up-to-date with current industry standards.

Structure
24 credit points, including:
• 12 core units
• 6 course elective units
• 6 elective units
• 0-credit-point academic integrity unit.

Further study
• Bachelor of Communication (Honours)
• Master of Communication

Career opportunities
A career in communication and media could take you anywhere, including in:
• advertising, public relations and digital media agencies
• communication roles in government, business and not-for-profit organisations
• creative and design studios
• freelancing
• marketing and communications consultancies
• media agencies
• multimedia businesses
• newspaper and magazine publishers
• PR and event management
• radio and television networks
• web development and social media companies.
Dreaming of a career made on stage, behind a camera, or in the pages of books? Learn from professional practitioners who will help you unlock your creative voice, find your preferred form of expression, and channel your ideas.

Learn in world-class creative facilities
You will have the opportunity to work in dedicated spaces. Develop your skills and build a portfolio of work in facilities including our:

- photographic lighting studio
- darkroom and film scanning facilities
- visual arts studios
- gallery and presentation spaces
- dance and drama studios
- black box theatre
- digital print lab.

Everything you need at your fingertips
Students can borrow professional-grade equipment from Deakin’s extensive media resource centre, including lighting and professional audio gear, digital video cameras, and SLR cameras for projects and practice. We have a team of technicians who can provide support and expertise. Deakin is one of the first universities in the world to offer RED EPIC cameras – the digital camera of choice for the world’s best filmmakers and photographers.

Cross-disciplinary learning
Deakin’s creative arts programs provide you with the opportunity to collaborate with students across disciplines. You will be encouraged to explore complementary skills to maximise career options, including specialist electives in other creative arts disciplines. This encourages innovation and ensures you are industry-ready to work across a wide range of disciplines and with many varied professionals.

Gain real-world experience
As a creative arts student you will engage with professional practitioners and workplaces. You will create and present work in industry-standard productions or exhibitions, building key administrative, marketing and self-management skills. Creative writing students learn from passionate industry specialists who are published authors. You will have opportunities to see your work published before graduating and gain industry experience in a range of areas.

Bachelor of Creative Arts (Dance)
Immerse yourself in the exciting physical, creative and social possibilities of contemporary dance. Study a Bachelor of Creative Arts (Dance) at Deakin to learn how the art of contemporary dance intersects with conceptual and innovative thinking, community enrichment and technology.

Course information
Course code: HME
Years (full time): 3
Campus: (T1 March, T2 July)
2022 annual fee: A$33,600
IELTS score: 6/6

Structure
24 credit points, including:
- 8 core units (12 credit points)
- 4 dance discipline units
- 2 course elective units
- 6 electives units
- 0-credit-point compulsory unit.

Careers
Graduates are equipped with the skills to work across disciplines in a variety of contexts, including initiating independent arts projects, or using their skills and knowledge as dance teachers, which are in strong demand both in the school system and in private studios.

CAREERS INCLUDE:
- dancer, choreographer,
- community art practice,
- dance education,
- event, festival and production management,
- administration and curation,
- and dance therapies.

- Master of Creative Arts

Bachelor of Creative Arts (Drama)
Join the next generation of theatre makers to create innovative and contemporary performance in Deakin’s Bachelor of Creative Arts (Drama). Become a versatile contemporary theatre practitioner equipped with the tools to kick-start your independent theatre career.

Course information
Course code: HME
Years (full time): 3
Campus: (T1 March, T2 July)
2022 annual fee: A$33,600
IELTS score: 6/6

Structure
24 credit points, including:
- 8 core units (12 credit points)
- 4 drama discipline units
- 2 course elective units
- 6 elective units
- 0-credit-point compulsory unit.

Careers
Our drama graduates are equipped with the skills to create and perform theatre works and to work in a variety of professional theatre contexts. This can include initiating their own work as independent theatre makers, pursuing various roles throughout the arts and entertainment industries. Careers include: actor, theatre director, community art practice; event, festival and production management; youth theatre; producer.

Further study
- Bachelor of Creative Arts (Honours)
- Master of Creative Arts

Bachelor of Creative Arts (Photography)
Deakin’s Bachelor of Creative Arts (Photography) combines practical skills development through access to state-of-the-art equipment and facilities, with knowledge of photographic history and theory of documentation, illusion, communication and artistic expression. Explore a variety of learning experiences including lectures, tutorials, online materials, studio workshops, fieldwork, guest speakers, gallery visits, collaborative projects, student exhibitions and industry internships, and gain direct access to leaders in the field.

Course information
Course code: HME
Years (full time): 3
Campus: (T1 March, T2 July)
2022 annual fee: A$33,600
IELTS score: 6/6

Structure
24 credit points, including:
- 8 core units (12 credit points)
- 4 photography discipline units
- 2 course elective units
- 6 electives units
- 0-credit-point compulsory unit.

Careers
Graduates have moved into roles such as independent fine arts practitioners; event and sport photographers; commercial studio photographers, including portraiture, fashion and product photography; curatorial and gallery roles; community-based arts, festivals and many other fields.

Further study
- Bachelor of Creative Arts (Honours)
- Master of Creative Arts

Bachelor of Creative Arts (Visual Arts)
Deakin’s Bachelor of Creative Arts (Visual Arts) combines disciplinary training in drawing, painting, 3D construction, fabrication, and digital technologies alongside a sequence of studio-based studies. Gain both the practical studio skills and adaptable critical thinking skills required to participate successfully in the art world and wider creative industries.

Course information
Course code: HME
Years (full time): 3
Campus: (T1 March, T2 July)
2022 annual fee: A$33,600

Structure
24 credit points, including:
- 8 core units (12 credit points)
- 4 visual arts discipline units
- 2 course elective units
- 6 elective units
- 0-credit-point compulsory unit.

Careers
Graduates have moved into roles such as independent fine arts practitioners; event and sport photographers; commercial studio photographers, including portraiture, fashion and product photography; curatorial and gallery roles; community-based arts, festivals and many other fields.

Further study
- Bachelor of Creative Arts (Honours)
- Master of Creative Arts

Bachelor of Creative Writing
With Deakin’s Bachelor of Creative Writing, you can turn your love of writing into a fulfilling career path that encourages your natural creativity and professionalises your skills. You will graduate from this industry-led degree as a polished writer, with skills across a broad range of styles.

Course information
Course code: HME
Years (full time): 3
Campus: (T1 March, T2 July, T3 November)*
2022 annual fee: A$31,600
IELTS score: 6.5/6

Structure
24 credit points, including:
- 9 core units
- 9 course elective units
- 6 elective units
- 0-credit-point academic integrity unit.

Careers
As a creative writing graduate, you can apply your skills in numerous sectors from publishing, media and entertainment to finance, health and consumer goods. Career opportunities include: author, book editor, copyeditor, journalist, magazine editor or writer, publisher, scriptwriter, producer, scriptwriter, speechwriter, technical writer.

Further study
- Master of Arts (Writing and Literature)
Design

Design can drive business through innovation, as well as facilitate positive change in society. Learn the tools and strategies to become a creative thinker. Deakin offers different design degrees so you can specialise in an area that interests you most.

Cross-disciplinary learning

Deakin’s design degrees give you the opportunity to collaborate with a variety of industry sectors as well as students across a range of disciplines. Students are encouraged to explore complementary skills to maximise their career options, including specialist electives in design, visual arts, film, photography, media, digital technology, advertising, and marketing. This encourages innovation and ensures you graduate ready for a career as a well-rounded creative practitioner.

Collaborate with industry partners

Final year design students gain industry experience collaborating on a dynamic, cross-discipline project where they work with not-for-profit clients. You will assist with brand development or creative campaigns and have the opportunity to present your final works in an industry showcase.

Learn from leaders in the sector

Our academics are design practitioners with a wealth of experience across the design sector. Their international expertise ensures you work on projects with industry standard procedure to build your career at the highest level of design innovation. Design students also learn from industry mentors who help guide you through a range of design projects. This ensures you develop critical professional industry experience to ensure you are prepared for the challenging and exciting world of design.

Accreditation

Design degrees at Deakin are informed by industry leaders across the world. We are active members of the Design Institute of Australia (DIA) and the International Council of Design (Ico-D) and support the Australian Graphic Design Association (AGDA). Our three design degrees are accredited by the Design Institute of Australia – so you know you will be studying at the cutting edge of industry research and practice.

Bachelor of Design

Bachelor of Design (3D Animation)

Use your imagination to create the unexpected with the Bachelor of Design (3D Animation) at Deakin. Explore how animation is used across film, television, advertising, web, motion-capture and game design – and learn to draw or digitally create characters that leap off the screen.

Course information
Course code: A343
Intake: T1 (March), T2 (July), T3 (November)
2022 annual fee: A$32,400
IELTS score: 6/6

Structure
24 credit points, including:
- 19 core units
- 2 course electives units
- 3 elective units
- 0-credit-point academic integrity unit.

