2021 UNDERGRADUATE DEGREES AND PATHWAYS

INTERNATIONAL COURSE GUIDE
Where you end up might not be where you started. But we’re here to go on that journey with you.

Try new things, find friends from all over the world, and learn from experts in their field.

Do more than what others tell you to do. Explore the unknown and grow comfortable with it.

Wherever your journey takes you, we’ll make sure you’re ready for it.

Swinburne is where your adventure begins.
MAKING OUR MARK EVERYWHERE WE GO

With a degree from Swinburne, you can go anywhere in the world.

Melbourne. Milan. Malaysia. Our graduates are spread around the globe and work for some of the most dynamic organisations, from startups to not-for-profits to multinationals.

A degree from Swinburne means you’ll have the prestige of a globally renowned university paired with the confidence that comes from genuine workplace experience.

When you graduate, you’ll become one of thousands of Swinburne graduates around the world who are writing their own success stories. And that’s all because a degree from Swinburne sets you up for life.

THE SWINBURNE ADVANTAGE

Can university be the place that makes you a resilient, adaptable, driven (insert any adjective to describe your amazing self here) genius? We think so. That’s why, when you join Swinburne, we’ll arm you with this unmatched range of tools and experiences.

Professional Purpose program

Find out what you truly care about, plan your career around it, and take this way of thinking with you when you graduate. Turn to page 8 for more information.

Adobe Creative Campus

We’re the first university in Australia to become one. Why? Because we want you to stand out in a sea of CV-sameness by being the most digitally savvy of them all. Whether it’s creating content, solving problems or knowing fact from fake, you’ll know what to do, when to do it and how. Bonus – get free access to over 20 Adobe Creative Cloud apps and free consultations with our Adobe Digital Coaches!

Work placement opportunities for all

Choose how you want to test-drive your professional purpose. Do a degree with a built-in placement year, sign up for an internship, join a student consultancy … the options are many! Our Careers and Employability centre has experienced career counsellors who can help review your CV, run practice interviews and more. And check out SwinEmploy, our online database for professional, part-time and casual jobs.

Global work and study options

Exit your comfort zone. Live in someone else’s shoes. Become a citizen of the world! It’s an experience that will boost your CV (and your level of wisdom)*

Experience is what will set you apart. Our graduates consistently tell us that Swinburne’s work-integrated learning opportunities were vital in helping them land their dream career. Check out all your options.

Professional degrees

Professional degrees include a compulsory, paid full-time 12 month work placement, usually undertaken in third year, before your final year of classes. They’re available to students who have just completed an Australian Year 12 program in the year prior and they offer invaluable skills attractive to future employers. Look for degrees with (Professional) in the title.

*Please note that overseas work and study tours are dependent on government travel advice.
YOU’LL NEVER WORK A DAY IN YOUR LIFE, IF YOU LOVE YOUR JOB

Introducing Swinburne’s Professional Purpose program. Find more than just a career. Find a professional life you’ll love, filled with meaning and purpose.

We don’t expect you to know what you want to be. We expect you to dive in and find out. And that’s precisely what our ground-breaking Professional Purpose program (which runs parallel to any on-campus bachelor degree) is designed to do.

- In your first year, you’ll explore your purpose and distil what really matters to you.
- In your second year, you’ll clarify your professional purpose and align it to the opportunities in the professional world.
- In your final year, you’ll focus on pursing your professional purpose by turning your plans into reality.

You’ll carry your purpose with you throughout your career... it’ll be the secret weapon that keeps you on the path you choose.

Plus, the program is designed to build your resilience, optimism, motivation and social connections. It only takes around three hours a year to complete and it’s delivered in a convenient mix of online modules and interactive workshops.

What’s not to love?

The program is designed to build your resilience, optimism, motivation and social connections.

Melbourne, Australia

Our main campus, in the inner-city suburb of Hawthorn, is nestled alongside the Glenferrie Road shopping precinct, where every convenience is to be found. Cheap eats, cafes, fine restaurants, a sport and recreation centre, a cinema, grocery stores and shops of every kind create an enticing environment in which to study and relax.

At Swinburne, we’re constantly investing in the future. In recent years, the Hawthorn campus has undergone extensive development and refurbishment, and now features modern, world-class facilities with cutting-edge technology.

The A$100 million Advanced Manufacturing and Design Centre gives researchers and students the opportunity to use the latest manufacturing and design techniques and technologies. The new centre has helped to cement Swinburne’s reputation as a hub for research and development.

Swinburne also boasts the Advanced Technologies Centre, an elite facility that plays host to a number of excellent research spaces, including the Smart Structures Laboratory, which focuses on structural engineering and is the only one of its kind in Australia.

Sarawak, Malaysia

This campus is located in the beautiful city of Kuching in Sarawak, Malaysia.

Kuching has been described as one of South East Asia’s most liveable cities, famous for its relaxed lifestyle, clean environment, and its proximity to beautiful beaches and nature reserves.

All of this, along with its rich history and old-world charm combined with 21st century modernity, makes Kuching and Swinburne Sarawak the perfect place to pursue your studies.

Swinburne Sarawak offers courses in business, design, engineering, IT, and science. All courses are identical to those offered on the Hawthorn campus, and degrees are awarded with Australian testamurs.

Swinburne Sarawak boasts a modern and pristine study environment, with state-of-the-art facilities that include lecture theatres, computer labs, research labs, a digital resource centre, auditorium, student lounges, and sporting facilities – all housed in contemporary, custom-designed buildings.

The many recreational clubs, societies, and activities on offer, make campus life at Swinburne Sarawak interesting, appealing, colourful, and engaging.

Melbourne has been named Australia’s top student city – and third best in the world by the 2019 QS Best Student Cities Ranking. And when you get to know Melbourne, it’s easy to see why. Home to five million people, Melbourne is a thoroughly international city with an amazing array of food, culture, scenery, and sport. It’s a smart city filled with hidden treasures, secret laneways and spectacular rooftops. It reveals itself to you slowly, and before long you become old friends.
Living costs

Students who are living and studying in Melbourne will require approximately A$23,000 to A$30,000 per year for ongoing living costs – not including tuition fees or airfares. On top of this, it’s important to budget for the costs of moving to Melbourne and setting yourself up. We advise budgeting approximately A$2500 to A$5000 for these costs. For more, visit swinburne.edu.au/study/life/living-in-melbourne/costs-banking.

The Australian Government requires prospective student visa applicants and any family members accompanying them to have access to minimum funds to meet the living costs requirements. For more, visit immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500.

Your living costs will depend on your accommodation choice and your type of lifestyle. Because of that, this section is only a rough guide, as individual expenses will differ.

Finding a home

Whether you want to live on- or off-campus, there are many options to choose from. For more information, visit swinburne.edu.au/accommodation.

Melbourne has warm summers, sunny springs, crispy leafed autumns and cool winters. There’s something for everyone with snow in the mountains and sun at the beaches.

#1 student city in Australia
QS Best Student Cities Ranking 2019

#2 most liveable city in the world
Global Liveability Index, 2019
The Economist Intelligence Unit.

I love it here. Living in Melbourne is super convenient with amazing food all around. Having the train so close to campus makes it easy to get myself around pretty quickly and explore.

CARA
UNITED STATES
THE TOP 10 PERKS OF BEING A SWINBURNE STUDENT

We may be biased, but we think studying at our Hawthorn campus offers one of the best uni experiences going round. Here’s why.

1. **Your own career cheerleading team**
   We’re all about job readiness. That’s why we run regular career and employability workshops and events designed to give you the best chance of turning your degree into employment. In the meantime? Have your cover letter, résumé and LinkedIn profile reviewed by our career consultants. Learn about opportunities to get hands-on experience before you graduate. Volunteer. Get involved. Go for it!

2. **Your own private pool, kinda**
   No pool? No problems. Swinburne students are sorted thanks to free use of the indoor and outdoor pools at Hawthorn Aquatic and Leisure Centre, conveniently located just around the corner from campus. You’ll also get discounted membership to the centre and access to Swinburne-only group fitness classes. Don’t know how to swim? Attend a free casual class that will teach you all the basics.

3. **Discounted movie tickets**
   Head to nearby Lido Cinemas on a Wednesday, flash your student ID and be rewarded with discounted movie tickets for just A$8 before 4pm or A$10 after 4pm. More money for popcorn? Win.

4. **Advice whenever you need it**
   Sometimes things get too much. Whether you need counselling to help you deal with a problem or financial advice to improve your money habits, Swinburne students have access to a range of services and advice. Got questions about your tax? Looking for some free legal advice? We’re here to help.

