VICTORIA UNIVERSITY
MELBOURNE AUSTRALIA

THE NEW WAY TO DO UNI
We are proud to be a student-centred, innovative and supportive university. Our revolutionary VU Block Model means you can immerse yourself in one subject at a time, in four-week blocks and in small classes, without the conflicting demands of multiple subjects.

This smarter way to take on tertiary study gives you the skills you need to succeed, so you can start well and finish brilliantly. You will have access to world-class teaching staff and receive a globally recognised qualification.

By completing your studies in Melbourne, you will gain invaluable international experience in an Australian classroom environment whilst learning with other students from all over the world.

I can’t wait to welcome you to Victoria University in 2022.

Professor Adam Shoemaker
Vice-Chancellor and President
Victoria University

Acknowledgement of Country

Victoria University acknowledges, recognises and respects the Ancestors, Elders and families of the Boonwurrung, Waddawurrung and Wurundjeri of the Kulin who are the traditional owners of University land in Victoria, and the Gadigal and Guring-gai of the Eora Nation who are the traditional owners of University land in Sydney.

A REVOLUTION IN LEARNING

At VU, our award-winning learning models have revolutionised tertiary education in Australia. With the VU Block Model, an Australian first, you focus on one or two subjects at a time, in small classes with the same educator for four or eight weeks, depending on your course. Each four-week or eight-week ‘Block’ includes all your assessments and results.

With a high level of academic support, the VU Block Model is designed to help you adjust to university study in Australia. International students perform particularly well under the Block Model, with a pass rate of 93%, and 53% of results being a distinction or above.

Victoria University Polytechnic, VU’s vocational education division, combines engaging, user-friendly e-learning, with face-to-face training and support through its award-winning interactive e-learning model.

4000+ INDUSTRY CONNECTIONS

With more than 4000 industry partnerships across teaching and research, we are one of the most industry-connected universities in Australia. We design our courses in consultation with industry, and where we facilitate and encourage meaningful, engaging and impactful internships and work placements. These opportunities, combined with our focus on hands-on problem-based learning, mean you’ll build connections and gain practical experience while you study, and graduate job-ready.

Employers agree, ranking VU graduates the best in Australia for employability skills and number one in Victoria for foundation, adaptive, collaborative and technical skills.†

FUTURE-READY

Our graduates have the creative, problem solving and technical skills required to thrive in a fast-changing world. Practical learning, designed with our industry partners, is reinforced through industry application and supported by skills in communication, collaboration and leadership. Our teaching spaces are optimised for contemporary learning, including simulation labs with robotics, a high-tech A$68 million sport and exercise science research facility, and a new 32-level tower scheduled to open in Melbourne’s Central Business District (CBD) in 2022.

A SAFE & SUPPORTIVE COMMUNITY

We are a welcoming and inclusive university in Australia’s highest-ranked student city. Australia is also ranked the safest country in the world for women, according to the 2019 Global Wealth Migration Review. At VU, we celebrate cultural diversity and provide opportunities for all students to take part in community and social activities. We have more than 50 student clubs, programs to promote student leadership and activities to support community engagement. Our student advisers are always available to ensure you get the help you need, and the VU Safe app helps to keep you safe and secure.

†2020 QILT Employer Satisfaction Survey
2. AUSTRALIA’S BEST STUDENT CITY

Melbourne is the best student city in Australia and the sixth-best student city in the world, according to the QS Best Student Cities 2022. It is a vibrant, multicultural city and home to one of the world’s most diverse student communities. Melbourne is full of the attractions that make the Australian lifestyle so appealing – beautiful beaches, friendly people and a fair proportion of sunny days!

Melbourne is renowned for its great restaurant and café options and its beautiful parks and boulevards. It is also one of the safest cities in the world (Economist Intelligence Unit Safe Cities Index 2019).

1. EXTENSIVE PUBLIC TRANSPORT

Melbourne has an excellent public transport network that makes it safe, easy and affordable for students to travel to campus, work and around the city. All VU campuses are a short walk from public transport and our city campuses operate within Melbourne’s free tram zone. Melbourne has extensive tram and train networks that stretch across the city. Flagstaff Station is a short walk from our City campus.
3. AUSTRALIA’S CULTURAL CAPITAL

Known as the cultural capital of Australia, Melbourne’s annual calendar includes theatre, comedy, dance, art, film, fashion and a range of multicultural celebrations. Melbourne has more live music venues per capita than any other city in the world and hosts major international artists and performers. It also has incredible museums and is known as one of the world’s leading street art cities, with many of its laneways acting as free open-air galleries.

visitvictoria.com

4. WORLD-CLASS SPORT

Melbourne is one of the world’s great sports cities and hosts some of the biggest and best events including the Australian Open (Grand Slam tennis), the Australian Formula 1 Grand Prix, the Melbourne Cup (horse racing), Australian Rules football (AFL) and international cricket matches. Our world-class sporting precinct includes the iconic Melbourne Cricket Ground, AAMI Park and Melbourne Park. There are also lots of community sports clubs and public sport facilities including cycling paths, basketball and tennis courts, and swimming pools.

5. FOOD FOR ALL TASTES

Cuisine from almost every part of the world can be found in Melbourne, with options to suit all budgets. Cuisines include Chinese, Indian, Vietnamese, Japanese, Korean, Sri Lankan, Malaysian, Thai, Spanish, Italian, Greek, French, Sudanese, Somali and Mexican. Many delights can be found in our local markets too. Queen Victoria Market is the biggest market of its kind in Australia with shops and stalls and even foodie tours, while Footscray Market offers everything from fresh vegetables and seafood to lotus flowers and cassava root!
CELEBRATING STUDENT SUCCESS

Home to Australia’s most employable graduates, VU is also the third highest-ranked university in Australia for Learner Engagement (2020 QILT Student Experience Survey). This survey demonstrates how satisfied current Australian students are with their student experience, and was undertaken during the height of the COVID-19 pandemic in 2020. Here is a snapshot of our latest student and alumni successes.

POOJA – KENYA

Reliability Engineer, Fortescue Metals Group
Bachelor of Engineering (Honours) (Mechanical Engineering)

In March 2020, VU alumna Pooja won the Outstanding Young Woman in Resources Award and the People’s Choice Award in the Western Australia Women in Resources Awards. Graduating with a Bachelor of Engineering (Honours) (Mechanical Engineering) in 2017, Pooja defied the odds of growing up in a low-income family in Kenya to gain an international education. After completing her VU degree, she undertook an internship with Rio Tinto Weipa in far north Queensland, where she was quickly promoted to a graduate role as the only female mechanical engineer. In April 2020 she moved to Western Australia to work as a reliability engineer at the Solomon Mine for Fortescue Metals Group.

RAHMA – TANZANIA

Senior Analyst, National Australia Bank
Master of Business (Accounting)

Rahma’s academic journey began at Sunway College in Kuala Lumpur, where she enrolled in VU’s Bachelor of Business (Banking and Finance) before completing a Master of Business (Accounting) from VU Melbourne in 2014. During her degree Rahma was employed as a VU staff member, working in admissions, enrolments and student services. Upon graduation, she took part in NAB’s African Australian Inclusion Program, which provides six months of work experience to help participants gain exposure to Australian workplace cultures, build networks and obtain a job reference.
Marvin Ambala received a VU Outstanding Achievement Award and took part in the Victoria University-Commonwealth Bank Multicultural Mentoring Program in 2018. The program helps students develop the skills and confidence to grow their careers. In 2019, he returned to share his experience with other students. “Throughout the mentoring relationship, my mentor and I worked on improving my interpersonal and networking skills alongside developing my résumé and career plan. Furthermore, we worked on my employability by focusing on my strengths and interviewing skills.” Marvin also undertook a six-week internship as part of a VU-Transurban partnership program. He is now working as an engineer with Transurban on a major infrastructure project.

Olena Nguyen has forged an impressive CV – all while still a student. In addition to her role at Campus Consultancy on the Study Melbourne Leadership Labs Program, she is Deputy Chair of VU’s Cultural Diversity Student Network and Partnerships Director at the Australian Federation of International Students. In 2019, she was awarded the Council of International Students Australia’s Best Undergraduate International Student of the Year. “It’s been a challenging journey for me, but it has also been rewarding. I’m more outgoing, more independent, more resilient and more professional.”