Careers
Graduate ready to work in motion design, animation, film, television and web design; motion capture performance, or augmented reality and virtual reality. Potential roles may include 2D or 3D animator, augmented realities designer, cartoonist, digital designer, game developer, illustrator, modeller, motion graphics designer, multimedia developer or virtual reality designer.

Bachelor of Design (Digital Technologies)

If you are a creative problem-solver with an interest in design and technical IT skills, you should explore our Bachelor of Design (Digital Technologies). Learn about user experience (UX), design strategies, digital technologies and interactive media, and deliver impactful digital solutions for creative and social issues in our changing world.

Course information
Course code: A344
Intake: T1 (March), T2 (July), T3 (November)*
2022 annual fee: A$32,400
IELTS score: 6/6

Structure
24 credit points, including:
- 17 core units
- 2 course elective units
- 5 elective units
- 0-credit-point academic integrity unit.

Careers
Our graduates have worked in creative agencies, advertising and design studios, and corporate companies, taking up roles as digital designers, digital media designers, graphic designers, user interface (UI) designers, virtual reality experience designers and web designers.

Bachelor of Design (Visual Communication)

Enter the exciting world of professional design with Deakin’s Bachelor of Design (Visual Communication). Learn the tools, strategies and design thinking methods required to be an adaptive and multidisciplinary communications designer.

Course information
Course code: A345
Intake: T1 (March), T2 (July), T3 (November)*
2022 annual fee: A$32,400
IELTS score: 6/6

Structure
24 credit points, including:
- 17 core units
- 2 course elective units
- 5 elective units
- 0-credit-point academic integrity unit.

Careers
Our graduates have worked in advertising, graphic design studios, print houses, publishers, corporate companies who host in-house design services, government, and private practices. Potential roles may include, communications designer, web designer, graphic designer, interactive designer or illustrator.

* This intake available at the Melbourne Burwood Campus only.
If you are motivated to teach, you have the opportunity to make a big difference to young people’s lives. Deakin’s education and teaching degrees focus on leadership, communication and organisational skills, providing a solid foundation for your future career.

Highly ranked
Deakin is ranked in the Top 31 universities in the world for its education courses, based on the 2020 QS World University Rankings by Subject, which are informed by academic and employer reputation, as well as research impact.

Professional experience
Deakin’s professional experience program gives you real-life teaching experience and study credit towards your degree. Completed in schools, these placements give you the chance to apply your learning in a teaching role with the support of a qualified and experienced teacher. This experience means that your resume will be filled with the practical skills employers look for.

If you are enrolled in early childhood, primary or health and physical education degrees you will undertake at least 80 days of placements. If you are enrolled in a secondary teaching degree you will undertake at least 60 days.

Links with the education sector
Deakin maintains close links with the education sector – like the Victorian Department of Education and Training (DET), Australian Children’s Education and Care Quality Authority (ACECQA) and Deakin’s Bachelor of Early Childhood Education program. Graduates of these degrees are eligible to apply for registration in Victoria or interstate, and are required to be employed in the sector to provide further information.

Structure
24 credit points, including:
- 24 core units
- 0-credit-point academic integrity unit

Careers
Graduates are qualified to work in early childhood settings as early childhood teachers, educational leaders, coordinators or advisers. Opportunities also exist in policy, consultancy, not-for-profit organisations, and research or community based organisations.

Specialisations
- Language and literacy
- Mathematics
- Science

Structure
32 credit points, including:
- 30 core units
- 2 specialisation units
- 0-credit-point academic integrity unit
- 2 zero-credit-point units for Literacy and Numeracy Testing for Initial Teacher Education (LANTITE)

Careers
Graduates of this dual-accredited degree have the flexibility to work in early childhood, primary or secondary education settings as early childhood teachers, educational leaders, coordinators or advisers and as primary teachers from foundation through to grade 6. Graduates may also find work in community services, education organisations, government agencies and not-for-profit organisations.

The CASPer assessment
If you are applying for entry into an initial teacher education course, you will be required to complete a test to assess your non-academic attributes or ‘people skills’. CASPer (Computer-based Assessment for Sampling Personal Characteristics) is an online, scenario-based test that assesses your suitability for a teaching career. For more information on dates and sample test content, visit deakin.edu.au/casper.

*CASPer test not required for entry into the Bachelor of Early Childhood Education out-of-state applicants for 2022 and 2023 need to complete CASPer before Trimester 3 of Year 2 of their course.
Bachelor of Health and Physical Education

Develop the skills, knowledge and understanding to become a qualified secondary school health and physical education teacher with Deakin’s Bachelor of Health and Physical Education. You will learn how to create safe, inclusive and engaging learning environments to provide experiences that support lifelong health and physical activity.

Course information

Course code: H310
Years (full-time): 3
Campus: Geelong
Intake: T1 (March)
2022 annual fee: A$30,400
IELTS score: 6.5

Accreditation

Deakin’s Bachelor of Health and Physical Education is accredited with the Victorian Institute of Teaching (VIT) as a nationally accredited course and students are eligible to apply for registration with the VIT upon graduation. If you intend to apply for registration in Victoria or interstate you may be required to provide further information.

Structure

32 credit points, including:
- 26 core units
- 4 credit points of discipline study in a third teaching method area
- 2 credit points of curriculum study in the third teaching method area
- 2 zero-credit-point compulsory units
- 7 core science units
- 2 science units
- 7 core teaching units (8 credit points)
- 4 credit points from selected list
- 3 zero-credit-point compulsory units.

Accreditation

This degree is accredited with the Victorian Institute of Teaching (VIT) as a nationally accredited course and students are eligible to apply for registration with the VIT upon graduation. If you plan to apply for registration in Victoria or interstate you may need to provide further information.

Careers

As a Deakin graduate you may choose to work as a secondary health and physical education professional within the private, independent or public sectors. Or you may move into areas such as sports management, recreation and fitness, community and government agencies, professional coaching positions, or in private academies and agencies.

Bachelor of Arts/
Master of Teaching (Secondary)

Combine your passion for the arts with a desire to teach and graduate with two versatile degrees in just four years. You will develop the knowledge and professional skills required to be a secondary school teacher, teaching from year 7-12 including two senior secondary arts majors.

Course information

Course code: H791
Years (full-time): 3
Campus: Geelong
Intake: T1 (March)
2022 annual fee: A$30,200
IELTS score: 6.0

Teaching method areas

Anthropology
Arabic
Children’s literature
Chinese
Dance
Drama
History
Indonesian
Library studies
Media studies
Philosophy
Photography
Politics and policy studies
Sociology
Spanish
Visual Arts

Accreditation

This degree is accredited with the Victorian Institute of Teaching (VIT) as a nationally accredited course and students are eligible to apply for registration with the VIT upon graduation. If you plan to apply for registration in Victoria or interstate you may need to provide further information.

Structure

36 credit points, including:
- Bachelor level studies:
  - 7 core science units
  - 2 science units
  - 1 six-credit-point science major sequence
  - 5 science major sequence units
  - 4 credit points from selected list
  - 3 zero-credit-point compulsory units.
- Postgraduate level studies:
  - 7 core units (8 credit points)
  - 4 curriculum study units
  - 2 zero-credit-point units for Literacy and Numeracy Testing for Initial Teacher Education (LANTITE).

Careers

Graduates are qualified to teach in secondary schools within private, independent or public sectors. You may also have the opportunity to work in roles including community services, government agencies and not-for-profit organisations.

Bachelor of Science/
Master of Teaching (Secondary)

This degree combines a postgraduate teaching qualification with undergraduate discipline studies in science. It prepares graduates with the discipline-specific knowledge and standards required to be a secondary school teacher, from year 7-12 including two senior secondary science majors.

Course information

Course code: H794
Years (full-time): 3
Campus: Geelong
Intake: T1 (March)
2022 annual fee: A$36,000
IELTS score: 6.0

Teaching method areas

Biology
Chemistry
Earth science
General science
Geography
Mathematics

Accreditation

This degree is accredited with the Victorian Institute of Teaching (VIT) as a nationally accredited course and students are eligible to apply for registration with the VIT upon graduation. If you plan to apply for registration in Victoria or interstate you may need to provide further information.

Structure

36 credit points, including:
- Bachelor level studies:
  - 7 core science units
  - 2 science units
  - 1 six-credit-point science major sequence
  - 5 science major sequence units
  - 4 credit points from selected list
  - 3 zero-credit-point compulsory units.
- Postgraduate level studies:
  - 7 core teaching units (8 credit points)
  - 4 curriculum study units
  - 2 zero-credit-point units for Literacy and Numeracy Testing for Initial Teacher Education (LANTITE).

Careers

Graduates are qualified to teach in secondary schools within private, independent or public sectors. You may also have the opportunity to work in roles including community services, government agencies and not-for-profit organisations.