5. **Feeling safe, day or night**
   We want you to feel safe when you’re on campus, whether you’re at an early-morning tutorial or studying late at night. Have one of our security officers accompany you anywhere on campus or to your car. Live locally? Get our free Hawthorn night bus to drop you home.

6. **You’ll find your people**
   From basketball to AFL, unicycling to archery, and veganism to tango dancing, Swinburne boasts a diverse array of clubs and societies. Whatever your passion, there’s probably a club for it. Can’t see one for you? Create it!

7. **Cheap eats**
   In good news for your wallet (and stomach!), many of the delicious lunch spots around Hawthorn provide special offers for Swinburne students. Regardless, you’ll be spoilt for choice with the array of budget culinary classes. Don’t know how to swim? Attend a free casual class that will teach you all the basics.

8. **Free Adobe Creative Cloud access**
   Translation – unfettered access to over 20 apps including Photoshop, Lightroom, InDesign and more. Before you know it, you’ll be making 3D animations, building webpages and apps! You can put it on any of your devices, and yes, of course you can use it for your personal projects. All this, in the name of digital literacy. All hail digital literacy, we say.

9. **A passport to the world**
   Where to next? Swinburne has exchange partnerships with over 100 universities around the world. From Austria to Venezuela, there’s something for everyone. If a full semester is too long to be away there are plenty of shorter options to consider, including overseas internships and study tours. Immerse yourself in another culture, gain a new perspective and maybe even learn a language. In most cases, you’ll get credit towards your course, too. Bonus!

10. **Location, location, location**
    Welcome to the inner-city suburb of Hawthorn! Here, you’ll be spoilt for choice when it comes to Melbourne cafés and restaurants, beautiful green spaces like Central Gardens, and lots of study and lounge spaces on campus. And, it’s just 10-minutes on the metro from the city centre.
Swinburne empowers you to make the most of your uni experience.

From support services that will help you through hard times, to clubs, activities and events, to overseas adventures. We recommend getting involved in all that Swinburne has to offer.

Facilities and services
There’s a huge range of services to support your study and wellbeing:
• campus wi-fi
• careers and employment
• computer labs
• counselling
• health
• housing
• disability support
• financial advice
• library
• advocacy
• legal advice
• child care.

Learning and Academic Skills Centre
Attend free workshops and seminars, access online resources, or chat with an adviser. Develop your skills in:
• essay, report and thesis writing
• maths, statistics, physics and chemistry
• researching and referencing
• making assignments more professional
• preparing for exams.

Visit swinburne.edu.au/las

Mathematics and Statistics Help Centre
Here’s where you can ask questions about the maths and statistics in your course. Visit swinburne.edu.au/mash

International Student Advisers
Living and studying away from your home country can be challenging. That’s why, at Swinburne, we have dedicated International Student Advisers available to help you at any time. Whether you’ve had an accident, or need advice on jobs, visas, or accommodation, Swinburne’s International Student Advisers are here to help you – no matter what issues you face.

For more, visit swinburne.edu.au/internationalstudentsupport

Swinburne student life
Swinburne Student Life coordinates clubs, societies, sporting programs and events across all campuses. Get along to these and get the full university experience. Visit swinburne.edu.au/studentlife

Your safety comes first
At Swinburne, your safety and wellbeing is our priority, that’s why we provide services, which include:
• an afterhours information hotline
• a night bus service from campus to local destinations
• security and public service officers
• the Safe@Swin App available to download.

Obtaining a scholarship allowed me to focus purely on my learning and experiences at university. Studying the double degree has helped me narrow down the work I’d like to do once I graduate.

LOIS
BACHELOR OF DESIGN COMMUNICATION DESIGN/BACHELOR OF BUSINESS SCHOLARSHIP RECIPIENT
ARTS AND HUMANITIES

An arts degree is like a master key – it can open a lot of doors. By understanding language, people and culture, you’ll be able to think critically and communicate effectively. These are valuable, future-proof skills that can be transferred to almost any industry.

So whether you imagine yourself travelling the globe reporting on world events, writing that best-selling book, influencing or setting public policy, or improving the lives of local communities, it all begins here.

PROFESSIONAL RECOGNITION

Our arts and humanities courses provide many opportunities to connect with leading industry organisations. Graduates of the digital advertising technology major may be eligible for membership of the Australian Interactive Media Industry Association. Graduates of the journalism major may be eligible for membership of the Media, Entertainment and Arts Alliance. Double degrees may provide additional opportunities for professional memberships and recognition.

MAJORING IN

Bachelor of Arts

3 years Melbourne March, August $32,480/year

Develop the capacity for critical analysis, creativity and problem-solving, as well as a thorough understanding of the relationship between theory, research and practice.

Choose from a wide range of major study areas, equipping you for diverse careers in areas such as media, management, finance, education and government.

Combine this degree with Bachelor of Business, Bachelor of Health Science, Bachelor of Laws, or Bachelor of Science (double degree duration 4 to 5 years).

Also see: Bachelor of Media and Communication, page 39.

Bachelor of Arts (continued)

MAJORING IN Environmental Sustainability
Examine the causes and extent of ecological destruction and the transformations required to enable sustainable economies. Address issues such as climate change, the destruction of forests, arable land and oceanic fisheries; resource depletions; fossil fuel and motor vehicle dependence; and threats to social wellbeing.

Career opportunities
- Environmental officer
- Sustainability policy adviser
- Sustainability engagement coordinator
- Environmental consultant.

MAJORING IN History
Research, engage and challenge traditional ideas and practices, while developing critical skills in understanding how history is both made and written. Learn about the historical antecedents of contemporary problems, including themes of war and peace, colonialism, gender, media, and political and radical history.

Career opportunities
- Journalist
- Analyst
- Curator
- Media officer
- Policy adviser
- Public relations officer
- Historian
- Writer.

MAJORING IN Indigenous Studies
Explore the contemporary and historical experience of Indigenous Australians and investigate a range of issues faced by Indigenous cultures throughout the world. Learn about Indigenous representations; resistance, activism and empowerment; Indigenous enterprise and entrepreneurship, and contemporary Indigenous communities.

Career opportunities
- Community engagement and/or development officer
- Public relations executive
- Policy analyst
- Cultural liaison officer
- Advocacy worker
- Client services officer.

MAJORING IN Journalism
Combine traditional journalistic skills with online publishing, multimedia production and the skills required for interacting with audiences, social networking and building online communities. Publish and broadcast working online, television, radio and print outlets.

Career opportunities
- Editor
- Journalist
- Radio producer
- Television presenter
- Publisher
- Social commentator.

MAJORING IN Media Industries
Develop the knowledge and skills needed to understand and prepare for roles in the media environment. Gain experience in making connections with industry.

Career opportunities
- Advertising account specialist
- Communications coordinator
- Content developer
- Media policy developer
- Media campaigns officer.

MAJORING IN Sociology
Understand and respond to urgent global challenges: wellbeing across the life span, global movements and inequalities, and technological transformations. Engage with classical and contemporary social theory and acquire traditional and emerging social research skills, including digital and audio-visual methods.

Career opportunities
- Community worker
- Ethnic and youth affairs adviser
- Health and human services officer
- Industrial relations and human resource management officer
- Public and social policy analyst.

Bachelor of Arts (continued)

MAJORING IN Philosophy
Learn about and discuss the main philosophical themes and thinkers that have shaped our contemporary worldview. Develop critical and creative reasoning skills. Undertake studies in areas including environmental philosophy, ethics, philosophical psychology, political philosophy and the history of ideas.

Career opportunities
- Advocacy officer
- Business ethics consultant
- Mediator
- Public policy analyst.

MAJORING IN Social Media
Gain a comprehensive understanding of social media platforms within social, cultural and industry contexts. Learn how to analyse new and emerging media technologies and drive their use and innovation across industry.

Career opportunities
- Digital advertising specialist
- Social media officer
- Journalist
- Publisher
- Editor
- Multimedia content producer
- Social media producer
- Digital marketer.

Bachelor of Criminal Justice and Criminology

3 years Melbourne O March, August A$28,480/year

Learn about local and global criminality, traditional approaches to crime, and emerging trends and practices.

Examine how technological advances impact the sector, such as in predicting crime, detecting and preventing criminal behaviour, and implementing effective criminal sanctions. Combine this degree with Bachelor of Psychological Sciences (double degree duration 4 years). Also see Bachelor of Laws page 38.