Working as a resident doctor in a specialty hospital in Delhi, Lakshmi decided it was time for a career – and sea – change. The VU alumna graduated with a Master of Public Health (Global Nutrition and Active Living) in 2020 and now works as a public health officer for the Department of Health and Human Services in Melbourne. During her degree, Lakshmi undertook a professional placement with Cohealth, a not-for-profit community health organisation and one of VU’s industry partners. She also took part in the VU Vollies program, which helps students make new friends and learn new skills through on-campus and community volunteering opportunities.
A WORLD-CLASS UNIVERSITY

VU is a world-class university. Our rankings, research, facilities, partnerships and alumni network are all part of our international reputation and are pillars for your success.

We are ranked in the top 2% of universities in the world, according to the *Times Higher Education* World University Rankings 2021. This ranking is the only international assessment of universities across their core missions of teaching, research, knowledge transfer and international outlook. We are also 63 in the world in the *Times Higher Education* Young University Rankings 2022.

We are 77 in the world for quality education, according to the *Times Higher Education* Impact Rankings 2021, for our contribution to early years and lifelong learning, our teaching research and our commitment to inclusive education.

VU offers world-class research opportunities, with 28 research disciplines ranked at or above world standard in the latest Excellence in Research for Australia (ERA) assessments. Our researchers develop new technologies and solve real-world problems, building smarter, healthier and more sustainable communities.

Our facilities including contemporary learning spaces, simulation labs, robotics, high-performance testing, industry-supported facilities such as the Cisco cybersecurity centre and the SAP Next Gen Lab, and the latest technology for vocational skills development.

Our international education partners include the VU-GUNI Centre of Excellence in India, Liaoning University, Henan University and the Central University of Finance and Economics in China, Sunway College in Malaysia and the National School of Business Management in Sri Lanka.

Our alumni network of more than 240,000 includes 30,000 professionals living and working around the world, while employers of our alumni include the London Ambulance Service, Indonesia’s Ministry of Finance, Facebook and NASA.
Our MBA is ranked Tier 1 by CEO Magazine 2020.

VU graduates are the best in Australia for employability skills and number one in Victoria for collaborative, team, interpersonal, and technical skills.†

We are 10 in the world for Peace, Justice and Strong Institutions (Times Higher Education Impact Rankings 2021).

We are 9 in the world for Sport Science.*

We are 32 in the world for Automation and Control.*

Our global ranking for Hospitality and Tourism Management.*

Our ranking globally in Engineering and Technology.*

Our ranking globally in Computer Science.^

† 2020 QILT Employer Satisfaction Survey
INDUSTRY PARTNERSHIPS

We have more than 4000 industry partners who ensure our courses are relevant to industry needs and that our graduates are job-ready. They provide opportunities to gain important industry experience through meaningful work placements and help us to design our courses with the latest industry insights and technologies. As a result, VU graduates are considered the best in Victoria for collaborative skills, team skills, interpersonal skills and technical skills - as voted by employers (2020 QILT Employer Satisfaction Survey).

vu.edu.au/industry

Industry-Accredited Courses

Many of our courses are accredited by industry organisations, ensuring the relevance of our courses and improving employment outcomes for our graduates.

Our accrediting organisations include Engineers Australia, the Australian Marketing Institute, the Institute of Managers and Leaders, the Australian Nursing and Midwifery Accreditation Council, the Australian Computer Society, the Australian Psychology Accreditation Council, CPA Australia, the Institute of Chartered Accountants Australia and the Victorian Institute of Teaching.

Our industry partners include NASA, KPMG, PWC, Hyatt Hotels, the Supreme Court of Victoria, Western Health, SAP, the National Australia Bank, Commonwealth Bank, ANZ and Westpac, Cisco Systems, Cricket Australia, Melbourne Victory Football Club and the Western Bulldogs Football Club.

Work-Integrated Learning

Work-integrated learning (WIL) combines real-world professional experiences with disciplinary theory and counts towards your overall grade. Our WIL opportunities span all subject areas, and include work placements, client-led projects, industry-focused research, fieldwork, cadetships, internships and simulations.

vu.edu.au/wil

Placements and Industry-Based Projects

Many VU courses include a compulsory placement or industry project. These practical learning opportunities apply to a range of subject areas including business, engineering, health and education. Through placements, you will enhance your overall employability by applying knowledge from the classroom to the workplace, developing hands-on skills and gaining exposure to Australian workplace environments, processes and issues. Placements will also help improve your English language proficiency and interpersonal skills, while you establish a network of contacts and potential employment opportunities.

Industry Mentoring

We offer two mentoring programs to help you prepare for work: Career Mentoring and Talent Connect.

Career Mentoring matches students with an industry professional to prepare you for life after graduation. Our mentors come from industry partners including the Commonwealth Bank, the National Australia Bank and IBM.

Talent Connect helps final year students prepare for work with career workshops and mentoring.

Each program can help you to understand what employers are looking for in graduates, explore options for work experience, help you to develop professional networks, practice interview skills, develop résumé writing skills and gain knowledge of industry expectations and culture.

vu.edu.au/talent-connect
“EVEN THOUGH ALL OUR CLASSES ARE ON ZOOM, THE TEACHERS ARE REALLY NICE.

“They even arranged my placement for me – it’s at a childcare centre close to my house which is really convenient.”

HUONG (VIETNAM)
Graduate Diploma in Early Childhood Education
The Australian border has been closed to international travellers since March 2020, and until the global pandemic situation improves, will remain so. Some of our courses are available for you to commence your studies from outside of Australia. By studying remotely, you are able to obtain your dreams more quickly, even if you are not yet able to study with us in Melbourne.

Online, Real-time Learning

Online real-time (ORT) learning allows you to study remotely using Zoom as part of scheduled, regular classes. It allows you to take part in group discussions, interact with classmates and get immediate feedback. There is a maximum of 35 students in each virtual classroom, which is the same as face-to-face classes for our Block model. You will need access to a computer / laptop (ideally with a camera), and a reliable Internet connection.

Classes are mostly delivered within standard Australian Eastern Standard Time (AEST) teaching times. We do aim to schedule ORT learning classes later in the day to minimise the impact of time differences on you if you are studying outside of Australia; you may still need to be flexible about the time of day you will be studying.

Not all courses are available by ORT learning. If the course you wish to study is not available, you may receive an offer for an alternative offer that provides you with the same educational outcomes and employment prospects. If this is not possible, you will receive an offer for the next available intake for the course for which you have applied.

Courses in ORT Learning Mode

As at October 2021, the following courses are available for ORT learning in 2022:

**Business**
- Diploma of Business (Enterprise)
- Bachelor of Business*
- Master of Professional Accounting
- Master of Business Administration (Global)
- Master of Business Analytics
- Master of Enterprise Resource Planning
- Master of Supply Chain Management

**Engineering**
- Diploma of Engineering
- Bachelor of Engineering (Honours) (Architectural Engineering)*
- Bachelor of Engineering (Honours) (Civil Engineering)*
- Bachelor of Engineering (Honours) (Electrical and Electronic Engineering)*
- Bachelor of Engineering (Honours) (Mechanical Engineering)*
- Master of Engineering
- Master of Project Management

**Information Technology**
- Diploma of Information Technology
- Bachelor of Cyber Security*
- Bachelor of Information Technology*
- Master of Applied Information Technology

**English Language (ELICOS)**
- English for Academic Purposes

**Foundation**
- International Foundations at VU
- International Foundations at VU (Extended)

*2nd year commencement year. Students wishing to commence in 1st year will be offered a diploma pathway into the bachelor degree.
Some subjects are conducted at different times of the day which can help students from different time zones log in at a time that is convenient to them.

ORT MODE IS REALLY A GOOD WAY TO CONDUCT CLASSES DURING TIMES LIKE THESE.

“Some subjects are conducted at different times of the day which can help students from different time zones log in at a time that is convenient to them.”

TANAY (INDIA)
Bachelor of Sport Science
VU’S BLOCK MODEL: A REVOLUTION IN LEARNING

WHAT IS THE BLOCK MODEL?

Unlike most other universities where you study multiple subjects at once, at VU you study one subject at a time for four weeks (undergraduate courses and some postgraduate courses) and two subjects at a time for eight weeks (postgraduate courses). Each four-week or eight-week ‘block’ includes all assessments, and your results are available after each block. You then have a few days between blocks to relax and prepare for the next subject.

The Block Model is unique to VU in Australia and is founded on the success of universities using similar models in Sweden, Canada and the United States.

HOW IT WORKS

Your study mode of delivery will be organised in one of the following ways, depending on your course:

4
FOUR-WEEK MODE
All undergraduate courses as well as postgraduate arts, education, health, biomedicine, sport and exercise.