Practical learning

Gain practical learning experiences throughout your engineering course with our innovative and student-centred teaching method: Project-oriented design-based learning (PODBL). In collaboration with industry, PODBL is a key feature of our engineering degrees. You will learn via team-based projects, researching, testing and evaluating solutions with the support of an academic.

Professional Engineering Practice is also a compulsory unit in many undergraduate engineering degrees at Deakin. You will gain a minimum of 60 days of work experience in one or more organisations, giving you insight into your future career options.

Engineering

Develop the engineering expertise to design roads, power generation or complex mechanical systems. Tackle real-world engineering problems in collaborative projects with industry partners and through work placements.

World-class facilities

Access world-class facilities located within the engineering precinct at the Waurn Ponds Campus, including some of the most advanced and future-focused systems, laboratories and learning spaces in the Australian sector. Our state-of-the-art engineering spaces contain versatile equipment and technologies, ensuring you gain practical experience and a deeper understanding of relevant engineering principles.

Highly ranked

Deakin is ranked in the Top 1% worldwide for Engineering and Technology by Times Higher Education, which is a reflection of the University’s high-quality engineering programs.

Choose your degree

Deakin offers five undergraduate engineering programs and the degree you choose will depend on your area of interest. See the next page to explore your engineering study options.

Join the Peer Support Program

The Faculty of Science, Engineering and Built Environment offers the Peer Support Program as part of its commitment to providing new students with the best possible transition into university life. By joining the program, you will receive support and guidance from students who are more experienced. They will help you become familiar with the support services and facilities available, while gaining useful tips about studying at Deakin. Visit deakin.edu.au/sebe/ug-peer-support

Bachelor of Civil Engineering (Honours)

Deakin’s Bachelor of Civil Engineering (Honours) gives you the building blocks to plan, design, construct and maintain the infrastructure systems that are necessary in our day-to-day lives. It covers the broad range of civil engineering disciplines, including engineering materials, structural engineering, water engineering, geotechnical engineering and road and transport engineering.

Course information

Course code: S460
Years (full time): 4
Campus: Geelong
Intake: T1 (March), T2 (July)
2022 annual fee: A$36,400
IELTS score: 6/6

Structure

32 credit points, including:
- 31 core units
- 1 elective unit
- 3 zero-credit-point-units relating to safety and project orientated learning, career tools for employability, and academic integrity.

Careers

Employers seek out Deakin graduates for their forward thinking, innovation and entrepreneurial qualities. As a civil engineering graduate, you may gain employment with government bodies and departments, consulting firms, construction companies, water authorities, road authorities and public works.

Related degrees

Bachelor of Construction Management (Honours)

Bachelor of Electrical and Electronics Engineering (Honours)

Gain practical, industry-ready skills when you study Deakin’s Bachelor of Electrical and Electronics Engineering (Honours). Explore renewables, alternative energy generation and the role of energy production in climate change, and get the hands-on experience and theoretical knowledge needed to work in energy production in a changing world.

Course information

Course code: S461
Years (full time): 4
Campus: Geelong

Graduates in high demand

With an international skills certificate, you are in demand both in Australia and other countries.

Employment opportunities as a mechatronics engineer are diverse. They include roles such as: biomedical service engineer, control systems engineers, automation engineers, electronics test engineer, and robotics engineer.

Bachelor of Environmental Engineering (Honours)

Deakin’s Bachelor of Mechanical Engineering (Honours) allows you to turn your passion into a rewarding career. Today, mechanical engineers lend their expertise to the development of almost every design imaginable. You will cover many mechanical disciplines, including machine design, thermo-fluids, structural design and industrial control, while developing skills in project management, communication and financial management. You will also explore product and process modelling, and how to design for sustainability.

Careers

Employment opportunities exist in roles such as: air pollution and emissions control, natural resource management, environmental protection, engineering consultancy, local, state and federal government departments, resources (mining, oil and gas), waste management, environmental protection, emissions control, natural resource management, air pollution and emissions control.

Bachelor of Electrical and Electronic Engineering (Honours)

Deakin’s Bachelor of Electrical Engineering (Honours) allows you to turn your passion into a rewarding career. Today, mechanical engineers lend their expertise to the development of almost every design imaginable. You will cover many mechanical disciplines, including machine design, thermo-fluids, structural design and industrial control, while developing skills in project management, communication and financial management. You will also explore product and process modelling, and how to design for sustainability.

Course information

Course code: S463
Years (full time): 4
Campus: Geelong
Intake: T1 (March), T2 (July)
2022 annual fee: A$36,400
IELTS score: 6/6

Structure

32 credit points, including:
- 30 core units
- 2 elective units
- 3 zero-credit-point-units relating to safety and project orientated learning, career tools for employability and academic integrity.

Careers

Employment opportunities as a mechanical engineer are diverse. They include roles such as: biomedical service engineer, control systems engineers, automation engineers, electronics test engineer, and robotics engineer.
Environment

Play a vital role in creating a sustainable future for the Earth. Deakin’s courses in environmental science have a strong focus on fieldwork and practical experiences. We offer degrees in Environmental Management and Sustainability, Marine Biology, or Wildlife and Conservation Biology.

First-class facilities and equipment

Your learning is enhanced by the use of state-of-the-art facilities and equipment, such as a Geographic Information Systems (GIS) laboratory, wildlife tracking technology, aquaculture facilities, infrared motion sensing wildlife cameras, high-tech research laboratories, research vessels, and remotely operated underwater vehicles.

Deakin is a partner at the Queenscliff Marine Research Centre, providing students with access to laboratories and a variety of remarkable nearby marine and coastal ecosystems. For Deakin marine students, researchers have developed Deakin’s purpose-built research vessel Yolla – which houses one of the most advanced sonar systems in the world – and have created a detailed continuous map of Victoria’s sea floor habitats. This data is playing a key role in supporting fishery and conservation management of the state’s marine environments. 

deakin.edu.au/les-facilities

Work experience

Professional experience is included in all of Deakin’s environment degrees. It allows you to complete a placement for a minimum of two weeks (80–160 hours) within a relevant, course-related organisation. A number of elective units also offer you the opportunity to gain additional practical experience, including undertaking a Global Environment Placement, Global Science Placement, Industry Based Learning, Career Placement or a STEM Placement.

Hands-on learning

All of Deakin’s environment degrees have a focus on hands-on learning, with experiences taking place from year one. Depending on the degree you choose, you may learn skills such as measuring the health of freshwater environments, coastal planning, surveying wildlife populations, conducting sustainability assessments, and studying seals and penguins. For example, students will undertake work in:

- community environment parks and sustainability centres where you will learn about sustainable communities, green technologies and community engagement with diverse stakeholders;
- urban parks where students learn how to conduct vegetation surveys, analyse water quality, map soils and microclimate, and analyse groundwater pollution and water table profiles; and
- businesses to analyse waste management programs and develop waste management strategies and environmental improvement programs;
- national parks to learn about scientific research, data analysis and teamwork, and to gain experience handling animals such as bandicoots, potoroes, antechinus, possums and gliders.

Other activities undertaken include GPS and GIS exercises, radio-tracking, camera trapping and bird surveys.

Bachelor of Environmental Science (Environmental Management and Sustainability)

Throughout the Bachelor of Environmental Science (Environmental Management and Sustainability), you will explore ways to manage the interaction between people and the environment. Combining the latest research with the application of skills in professional, community, lab and field settings, you will create and implement innovative solutions to protect natural resources both locally and globally.

Course information

Course code: S398
Years (full time): 3
Intake: T1 (March), T2 (July)
2022 annual fee: $37,000 IELTS score: 6/6

Structure

24 credit points, including:

- 17 core units
- 7 elective units
- 3 zero-credit-point units (laboratory and fieldwork safety, career tools for employability and academic integrity).

Careers

Career opportunities include environmental planning, environmental policy, sustainability, environmental protection, climate change adaptation and mitigation, industry-based environmental management, waste management, environmental education, catchment management, water resource management, land rehabilitation, pollution control, environmental science, wildlife management, conservation, and coastal and park management.

Related degrees

- Bachelor of Science

Further study

- Bachelor of Environmental Science (Honours)
- Master of Sustainability

Bachelor of Environmental Science (Marine Biology)

Study Deakin’s Bachelor of Environmental Science (Marine Biology) at our Warrnambool Campus and gain extensive hands-on experience exploring coastal ecosystems and marine environments in an area that has some of the richest biodiversity in Australia. With a biological and ecological focus, this course provides students with the skills and knowledge to sustainably manage precious marine environments, both in the classroom and through hands-on field trips in the environment.

Course information

Course code: S398
Years (full time): 3
Intake: T1 (March), T2 (July), T3 (November)
2022 annual fee: $37,000 IELTS score: 6/6

Structure

24 credit points, including:

- 18 core units
- 6 elective units
- 3 zero-credit-point units (laboratory and fieldwork safety, career tools for employability and academic integrity).