Career opportunities
- Law enforcement officer
- Victim support worker
- Government policy writer
- Corrections officer.

Pathway options
- Swinburne Foundation Year (Arts/Social Science) see page 47
- Diploma of Arts and Communication (UnLink) see page 49

Also available online with different fees, intakes. Visit swinburneonline.edu.au for more information.

Aviation

Look there! Up in the sky. Is it a bird? Is it a plane? Well, yes actually – and it could be you flying it.

Our Bachelor of Aviation and Piloting will have you taking to the skies from week three.

Prefer to keep your feet firmly on the ground? Our aviation management courses could be just the ticket. Soar into a future in piloting aircraft, air traffic control, management, compliance, network analysis and beyond.

Industry Leaders

Our industry advisory board members work for organisations including Qantas, Jetstar and Tiger Airways.

Jetstar

Swinburne is proud to provide cadet pilot training for Jetstar. The cadetship program trains future First and Second Officers to fly Jetstar Airbus A320 and Boeing 787 Dreamliner aircraft.

Qantas Future Pilot Program

We have partnered with Qantas to offer a pilot pathway program that qualifies Swinburne’s flight crew to be a commercial pilot.

Can you imagine the future to fly with QantasLink, the airline’s regional brand.

We have partnered with Qantas to offer a pilot pathway program that qualifies Swinburne’s flight crew of the

Bachelor of Aviation Management

3 years Melbourne March, August $36,800/year

Gain a sound professional understanding of the aviation industry and develop skills in organisational, regulatory, safety, technical and business management.

Prerequisite subject: Mathematics (any).

Combine this degree with Bachelor of Business or Bachelor of Laws (double degree duration 4 to 5 years).

Bachelor of Aviation and Piloting

3 years Melbourne March $188,125 or $202,215 (total fee)*

Become equipped for a professional career as a pilot.

Learn about the structure and operation of the aviation industry; undertake flying training at CAE Australia Flight Training; develop practical capabilities in management and analysis.

This course is designed to take graduates beyond the requirements for the Civil Aviation Safety Authority Air Transport Pilot Licence theory examination, and Commercial Pilot Licence and Multi-engine Aeroplane Instrument Licence practical tests. Elect to complete additional flying qualifications such as a Flight Instructor Rating or Part 61 approved Multi-crew Cooperation Course.

Prerequisite subject: Advanced Mathematic.

Combine this degree with Bachelor of Business (double degree duration 4 years).

Also see: Bachelor of Laws page 38.

Bachelor of Design (Architecture) (Honours)

4 years Melbourne March, August $34,200/year

Learn about the environments in which we spend our lives and how they are formed and fabricated.

Learn to capitalise on new technologies and materials in the construction of indoor and outdoor 3D spaces.

Prerequisite subject: Art, Design or Media (any).

Career opportunities

• Interior designer
• Industrial designer
• Property designer
• Retail designer
• Design consultant
• Business strategist.

Pathway options

• Swinburne Foundation Year (Design) see page 47
• Diploma of Design (UniLink) see page 49

Design Cities of the Future

You’ll discover a focus on craftsmanship, sustainability and innovation, spearheaded by digital technology and hands-on experience.

Learn how to bring out the best of the natural landscape, design sustainable spaces for communities or create innovative infrastructure as an architect, designer, engineer or architectural technician.

Degree of the Future

Whether you want to have an impact designing interiors, buildings, bridges or even cities, our built environment and architecture courses are created with the future in mind.

Design Cities of the Future

You’ll discover a focus on craftsmanship, sustainability and innovation, spearheaded by digital technology and hands-on experience.

Learn how to bring out the best of the natural landscape, design sustainable spaces for communities or create innovative infrastructure as an architect, designer, engineer or architectural technician.

Bachelor of Design (Architecture)

3 years Melbourne March $34,200/year

Develop the skills and knowledge required for innovative building design.

Tackle digital technology, environmental awareness, construction, practice, ethics, history and theory. Resolve a wide array of design challenges by formulating and actualising innovative design ideas in a series of stages from conception to finished design.

Career opportunities

• Architecture roles for private and corporate architecture firms, government organisations, development companies or in the building and design sector.

Pathway options

• Swinburne Foundation Year (Design) see page 47
• Diploma of Design (UniLink) see page 49

Gain a sound professional understanding of the aviation industry

and develop skills in organisational, regulatory, safety, technical and business management.

Prerequisite subject: Mathematics (any).

Combine this degree with Bachelor of Business or Bachelor of Laws (double degree duration 4 to 5 years).

Bachelor of Design (Interior Architecture) (Honours)

4 years Melbourne March, August $34,200/year

Learn about the environments in which we spend our lives and how they are formed and fabricated.

Learn to capitalise on new technologies and materials in the construction of indoor and outdoor 3D spaces.

Prerequisite subject: Art, Design or Media (any).

Career opportunities

• Interior designer
• Industrial designer
• Property designer
• Retail designer
• Design consultant
• Business strategist.

Pathway options

• Swinburne Foundation Year (Design) see page 47
• Diploma of Design (UniLink) see page 49

Learn how to bring out the best of the natural landscape, design sustainable spaces for communities or create innovative infrastructure as an architect, designer, engineer or architectural technician.

BUSINESS

Got dreams to be bigger than Richard Branson or Sheryl Sandberg? From managing multi-million-dollar companies to building your own, get your career started with one of our business courses.

With courses covering all aspects of the business, financial and management industries, you’ll learn skills and practices that will help you excel in any enterprise, anywhere in the world.

Kick start a career in accounting, data analysis, entrepreneurship, human resources, marketing and beyond. Graduates have gone on to work for companies like Deloitte, PwC, Telstra, NAB, ANZ and IBM.

PROFESSIONAL RECOGNITION

Our business courses are recognised by leading industry organisations. Graduates may be eligible for membership of a number of organisations relevant to their major area of study.

Bachelor of Accounting

- 3 years Melbourne
- O, D, March, August
- A$31,360/year

Develop skills that are fundamental to evaluating, analysing and communicating the financial position of an organisation or individual.

Become prepared in the areas of economics, company law, financial accounting, management accounting, finance, tax and auditing.

Professional accreditation: This degree is professionally accredited by CPA Australia and Chartered Accountants Australia and New Zealand.

Career opportunities

- Public accountant
- Business consultant
- Auditor
- Taxation agent
- Financial adviser

Pathway options

- Swinburne Foundation Year (Business) see page 47
- Diploma of Business (UniLink) see page 49
- Diploma of Accounting FNS50217 see page 45

Bachelor of Business

- 3 years Melbourne
- O, P, S, V
- March, August
- A$31,360/year

Gain core skills in business practices and decision-making before beginning major studies in your area of specialisation.

Cap it off with final-year consulting projects that will help you launch your future career.

Professional accreditation: The Accounting, and Accounting and Finance majors are professionally accredited by CPA Australia and Chartered Accountants Australia and New Zealand. The Financial Planning major meets the requirements of the Financial Planning Association of Australia (FPA). The Human Resource Management major is professionally accredited by the Australian Human Resources Institute.

Combine this degree with Bachelor of Arts, Bachelor of Aviation Management, Bachelor of Business Information Systems, Bachelor of Design, Bachelor of Engineering (Honours), Bachelor of Health Science, or Bachelor of Laws (double degree duration 4 to 5 years).

Also see: Bachelor of Aviation Management page 22.

Bachelor of Business Information Systems

- 3 years Melbourne
- March, August
- A$31,560/year

Become prepared for immediate entry into the management of business information systems in organisations.

Learn about business analysis and problem-solving, systems analysis, project management, the provision of information systems services, social networking in organisations, and mobile business and connectivity.

Majors: choose at least one business information systems major from Business Analysis, Data Analytics, and Data Management.

Professional accreditation: this degree is professionally accredited by the Australian Computer Society.

Combine this degree with Bachelor of Business (double degree duration 4 years).

Also see: Bachelor of Information and Communication Technology page 37.

Career opportunities

• Communications designer
• Web designer
• UX designer
• Interaction designer
• Experience designer
• Design consultant.

Pathway options

• Swinburne Foundation Year (Design) see page 47
• Diploma of Design (UniLink) see page 49

MAJORING IN

Motion Design

Design and motion come together in the future of visual communication. Mixing graphics, type, animation, video, photography and sound, you’ll become a creative communicator for the whole range of digital platforms.

Career opportunities

• Motion designer
• Digital designer
• Animator
• Video producer
• Design consultant.