8
EIGHT-WEEK MODE
Postgraduate business courses and selected engineering and science courses.

Four-week mode means you study one unit (subject) at a time over four weeks. In eight-week mode you study two units at a time over eight weeks. All other postgraduate courses not listed above will be taught in the current course teaching periods (i.e. multiple units at the same time over the semester/trimester), until the VU Block Model is rolled out to all courses. Check your course page on the website for more details.
MULTIPLE STARTING POINTS

This table highlights our multiple optional entry points available to begin your course. You can start in Block 1, or fast-track or catch up on your studies by including Summer Blocks. We are reviewing our calendar to include more entry points, so check in later in the year for up-to-date information.

SUPPORT FOR YOUR FIRST YEAR AT UNI

VU is the only university in Australia to have a First Year College, made up of specialist educators and programs to guide and support your transition to uni.

In first year, alongside coursework, you’ll complete Study Essentials – a program designed to help you gain the skills required for success such as research and writing.

With this support and collaborative approach, it’s no wonder our First Year College won an Australian Award for University Teaching (AAUT) in 2020, and that students rank us #1 in Victoria (#3 in Australia) for learner engagement.

In subsequent years you’ll complete Course Essentials and Career Essentials, which offer customised support through practical learning activities, and assist you to find employment in your chosen field. For more information about learning support, visit vu.edu.au/learning-hubs

For more information about the First Year College, visit vu.edu.au/fyc

THE VU BLOCK MODEL

Watch at vu.edu.au/block-model

* 2020 QILT Student Experience Survey
SUCCESS IN YOUR STUDIES

WHY IS VU’S BLOCK MODEL BETTER FOR ME?

Improved academic success
The progression of subjects in the Block Model will give you early feedback and success. Since the introduction of the Block Model in 2018, international students have performed particularly well, achieving a pass rate of 93%, with 53% of those results a distinction or above.

Small classes
You learn in smaller classes and have more one-on-one time with your educators. Studying with one group at a time will help you to adjust to university life in Australia and form better connections with your classmates and mentors. Plus, this will help you gain more confidence to be able to share ideas and debate concepts.

Flexibility
Teaching sessions are available in multiple combinations (morning, mid-morning, afternoon and evening), allowing you to plan your work and other activities. We also have multiple entry points and the option to fast-track or catch up on your studies during our winter and summer blocks.

Simple timetables
The study year for undergraduate courses is divided into 10 four-week blocks: two semesters of four blocks each, plus two optional blocks over winter and summer. Each unit has three face-to-face teaching sessions per week, scheduled over three days. Teaching sessions don’t run on more than two consecutive days, so you will have one gap day between teaching sessions and two gap days each week. Subjects with labs and professional experience, called ‘pracs’, have extra teaching hours and are scheduled on the same days as teaching sessions. If you are studying a postgraduate program, you will participate in two workshops per week (one to two hours long) for six weeks, followed by a three-hour workshop in Week 7 and a break in Week 8 for reflection.

Early feedback
Assessments have been redesigned for quicker completion within each block, with most of your work completed in class so you can achieve your best through early and ongoing feedback. You’ll have a great sense of how you’re progressing in your course, with final grades for units available soon after each block finishes.

---

1 2020 QILT Employer Satisfaction Survey
2 2020 QILT Student Experience Survey
3 2020 QILT Employer Satisfaction Survey for commencing undergraduate students
IF IT WASN’T FOR BLOCK MODEL, I DON’T THINK I COULD HAVE COMPLETED THE REMAINING UNITS OF MY COURSE – LET ALONE KEPT WORKING.

“I found the structure of the Block Model made it easier to focus and retain the information. Studying just one unit every four weeks, rather than juggling four units was the key to my success at the time.”

SERGIO
Bachelor of Business (Finance/Accounting Major)

THE VU BLOCK MODEL’S MORE MANAGEABLE WORKLOAD MAKES IT EASIER TO KEEP UP.

“It also gives me more time to relax, play futsal, and work. My friends at other unis are studying different subjects in a single day – it’s confusing for them. They think VU’s Block Model is a great idea.”

ETHAN
Bachelor of Science (Osteopathy), Master of Osteopathy

STUDY IS LESS STRESSFUL WITH THE VU BLOCK MODEL BECAUSE YOU FOCUS ON ONE SUBJECT AT A TIME.

“The class sizes are small, so we can interact with teachers and receive feedback. I also have plenty of time to get involved in extracurricular activities, including being the women’s officer for the Student Union and the Vice-President of the VU African Society. I’m enjoying university – I feel like I belong.”

TOOLSIKA
Bachelor of Psychology/Bachelor of Criminal Justice
SCHOLARSHIPS

VU is proud to offer a range of university-funded scholarships to support students, as well as to accept recipients of scholarships funded by the Australian Government, Victorian State Government and governments of other countries.

A scholarship provides financial assistance during your study. Some scholarships cover tuition fees and living allowances, while others provide only partial funding towards tuition fees.

All scholarship applicants must meet VU’s academic entry requirements, in addition to any eligibility requirements for their scholarship.

vu.edu.au/international-scholarships

VU Global Leaders Scholarship
The VU Future Leaders Scholarship (International) supports new international students who plan to commence their higher education diploma, undergraduate or postgraduate (coursework) studies in 2022. The scholarship provides a 20% tuition fee reduction for the entire standard duration of eligible courses (calculated from the date of commencement to the course end date in the letter of offer).

VU Diplomatic Scholarship
VU recognises the benefit of having members of the diplomatic community as its students. Accordingly, this new initiative will provide a scholarship of 10% on international student fees to members of the Consular Corps and their immediate families.

VU Alumni Discount
The VU Alumni Discount recognises the importance of our alumni community as lifelong learning partners and promote lasting relationships between the University and its former scholars. As such, we have introduced a 10% fee discount for VU alumni when they enrol in a new course.

Pathway To Victoria Scholarship
The Pathway to Victoria Scholarship has been made possible by funding from the Victorian Government through Study Melbourne. It is available to a limited number of new offshore international applicants applying to study a Higher Education Diploma, Foundation Studies or English course with a packaged offer to Victoria University enrolling in their principal course before the end of 2023.

The total value of the scholarship is up to AU$2500 as a one-off payment to be paid into the VU student account towards a VU pathway course tuition fees after commencing the principal course.

International Research Scholarships
The international postgraduate research scholarships provide financial assistance to students with excellent academic qualifications who are participating in postgraduate research programs in Australia. These scholarships support high quality research and are awarded on the basis of academic merit.

Australia Awards Scholarships
Australia Awards Scholarships are offered by the Australian Government and administered by the Department of Foreign Affairs and Trade (DFAT). They provide opportunities to citizens of participating countries from Asia, the Pacific, the Middle East and Africa, for full-time undergraduate or postgraduate study at Australian institutions. They contribute to the long-term development needs of Australia’s partner countries. The scholarships include tuition fees, flights, a living allowance, Overseas Student Health Cover and academic support.
dfat.gov.au/australia-awards

Foreign-Government Scholarships
We welcome students with scholarships from their home government or organisations worldwide, including:

- Ministry of Higher Education (Kuwait, Oman, Saudi Arabia)
- East-Kalimantan Provincial Government (Indonesia)
There are many ways to start your studies at VU. As one of only six dual sector universities in Australia, VU offers foundation studies, vocational certificates and diplomas, higher education diplomas and English languages courses. Successful completion of a pathway course provides admission to a higher level course. Our vocational and higher education diplomas even provide you with academic credits, reducing the time it will take to complete your studies.
We offer a wide range of English Language Intensive Courses for Overseas Students (ELICOS) at our VU City Tower Campus in the centre of Melbourne.

Our courses improve your English for life, university study and work. They are also a pathway to our academic courses. Our classes are run by experienced and qualified ELICOS teaching staff. As a VU English student, you have the option of attending additional free classes and taking part in a range of social activities to further improve your English language skills.

VU English is home to a Pearson Test Centre. The Pearson Test of English Academic (PTE Academic) is the leading computer-based English test. It assesses listening, reading, speaking and writing in a single three-hour test. Test results are for university, work and migration applications.

**General English (GE)**
Designed for students with beginner to intermediate levels of English for everyday use, speaking, listening, reading and writing, and for entry into the English for Academic Purposes course.

**English for Academic Purposes (EAP)**
Designed for students with upper intermediate to advanced levels of English who want to study foundation, vocational education (TAFE), HE diploma, undergraduate or postgraduate courses at VU.