Careers

Graduate ready to take up challenging roles, such as wildlife officer, conservation officer, wildlife manager, park ranger, project officer, research scientist, wildlife biologist, conservation biologist or landscape ecologist.

Related degrees

- Bachelor of Marine Science
- Bachelor of Science

Further study

- Bachelor of Environmental Science (Honours)

Bachelor of Environmental Science (Wildlife and Conservation Biology)

Deakin’s Bachelor of Environmental Science (Wildlife and Conservation Biology) allows you to get out of the classroom and into nature. Learn how to capture and handle native animals, measure the health of ecosystems, survey wildlife populations, develop conservation strategies and even have the opportunity to visit global biodiversity hotspots.

Course information

Course code: S398
Years (full time): 3
Intake: T1 (March), T2 (July), T3 (November)
2022 annual fee: $37,000 IELTS score: 6/6

Structure

24 credit points, including:

- 19 core units
- 5 elective units
- 3 zero-credit-point units (laboratory and fieldwork safety, career tools for employability and academic integrity).

Careers

Diverse career opportunities include fisheries officer, marine biology consultant, laboratory technician, marine educator, local government environmental officer, aquaculture manager and sustainability project officer, as well as moving into research or pursuing postgraduate study.

Related degrees

- Bachelor of Marine Science
- Bachelor of Science

Further study

- Bachelor of Environmental Science (Honours)
- Master of Sustainability

Accreditation

After graduating and gaining experience working in industry, you may become a Certified Environmental Practitioner through the Environment Institute of Australia and New Zealand.
Health professionals have rewarding careers helping people lead healthier and happier lives. Whether you are looking for a career in health sciences, occupational therapy, social work or public health, a Deakin health degree will provide many exciting opportunities across hospital, private practice, corporate and government settings.

Gain real-world experience in health

What better way to learn than in real-life healthcare settings? Deakin health courses offer extensive opportunities in actual workplaces, so you can gain valuable skills and experience under the supervision of qualified practitioners. This practical approach sees our students placed in schools, hospitals, clinics, community health organisations, or corporate settings. And most degrees offer this experience from the first year of study, meaning you will build an impressive resume by the time you graduate.

Access our growing health precinct

Health students at Deakin’s Geelong Waurn Ponds Campus have access to incredible facilities that offer a supportive environment for supervised placements. Within the medical precinct at Deakin’s Geelong Waurn Ponds Campus, the $53 million Regional Community Health Hub (REACH) and the Epworth HealthCare’s 250-bed private hospital enhance our students’ learning experience.

Learn about other areas in health

Deakin’s multidisciplinary approach means that students in one area, for example occupational therapy, have the opportunity to work as part of a multidisciplinary health team with medicine, nursing, social work and dietetics students. This experience will help you develop an understanding of the expertise and roles of the different health professionals you will likely find yourself working with in the future.

Rural and regional experiences

Gain a broader perspective through a rural and regional focus to your course, helping to address the significant health workforce shortage throughout rural, regional and outer metropolitan areas. Your rural and regional placements will complement knowledge and skills gained from metropolitan settings.

Health sciences

If you are looking to discover your passion in the health and human services sector, a degree in health sciences allows you to tailor your qualification to suit your career aspirations. You will become a specialist in the health sector through choosing from a broad range of majors to select the study areas you are passionate about.

Medical imaging

Otherwise known as medical diagnostic radiography, medical imaging is the technique of creating visual representations of the internal organs of the body for clinical analysis and medical intervention. As a medical imaging student you will gain exposure to industry-grade equipment and techniques, and participate in extensive clinical practice in clinical centres nationally, as well as at Deakin’s own state-of-the-art medical imaging teaching laboratory.

Occupational therapy

Occupational therapy is a career where you will have a direct impact on people’s lives. Through study in this area you will gain the specialised knowledge needed to promote good health and wellbeing both at home and in the workplace.

Optometry

Learn to manage the health and function of the eyes and visual system, and to diagnose and manage a range of ocular conditions. Through study in optometry you will also learn about visual health issues and their local and international impact on populations.

Public health and health promotion

Explore the social and environmental factors that cause poor health, and those that create and sustain good health. As a public health specialist, you will have the unique opportunity to be involved in campaigns that save lives.

Deakin is ranked in the Top 1% of universities worldwide for Public Health by ShanghaiRankings.

Social work

If you have a strong sense of social justice and are passionate about human rights, a career in social work could be for you. In this diverse profession you will work with individuals, families and communities to address inequality and improve lives.

Choose your degree

Deakin offers six undergraduate health programs and the degree you choose will depend on your area of interest. See the next page to further explore your study options.
Bachelor of Medical Imaging

Deakin’s Bachelor of Medical Imaging has been developed to provide you with the latest knowledge in medical radiation science, and train you in techniques such as general radiography, computed tomography (CT), digital vascular imaging and magnetic resonance imaging (MRI). You will learn in our medical imaging labs that replicate the capabilities of real-world medical imaging clinics with function image intensifiers, x-ray and ultrasound machines.

Course information
Course code: HMB071
Years (full time): 3
Campus: Geelong
Intake: T1 (March), T2 (July), T3 (November)
2022 annual fee: $52,600
IELTS score: 6.5/6

Major sequences
Disability and inclusion
Environmental health
Exercise science
Family, society and health
Food studies
Health, nature and sustainability
Health promotion
Medical imaging
Nutrition
Physical activity and health
Psychological science
Psychology for allied health

Structure
24 credit points, including:
• 6 core units
• A minimum of 2 major sequences
• 2 credit-point academic integrity unit

Careers
Depending on the major sequences you choose and your choice of electives, you could be qualified to work in roles such as community engagement officer, disability support planner, environmental and sustainability officer, exercise specialist, health promotion coordinator, interventional radiology nurse, or policy coordinator, or policy advisor.

Related degrees
Bachelor of Health Sciences/Bachelor of Arts

Further study
• Bachelor of Health Sciences (Honours)
• Graduate Certificate of Epidemiology
• Master of Health Economics
• Master of Health Promotion
• Master of Nutrition and Population Health
• Master of Public Health

Bachelor of Occupational Therapy

Occupational therapy enables people to lead active, healthy and productive lives. Deakin’s Bachelor of Occupational Therapy will prepare you to identify people’s strengths and limitations, and the role these play on their ability to achieve their goals. You will gain the knowledge and skills to improve people’s ability to participate in activities and occupations that are meaningful to them. You will gain the expertise to implement a range of evidence-based interventions for people who live with a range of health limitations, including those caused by injury, illness, developmental or environmental barriers.

Course information
Course code: HMD010
Years (full time): 3
Campus: Geelong
Intake: T2 (March), T3 (July)
2022 annual fee: $53,600
IELTS score: 7/7

Accreditation
Deakin’s Bachelor of Medical Imaging is accredited by the Australian Health Practitioners Regulation Agency (APRA). Once you graduate, you will be eligible to receive APRA registration as a Medical Radiation Practitioner, which enables you to work in a range of medical imaging settings across Australia.

Work experience
From your first year you will start clinical placements, allowing you to develop clinical skills under the supervision of experienced practitioners. You will work in a range of settings, including hospitals and private radiology clinics throughout Australia. You will further strengthen your skills in our state-of-the-art medical imaging training unit at the Geelong Waurn Ponds Campus.

Structure
32 credit points (all units are core units), and a 0-credit-point academic integrity unit.

Careers
A degree in medical imaging prepares you for careers in hospital radiology departments, specialist medical facilities, and private radiology practices. As a graduate, you will be eligible to work as a skilled practitioner across the broad range of diagnostic medical imaging, including general radiography, CT, fluoroscopy, and MRI.

Bachelor of Public Health and Health Promotion

Learn to make a difference to people’s lives through Deakin’s Bachelor of Public Health and Health Promotion. You will learn how to tackle health issues and improve the wellbeing of individuals, communities and the environment using combined approaches involving community engagement, policy development, research, education and the media. As a graduate, you will be prepared to lead on advocacy and to address the causes of poor health and improve wellbeing throughout society.

Course information
Course code: HMD010
Years (full time): 3
Campus: Geelong
Intake: T2 (March), T3 (July)
2022 annual fee: $53,600
IELTS score: 7/7

Accreditation
Deakin’s Bachelor of Social Work is a recognised Social Work Program accredited by the Australian Association of Social Workers (AASW). Graduates of this program will be eligible to apply to the membership of AASW and can practice throughout Australia.

Work experience
Work placements provide an opportunity for students to learn under the supervision of qualified social work practitioners. During the course there is a minimum of 1000 hours of work placements conducted in a variety of community settings and workplaces, with placements conducted in metropolitan and regional settings.

Structure
32 credit points, including:
• 29 core units
• 3 elective units
• 0-credit-point academic integrity unit.