Pathway options

• Swinburne Foundation Year (Design) see page 47
• Diploma of Design (UniLink) see page 49

MAJORING IN

Photomedia

Get set to turn your concepts into arresting campaigns, publications and digital products. Through photography lessons and workshops on experimental image processing, you’ll gain a rich, foundational knowledge of how lighting, art direction, commercial studio practice and cutting-edge technological processes produce truly memorable images.

Career opportunities

• Photographer
• Video and motion graphics specialist
• Advertising consultant
• Design consultant.

MAJORING IN

UX Interaction Design

Create a complete user experience from beginning to end. Take on a holistic approach in UX design, from research to storyboarding to prototyping. Develop a working knowledge and literacy in web design, experience design, interaction design, games development, AR and VR applications. Your knowledge in both CSS and HTML will give you a head start in your UX career.

Career opportunities

• User experience designer
• Customer experience designer
• Web and interactive designer
• Design consultant.

Pathway options

• Swinburne Foundation Year (Design) see page 47
• Diploma of Design (UniLink) see page 49

SWINBURNE UNIVERSITY OF TECHNOLOGY

SWINBURNE UNIVERSITY OF TECHNOLOGY

SWINBURNE UNIVERSITY OF TECHNOLOGY

SWINBURNE UNIVERSITY OF TECHNOLOGY
**EDUCATION**

Be a superhero to the next generation by becoming a teacher.

In our education courses, you’ll learn the hands-on skills you need to succeed as an early childhood educator or primary school teacher.

**REAL CLASSROOM EXPERIENCE**

All our teaching degrees have a minimum of four placements to prepare and support you for your teaching career.

**PROFESSIONAL RECOGNITION**

Our teaching degrees are professionally accredited by the Australian Children’s Education and Care Quality Authority (ACECQA) and the Victorian Institute of Teaching (VIT). VIT recognition enables graduates to register as teachers Australia-wide.

---

**Bachelor of Education (Early Childhood and Primary)**

- **4 years**  
- **Melbourne**  
- **March, August**  
- **A$27,560/year**

Gain the skills needed to teach children from birth to twelve years old in childcare centres, kindergartens and primary schools.

You’ll complete 91 days of placement during the course to put into practice the skills you’ll learn and gain practical experience in the classroom. All students are required to sit the CASPer test and have a valid police check and working with children check.

This degree is professionally accredited by the Australian Children’s Education and Care Quality Authority, and Victorian Institute of Teaching.

---

**Bachelor of Education (Early Childhood Teaching)**

- **4 years**  
- **Melbourne**  
- **March, August**  
- **A$27,560/year**

Learn how to keep tiny attention spans interested and prepare for a rewarding career in kindergartens, preschools, early learning centres and more.

All students are required to sit the CASPer test and have a valid police check and working with children check.

This degree is professionally accredited by the Australian Children’s Education and Care Quality Authority, and Victorian Institute of Teaching.

---

**Bachelor of Education (Primary)**

- **4 years**  
- **Melbourne**  
- **March, August**  
- **A$27,560/year**

Learn the latest technology and teaching techniques to teach primary school children.

Develop the skills to design engaging and effective learning experiences through group work and school-based practical placements. All students are required to sit the CASPer test and have a valid police check and working with children check.

This degree is professionally accredited by the Victorian Institute of Teaching.

---

**Bachelor of Education Studies**

- **3 years**  
- **Melbourne**  
- **March, August**  
- **A$30,000/year**

Gain a broad understanding of early childhood and primary school teaching and learning in an Australian context.

This is not an accredited initial teacher education program and does not include professional placements in schools.

---

**ENGINEERING**

Engineers have the potential to change the way we live.

From civil and mechanical, to biomedical, electrical, and software engineering, our courses will provide you with the comprehensive theory and practical skills you’ll need to thrive in your engineering career.

With an engineering degree, you could go on to a career in the medical, building or construction, telecommunications, software, transport, industrial design, energy, or civil infrastructure industries.

**TRY BEFORE YOU CHOOSE**

Our Bachelor of Engineering (Honours) has a common first year, which means you can test out the ten majors and discover what you prefer, and then specialise from second year.

**PROFESSIONAL RECOGNITION**

Our engineering courses are recognised by leading industry organisations, including accreditation from Engineers Australia. Graduates may be eligible for membership of a number of organisations relevant to their major area of study, including the Australasian College of Physical Scientists and Engineers in Medicine. Design Institute of Australia and Engineers Australia.

Double degrees may provide additional opportunities for membership of leading industry organisations. Graduates are also eligible to register with the Board of Engineers Malaysia (BEM).

---

**Bachelor of Engineering (Honours)**

- **4 years**  
- **Melbourne**  
- **March, August**  
- **A$37,600/year**

Complete core units in your first year that introduce different engineering disciplines and to assist in selecting a major.

Apply your learning in a professionally focused, multidisciplinary project during your final year of study. Undertake at least 12 weeks of professional experience.

**Prerequisite subject:** Advanced Mathematics.

**Professional accreditation:** Our engineering degrees are professionally accredited by Engineers Australia.

Combine this degree with: Bachelor of Business, Bachelor of Computer Science, Bachelor of Laws or Bachelor of Science (double degree duration 5 to 6.5 years).

---

**MAJORING IN Architectural**

Combine innovative design principles with an engineering approach to architecture. Gain the technical expertise and management skills needed to plan, design and build spaces that people want to live and work in. Apply best practices in sustainability, health and wellbeing, and SMART technology to architecture.

**Career opportunities**

- Design engineer
- Structural systems engineer
- Architectural engineer
- Project engineer.

**MAJORING IN Biomedical**

Learn about the application of electrical, electronics and systems engineering in medicine and biology. Learn how to develop and use new technologies such as medical instrumentation and prosthetic devices that can be used to advance and improve health care and quality of life.

**Career opportunities**

- Biomedical engineer
- Clinical engineer
- Medical device designer
- Medical electronics engineer.

**MAJORING IN Civil**

Gain technical expertise and management skills needed to plan, design, construct and maintain infrastructure such as buildings, bridges, dams, water supply systems, waste treatment systems, roads and rail networks, airports and seaports.

**Career opportunities**

- Civil engineer
- Civil design engineer
- Structural engineer
- Environmental engineer.

---

**Common first year**

- **Semester 1:** Advanced Mathematics.
- **Semester 2:** AGEG10001, AGEG10002, AGEG10003, AGEG10004, AGEG10005.

**Core units:**

- AGEG20001

**Elective units:**

- AGEG20002

**Pathway options:**

- Diploma of Engineering and Care CHC50113 see page 45

GAMES AND ANIMATION

Want to build your future in the games and animation industry? Coupling design principles with hands-on production skills and creative techniques, our courses will open your mind to creating for the digital space.

We’ll introduce you to the latest technologies used in digital media and the skills that will equip you for a successful career in gaming, digital media and more. Ready. Set. Play.

PROFESSIONAL RECOGNITION

Our games and animation courses are recognised by leading industry organisations. As a Swinburne student, you’ll gain recognition from and membership with the Games Developers’ Association of Australia and the Australian Interactive Media Industry Association. Our computer science degrees are professionally accredited by Australian Computer Society (ACS).

Bachelor of Animation

3 years  |  Melbourne  |  March  |  $36,600/year

Gain practical, hands-on experience in 2D, 3D and stop-motion animation for film and television, visual effects and games.

Learn about film, television and animation history and theory; and the development of narrative structures as applied to animation.

Combine this degree with: Bachelor of Games and Interactivity (double degree duration 4 years).

Also see: Bachelor of Design with a major in Motion Design page 27.

Career opportunities

- 2D and 3D animator
- Stop motion animator
- Director
- Producer
- Screenwriter
- Editor.

Pathway options

- Swinburne Foundation Year (Design) see page 47

Bachelor of Games and Interactivity

3 years  |  Melbourne  |  March  |  $33,240/year

Learn about the role of games in contemporary society and how games are developing as a cultural industry.

Undertake a range of projects focusing on analog and digital games, and develop practical and creative research and communication skills in a games lab environment.

Combine this degree with: Bachelor of Animation or Bachelor of Computer Science (double degree duration 4 years).

Also see: Bachelor of Arts with a major in Games and Interactivity page 20, Bachelor of Computer Science with a major in Games Development page 36, and Bachelor of Media and Communication with a major in Games and Interactivity page 40.

Career opportunities

- Games designer
- Software gaming engineer
- Mid-front-end developer
- User interface designer.