**English for Academic Purposes - IELTS Preparation**
A unit designed to help students succeed at the IELTS test.

VU College provides pathways to VU degrees. Our pathways are tailored to your needs. In addition to English language courses, we offer an International Foundations program and diplomas in business, information technology and engineering.

**International Foundations**
The International Foundations program is your pathway to degree programs at VU. It is an alternative to completing an Australian Year 12 certificate and provides a supportive learning environment as you adjust to living away from home.

Successful completion is a guaranteed pathway into HE diplomas and the first year of VU degrees.

**Higher Education Diplomas**

Our one-year Higher Education (HE) diplomas have the same curriculum as the equivalent degree, but with extra English language support. Successful completion of a diploma is a guaranteed pathway into the second year of some VU bachelor degrees (or credits towards these degrees). If you want to study a degree but don’t feel fully prepared or lack certain prerequisites, these are good options for you.

VU’s HE diplomas are designed to prepare international students for success in the second and third years of undergraduate study.

We offer the following one-year HE diplomas:

- Diploma of Business (Enterprise) – page 32
- Diploma of Engineering – page 48
- Diploma of Information Technology – page 68

Even if you choose not to continue on to a VU degree after the first year, you’ll graduate with a diploma that has prepared you for the start of your career.
VU POLYTECHNIC

We offer accredited vocational education certificates and diplomas. Your learning environment features state-of-the-art facilities including an in-hospital simulation laboratory, interactive mannequin technology, three commercial kitchens and a simulated early childhood environment. You will gain industry experience through work placements and industry projects. Successful completion of a VU certificate or diploma is a pathway to other relevant VU courses. You will also be job-ready to meet employer needs.

“VU was a gateway to the career I wanted with a very specialised masters degree."

“The fact that VU is centrally located right in the heart of the vibrant and lively city of Melbourne had a major influence on my choice. Many units were taught by working professionals who shared their practical experience and offered great networking opportunities. I loved the collaborative spirit of my fellow classmates; we learned, shared, and grew together.”

CRICOS: 068927B

LOCATION
Footscray Park

DURATION
3 years

2022 INTAKES
February, August

2022 FEES
A$12,800 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall score of 6.0 (with no band less than 6.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 12 certificate.

COURSE DESCRIPTION
An arts degree is the ideal preparation for today’s fast-changing world. You’ll develop specific skills for your chosen career, along with research, writing and communication expertise. Major in digital media, visual arts, writing or one of five other majors. We offer on-the-job learning with our partners including the Malthouse Theatre, Penguin Books, the ABC, SBS and the Parliament of Victoria.

GRADUATE OUTCOMES
In your third year, you’ll have the opportunity to participate in real-world projects with our industry and community partners. You can make valuable industry connections before you even graduate. Graduates often go on to work in creative arts, journalism, writing or strategic communications, teaching, creative arts administration, public service and policy work, the community sector or software development.

YEAR 1
Academic Discourse and Experience
Reason and Revolution
Knowledge, Inquiry and Research
Introduction to Sociology
Text and Representation
The Era of Controversy
Creativity, Communication and the Digital Age
Aboriginal History and Political Movements

February, August

2022 FEES
A$12,800 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall score of 6.0 (with no band less than 6.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 12 certificate.

COURSE DESCRIPTION
This course focuses on popular and contemporary music. You’ll develop your music knowledge, technical fluency and creativity. Through practice, cultural analysis and critical listening, you’ll discover an inspiring variety of musical styles. Areas of study include music performance, music theory, song writing and arranging, popular music culture and history, and music technology. Considered one of the best live music cities in the world, Melbourne offers a range of performance opportunities. You’ll also have access to cutting-edge music technology and our commercial recording facilities at Kindred Studios. All students should be able to read music notation. If you’ve studied music performance or worked as a musician, you may be eligible for advanced standing and credits towards your degree.

JEEHOON (SOUTH KOREA)
Bachelor of Screen Media

After graduating from VU, Jeehoon Choi worked at SBS in Sydney as a social media videographer – a role he describes as “the best thing that can happen to a media graduate”. He believes saying ‘yes!’ to every opportunity during his studies was the key to his success. “VU truly is a university of opportunity. It’s up to you how you make the most of it.”
**BACHELOR OF SCREEN MEDIA**

**COURSE CODE:** ABSN  
**CRICOS:** 092157F  
**LOCATION:** Footscray Park  
**DURATION:** 3 years  
**2022 INTAKES:** February, August  
**2022 FEES:** A$12,800 per semester  
**ENGLISH REQUIREMENT:** IELTS (or equiv.) overall 6.0 (no band less than 6.0)  
**ADMISSION REQUIREMENT:** A secondary school qualification equivalent to an Australian Year 12 certificate.

**COURSE DESCRIPTION**
Develop your passion for story-telling in film, television, radio, online or mobile platforms, while building your understanding of intellectual property rights. You will learn from teachers who are directly involved in the media industry. You will develop practical skills in media production for online content distribution including streaming sites such as YouTube. We are Australia’s first university to achieve Blackmagic Design’s DaVinci Resolve Trainer Certification (post-production software).

**GRADUATE OUTCOMES**
To ensure you are work-ready when you graduate, you’ll complete 80-100 hours of work placement as part of this course. You will be ready to enter and succeed in a range of professional roles that include producer, director, cinematographer, production manager, sound recordist, post-production supervisor, editor, content distributor and cross-platform content creator.

**YEAR 1**
- Academic Discourse and Experience
- Knowledge, Inquiry and Research
- Text and Representation
- Creativity, Communication and the Digital Age
- Online Screen Media
- Introduction to Screen Media
- Motion Graphics
- Digital Sound and Video

**MASTER OF DIGITAL MEDIA**

**COURSE CODE:** AMDM  
**CRICOS:** 083302K  
**LOCATION:** City Flinders  
**DURATION:** 2 years  
**2022 INTAKES:** February, August  
**2022 FEES:** A$14,000 per semester  
**ENGLISH REQUIREMENT:** IELTS (or equiv.) overall score or 6.5 (with no band less than 6.0)  
**ADMISSION REQUIREMENT:** A degree in any discipline equivalent to an Australian undergraduate degree or higher.

**COURSE DESCRIPTION**
Advance your career options as a digital media professional or learn how to implement digital transformations in your own industry. You will learn skills in user experience (UX) design, app development, game production, search engine optimisation (SEO), content strategy, social media and web analytics, and data visualisation. In your second year, you will undertake a research project and have the option to link it to an industry problem.

**GRADUATE OUTCOMES**
You’ll graduate with an impressive portfolio of UX and human-centred design research methodology examples. You will be ready to work as a digital media practitioner, producer, digital media strategist, digital marketing manager, mobile web designer, cross-media practitioner, e-learning designer, or UX designer.

**YEAR 1**
- Research Methods
- Visuals, Digital Media and a Global World
- Video Production
- Web Technologies
- Analysing the Web and Social Networks
- Digital Media for Sport and Health
- Design Management

**YEAR 2**
- Research Project
- Communicating Research
- 72 credit points of Elective studies OR Research Thesis (Part 1)
- Research Thesis (Part 2)
- 48 credit points of Elective studies

**ELECTIVES**
- Professional Internship
- Engaging Communities for Sustainability
- Transnational Gender Issues and Human Rights
- Migration, Culture and Identity
- Management in Non-Government Organisations
- Conflict Resolution in Groups and Communities
- Business Analytics
- Marketing Strategy
- Customer Relationship Management
- Consumer Behaviour
- Digital Marketing
- Business Ethics and Sustainability
- Art and Practice of Leadership
- Managing Innovation and Entrepreneurship
Dream of owning your own business or leading a company? VU will give you the knowledge, skills and industry connections to succeed. Gain extensive hands-on experience through placements, industry-sponsored projects and problem-based learning. Become an entrepreneur with VU Innovations, our on-campus start-up incubator, or work with clients on real projects in Australia’s first SAP Next Gen Lab.

**STUDY AREAS**

- Accounting
- Event Management
- Human Resource Management
- International Trade
- Marketing
- Tourism and Hospitality Management
- Banking and Finance
- Financial Risk Management

“These skills and knowledge were of significant value for my employers.”  

**LAURA (COLOMBIA)**  
Master of Business (Industrial Relations / Human Resource Management  
Human Capital Management Business Analyst, Discovery Consulting in Melbourne
BUSINESS MAJORS

Accounting
Become a financial expert and inform better business decisions for global and Australian companies. Careers include accountant, business analyst, auditor and financial adviser. This major is accredited by CPA Australia and Chartered Accountants. Graduates have the opportunity for entry into CPA Australia as an associate member with the appropriate sequence of units.