Careers
Graduates may work as a community development coordinator, health policy developer, health promotion officer, health researcher, program development coordinator, program evaluator, social planning officer, or women’s health officer. Employment areas may include healthy eating, mental health, physical activity and environment health, social inclusion, chronic illness (such as asthma, arthritis, heart disease), and women’s health.

Related degrees
• Bachelor of Nursing/Bachelor of Public Health and Health Promotion
• Bachelor of Public Health and Health Promotion/Bachelor of Commerce

Further study
• Bachelor of Public Health and Health Promotion (Honours)
• Master of Health Promotion
• Master of Nutrition and Population Health
• Master of Public Health

Bachelor of Social Work

If you are passionate about human rights and have a strong sense of social justice, this is the perfect degree to begin your journey into a rewarding career in social work. Deakin’s Bachelor of Social Work provides you with the knowledge and skills to give the wellbeing of others a voice through developing your understanding of policy, socioeconomic factors and social equity issues.

Course information
Course code: HMD010
Years (full time): 3
Campus: Geelong
Intake: T2 (March), T3 (July)
2022 annual fee: $53,600
IELTS score: 7/7

Accreditation
Deakin’s Bachelor of Social Work is an Australian Association of Social Workers (AASW) accredited qualification. Students completing the course are eligible to apply to the membership of AASW and can practice throughout Australia.

Work experience
Work placements provide an opportunity for students to learn under the supervision of qualified social work practitioners. During the course there is a minimum of 1000 hours of work placements conducted in a variety of community settings and workplaces, with placements conducted in metropolitan and regional settings.

Structure
32 credit points, including:
• 29 core units
• 3 elective units
• 0-credit-point academic integrity unit.

Careers
You may be involved in policy development and research, counselling, family therapy, drug and alcohol counselling, community development and refugee assistance. Social workers also work as program managers or coordinators, and as advocates, facilitators, activists or consultants. You may work in specialist areas such as health, housing or education, or with groups such as the aged, families, women, youth or multicultural populations.

Bachelor of Vision Science/Master of Optometry

Deakin offers Australia’s first accelerated optometry course. You complete the five-year degree in just 3.5 years by studying three trimesters per year. Learn how to manage the health and function of the eye, and how to manage and care for a range of ocular conditions. The Bachelor of Vision Science/Master of Optometry will see you graduate as a qualified optometrist. You will learn about visual health issues and their impact at local and international levels.

Course information
Course code: HMD010
Years (full time): 3
Campus: Geelong
Intake: T1 (March), T2 (July)
2022 annual fee: $58,400
IELTS score: 7/7

Accreditation
Deakin’s Bachelor of Optometry is the only Bachelor of Optometry course in Australia to be accredited by the Australian Health Practitioner Regulation Agency (AHPRA) and the Australian Association of Optometry. In 2022, it is expected that there will be a requirement to achieve approximately 1500 clinical hours, including medical eye care; research and education; and special interests within optometry, such as myopia control, dry eye management, low vision, and paediatric vision.

1 Cloud Campus (online) students will be required to attend some campus-based activities.
2 Some units are available in the Cloud Campus (online).
3 Individual units may not be available at every campus.
4 Under most Deakin courses, the Bachelor of Medical Imaging runs on a Semester system.
5 This degree is a 3.5-year accelerated full-time program delivered over 10 consecutive trimesters. This means you will study trimesters in a single calendar year.
6 The 2017 course fee is for four trimesters of full-time study in a single calendar year.
Bachelor of Arts

Deakin’s Bachelor of Arts degree offers many opportunities, allowing you to keep your career options open and design your course around your interests. All arts majors and minors are taught as a combination of practical and theoretical learning, with many areas of study offering work experience opportunities. You will develop specialist knowledge in your chosen disciplines and learn how to apply critical, creative and strategic thinking to real-world issues.

Course information

Course code: A000
Years (full-time): 3
Campus: C
Intake: T1 (March), T2 (July), T3 (November)
2022 annual fee: A$31,200
IELTS score: 6/6

Structure

24 credit points, including:
• 2 major sequences of at least 8 credit points each, OR
• 1 major of at least 8 credit points and 1 minor of at least 4 credit points, PLUS
• 0-credit-point academic integrity unit.

Careers

The Bachelor of Arts builds valuable and transferable career skills. The range of disciplines on offer also lets you follow your passion and develop the specialist skills to pursue the career you want. You will be able to take your degree into a range of careers, including administration, advertising, business, communication, community services, criminal justice, ethics, finance, and the Galleries, Libraries, Archives and Museums (GLAM) sector.

Bachelor of Criminology

Learn the who, why and how of crime with Deakin’s Bachelor of Criminology. Join the most established criminology program in the Australian state of Victoria, and graduate as a well-rounded crime expert. Through a combination of theory and practical learning you will gain a deep understanding of the causes and impacts of criminal behaviour, from environmental crime to terrorism. You will learn how to use this knowledge alongside critical thinking to address criminal justice issues.

Course information

Course code: A009
Years (full-time): 3
Campus: C
Intake: T1 (March), T2 (July)
2022 annual fee: A$33,200
IELTS score: 6/6

Practical experience

Get a head start in your career with real-world criminology work experience during this degree. You will receive course credit and develop valuable industry connections through internship opportunities in areas, including:
• community corrections
• health and human services
• government and private sectors.

Structure

24 credit points, including:
• At least 12 credit points of criminology units
• Up to 12 credit points of elective units
• 0-credit-point academic integrity unit.

Careers

Potential career opportunities await in both the public and private sector. Graduates can look forward to a diverse and challenging career in roles including: criminal intelligence analysts, correctional officers (including community correctional officers), crime data analysts, criminologists, criminal justice oversight and accountability specialists.

Related degrees

• Bachelor of Criminology/  
• Bachelor of Cyber Security

*Remaining credit points may be used to undertake additional major or minor sequences, or electives.
*All majors except language and cultural studies can be taken as minors.
*Students wishing to complete multiple majors/minors under creative arts are recommended to apply for a Bachelor of Creation Arts.

Offered at Geelong Waurn Ponds Campus

Students studying by combination of online and campus-based learning.
These opportunities will allow you to work on real industry projects, hosted by the organisation. Software Engineering students are required to undertake a compulsory work placement. If you study in the Bachelor of Computer Science, you will learn what it takes to create and integrate complex new computing technologies while exploring existing and emerging challenges in areas such as data analytics, machine learning, robotics, intelligent and autonomous systems, and telecommunications.

Course information

Bachelor of Artificial Intelligence

Deakin’s Bachelor of Artificial Intelligence provides you with the knowledge and skills to design, develop and evolve software solutions that utilise the latest advances in artificial intelligence (AI). Get hands-on experience developing AI-driven software solutions with the support of academics who are leaders in this emerging field.

Our world-class research in AI feeds directly into our classrooms, ensuring what you learn meets the latest industry expectations and capabilities.

Course information

Course code: S310

Years (full-time): 3

Campus: –

Intake: T1 (March), T2 (July)

2022 annual fee: A$34,400

IELTS score: 6/6

Accreditation

The Bachelor of Artificial Intelligence is professionally accredited with the Australian Computer Society (ACS), providing international recognition and graduate eligibility for membership of the ACS.

Structure

24 credit points, including:

- 20 core units
- 4 elective units
- 3 zero-credit-point units (safety induction, career tools for employability and academic integrity).

Careers

The field of AI offers an exciting future as more industries spend time and money on improving what they do through learned behaviour and automation. Graduates are equipped to work on the design, development and operation of software solutions involving AI across a broad range of industry sectors. You may find employment in roles such as data scientist, data analyst, AI technology software engineer, or AI architect.

Further study

- Bachelor of Information Technology (Honours)
- Bachelor of Computer Science (Honours)
- Bachelor of Cyber Security

Cyber security is a growing issue for both individuals and businesses. Technology is not only pivotal to business in the 21st century, but to living everyday life. As a result, cyber security professionals are in high demand around the world. Deakin’s Bachelor of Cyber Security provides you with the essential skills to investigate and combat cyber crime and cyber terrorism.

Course information

Course code: S354

Years (full-time): 3

Campus: –

Intake: T1 (March), T2 (July)

2022 annual fee: A$34,400

IELTS score: 6/6

Accreditation

The Bachelor of Cyber Security is professionally accredited with the Australian Computer Society (ACS), providing international recognition and graduate eligibility for membership of the ACS.

You will also have the opportunity to complete industry certifications within existing course units as part of your cyber security degree for no additional cost. Certifications include:

- Certified Ethical Hacker (CEH)
- Certified Secure Programmer (CSP)
- Computer Hacking Forensic Investigator (CHFI)
- Cybersecurity Fundamentals (CSX).

These industry certifications are recognised globally and prove your competence and proficiency in these highly-skilled cyber security areas.