Pathway options

- Swinburne Foundation Year (Arts/Social Sciences) see page 47

HEALTH

From counselling and nutrition, to exercise science and psychology, services provided by healthcare professionals are integral to improving the lives of our communities.

In our health courses, you’ll examine the physical, psychological and social aspects of health, develop specialised skills and put them into practice through clinical placements. You’ll discover how technology is disrupting and improving the industry, and learn in brand new facilities furnished with the latest equipment.

PROFESSIONAL RECOGNITION

The three-year undergraduate major in psychology is professionally accredited by the Australian Psychology Accreditation Council.

Bachelor of Exercise and Sport Science

3 years  |  Melbourne  |  March  |  $33,680/year

Improve the health, fitness and performance of individuals and teams through training, coaching and advice.

Learn how to navigate the increasingly digitised exercise and sport industry through access to cutting-edge laboratories and technology, including wearable sensors, virtual reality and 3D analysis equipment. Gain real-world experience through industry-based entrepreneurial and research projects.

Prerequisite subject: Mathematics (any).

Career opportunities

- Sports scientist
- Performance analyst
- Coaching/development officer
- Strength and conditioning specialist
- Cardiac technician.

Pathway options

- Swinburne Foundation Year (Science/Engineering) see page 47
- Diploma of Health Science (UniLink) see page 49
- Diploma of Health Science (Arts/Social Sciences) see page 47

Bachelor of Health Science

3 years  |  Melbourne  |  March, August  |  $33,680/year

Explore Australian and international health challenges from a range of perspectives.

Examine the physical, psychological and social aspects of health in a variety of settings. Choose from a wide range of major study areas. Majors: see next page.

Professional accreditation: The three-year undergraduate major in psychology is professionally accredited by the Australian Psychology Accreditation Council.

Combine this degree with: Bachelor of Arts, Bachelor of Business, Bachelor of Media and Communication, Bachelor of Science (double degree duration 4–5 years).

Also see: Bachelor of Nursing page 41, and Bachelor of Science page 43.

Units:  

Career opportunities

- Games designer
- Software gaming engineer
- Mid-front-end developer
- User interface designer.

Pathway options

- Swinburne Foundation Year (Arts/Social Sciences) see page 47
- Diploma of Health Science (UniLink) see page 49

SWINBURNE UNIVERSITY OF TECHNOLOGY

SWINBURNE.EDU.AU INTERNATIONAL
### Bachelor of Health Science (continued)

#### MAJORING IN Biomedical Science

Explore biology, medicine, disease, chemistry and physiology to form a comprehensive understanding of the health of humans. You will learn skills to investigate and understand human biology, and gain the ability to critically analyse and interpret biomedical and scientific data.

**Career opportunities**
- Biomedical technician
- Hospital scientist
- Biotechnology product developer
- Clinical trials coordinator
- Medical laboratory scientist
- Microbiology technical officer.

#### MAJORING IN Clinical Technologies

Gain a basic scientific understanding of chemistry, biochemistry, microbiology, human anatomy and physiology. Develop knowledge about the technology and modern instrumentation used in clinical care and monitoring environments such as analytical and research laboratories. Learn about anatomy and physiology and the analysis of clinical data, and undertake hands-on laboratory training in heart and brain monitoring and medical imaging.

**Career opportunities**
- Hospital scientist
- Cardiac technologist
- Clinical neurophysiologist
- Respiratory technologist
- Sleep technologist.

#### MAJORING IN Health Promotion

Health promotion is essential for addressing contemporary health, social, and environmental challenges and enabling people to take control over their lives. Gain skills and knowledge in health science, statistics, cultural studies, communication and leadership.

**Career opportunities**
- Community developer
- Health education and promotion officer
- Policy developer
- Government officer
- Community officer
- Project officer.

#### MAJORING IN Nutrition

Explore the fields of nutritional and food science in relation to contemporary issues in health science. Gain an understanding of food sources, metabolic functions of carbohydrates, proteins, vitamins and minerals along with the biological, psychological, cultural and social determinants of food choices in order to understand the role of nutrition in health across the lifespan.

**Career opportunities**
- Nutritionist
- Nutrition analyst
- Nutrition teacher
- Nutrition researcher
- Public health worker
- Health program developer
- Digital content developer.

#### MAJORING IN Neuroscience

Learn how the human nervous system operates. Gain an understanding of the molecular processes that underlie the development of the nervous system, the cellular physiology of neurons, clinical neuroanatomy, the biological basis of behaviour and how chemicals within our environment effect our behaviour. Discover cutting-edge technologies for measuring nervous system function as well as contemporary research in neurobiology.

**Career opportunities**
- Neuroscientist
- Pharmaceutical representative
- Medical device technician
- Hospital scientist
- Clinical neurophysiology technologist
- Clinical trials manager
- Sleep technologist.

#### MAJORING IN Psychology and Forensic Science

Gain specialist knowledge about the application of psychology to aspects of the law, the justice system and forensic science, as well as statistical skills relevant to forensic issues. Complete research projects, specialist units in research design and project units related to forensic psychology.

**Professional accreditation**: The three-year undergraduate major in psychology is professionally accredited by the Australian Psychology Accreditation Council.

**Career opportunities**
- Psychologist (with further study)
- Forensic psychologist
- Behavioural therapist
- Medical researcher
- Counsellor
- Youth worker.

#### MAJORING IN Psychology and Psychophysiology

Gain a broad introduction to a range of relevant studies in psychology, including cognition, developmental psychology, social psychology, personality, research design and measurement, psychological measurement and abnormal psychology. Learn about physiological processes relevant to the study of psychology and address neuropsychology, neurophysiology, physiological responses to sleep, dreaming, memory and cognition, and brain disorders.

**Professional accreditation**: The three-year undergraduate major in psychology is professionally accredited by the Australian Psychology Accreditation Council.

**Career opportunities**
- Scientist
- Psychologist (with further study)
- Psychophysiologist (with further study).

---

**MAJORING IN Information Technology**

Being tech savvy has never been more valuable.

Our Information Technology courses are designed to provide you with the foundational knowledge and industry skills needed to apply information technologies to a range of settings. Go on to a career in information technology, health, transport, finance, media, manufacturing, energy and beyond.

**PROFESSIONAL RECOGNITION**

Our IT degrees are professionally accredited by the Australian Computer Society (ACS). The Bachelor of Engineering (Honours) with a major in software is professionally accredited by Engineers Australia. Double degrees may provide opportunities for membership of leading industry organisations.

---

**Bachelor of Computer Science**

- **3 years**
- **Melbourne**
- **P S**
- **March, August**
- **A$31,600/year**

Learn about software development, the internet of things, networking and cybersecurity while gaining a sound understanding of the traditional aspects of computer science.

Explore contemporary approaches to application development involving mobile devices and web-based systems, with an emphasis on the design and implementation of effective human–computer interfaces. Develop skills in a range of programming languages, including C++, C#, Java, Swift and Python.

Majors: see next page.

**Prerequisite subject:** Mathematics (any).

**Professional accreditation**: This degree is professionally accredited by the Australian Computer Society.

Combine this degree with: Bachelor of Engineering (Honours), Bachelor of Games and Interactivity or Bachelor of Laws (double degree duration 4 to 5 years).

**鱿鱼 Duration**: 3 years

**Location**: Melbourne

**Alternate locations (see below)**: P S

**Intake**: March, August

**Tuition fee**: A$31,600/year

**Units**: 8-9

**Pathway options**
- Swinburne Foundation Year (Science/Engineering) see page 47
- Diploma of Information Technology (UniLink) see page 49

**QILT Graduates Outcomes Survey 2017-2019**

For more information, such as graduate employment and key industry outcomes, see page 53.

---

**INFORMATION TECHNOLOGY**

Go on to a career in information technology, health, transport, finance, media, manufacturing, energy and beyond.

**PROFESSIONAL RECOGNITION**

Our IT degrees are professionally accredited by the Australian Computer Society (ACS). The Bachelor of Engineering (Honours) with a major in software is professionally accredited by Engineers Australia. Double degrees may provide opportunities for membership of leading industry organisations.

Bachelor of Computer Science (continued)

MAJORING IN
Cybersecurity
Learn the fundamentals of encryption systems, access control, the internet and get into the minds of malicious hackers and cyber-criminals. Learn their tricks and how to defeat them.

Career opportunities
• Cybersecurity consultant
• Digital forensics expert
• Information system security officer
• Cybersecurity system designer

MAJORING IN
Data Science
Learn the statistical methods and tools needed to manage big data sets and the visualisation techniques needed to represent and understand that data.