Units: Accounting Information Systems, Corporate Finance, Financial Accounting, Corporate Accounting, Management Accounting, Corporations Law or Auditing.

Banking & Finance
Understand the complexities of corporate finance and the intricate workings of financial markets and investment management. Careers include roles in banking, funds management, financial planning, stockbroking, superannuation, insurance, investment and risk management.

Event Management
Gain the skills to create, manage and market impactful events with this nationally-recognised and industry-endorsed major. Launch your career in events and conference coordination, fundraising and sponsorship, exhibitions, marketing and PR, account management and sustainable operations.

Financial Risk Management
Gain the specialist knowledge and business skills to solve the complex challenges faced by businesses in the financial sector. Launch your career in the fast-paced field of financial planning, banking, stockbroking, superannuation, insurance, investment, risk or funds management.

Human Resource Management
Learn strategies to successfully manage human resources, professional development, and employment law. Our industry-accredited course will prepare you to meet worldwide standards of excellence, with the practical skills relevant to the work environment.

Information Systems Management
Pursue a global career in business analysis, project management or e-business while becoming an expert in information systems and modelling digital commerce and management. Careers include systems or business analyst, programmer, applications developer and network administrator.

International Trade
Gain the expertise to inform international trade, through an understanding of core economic principles and a focus on strategies to improve trade and investment. Careers include import/export administrator, trade negotiator and international operations manager or marketer.

Management & Innovation
Whether you’re an entrepreneur, or pursuing a career within organisations, you’ll build your management skills and creativity. Your theoretical and practical skills will build innovative, ethical organisations through the management of creative mobile workforces.

Marketing
Become a switched-on marketer, connecting brands, products and services with their target markets. Gain expertise in marketing research, consumer behaviour and international marketing and strategy. This major is accredited by the Australian Marketing Institute.

Supply Chain & Logistics Management
Begin your exciting global career in logistics and supply chain management, export/import operations. Specialise in importing, procurement, customs, inventory flow and control, shipping, distribution and supply chain analytics. This course is accredited by the Chartered Institute of Logistics and Transport.

Tourism & Hospitality Management
Combine your love of travel, fine dining and events with a career you’re passionate about. Gain the skills and knowledge to develop, manage and market sustainable tourism products, experiences, businesses and destinations.

Units: Hotel and Resort Operations Management, Introduction to Tourism, Hospitality and Events, Tourism Product Design and Delivery, Business Integrated Learning, Revenue Management and Managing Sustainable Destinations.
MASTER OF PROFESSIONAL ACCOUNTING

COURSE DESCRIPTION
This globally recognised accounting degree provides a strong foundation for your career. You will gain specialist knowledge in accounting, economics and finance, and learn the skills to succeed in senior accounting roles. The course includes global trends in accounting and sustainability.

GRADUATE OUTCOMES
You are eligible to apply for accreditation with CPA Australia and/or the Chartered Accountants – Australia and New Zealand. Gain employment across the private, not-for-profit and government sectors as a general accountant, taxation accountant, management accountant, international consultant or international project manager.

AT VU, THE ASSESSMENTS ARE SO MUCH FUN!
SO FAR, I HAVE CREATED A WEBSITE, A VIDEO, A TIMELINE, A VIRTUAL CHILD’S PROFILE FOR A CASE STUDY AND DELIVERED A SCIENCE LESSON.

“The assessments are interesting and creative. I have built self-confidence and fallen in love with learning. And I really appreciate the Block Model. It means we have the time to review content, reflect and do the assessment. It presents a clear learning schedule and there is a reasonable workload. The intensive learning helps me to develop a deep understanding of the content and to get good marks.”

**DURATION**  
Certificate III: 0.5 years  
Diploma: 1.5 years

**2022 INTAKES**  
February, July

**2022 FEES**  
Certificate III: A$7,800 per semester  
Diploma: A$7,800 per semester

**ENGLISH REQUIREMENT**  
IELTS (or equiv.) overall 5.5  
(no band less than 5.0)

**ADMISSION REQUIREMENT**  
Certificate III: A secondary school qualification equivalent to Year 11 in Australia. Diploma: A secondary school qualification equivalent to an Australian Year 12 certificate. Both courses require students to undertake an interview before they are accepted. A Police Records Check and a Working with Children Check are required prior to placements.

**COURSE DESCRIPTION**  
Gain the skills to provide education and care to children. Successful completion of Certificate III guarantees entry to the diploma and reduces the diploma to one year, rather than 1.5 years. You’ll learn to facilitate learning and play to help children achieve developmental outcomes. The diploma includes five work placements and a first aid course. Both courses are nationally recognised training courses.

**GRADUATE OUTCOMES**  
On successful completion of the diploma you will be guaranteed entry into the Bachelor of Early Childhood Education. You’ll also be able to work at a high level in roles including children’s services coordinator, family day care coordinator, team/room leader, early childhood educator and playgroup coordinator.

**DIPLOMA CORE UNITS**  
CHCECE001 Develop cultural competence  
CHCECE002 Ensure the health and safety of children  
CHCECE003 Provide care for children  
CHCECE004 Promote and provide healthy food and drinks  
CHCECE005 Provide care for babies and toddlers  
CHCECE007 Develop positive and respectful relationships with children  
CHCECE009 Use an approved learning framework to guide practice  
CHCECE016 Establish and maintain a safe and healthy environment for children  
CHCECE017 Foster the holistic development and wellbeing of the child in early childhood  
CHCECE018 Nurture creativity in children

**PATHWAYS**  
Certificate III in Early Childhood Education and Care  
Diploma of Early Childhood Education and Care  
Bachelor of Early Childhood Education

The full course structure is on the website.

**ACCREDITATION KEY**

Accreditations apply to individual courses. Please see course details on pages 40-43 to see which accreditations apply.
**COURSE DESCRIPTION**

Become an early-childhood educator, equipped with the skills and practical experience to teach children from 0-5 years. Our four-year Bachelor of Early Childhood Education and Leadership is a one-year extension of the Bachelor of Early Childhood Education, enabling graduates to register as early childhood teachers in Australian states where a four-year program is required. The course also allows students to top-up their three-year degree with a focus on leadership, ethics and advocacy in their fourth year. Both courses meet the requirements of the Australian Children’s Education and Care Quality Authority and include 80 days of supervised teaching experience.

**GRADUATE OUTCOMES**

Thanks to your extensive practical experience in the classroom, you’ll be job-ready and qualified to work in Victoria as an early childhood or kindergarten teacher by graduating with the Bachelor of Early Childhood Education. By completing the four-year degree, you’ll be eligible to register as an early childhood teacher in other Australian states where a four-year program is required. To be eligible for registration with the Victorian Institute of Teaching, you need to pass the National Literacy and Numeracy Test for Initial Teacher Education.

**YEAR 1 (EBEC)**

- Personal and Professional Learning
- Orientation to Education and Human Development
- ICT in Education for the 21st Century
- Healthy, Active Individuals and Communities
- Reconciling Australian Humanities Education
- Educating for STEM
- Literacy for Education

**YEAR 1 (EBCL)**

- Reconciling Australian Humanities Education
- Personal and Professional Learning
- Human Development, Sustainability and Wellbeing
- Creativity and the Arts in Education
- Play and Playfulness
- Professional Understandings of Quality Frameworks in Early Childhood
- Educational Programs and Practice
- Literacy and Numeracy
- Safe, Secure and Supportive Relationships and Environments

The full course structure is on the website.

---

**THE DIPLOMA REQUIRES ALL STUDENTS TO DO FIVE PLACEMENTS IN REAL CHILDCARE SETTINGS AND A FIRST AID COURSE, WHICH MEANS I’M ABLE TO GAIN A LOT MORE EXPERIENCE THAN I EVER WOULD BE ABLE TO BACK HOME.**

“Because of VU, I feel confident that I’ll be able to open my own centre one day.”

JENIFER HALIM (INDONESIA)
Certificate III in Early Childhood Education and Care, Diploma of Early Childhood Education and Care
BACHELOR OF EDUCATION (P-12)

COURSE DESCRIPTION
VU is one of the few Australian universities to offer a teaching degree that prepares you to work at both primary and secondary level. You will gain extensive hands-on experience, with 40 days of supervised teaching practice and an extended fourth-year placement in rural Australian schools, or overseas. Majors include Art, Biology, Environmental Science, Health, Mathematics, Media Studies, Physical Education, Psychology and Outdoor Education.