Structure

24 credit points, including:

- 16 core units
- 1 IT minor sequence (4 credit points)
- 4 elective units
- 3 zero-credit-point units (safety induction, career tools for employability and academic integrity).

Careers

Careers options include work as a security consultant, cryptographer, information security auditor, IT security engineer, project manager, security analyst, security system developer or programmer, and security system manager.

Related degrees

- Bachelor of Criminology
- Bachelor of Cyber Security
- Bachelor of Laws
- Bachelor of Cyber Security

2022 annual fee: A$34,400
IELTS score: 6/6

Minor sequences
Cyber security
Network and cloud technologies
Programming
Virtual and augmented reality

Further study
Bachelor of Information Technology (Honours)

Bachelor of Software Engineering (Honours)

Create the smart systems of the future by studying Deakin’s Bachelor of Software Engineering (Honours). Studies in software engineering provide you with specialised skills in computing, robotics and cyber-physical systems. You will be prepared for a career as an innovative software engineer capable of developing the smart devices and systems of the future.

Course information
Course code: S464
Years (full time): 3
Campus: Cloud (online) campuses only.
Intake: T1 (March), T2 (July)
2022 annual fee: A$34,400
IELTS score: 6/6

Accreditation
Deakin has been awarded accreditation for the Bachelor of Software Engineering (Honours) with the Australian Computer Society (ACS), as well as provisional accreditation with Engineers Australia.

Structure
32 credit points, including:
• 24 core units
• 14 elective units

Careers
Graduates will be required to work for one year as a legal trainee, or to undertake a practical legal training (PLT) course.

Structure
32 credit points, including:
• 18 core units
• 14 elective units
• 0-credit-point academic integrity unit.

Careers
Graduates work in commercial law, family law, criminal law, refugee law, human rights law, or personal injury law. You may also choose to enter the business sector in almost any industry, or government service in areas such as education, politics or public administration.

Bachelor of Laws (Honours)

Deakin Law School offers world-class and prestigious degrees that explore commercial law, criminology and more. You will become prepared for a challenging and rewarding career.

Many areas of law
A centre for excellence in commercial law, Deakin Law School delivers a diverse range of study and research areas, including intellectual property, corporate law, torts, sentencing and law practice, property law, human rights law, family law and cyber law, as well as migration and refugee law.

Deakin Law Clinic
Deakin Law Clinic provides a free community legal service to those seeking legal advice in a range of areas, including civil and commercial law, criminal law, employment law, family law, and venture law. Students interview real clients under the supervision of qualified legal practitioners, conduct research on legal issues, and offer advice where appropriate. Students also have the opportunity to attend court proceedings. These clinical programs empower students to expand on the rigorous academic knowledge and the critical skills they gain during their degree.

deaustin.edu.au/law-clinic

Legal internship program
Students can access internship placements at law firms, legal aid providers and government offices for credit as part of their Deakin Law School experience. You will gain practical legal skills and experience that employers look for, and graduate work-ready into a competitive employment market.

Highly ranked
Deakin’s law programs are ranked in the Top 10 Law Schools in Australia by ShanghaiRankings World University Rankings by Subject.

Bachelor of Laws
Designed and taught by practising lawyers and academics, Deakin’s accredited Bachelor of Laws integrates legal training with real-world experience, allowing you to develop key skills in problem-solving, analytical thinking and ethical reasoning.

Course information
Course code: S599
Years (full time): 3
Campus: Cloud (online) campuses only.
Intake: T1 (March), T2 (July)
2022 annual fee: A$38,000
IELTS score: 7/6.5

Accreditation
Deakin’s Bachelor of Laws is designed to satisfy the university component of the requirements to become an Australian lawyer set by the Victorian Legal Admissions Board (VLAB). In addition to completing an approved LLB degree, graduates will be required to work for one year as a legal trainee, or to undertake a practical legal training (PLT) course.

Structure
32 credit points, including:
• 18 core units
• 14 elective units
• 0-credit-point academic integrity unit.

Careers
Graduates work in commercial law, family law, criminal law, refugee law, human rights law, or personal injury law. You may also choose to enter the business sector in almost any industry, or government service in areas such as education, politics or public administration.

Related degrees
• Bachelor of Arts/Bachelor of Laws
• Bachelor of Commerce/Bachelor of Laws
• Bachelor of Criminology/Bachelor of Laws
• Bachelor of Laws/Bachelor of Cyber Security
• Bachelor of Laws/Bachelor of International Studies
• Bachelor of Property and Real Estate/Bachelor of Laws
• Bachelor of Science/Bachelor of Laws

Further study
Bachelor of Laws (Honours)

* intake available at the Melbourne Burwood and Cloud (online) campuses only.
If you enjoy working in a team and have good communication and decision-making skills, a career in nursing and midwifery may be for you. Deakin offers a single nursing degree and a nursing and midwifery combined degree, as well as other nursing combined degrees.

Among the best
Deakin is ranked in the top 30 universities in the world for nursing by the prestigious QS World University Rankings by Subject, which is informed by academic and employer reputation, as well as research impact.

Professional recognition
As a graduate of the Bachelor of Nursing, Bachelor of Nursing/Bachelor of Midwifery or other combined nursing degree, you will be eligible to apply for registration as a registered nurse with the Nursing and Midwifery Board of Australia (NMBA). On completion of the Bachelor of Nursing/Bachelor of Midwifery, you are also eligible to apply for registration as a midwife.

Practical, real-world experience
You will gain clinical experience in a variety of nursing settings. Clinical placements begin in Trimester 1 of your first year and continue throughout your course in every trimester. They offer extensive opportunities to develop and consolidate your learning, and are undertaken in metropolitan, regional and rural health care settings under the supervision of qualified practitioners.

Clinical Simulation Centres
Deakin’s Clinical Simulation Centres replicate hospital and community settings with state-of-the-art equipment. These purpose-built, flexible learning spaces and simulated clinical facilities offer a safe, supportive and realistic environment for you to develop essential clinical nursing and midwifery skills. You will take part in case-based scenarios, and these will become more complex as your nursing degree progresses.

Bachelor of Nursing
Deakin’s Bachelor of Nursing gives you the knowledge, skills and ethical understanding needed to become a competent and successful registered nurse – launching you into a career where you can make a real difference. This degree prepares you to provide high-quality, safe, patient-centred care in a range of settings. Students with current or previous nursing experience may be eligible to apply for up to 16 credit points in recognition of prior learning.

Course information
Course code: H326
Years (Full time): 3
Campus: [ ] [ ] Intake: T1 (March), T2 (July)^
2022 annual fee: A$35,200
IELTS score: 7/7

Structure
24 credit points, including:
• 17 core units (totaling 23 credit points)
• 3 elective units
• 0-credit-point academic integrity unit

Careers
Graduates will be well prepared to pursue a career as a registered nurse in a range of work areas, including hospitals, homes, hospices, aged care settings, clinics, schools, universities, community health centres, government agencies and private industries.

Related degrees
• Bachelor of Nursing
• Bachelor of Midwifery
• Bachelor of Psychological Science
• Bachelor of Public Health and Health Promotion
• Bachelor of Nursing (Honours)

Bachelor of Nursing/Bachelor of Midwifery
Midwives play an invaluable role in facilitating childbirth and caring for mothers and babies throughout pregnancy, labour and beyond. With Deakin’s combined Bachelor of Nursing/Bachelor of Midwifery, you will graduate ready to gain registration as both a nurse and a midwife, preparing you for a rewarding and diverse career. Deakin graduates are highly sought-after for their ability to provide quality person-centred, evidence-based care, focused towards improving client outcomes.

Course information
Course code: H326
Years (Full time): 4
Campus: [ ] [ ] Intake: T1 (March)
2022 annual fee: A$35,200
IELTS score: 7/7

Structure
32 credit points, including:
• 26 core units (totaling 32 credit points)
• 0-credit-point academic integrity unit

Careers
Graduates find work as a registered nurse and/or a registered midwife in hospitals, clinics, community health centres, schools and maternity services.

Related degrees
• Bachelor of Nursing
• Bachelor of Midwifery

Your pathway to becoming a registered nurse
Deakin’s undergraduate nursing degrees are specifically designed to fulfil the registration standards of the Nursing and Midwifery Board of Australia (NMBA). The diagram below highlights the study options available to achieve NMBA registration as a registered nurse.

Please note: Nursing registration is one component of work visa eligibility in Australia. For information about work visas, visit the Department of Home Affairs at homeaffairs.gov.au.

* Pending approval, this intake is available to students who are a Registered Nurse in their home country and meet the course’s Recognition of Prior Learning requirements (Melbourne Burwood and Geelong Waterfront campuses only).
^ All nursing applicants applying to Deakin are also required to complete and submit the Deakin University Nursing English Language Requirements Self-Declaration form with their online course application. Please visit deakin.edu.au/course/H326-international for further information.
Nutrition and Dietetics

Issues related to food and health are increasing around the world as we face challenges such as obesity, mental illness and disease. Food and nutrition play a huge part in human health, so there is high demand for qualified professionals to educate the community about how to live a healthy life.