Career opportunities
• Data scientist
• Data analyst
• Business analyst
• Data solutions manager
• Information systems analyst
• Market intelligence analyst

MAJORING IN
Games Development
Focus on the design and programming of computer games and other interactive software. Gain skills in software development using an object-oriented approach and specialist areas in games design and development. Learn about the creative and design aspects of multimedia and internet technologies, particularly as applied to games development.

Career opportunities
• Software developer
• Video game creator
• Computer programmer
• Data solutions manager

MAJORING IN
Internet of Things
Gain the core programming skills and knowledge needed to develop a variety of open-source Internet of Things (IoT) platforms, devices and software. Learn to solve problems by analysing data from internet-connected devices.

Career opportunities
• Mobile application developer
• Full-stack software developer
• Solution architect
• IT consultant
• Digital developer.

MAJORING IN
Software Design
Learn the methodologies and design needed for software projects. Gain the skills to architect big systems, write phone and tablet apps and produce software that is better than industry standard. Then scale your applications up to the cloud for hacker-proof, robust and reliable software applications.

Career opportunities
• Software developer
• Software designer
• Digital developer
• IT consultant.

MAJORING IN
Software Development
Learn how to architect big systems, write phone and tablet apps and produce software that is better than industry standard. Then scale your applications up to the cloud for hacker-proof, robust and reliable software applications.

Career opportunities
• Network technician
• Telecommunication network designer
• Telecommunication network developer
• Network architect
• Software developer
• IT consultant.

MAJORING IN
Software Technology
Learn the algorithms that drive big data, facilitate green computing and cybersecurity, and underpin the next generation of computer systems.

Career opportunities
• Software designer
• Systems developer
• Software modeller
• Project and technology manager.

Bachelor of Information and Communication Technology

MAJORING IN
Business Systems
Learn about database technologies and how to educate management on suitable technologies and their deployment.

Career opportunities
• Business analyst
• Database analyst
• Information systems coordinator
• Management information systems analyst.

MAJORING IN
Network Technology
Specialise in the networking aspect of information and communication technology infrastructure. Gain four Cisco certifications.

Career opportunities
• Network technician
• Telecommunication network designer
• Telecommunication network developer
• Network architect
• IT consultant.

MAJORING IN
Software Technology
Learn how to enhance and maintain existing applications and assist in the choice of software for the needs of an organisation.

Career opportunities
• Systems architect
• Business requirements analyst
• Technical writer
• Application integration specialist
• Software developer.

MAJORING IN
Systems Management
Gain the skills to provide for the infrastructure and technology needs of a small organisation; learn how to lead teams that look after the IT needs in a larger organisation and assist management in technology-related decision making.

Career opportunities
• Project manager
• Multimedia developer
• Systems architect
• Data mining specialist
• Help desk manager
• Business analyst.

S Also available at our Sarawak campus. See page 53 for more information.

3 years
Melbourne
March, August
March, August
March, August
A$31,600/year
Open your world to the rigorous and intellectually challenging legal profession with our law courses.

You can integrate a Graduate Diploma in Legal Practice from the Leo Cussen Centre for Law with your bachelor degree. This takes months off your study and means you qualify for admission to legal practice on the day you graduate – before the only university in Melbourne to offer this.

To futureproof your career, we emphasise innovation, technology and intellectual property in our courses.

PROFESSIONAL RECOGNITION

The Bachelor of Laws satisfies the academic requirements to qualify for admission to practice as a lawyer in the Victorian and Australian Federal legal systems as set by the Victorian Legal Admissions Board. The graduate diploma offered with the Leo Cussen Centre for Law complies with the Practical Legal Training Component of qualifying to become an Australian lawyer.

Bachelor of Laws

4 years Melbourne March, August $A34,000/year

Learn about commercial law with an emphasis on intellectual property law.

The only bachelor degree in Victoria with this distinct specialisation, explore trademarks, patents and designs, copyright, the prohibition of misleading or deceptive conduct, and competition law. Learn how to protect the rights of those who innovate or create. You’ll undertake three professional placements of 20 days each to experience different types of professional legal settings before you graduate.

Professional accreditation: This course satisfies the academic requirements for admission to practise as a lawyer in the Victorian and Australian federal legal systems. Non-academic requirements must also be satisfied for admission to practice.

Combine this degree with: Bachelor of Arts, Bachelor of Aviation Management, Bachelor of Business, Bachelor of Business Information Systems, Bachelor of Computer Science, Bachelor of Engineering (Honours), Bachelor of Media and Communication or Bachelor of Science (double degree duration 5 to 6.5 years).

Also see: Bachelor of Criminal Justice and Criminology page 21.

Bachelor of Media and Communication (continued)

MAJORING IN
Digital Advertising Technology

Learn how to design a unique digital experience for customers and develop highly sought after skill in digital marketing and advertising. Get experience using Adobe Marketing Cloud, premium software used in creative agencies, marketing teams and digital consultancies around the world. Become an expert in the rapidly growing areas of digital analytics, search marketing, social media marketing and video marketing.

Career opportunities
- Digital advertising specialist
- Advertising account manager
- Digital content manager
- Digital marketing coordinator
- Search marketing specialist
- Social media officer.

MAJORING IN
Games and Interactivity

Learn about the role of games in contemporary society and how games are developing as a cultural industry. Undertake a range of projects focusing on analog and digital games, and develop the skills needed to work in the rapidly evolving games industry as well as the broader digital media sector.

Career opportunities
- Games developer
- Media producer
- Multimedia developer
- Video games developer.

MAJORING IN
Journalism

Combine traditional journalistic skills with online publishing, multimedia production and the skills required for interacting with audiences, social networking and building online communities. Publish and broadcast working online, television, radio and print outlets.

Career opportunities
- Editor
- Journalist
- Radio producer
- Television presenter
- Publisher
- Social commentator.

MAJORING IN
Media Industries

Develop the knowledge and skills needed to understand and prepare for roles in the media environment. Gain experience in making connections with industry.

Career opportunities
- Public relations officer
- Advertising consultant
- Journalist
- Communications coordinator
- Content developer
- Media policy developer
- Radio production coordinator
- Digital media account manager.

MAJORING IN
Professional Writing and Editing

Gain an understanding of industry laws and regulations, as well as writing and editing skills for novels, non-fiction, creative fiction, scripts, screenwriting, advertising and the web.

Career opportunities
- Journalist
- Publisher
- Writer
- Editor
- Public relations officer
- Novelist
- Screenwriter
- Copywriter.

MAJORING IN
Public Relations

Study theories of influence, build your understanding of the media, and learn how to manage the public perception of an organisation. Develop skills in event management, writing, project management and issues communication to help companies build lasting relationships with the people most important to their success.

Career opportunities
- Communications officer
- Crisis manager
- Fundraising and sponsorship coordinator
- Public relations officer
- Marketing officer.

MAJORING IN
Social Media

Gain a comprehensive understanding of social media platforms within social, cultural and industry contexts. Learn how to analyse new and emerging media technologies and drive their use and innovation across industry.

Career opportunities
- Digital advertising specialist
- Digital marketer
- Social media officer
- Social media producer.

Bachelor of Nursing

The demands on nurses are changing. In our innovative Bachelor of Nursing, you’ll learn how to approach and solve problems with a focus on people. You’ll develop skills to be resilient and to adapt to new technologies.

Learn in our cutting-edge facilities that mimic hospital settings, then put your skills into practice working alongside a registered nurse during your required placements.

MODERN TEACHING
Learn through a mix of online and face-to-face lectures and tutorials, clinical lab work, small class sizes and elective projects.

HANDS-ON
In our Bachelor of Nursing, you’ll complete 800 hours of clinical placement.
Explore human nature with our psychology courses which combine theory with practical skills. You’ll uncover the secrets to the human brain in order to understand what motivates action and behaviours.

You could go on to a career in clinical practice, counselling, human resources, marketing, journalism, policy development and more.

**PROFESSIONAL RECOGNITION**
The Bachelor of Psychology (Honours) and the three-year undergraduate major in psychology is professionally accredited by the Australian Psychology Accreditation Council.

**Bachelor of Psychological Sciences**
3 years | Melbourne | March, August | $34,560/year

Gain the knowledge and skills to understand and explain human behaviour and relationships.

Learn about abnormal psychology, cognition, developmental psychology, personality, social psychology and statistics, as well as biology, chemistry and physiology.

Professional accreditation: The three-year undergraduate major in psychology is professionally accredited by the Australian Psychology Accreditation Council.