GRADUATE OUTCOMES
You will be eligible for accreditation by the Victorian Institute of Teaching to teach in primary and secondary school settings. Students need to achieve a standard of personal literacy and numeracy skills to register. Completion of the major in Disability Studies provides a qualification to teach in special education settings.

LOCATION
Footscray Park

DURATION
4 years

2022 INTAKES
February, August

2022 FEES
A$13,700 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 7.0 (6.5 in Reading and Writing, 7.5 in Speaking and Listening)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australia Year 12 certificate, including mathematics. Students need to pass a non-academic attributes assessment, the CASPer test, and provide a 500-word written statement outlining why they want to study this course. A Working with Children Check is required for workplace visits, placements and projects.

YEAR 1
Personal and Professional Learning
Orientation to Education and Human Development
ICT in Education for the 21st Century
Healthy, Active Individuals and Communities
Reconciling Australian Humanities Education
Teaching Primary Mathematics 1
Educating for STEM
Literacy Across the Continuum 1

YEAR 2
Engaging Students: High Expectations for All
Teaching Primary Mathematics 2
Teaching Primary Science
Creativity and the Arts
24 credit points from major units
24 credit points from minor or elective units

The full course structure is on the website.

LOCATION
Diploma: Footscray Nicholson
Bachelor: Footscray Park

DURATION
Diploma: 1 year
Bachelor: 3 years

2022 INTAKES
February, August

2022 FEES
Diploma: A$11,600 per semester
Bachelor: A$13,700 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 6.0 (no band less than 6.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australia Year 12 certificate. A Working with Children Check is required before placements.

COURSE DESCRIPTION
The diploma provides a pathway to the Bachelor of Education and prepares you to enter the second year of a teaching degree. You’ll receive additional support to build literacy and numeracy skills. The Bachelor of Education Studies offers an alternative path to teaching and focuses on learning programs outside of traditional classrooms. While it does not provide registration to teach in Australia, you may be eligible to transfer to the Bachelor of Education (P-12) after your first year.

GRADUATE OUTCOMES
This degree prepares you to work in areas where teacher registration is not required including adult education, care facility training and support, community programs, disability work, recreation programs and sporting activities. After graduating, you may be eligible progress to our Master of Teaching (Secondary Education) or Master of Teaching (Primary Education), allowing you to become a registered teacher upon graduation.

YEAR 1
Personal and Professional Learning
Orientation to Education and Human Development
ICT in Education for the 21st Century
Healthy, Active Individuals and Communities
Reconciling Australian Humanities Education
Teaching Primary Mathematics 1
Educating for STEM
Numeracy for Education
Literacy for Education

YEAR 2
Arts and Performance - Addressing Disability
Professional Contexts
Curriculum Development and Implementation
Making the Conditions for Learning: Ethical and Reflexive Practice
48 credit points from minor units
96 credit points from major units

The full course structure is on the website.

Footscray Nicholson

DURATION
1 year

2022 INTAKES
February, August

$2022 FEES
A$13,700 per semester
A$11,000 for 485 visa holders

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 7.0 (6.5 in Reading and Writing, 7.5 in Speaking and Listening)

ADMISSION REQUIREMENT
Completion of an Australian undergraduate degree or equivalent.

GRADUATE OUTCOMES
This course is accredited by the Australia Children’s Education & Care Quality Authority. Our graduates find employment in public or private kindergartens (pre-school), long-day-care centres and early childhood centres in Victoria.

COURSE DESCRIPTION
This one-year course allows graduates of degree programs to become early childhood or kindergarten teachers. Units are focused on children 0-5 years. Study child development, teaching practice, family and community contexts, curriculum studies and ethical professional practice. You’ll also complete 60 days of supervised professional experience - an excellent opportunity to consolidate core knowledge.

UNITS
Early Childhood Development, Learning and Teaching
Early Childhood Curriculum and Pedagogy 1: Sciences
Contemporary Issues, Social Contexts of Learning and Social Justice
Languages and Literacy in Early Childhood
Early Childhood Development, Learning and Teaching 2
Early Childhood Curriculum and Pedagogy 2: Arts
Professional Issues
Inclusive Practice in Education

2022 INTAKES
February, August

$2022 FEES
A$13,700 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 6.5 (no band less than 6.0)

ADMISSION REQUIREMENT
A degree equivalent to an Australian undergraduate degree or higher. Provide a résumé or and submit a 200-word written statement outlining why you would like to undertake this course. To undertake the minor thesis option, the College of Education requires evidence of aptitude for a comprehensive research project.

GRADUATE OUTCOMES
Become an education consultant, trainer, manager or health professional. Increasingly, a Master of Education is seen as a prerequisite for promotion for qualified teachers. Please note this course does not provide you with registration to teach in Australia.

COURSE DESCRIPTION
Learning from experienced educators, you’ll gain advanced knowledge about the theory and practice of learning and teaching. You will gain the skills to address educational challenges and opportunities. This course is designed for teachers, principals, community educators, youth workers or any professional whose work has an educational component.

CORE UNITS
Contemporary Issues in Education and Training
Education Research Design and Methods
OPTION A: Capstone Research Investigation
Plus 24 credit points or one unit from the list below.
OPTION B: minor thesis full-time or minor thesis A part-time
and minor thesis B part-time.

Select 120 credit points/five units from this list:
Innovation
Approaches to Learning
E-Learning
Positive Education
Curriculum & Pedagogy
Enhancing Skills and Knowledge
Post-Colonial & Indigenous Approaches to Learning & Teaching in the 21st Century

**COURSE DESCRIPTION**

Prepare for a rewarding career as a secondary school teacher. Through our extensive partnerships you will undertake 60 hours of supervised teaching placements and have access to many professional experiences. Our classes are small, allowing our tutors to tailor the learning experience to our students. As education experts, we understand how students learn. We offer a range of disciplines, so you can become a teacher in the area you love.

**GRADUATE OUTCOMES**

Graduates who have passed the National Literacy and Numeracy Test for Initial Teacher Education are eligible for registration as secondary teachers with the Victoria Institute of Teaching. This means you will be eligible for registration to teach across Australia. You’ll be ready to teach in your chosen discipline area, including business, computing, health, languages other than English, mathematics, music, outdoor education and technology.

**UNITS**

- Epistemologies of Practice
- Critical Literacy for Diverse Communities
- Teacher as Practitioner and Researcher
- Curriculum and Multi-modal Learning
- Education Research Design and Methods
- Indigenous Perspectives and Standpoints in Education
- Entering the Profession and Becoming Critical
- Specialisation Curriculum and Pedagogy A & B
- Specialisation Assessment and Reporting
- Specialisation Innovations in Curriculum and Pedagogy

**RESEARCH OPTIONS**

- Capstone Research Investigation
- 24 credit points or one unit chosen from the list below. OR:
- Minor thesis A & B

**ELECTIVE UNITS**

- Innovation
- Approaches to Learning
- E-Learning
- Positive Education
- Contemporary Issues in Education and Training
- Curriculum & Pedagogy
- Enhancing Skills and Knowledge
- Post-Colonial and Indigenous Approaches to Learning and Teaching in the 21st Century

**ACCREDITATION:**

![Accreditation Icon]
If your dream is to innovate, build or design the future, a VU degree in engineering is the perfect place to launch your career. Choose from courses accredited by Engineers Australia in architectural, civil, electrical and electronic, and mechanical engineering; or courses in building design, building surveying, construction management and project management. Learn from industry partners such as the Australian Defence Force, Engineers Australia, Melbourne Water, Metro Trains and VicRoads.

Solve today’s problems
Learn through problem-based learning (PBL) by addressing real-world challenges brought from industry to the classroom. Our courses are highly regarded: we’re ranked equal third in Victoria for Computer Science and equal fourth in Victoria for Engineering (2021 Times Higher Education World University Rankings).

Challenge the STEM gender gap
Our Women in Science & Engineering (WISE) program supports female students and inspires future generations of women to choose science, technology, engineering and mathematics (STEM) careers.

Take your study on tour
Complete course units and practical placements with our international engineering and science partners.

For more information visit vu.edu.au/engineering-science
AS WELL AS DEVELOPING MY UNDERSTANDING OF THE FUNDAMENTALS OF POWER ENGINEERING, VU TAUGHT ME TO BE RESOURCEFUL AND TO ASK QUESTIONS.