Strong links to industry

Through Deakin’s strong connections with industry and opportunities to complete work placements, you will learn from leading professionals in healthcare and food settings. This experience will enable you to build your network from early on in your career, which will prove useful when you begin your job search.

State-of-the-art facilities

Put theory into practice in our state-of-the-art food sensory labs located within our Centre for Advanced Sensory Science. Designed just like those found in industry settings, our labs provide hands-on experience that prepares you for the workplace.

Accreditation

Enrolled students and graduates of Deakin’s undergraduate nutrition programs can apply for membership of the Nutrition Society of Australia. If you choose to undertake the food innovation major, you may also be eligible for membership of the Australian Institute of Food Science and Technology.

Graduates are eligible to apply to become a Registered Associate Nutritionist with the:

• Nutrition Society of Australia
• Hong Kong Nutrition Association
• UK Association for Nutrition.

Work experience

You may choose to undertake an industry placement elective unit and/or volunteer unit to gain hands-on experience while completing your degree. In the final year of your degree, you can enhance your employment prospects and consolidate your knowledge and skills by undertaking at least 75 hours of placement within the Food and Nutrition practicum unit. The practical experience you will complete is a core feature of this program and it sets you apart from other graduates.

Bachelor of Nutrition Science

Study Deakin’s Bachelor of Nutrition Science to develop an understanding of human nutrition and its impact on health. Learn how to approach the challenges facing our society including disease prevention, obesity, the spread of misinformation, and the social and physiological effects of food on our wellbeing.

This degree provides an opportunity to complete the prerequisites required to apply for Deakin’s Master of Dietetics, and is a direct pathway for students to apply for the Master of Human Nutrition or Master of Nutrition and Population Health.

Course information

Course code: H318

Years (full time): 3

Campus: G, M

Intake: T1 (March), T2 (July)

2022 annual fee: A$36,400

IELTS score: 6.5/6

Structure

24 credit points, including:

• 13 core units
• 6 unit Food Innovation major sequence and 5 elective units OR 5 nutrition and food elective units and 6 elective units
• 3 zero-credit-point compulsory units.

Major sequences

Disability and inclusion 1 2
Exercise science 1 2
Family, society and health 1 2
Food innovation 1
Health promotion 1 2
Physical activity and health 1 2
Psychology 1 2

Careers

Graduates are well prepared for careers requiring knowledge of nutrition and health in different populations and life stages, diet and disease relationships, food sustainability, food composition and analysis, and food policy. Students completing the food innovation major will be prepared for careers requiring knowledge of consumer behaviour, sensory analysis, product development, food quality and safety, and food manufacturing. You may also gain employment in food regulation, consumer education and awareness campaigns, and community nutrition.

Further study

Psychology

Studying psychology allows you to explore the human mind, its processes, behaviour and mental states. With increasing focus on mental health in modern society, a psychology qualification can lead to a range of opportunities and a career that is both rewarding and challenging.

Highly ranked

Deakin’s psychology programs are ranked in the Top 200 universities worldwide by QS. That means we are in the Top 1% in the world, so you can be confident that your Deakin psychology degree will be respected by employers across a wide range of industries.

Accreditation

All of the psychology courses offered at Deakin meet the requirements of the Psychology Board of Australia (PBA) and the Australian Psychological Society (APS), translating into excellent job and career opportunities for our graduates. Deakin’s Bachelor of Psychological Science is accredited by the Australian Psychology Accreditation Council (APAC).

Deakin’s Bachelor of Arts (Psychology) with a 10-credit-point major in psychology is accredited by the Australian Psychology Accreditation Council (APAC), and enables you to undertake additional study in pursuit of provisional registration as a psychologist.

Explore our industry connections

Deakin has close ties with industry – so you will benefit from learning the most up-to-date knowledge. Our industry partnerships involve collaborations with government agencies, public and private organisations, hospitals, as well as other universities.

Additional psychology degrees

Deakin also offers a Bachelor of Human Resource Management (Psychology) and Bachelor of Marketing (Psychology). Both degrees are accredited by the Australian Psychology Accreditation Council (APAC). You can learn more about these degrees in the business section (page 26) of this guide.

Bachelor of Arts (Psychology)

Study the Bachelor of Arts (Psychology) and gain insight into why people think, feel and behave the way they do. At the same time, you will also be exposed to a range of opportunities through your study in the Arts. Learn a variety of skills sought by employers by studying one degree, with exposure to two distinct areas of interest.

* Students wishing to complete multiple majors/minors under creative arts are recommended to apply for a Bachelor of Creative Arts.
* Offered to Geelong Waurn Ponds Campus students by combination of online and campus-based learning.
Pathways to registration as a psychologist

To obtain registration as a provisional psychologist, you will need to complete four years of psychology studies recognised by the Psychology Board of Australia. After completing a Deakin undergraduate psychology degree, there are a number of further study options you can take to be eligible for registration. The following diagram provides an overview of potential pathway options.

1. Complete
   - Bachelor of Psychological Science
   - Bachelor of Arts (Psychology)*
   - Bachelor of Health Sciences*
   - Bachelor of Human Resource Management (Psychology)
   - Bachelor of Marketing (Psychology)
   - Graduate Diploma of Psychological Science
   - Bachelor of Criminology
   - Bachelor of Psychological Science
   - Bachelor of Nursing
   - Bachelor of Psychological Science

2. Complete
   A fourth year of study in psychology (either Graduate Diploma of Psychology (Advanced) or honours in psychology).

3. Apply for
   Provisional registration with the Psychology Board of Australia (once conditions are met) and associate membership of the Australian Psychological Society (APS).

4. Complete
   A masters or doctorate in psychology that includes work placement.
   Deakin masters and doctorate programs:
   - Master of Psychology (Clinical)
   - Master of Psychology (Organisational)
   - Doctor of Psychology (Clinical)

5. Apply for
   Full registration with the Psychology Board of Australia and full membership of the Australian Psychological Society (APS).

Science

Science often plays a key role in finding solutions to world issues. If you would like to improve the world around you, a degree in science can help you make an impact in areas such as climate change, stem cell research or forensic crime.

Experience before graduating

Deakin’s science degrees have a focus on practical experience and offer hands-on learning to ensure you graduate skilled and work-ready. These experiences might include workplace visits, field trips, industry learning and networking opportunities, helping to build your resume before you graduate.

Work experience

As a Deakin science student, you gain experience through innovative practical programs, including professional practice units. This means you will have 80-160 hours of work experience in a course-related organisation, giving you the opportunity to apply the knowledge gained in your course, experience workplace culture and workplace practices, explore career options, and develop a professional network.

Learn in outstanding facilities

Studying at Deakin gives you access to cutting-edge technology and is enhanced by a range of facilities and equipment, like our Geographic Information Systems (GIS) lab, purpose-built crime scene training facility, wildlife tracking technology, aquaculture facilities and high-tech biomedical research laboratories.

Supporting women in STEMM

Deakin has been awarded a prestigious Athena SWAN Institution Bronze Award for its programs that encourage more women to study in Science, Technology, Engineering, Mathematics and Medicine (STEMM). The award recognises Deakin’s extensive work in promoting gender equity, inclusivity and diversity.
Bachelor of Science

Deakin's Bachelor of Science prepares you to enter the exciting world of scientific discovery, while allowing you to create your own unique path by choosing from a wide range of majors. The degree is about more than just laboratory work and prepares you for a variety of real-life situations in which today's science graduates work.

Course information

Course code: 3008
Years (full time): 3
Campus: Geelong, Waurn Ponds
Intake: T1 (March), T2 (July)
2022 annual fee: A$37,000
IELTS score: 6/6

Major sequences

- Animal biology
- Cell biology
- Marine biology
- Environmental science
- Genomics

- 24 credit points, including:
  - 15 core units
  - 3 elective units
  - 6 major sequence units
  - 3 zero-credit-point units (laboratory and fieldwork safety, career tools for employability and academic integrity).

Careers

Biomedical science provides opportunities in a range of health-related industries, including medical research, genetic engineering, the pharmaceutical industry, pharmaceutical/medical sales and laboratory technology. You could also advance to honours or postgraduate studies, enhancing your professional development as a scientist, which will complement your scientific training and broaden your career opportunities. Deakin also offers three preferential places into the Doctor of Medicine for international students who successfully complete our Bachelor of Biomedical Science and meet the Doctor of Medicine admission criteria.

Further study

- Bachelor of Science (Honours)
- Doctor of Medicine
- Master of Biotechnology and Bioinformatics

Bachelor of Biomedical Science - Your pathway to medicine

If you are interested in a career as a medical doctor, the Bachelor of Biomedical Science can be your first step.