Combine this degree with Bachelor of Criminal Justice and Criminology (double degree duration 4 years).

Also see: Bachelor of Health Science with a major in Psychology and Forensic Science or Psychology and Psychophysiology page 33.

**Bachelor of Psychology (Honours)**
4 years | Melbourne | March | $34,560/year

This degree is an integrated four-year program designed to satisfy the first step towards becoming a professional psychologist.

Gain the knowledge and skills to understand and explain human behaviour and relationships. Learn about abnormal psychology, cognition, developmental psychology, psychological assessment, personality, social psychology and statistics, as well as biology, chemistry and physiology.

Professional accreditation: The four-year undergraduate major in psychology is professionally accredited by the Australian Psychology Accreditation Council.

Also see: Bachelor of Health Science with a major in Psychology and Forensic Science or Psychology and Psychophysiology page 34.

**Science**

Be in your element with our science courses.

You’ll focus on practical learning as well as research thanks to our state-of-the-art laboratories and extensive connections with national and international industries and researchers.

The scientific mindset can be applied to many fields, equipping you with the problem-solving skills required to make real change in a range of professions. The big question is where will you take them?

**PROFESSIONAL RECOGNITION**
Our science courses are recognised by leading industry organisations. The Australian Institute of Physics (AIP) has accredited the following courses and their related major and minor combinations: the Bachelor of Science with a major in Physics and a Mathematics minor as well as, any double degree with a major in Physics and a Mathematics minor.

Graduates may be eligible for membership of a number of organisations relevant to their major area of study, including:

- AusBioTech
- Australian and New Zealand Industrial and Applied Mathematics
- Australian Mathematical Society
- Australian Society for Biochemistry and Molecular Biology (ASMB)
- Australian Society for Microbiology (ASM)
- Australian Society for Forensic Science
- Australian Sustainable Built Environment Council (ASBEC)
- Environment Health Australia
- Environmental Institute of Australia
- Genetics Society of Australia (GSA)
- National Business Leaders Forum for Sustainable Development
- Professionals Australia
- Royal Australian Chemical Institute (RACI)
- Sustainability Practitioners Association (SPA)

Double degrees may provide additional opportunities for membership of leading industry organisations.

**Bachelor of Science**
3 years | Melbourne | March, August | $35,200/year

Learn to solve problems with a scientific mindset and choose from majors including applied mathematics, physics, chemistry, biochemistry, biotechnology and environmental science. Gain the skills, knowledge and key insights required to work in a range of professional scientific environments.

Prerequisite subject: Mathematics (any).

Combine this degree with Bachelor of Arts, Bachelor of Engineering (Honours), Bachelor of Health Science or Bachelor of Laws (double degree duration 4 to 5 years).

Also see: Bachelor of Health Science page 33.

**Majors**
Choose at least one major from:
- Applied Mathematics
- Biotechnology
- Chemistry
- Environmental Science
- Physics

**Pathway options**

ELICOS+ EXCLUSIVE
Up to 10 weeks ELICOS tuition included in packaged programs, valued up to A$4400.
ELICOS+ Exclusive helps get your English up to university standard so you’re ready to start your Swinburne course with confidence. It refunds up to 10 weeks of your ELICOS tuition fees across the first three semesters of your Swinburne course.
Swinburne is the only Australian university offering ELICOS+ Exclusive.

WHY STUDY ENGLISH AT SWINBURNE?
As an English language student at Swinburne, you’ll enjoy the following benefits:
• learning at one of the top 75 universities in the Asia Pacific for student satisfaction
• excellent education – Swinburne is ranked the top 20% of Australian universities for overall educational experience
• the ability to progress directly into other Swinburne programs
• personalised study experience and extensive student support
• free English testing
• a maximum of 18 students per class
• studying in Australia’s top student city – and third best in the world!

WHAT WILL IT COST?
ELICOS English language courses cost A$440 per week.
WHAT WILL IT COST?

• 7 June 2021

ENTRY REQUIREMENTS
You need to have an entry level IELTS score of 4.5 to commence EAP studies.
FOUNDATION YEAR

Swinburne Foundation Year is a pre-university program for international students. It is designed to help you make a smooth transition into university by developing your study and learning skills. At Swinburne, you can be confident of receiving the highest quality teaching in a nurturing and student-focused environment.

PATHWAY OPTIONS
On successful completion of a Swinburne Foundation Year, you’re guaranteed a place in your preferred degree at Swinburne as long as you meet the bachelor degree entry requirements and prerequisites. If you don’t wish to transfer directly into a bachelor program, you can keep studying in a supportive environment through one of our UniLink Diploma programs, before entering the second year of a Swinburne bachelor degree.

At Swinburne’s Melbourne campus, Foundation Year is available in:
- Arts/Social Sciences
- Business
- Design
- Science/Engineering.

The stream you choose will develop the study skills specific to your area of interest and prepare you for success in your bachelor program. The four streams will offer you a wide range of pathways to bachelor degrees and UniLink Diplomas.

PROGRESSION REQUIREMENT
Students completing Foundation Year must achieve at least 65% average overall for entry to a bachelor degree. Note that some degrees require a higher overall and a 70% average in Academic and Communication Skills A and B.

Students completing Foundation Year must achieve at least 65% average overall in Australian Year 11 (or equivalent) for international students.

On successful completion of all units of study in Foundation Year, students may progress to the UniLink Diploma program.

12 months: overall band 5.5
8 months: overall band 5.5 (with no individual band below 5.0)

IELTS requirement (academic module)

At least 17 years of age at time of commencement.

Swinburne Foundation Year (Arts/Social Sciences)
- 8 or 12 months
- Melbourne
- February, June, October
- A$25,380 (8 month total) / A$28,200 (12 month total)

Pathway options
- Bachelor of Arts
- Bachelor of Criminal Justice and Criminology
- Bachelor of Exercise and Sport Science
- Bachelor of Games and Interactivity
- Bachelor of Health Science
- Bachelor of Media and Communication
- Bachelor of Psychological Sciences
- Bachelor of Psychology (Honours)

Swinburne Foundation Year (Business)
- 8 or 12 months
- Melbourne
- February, June, October
- A$23,940 (8 month total) / A$26,600 (12 month total)

UNILINK DIPLOMAS

UniLink Diplomas are accredited, award-level higher education qualifications that provide an alternative pathway to the second year of a range of bachelor degrees offered at Swinburne.

The course content is similar to the first year of a bachelor degree but the classroom environment is different. Classes are smaller and you will have more individual attention from your teachers to help you adjust to university. Your class will include local and international students, providing an enriching study experience.

PATHWAY OPTIONS

By successfully completing all units of study of a UniLink Diploma, you’re guaranteed a place in the first or second year of a Swinburne bachelor degree. The stream you choose will develop the study skills specific to your area of interest and prepare you for success in your bachelor program.

At Swinburne Melbourne, UniLink Diplomas are available in:
- Arts and Communication
- Business
- Design
- Engineering
- Health Science
- Information Technology
- Science.

DID YOU KNOW?

If you have completed a recognised Year 12 plus at least part of a recognised tertiary qualification, you may be able to achieve advanced standing which may shorten the duration of the program.

PROGRESSION REQUIREMENT

Students completing UniLink Diploma must pass all units of study for entry into a bachelor degree.

The Human Resource Management major is professionally accredited by the Australian Human Resources Institute.

**Majors**

---

**Bachelor of Computer Science**  
| 3 years | Sarawak | March, September, October | RM 30,680/year |

Learn about software development, the internet of things, networking and cybersecurity while gaining a sound understanding of the traditional aspects of computer science.

**Career opportunities**
- Software developer
- Cybersecurity consultant
- Data analyst
- Digital developer
- IT consultant
- Network designer.

**Pathway options**
- Swinburne Foundation Studies (Information Technology/Multimedia)

**Professional accreditation**
This degree is professionally accredited by the Australian Computer Society.

**Majors**
- Artificial Intelligence
- Cybersecurity
- Data Science
- Internet of Things
- as aspects of computer science.

---

**Bachelor of Design**  
| 3 years | Sarawak | January, March, September, October | RM 30,680/year |

Harness your imagination and participate in the innovative design thinking that will define the 21st century.

Gain the knowledge you need to combine creativity with business sense and insight. Get hands-on skills in your chosen major through a professionally focused, multidisciplinary project in your final year of study.

**Career opportunities**
- Communications designer
- Exhibition designer
- Graphic designer
- Multimedia developer
- Advertising consultant
- Design consultant.