"All of these skills I use on a regular basis, whether it be to design traction power substations for the Level Crossing Removal Program or doing root cause fault analysis. In my short career so far, I’ve had the immense pleasure to work on some major city-shaping and innovative projects where I can look back on and be proud of my contributions to society."

CRICOS: 088602B

LOCATION
City Flinders

DURATION
1 year

2022 INTAKES
February, August

2022 FEES
A$14,600 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 5.5 (no band less than 5.0).

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 12 certificate including mathematics.

COURSE DESCRIPTION
A pathway to VU’s Bachelor of Engineering courses, this diploma is designed to help you transfer into the second year of your chosen engineering specialisation (Civil, Mechanical, Electrical and Electronics, Architectural). You will learn foundation skills in mathematics, physics and problem-solving. The diploma costs less than the first year of an engineering degree and you will benefit from strong academic support over longer semesters.

GRADUATE OUTCOMES
Graduates have the necessary skills for entry-level positions in areas of engineering include infrastructure development, water management and manufacturing industries. As a pathway course, most students continue to the second year of a Bachelor of Engineering course at VU.

UNITS
VEN1101 Engineering Mathematics 1
VEN1102 Engineering Physics 1
VEN1103 Engineering in the Community
VEN1104 Problem Solving for Engineers
VEN1201 Engineering Mathematics 2
VEN1202 Engineering Physics 2
VEN1203 Engineering Fundamentals
VEN1204 Introduction to Engineering Design

PATHWAYS
Diploma of Engineering 1 Year
Bachelor of Engineering (Honours) all specialisations 3 Years

IELTS (or equiv.) overall 6.0
(no band less than 6.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 12 certificate.

COURSE DESCRIPTION
Develop knowledge and skills in architectural design, building legislation and auditing, building codes, sustainability, building services and professional practice. You will conduct site visits and work on real industry briefs, with classes taken alongside students from construction management, building surveying and engineering programs in a studio-based learning environment.

GRADUATE OUTCOMES
With a wide range of career options, you can choose to work for architects, contractors, developers, engineers, government bodies, consultancy practices and corporations with large building portfolios, or become a self-employed business owner.

YEAR 1
Maths for Builders
Basic Structural Mechanics
Structural Principles in Construction
Fundamentals of Building Construction
Building Science
Measurement and Estimating
Built Environment Communication and Skills
Building Design Documentation

YEAR 2
Architectural History and Analysis
Building Contract Documentation
Built Environment 1
Architectural Design and Theory

YEAR 3
Risk and Safety Management
Built Environment 2
Building Systems and Services
Building Development and Compliance

Project Management Practice
Residential Sustainable Design
Urban Design and Development
Building Design Studio 1
Building Services Management
Complex Construction
Commercial Sustainable Design
Building Design Studio 2

I CHOSE VU BECAUSE OF ITS AFFORDABLE FEE STRUCTURE AND WORLD-CLASS LEARNING FACILITIES. IN THE COURSE WE WERE GIVEN REAL-LIFE PROJECTS AS ASSIGNMENTS, WHICH GAVE ME A TASTE OF THE REAL WORLD.

IELTS (or equiv.) overall 6.0 (no band less than 6.0)

**ADMISSION REQUIREMENT**
A secondary school qualification equivalent to an Australian Year 12 certificate, including mathematics

**COURSE DESCRIPTION**
Always had an interest in building design? Learn how to integrate structural systems into architects’ plans, while meeting project design, safety and environmental goals. You will study the design processes behind making safe buildings, with an emphasis on sustainable design. This course includes elements of other engineering disciplines, including mechanical, electrical and fire protection. It includes 12 weeks of industry placement.

**GRADUATE OUTCOMES**
There are only two accredited architectural engineering programs in Australia, so demand for graduates is high. This course will prepare you for a career as a design engineer, building services engineer, hydraulic engineer, estimator or structural engineer.

**YEAR 1**
- Engineering Physics 1
- Engineering and the Community
- Problem Solving for Engineers
- Engineering Mathematics 2
- Engineering Physics 2
- Introduction to Engineering Design
- Engineering Fundamentals
- Algebra and Calculus

**YEAR 2**
- Architectural Design and Theory
- Building Development and Compliance
- Solid Mechanics
- Engineering Materials & Construction
- Introduction to Structural Engineering Design

**YEAR 3**

IELTS (or equiv.) overall 6.0 (no band less than 6.0)

**ADMISSION REQUIREMENT**
A secondary school qualification equivalent to an Australian Year 12 certificate, including mathematics.

**COURSE DESCRIPTION**
This course covers the planning, design, construction and management of essential community infrastructure, including commercial and industrial buildings, water supply and wastewater systems, bridges, roads and transport systems, port, harbour and airport facilities. You will complete 12 weeks of industry placement to give you the practical experience needed to begin your career.

**GRADUATE OUTCOMES**
Upon graduation, pursue a career as a civil infrastructure engineer, civil design engineer, construction engineer, engineering technician, environmental engineer, geotechnical engineer, project engineer, roads and transport engineer, structural engineer, or water engineer. This program is accredited by Engineers Australia. When you complete the course, you’ll be eligible to apply for graduate membership.

**YEAR 1**
- Algebra and Calculus
- Engineering Physics 1
- Engineering and the Community
- Problem Solving for Engineers
- Engineering Mathematics 2
- Engineering Physics 2
- Introduction to Engineering Design
- Engineering Fundamentals

**YEAR 2**
- Semester 1
  - Solid Mechanics
  - Engineering Materials & Construction
  - Engineering Surveying
  - Fluid Mechanics 1
  - Introduction to Structural Engineering Design
  - Geomechanics

**YEAR 3**
- Structural Analysis
- Geotechnical Engineering
- Hydrology and Water Resources
- Project Management
- Hydraulic Engineering
- Civil Engineering Design 1
- Structural Engineering Design 1
- Research Methods

IELTS (or equiv.) overall 6.0 (no band less than 6.0)  

**ADMISSION REQUIREMENT**  
A secondary school qualification equivalent to an Australian Year 12 certificate, including mathematics.  

**COURSE DESCRIPTION**  
Launch your career in electronic design, power generation or communication technology, studying one of the largest and most in-demand areas of engineering. Study electricity generation and distribution, smart-grid design and renewable energy systems. Learn how to design and develop complex electronic equipment, communications infrastructure and microprocessor-based embedded systems.  

**GRADUATE OUTCOMES**  
This course will prepare you for a career as an electrical engineer, electronic engineer, communications engineer, power engineer, telecommunications engineer or embedded software engineer. Graduates can find employment in a diverse range of industries including robotics, renewable energy, transport, telecommunications, manufacturing and bioengineering.  

**YEAR 1**  
- Engineering Physics 1  
- Engineering and the Community  
- Problem Solving for Engineers  
- Engineering Mathematics 2  
- Engineering Physics 2  
- Introduction to Engineering Design  
- Engineering Fundamentals  
- Algebra and Calculus  

**YEAR 2**  
- Electrical Circuits  
- Computer Programming for Electrical Engineers  
- Telecommunications  
- Engineering Design and Practice 2A  
- Linear Systems with Matlab Applications  

**YEAR 3**  
- Electrical Machines  
- Digital Systems  
- Introduction to Control Systems  
- Project Management  
- Embedded Systems  
- Analogue and Digital Transmission  
- Signal Processing  
- Research Methods  

**YEAR 4**  
- Power System Supply Chain Management  
- Analogue Electronics  
- Engineering Design and Practice 2B  

**The full course structure is on the website.**

A secondary school qualification equivalent to an Australian Year 12 certificate, including mathematics.  

**COURSE DESCRIPTION**  
Get set for an exciting career inventing devices and generating clever solutions to engineering challenges. Recent breakthroughs include 3D printing machines, unmanned vehicles and high-performance prostheses. This degree focuses on the modelling and simulation of components, machines, processes and systems. It includes 12 weeks of industry placement.  

**GRADUATE OUTCOMES**  
Our graduates are known in the industry for their highly sought-after technical and analytical skills. You could find work as a mechanical engineer, design engineer, product engineer, product innovation engineer, development engineer, sales engineer, systems engineer, production manager or engineering manager.  