Deakin offers three preferential places each year into Deakin's Doctor of Medicine for international students who successfully complete our Bachelor of Biomedical Science and meet the Doctor of Medicine admission criteria.

Deakin's medicine programs are among the best in the world. We have been ranked in the Top 200 universities worldwide for medicine by QS World University Rankings by Subject. Those rankings are informed by academic and employer reputation, as well as research impact.

Course information

Course code: 3009
Years (full time): 5
Campus: Geelong, Waurn Ponds
Intake: T1 (March), T2 (July)
2022 annual fee: A$37,000
IELTS score: 6/6

Major sequences

- Forensic biology
- Forensic chemistry

Accreditation

Deakin is the first university in Australia – and the only university in the Asia-Pacific region – to offer a professionally-accredited forensic science degree. The Bachelor of Forensic Science is accredited by the Chartered Society of Forensic Sciences.

Structure

- 24 credit points, including:
  - 17 core units
  - 7 elective units
  - 3 zero-credit-point units (laboratory and fieldwork safety, career tools for employability and academic integrity).

Careers

As a forensic scientist, you will gain skills across multi-disciplinary areas which allow for a diverse range of career opportunities in both research and applied fields in areas such as oceanography, marine biochemistry and biotechnology, fisheries, remote sensing, marine biology and ecology, microbiology and genomics, mathematics or economics. Further postgraduate studies, including research training, could lead you to becoming a research scientist in a specific field of marine science.

Sport

Sport is more than medals, trophies and sponsorship. It is about community, finding your passion, helping others and striving to be the best you can possibly be. Gain a world-class qualification in a country that is known globally for its sporting culture and achievement.

Get ready for a future in sport

Career outcomes in the sporting industry are exciting, varied and growing. With an increase in obesity issues and chronic disease rates in Australia and around the world, the importance of physical activity and participation in exercise and sport is growing. Professional sport and community sport leagues and organisations are expanding around the world, requiring qualified individuals who can manage them and nurture their development.

World-class sporting facilities

Our new world-class specialised indoor exercise and sport science building at the Burwood Campus features four levels of state-of-the-art sport science learning facilities. The building accommodates our growing suite of courses, increases your exposure to real-world technology and equipment, and enhances your opportunities for research projects and community engagement.

Specialised features

- A climate chamber that can simulate extreme conditions and alter temperature, metabolism and humidity.
- 40m running lanes and a walking track with overhead harness gantry.
- A 16-piece cardio area and an open group fitness area with over 40 stations.
- 3D motion capture systems and specialised AV equipment.
- Specialised 8m high ceilings, with retractable catch netting to accommodate sport actions in teaching, research and consultation.

Centre for Sport Research

The Centre for Sport Research (CSR) focuses on improving the health and performance of people and organisations participating in sport. As well as promoting sport and exercise, CSR conducts research that informs Deakin’s sport programs, meaning the curriculum is current, relevant and will prepare you for the diverse career you hope to pursue or progress.

Bachelor of Business (Sport Management)

Make a difference behind the scenes in the fast-paced sport industry through Deakin’s Bachelor of Business (Sport Management). You will develop the skills required to manage sport organisations, coordinate sporting competitions and major events, and work in community-based sporting programs. With the increased professionalism of sport, you will learn how to manage the business side of sport, with specialised training in sport marketing, finance, management and law. You can also build your expertise with a complementary business major.

Course information

Course code: M320
Years (full time): 3
Campus: F, T
Intake: T1 (March), T2 (July), T3 (November)
2022 annual fee: A$35,800
IELTS score: 6.5

Industry connections

Deakin’s Bachelor of Business (Sport Management) is the longest-running sport management course in Australia. This has allowed us to build strong relationships with partners from all sectors within the sports industry, and means you will learn relevant skills and knowledge.

Structure

- 24 credit points, including:
  - 16 core units
  - 8 elective units (which may include a major sequence)
  - 0-credit-point academic integrity unit.

Careers

Career opportunities include: player agent, professional players’ manager, professional sports association official, sports event coordinator, sports governance official, sports journalist, sport analyst, and sports management consultant.

Related degrees

Bachelor of Exercise and Sport Science/Bachelor of Business (Sport Management)

Bachelor of Exercise and Sport Science

Deakin’s Bachelor of Exercise and Sport Science provides an accredited pathway to register and practice as an Accredited Exercise Scientist with the national accrediting body, Exercise and Sport Science Australia (ESSA). You will learn how to apply knowledge and skills in exercise and sport science to improve the performance, health and participation of individuals, athletes and teams.

Course information

Course code: H343
Years (full time): T
Campus: B
Intake: T1 (March), T2 (July)
2022 annual fee: A$37,000
IELTS score: 6.5

Work experience

Students in this degree complete two industry-based practical experiences: 80 hours of practical experience in Exercise Programming in second year, and 140 hours of practical experience in the Exercise and Sports Science Practicum in final year. These are a core feature of the course and, when combined with one-on-one career mentoring by staff in particular units, will set you apart from other graduates.

Structure

- 24 credit points, including:
  - 16 core units
  - 8 elective units
  - 2 zero-credit-point compulsory units.

Careers

As well as typical roles in the sport, exercise, coaching and fitness industry, you may pursue employment in sport science, sports administration, facility management, community health and wellness, or rehabilitation. Employment opportunities also exist in elite sport, professional sporting clubs, government agencies, professional sporting bodies, sporting clubs, hospital and rehabilitation clinics, fitness and aquatic centres, private health and recreation centres, and large organisations in corporate health.

Further study

- Bachelor of Exercise and Sport Science (Honours)
- Master of Clinical Exercise Physiology
- Master of Dietetics

* This intake is available through the Cloud Campus (online) only.
Research and honours

After completing a bachelor degree at Deakin University, you may be interested in continuing your studies through an honours year, or even a research degree. Deakin offers a number of further study opportunities, and we invite you to explore these by visiting deakin.edu.au/ug-international.

Research at Deakin

At Deakin, we are proud to provide our research students with access to world-class facilities, a network of academic supervisors who are leaders in their fields, and a large range of research disciplines.

Deakin's research portfolio extends across many areas, including advanced materials, biotechnology, built environment, ageing and chronic illness, citizenship and globalisation, intelligent systems, natural resource management, physical activity and nutrition, education, social and mental health, and more. Using our industry, government and institutional networks, Deakin is building our global research footprint across four key themes, supported by world-class research institutes and strategic research centres. The themes are:

- Improving health and wellbeing
- Creating smarter technologies
- Building safe and secure communities
- Advancing society, culture and the economy

Research degrees

You can pursue postgraduate research studies in three different ways:

- Masters by research, which is awarded for an original contribution to knowledge, achieved in up to two years of full-time candidature or part-time equivalent
- Doctor of Philosophy (PhD), which is awarded for a substantial original contribution to knowledge, achieved in two to four years of full-time candidature or part-time equivalent
- Doctor of Psychology (DPsych), which is a professional doctorate program that combines a research project, coursework and structured research tasks that specifically relate to professional practice

Research rankings

Our strong commitment to research can be seen in Deakin’s excellent performance in the ShanghaiRankings, which has positioned Deakin in the Top 1% of universities worldwide. The University has also been ranked among the Top 50 young universities in the world by QS.

Honours degrees at Deakin

If you are a high-achieving student set to finish your bachelor degree at Deakin, you might have the opportunity to undertake an honours degree with us. Honours is a specialised year of study drawing together the theory and practical skills gained in your undergraduate studies. Studying at the honours level is a great way to get substantial research experience, improve your career opportunities or specialise in an area that you love. You will develop your knowledge of your chosen discipline through research and additional course work. Honours students are encouraged to take part in research seminars and forums and to present their research at conferences.

At Deakin you can apply to undertake honours in one of two ways:

- On-course honours award
  - An on-course honours degree is one where the honours component is embedded within the bachelor’s degree, e.g. Bachelor of Occupational Therapy.
  - This type of honours award recognises outstanding achievement in a bachelor degree program of four or more years that has an embedded honours component.

- Research-based honours award
  - Choose a course that allows you to undertake an additional year of study, e.g. Bachelor of Arts. This type of honours award allows you to undertake specialised research and research training while being supervised by an academic with a proven research record.
  - Both honours awards will provide you with significant experience and exciting opportunities to expand your skill base before moving into employment or postgraduate study. An honours award also provides the standard (and shortest) pathway for entry into research degrees.
Virtual Open Day 2021

On **Sunday 15 August 2021**, Deakin will be running a Virtual Open Day. Join us for this interactive live online experience and have the opportunity to engage directly with Deakin from anywhere in the world.

Alongside degree information sessions there will also be specific sessions run for international students which will cover the following topics:

- Applying to Deakin – entry requirements and pathways
- Funding your studies – living costs, part time work and scholarships
- International student life – live Q&A session with current Deakin international students

Register your attendance at [openday.deakin.edu.au](http://openday.deakin.edu.au).