**Pathway options**
- Swinburne Foundation Studies (Design)

---

**Bachelor of Engineering (Honours)**  
| 4 years | Sarawak | March, September, October | RM 40,000/year |

Complete core units in your first year that introduce different engineering fields and to assist in selecting a major. Apply your learning in a professionally focused, multidisciplinary project during your final year of study.

**Career opportunities**
- Networking engineer
- Electronics designer
- Manufacturing specialist
- Communications engineer
- Civil infrastructure engineer
- Construction engineer.

**Pathway options**
- Swinburne Foundation Studies (Engineering/Science)

**Double degree options**
Bachelor of Engineering (Civil) (Honours) / Bachelor of Business, Bachelor of Engineering (Mechanical) (Honours) / Bachelor of Business, and Bachelor of Engineering (Robotics and Mechatronics) (Honours) / Bachelor of Computer Science (double degree duration 5 years).

---

**Bachelor of Information and Communication Technology**  
| 3 years | Sarawak | March, September | RM 30,680/year |

Explore computer and network configurations, web and application programming, and database design and maintenance.

**Career opportunities**
- Enterprise systems application developer
- Quality assurance analyst
- Project manager
- Multimedia developer
- Systems architect
- Business requirements analyst
- Application integration specialist.

**Pathway options**
- Swinburne Foundation Studies (Information Technology/Multimedia)

**Professional accreditation**
This degree is professionally accredited by the Australian Computer Society.

**Majors**
- Network Technology
- Software Technology

---

**Bachelor of Science (Biotechnology)**  
| 3 years | Sarawak | March, September | RM 40,664/year |

Examine the fundamental sciences that underpin biotechnology – chemistry, biochemistry, and microbiology – while investigating the application of biotechnology to areas such as business, ethics and environmental science.

**Career opportunities**
- Application integration specialist.
- Business requirements analyst
- Business requirements analyst
- Application integration specialist.

INTERNATIONAL PARTNERS

SWINBURNE UNIVERSITY OF TECHNOLOGY

SWINBURNE.EDU.AU/INTERNATIONAL
HOW TO APPLY

Follow these steps carefully to ensure your application is processed properly.

1. Check your start date
   Visit swinburne.edu.au/study/options/find/start-dates to check start dates for intakes. If you’re an offshore international student, you should apply at least 3 months before your intake’s start date.

2. Gather your documents
   - Certified academic transcripts with grading system
   - English translations where applicable
   - Certified English proficiency test results
   - Referee reports (if applicable)
   - Portfolio (for design courses, if applicable)
   - Course or unit syllabus if you’re applying for credit transfer or Recognition of Prior Learning
   - Copy of passport (photo page and relevant visa page)

3. Complete your application
   Visit student.swinburne.studylink.com
   If you need help, please speak to your registered Swinburne representative in your home country.

4. Wait for your offer
   We will assess your application. If you’re successful, you’ll receive a letter of offer via email. The letter will indicate:
   - course you’ve been offered
   - annual tuition fee
   - course commencement date
   - course duration
   - deposit you need to pay
   - fee for your visa-length overseas student health cover
   - conditions to the offer.
   Visit swinburne.edu.au/study/international/offer to find out how to accept your offer. Note: If you receive a conditional offer, you need to meet the condition(s) outlined in your offer letter.

Visit swinburne.edu.au/study/international/apply for detailed application instructions. If you need help with your application, email our application adviser at international@swinburne.edu.au

You can also speak with a registered Swinburne representative in your home country. Visit swinburne.edu.au/study/international/connect/representatives to search for a list of Swinburne representatives in your country.

OTHER INFORMATION

Applying for credit transfer

WHAT IS CREDIT TRANSFER?
Credit transfer is exemption from certain course requirements in recognition for previous study. The term ‘credit’ is used interchangeably with ‘Recognition of Prior Learning’, ‘advanced standing’ and/or ‘status’ in Australian universities.

HOW TO APPLY FOR CREDIT TRANSFER
You can apply for credit transfer by submitting a course or unit (subject) syllabus or other evidence of your skills with your application. You must also indicate on your application form that you’re applying for credit transfer.

If you’re applying for credit transfer for a design course you may need to submit a portfolio.

If your application for credit transfer is successful, your letter of offer will state the updated course duration and the amount of credit for which you have been assessed. If you do not apply for credit transfer when you submit your application, you can do so within the first week of commencing your course. Applications for credit transfer made after this time may not be approved.

Applying for your student visa

You’ll need to obtain an Overseas Student Confirmation of Enrolment (CoE) from Swinburne to complete your student visa application. Your CoE must accompany your application.

Visit homeaffairs.gov.au for more information.

Overseas student health cover

All student visa holders must have overseas student health cover (OSHc) for the duration of their study. Swinburne will arrange your visa-length OSHC membership with our preferred provider, Medibank Private. The OSHC fee will be included with your deposit indicated in your letter of offer.

Visa-length OSHC membership is a once-only payment that provides take protection for the duration of the visa. This means that even if OSHC fees increase during the duration of your visa, you do not have to pay any increase.

If you need to extend your OSHC (for example, if you fail some units and need to extend your stay in Australia to complete your course), it is your responsibility to do this directly with the OSHC provider. Additional fees will be charged at time of renewal.

Exceptions apply to Norwegian students insured under the Norwegian National Insurance Scheme (NNI), Swedish students with health insurance provided by Kamlarkurseriet, and Belgian students covered under the Reciprocal Health Care Agreement within Australia. Please include evidence with your application if you’re covered under one of these programs.

Visit swinburne.edu.au/study/international/visa/overseas-student-health-cover

Students under 18

If you’re under 18 years of age, your parents must nominate a guardian who lives in Australia before you can be considered for a student visa. Your guardian must be over 21 years old, related to you and of good character.

If you do not have an appropriate guardian with whom you may live in Australia, you’ll need to engage a Swinburne-approved care provider. This arrangement will include accommodation restrictions and places may be limited depending on the availability of suitable accommodation options.

Your rights and responsibilities

The Educational Services for Overseas Students (ESOS) Act regulates the education and training sector’s involvement with overseas students studying in Australia on student visas. Visit studyinaustralia.gov.au/global/australian-education/education-system/esos-act to read a description of the ESOS Framework.

Restrictions may apply if you wish to change your enrolment. Visit swinburne.edu.au/current-students/manage-course/enrolment-timetable/time-off/international for more information.

Students with families

If you have children between five and 15 years of age who you plan to bring to Australia, you must enrol them in school. Full fees are payable at both government and non-government schools. If you’ll be enrolled as a postgraduate research student at Swinburne, the Victorian Government may provide exemption from tuition fees in Victorian government primary and secondary schools for your children.

Visit education.vic.gov.au to find a complete list of Victorian primary and secondary schools. Information about fees, applications and enrolment for government, primary and secondary schools may be found online at study.vic.gov.au

Applications to non-government schools must be made directly to the school of your choice.

Note: Your student visa assessment criteria may change if your family is accompanying you to Australia.

The Educational Services for Overseas Students (ESOS) Act regulates the education and training sector’s involvement with overseas students studying in Australia on student visas.

Restrictions may apply if you wish to change your enrolment. Visit swinburne.edu.au/current-students/manage-course/enrolment-timetable/time-off/international for more information.

Students with families

If you plan to bring your family to Australia, check any restrictions apply by contacting the Department of Home Affairs or the Australian diplomatic mission in your country. You’ll also need to hold OSHC membership for your family.

Visit swinburne.edu.au/study/international/plan/arrival/family

Children

If you have children between five and 15 years of age who you plan to bring to Australia, you must enrol them in school. Full fees are payable at both government and non-government schools. If you’ll be enrolled as a postgraduate research student at Swinburne, the Victorian Government may provide exemption from tuition fees in Victorian government primary and secondary schools for your children.

Note: Your student visa assessment criteria may change if your family is accompanying you to Australia.
# ENTRY REQUIREMENTS

The information in this table should be read as a guide only. Applicants are advised to contact the Institution or Program for further details. A table with data is provided below. The table is divided into several sections based on different criteria such as Degree Type, Intake, Entry Route, Language of Instruction, and more. Each section contains specific information such as the minimum academic requirements, English proficiency requirements, and other relevant details. The table includes data for various countries and institutions, with specific requirements for each entry route and degree type. The table also highlights the duration of programs, whether they are offered in English or other languages, and indicates whether specific qualifications or documents are required for each entry route. The table's structure facilitates easy comparison and cross-referencing of requirements, making it a valuable resource for prospective students.