**YEAR 1**  
- Algebra and Calculus  
- Engineering Physics 1  
- Engineering and the Community  
- Problem Solving for Engineers  
- Engineering Mathematics 2  
- Engineering Physics 2  
- Introduction to Engineering Design  
- Engineering Fundamentals  
- Thermodynamics 1  

**YEAR 2**  
- Solid Mechanics  
- Fluid Mechanics 1  
- Mechanical Engineering Design  
- Introduction to Engineering Materials  
- Fundamentals of Electrical and Electronic Engineering  
- Numerical Modelling of Mechanical Systems  
- Thermodynamics 1  
- Dynamics  

**YEAR 3**  
- Project Management  
- Engineering Analysis and Modelling  
- Thermodynamics 2  
- Stress Analysis  
- Research Methods  
- Design of Mechanical Systems  
- Manufacturing Materials  
- Fluid Mechanics 2  

**YEAR 4**  
- Research Project 1  
- Professional Engineering Practice  
- Mechanical Vibrations  
- Finite Element Analysis  
- Research Project 2  
- Sustainable Energy Systems  
- Advanced Engineering Design  
- Advanced Engineering Analysis
MASTER OF ENGINEERING
vu.edu.au/courses/international/NMEN

COURSE CODE: NMEN
CRICOS: 084876G

LOCATION
Footscray Park

DURATION
2 years

2022 INTAKES
February, August

$2022 FEES
A$18,250 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 6.5 (no band less than 6.0)

ADMISSION REQUIREMENT
A degree equivalent to an Australian undergraduate degree or higher, in a similar discipline.

COURSE DESCRIPTION
Gain specialised skills in electrical power, telecommunications, or civil engineering and aim for a top engineering career. The Master of Engineering prepares you for work in fast growing industries, with a strong emphasis on real-world problem-solving and international trends. You’ll acquire targeted skills through a combination of coursework, design exercises and research. You’ll have the chance to develop and implement innovative telecommunication, power distribution or civil engineering solutions, with real world applications.

GRADUATE OUTCOMES
On graduation you’ll be able to prepare for a career in one of the following:
- power generation, transmission, distribution, management and control
- managing, designing and developing telecommunication network systems
- microelectronic and electronic design
- water-related government organisations and private firms.

COMMON INTERDISCIPLINARY UNITS
Select 48 credit points or four units from the following:
- Principles of Project Management
- Project Planning and Control
- Project Management and People
- Project Stakeholder Management
- Project Risk Management
- Art and Practice of Leadership
- Work and Organisation Systems
- Strategic Management and Business Policy

SPECIALISATIONS
- Telecommunications
- Electrical Power
- Civil Engineering

RESEARCH UNITS
- Research Thesis 1
- Research Thesis 2

ELECTIVES
- Art and Practice of Leadership
- Work and Organisation Systems
- Managing Innovation and Entrepreneurship
- Organisation Change Management
- Project Program and Portfolio Management
- Project Management Practice
- Project Management and Information Technology
- Project Procurement Management
- Project Stakeholder Management
- Project Risk Management
- Project Investment Analysis
- Project Construction Management

MASTER OF PROJECT MANAGEMENT
vu.edu.au/courses/international/NMPM

COURSE CODE: NMPM
CRICOS: 083306F

LOCATION
Footscray Park

DURATION
2 years

2022 INTAKES
February, August

$2022 FEES
A$16,100 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 6.5 (no band less than 6.0)

ADMISSION REQUIREMENT
A degree in any discipline, equivalent to an Australian undergraduate degree or higher.

COURSE DESCRIPTION
Become a project manager in your chosen field. By incorporating work-based scenarios, project work and opportunities for research, this course equips you with advanced project management techniques which can be applied across various industries. Broaden your expertise and progress your career in areas such as engineering, construction, business, information technology, manufacturing and administration.

GRADUATE OUTCOMES
Gain employment managing projects in private business or the public sector working for companies such as Grocon, Leighton Contractors, Major Projects Victoria or for a project management consulting firm. This course is endorsed by the Australian Institute of Project Management (AIPM) and has been approved by the Project Management Institute.

YEAR 1
- Project Governance
- Project Management and People
- Research Methods

YEAR 2
- Principles of Project Management
- Project Planning and Control
- Research Projects Part A & B or Research Thesis 1

48 credit points from the electives list:
- Art and Practice of Leadership
- Work and Organisation Systems
- Managing Innovation and Entrepreneurship
- Organisation Change Management
- Project Program and Portfolio Management
- Project Management Practice
- Project Management and Information Technology
- Project Procurement Management
- Project Stakeholder Management
- Project Risk Management
- Project Investment Analysis
- Project Construction Management
Enter a rewarding career improving the health and wellbeing of others. We offer extensive clinical placements, outstanding employment outcomes and clinical and simulation-based learning is an important part of all our health and biomedicine courses. We use state-of-the-art facilities and technology to simulate hospital environments and treatment clinics. Paramedicine students complete 360 clinical placement hours while nursing students undertake 800 professional practice hours and 140 simulation hours. Learn with Ambulance Victoria, Melbourne Health, the Royal Women’s Hospital and the Royal Children’s Hospital.

**STUDY AREAS**
- Nursing
- Beauty Therapy
- Dermal Sciences
- Biomedicine and Biomedical Science
- Paramedicine
- Osteopathy
- Psychology
- Counselling
- Nutrition, Food and Health Sciences
- Public Health

**NEW MULTI-MILLION DOLLAR LABORATORIES**

**WHY STUDY AT VU?**
- +360 HRS CLINICAL PLACEMENT
- +50 INDUSTRY PARTNERS

Discover the latest technology
New multi-million dollar paramedic, nursing and midwifery simulation laboratories offer advanced, interactive mannequins and realistic settings.

Learn in the workplace
50+ industry partners offer student placements and contribute to our course content.

Get hands-on from year one
Paramedicine students receive more than 360 hours of clinical placement with Ambulance Victoria starting in first year.

For more information visit
vu.edu.au/health-biomedicine
"The teaching at VU is impeccable. The lecturers and tutors are diligent in their work and always ready and willing to help."

“The placements I got were very practical and relatable to everything we learned in class. I chose VU because I had a few friends who attended VU and shared a lot of positive stories. I loved my experience at VU and I would highly recommend it to others.”

OLIVE (KENYA)

COURSE CODE: HLT54115
CRICOS: 09257D

LOCATION
St Albans

DURATION
2 years

2022 INTAKES
February, July

$2022 FEES
A$9,800 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 7.0 (no band less than 7.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 12 certificate. Students must complete a Police Records Check and a Working with Children check. Applicants must meet the Nursing and Midwifery Board of Australia’s English language requirements.

ACCREDITATION: vu.edu.au/courses/international/HLT54115
vu.edu.au/courses/international/HLT54115

COURSE DESCRIPTION
Embark on a career as a Division 2 Nurse. You will learn how to provide acute, preventative, curative and rehabilitative care under the direction of a registered nurse. You will gain hands-on experience in our three nursing laboratories and hospital simulation ward, as well as clinical experience during 400 hours of practical placements. Study areas include medication administration, anatomy and physiology and infection control.

GRADUATE OUTCOMES
This course equips you with the skills, competencies and knowledge to apply for registration as an Enrolled Nurse with the Australian Health Practitioner Registration Authority (AHPRA). On completion of this course you will receive credit to enter the Bachelor of Nursing.

CORE UNITS
- CHCdiv001 - Work with diverse people
- CHCdiv002 - Promote Aboriginal and / or Torres Strait Islander cultural safety
- CHCPRP003 - Reflect on and improve own professional practice
- HLTAAP002 - Confirm physical health status
- HLTAAP003 - Analyse and respond to client health information
- HLTENN001 - Practise nursing within the Australian health care system
- HLTENN002 - Apply communication skills in nursing practice
- HLTENN003 - Perform clinical assessment and contribute to planning nursing care
- HLTENN004 - Implement, monitor and evaluate nursing care plans
- HLTENN005 - Contribute to nursing care of a person with complex needs
- HLTENN006 - Apply principles of wound management

The full course structure is on the website.

BACHELOR OF NURSING
vu.edu.au/courses/international/HBNB

COURSE CODE: HBNB
CRICOS: 080229E

LOCATION
St Albans

DURATION
3 years

2022 INTAKES
February

$2022 FEES
A$16,500 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 7.0 (no band less than 7.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 12 certificate, with study in maths. Students must complete a Police Records Check, a Working with Children Check and declare their Records Check, a Working with Children check. 12 certificate, with study in maths. Students must complete a Police Records Check, a Working with Children check. Applicants must meet the Nursing and Midwifery Board of Australia’s English language requirements for registration.

ACCREDITATION: vu.edu.au/courses/international/HBNB
vu.edu.au/courses/international/HBNB

COURSE DESCRIPTION
Develop the skills required to work as a general or mental health nurse. This course ensures you have sound scientific knowledge and skills, as well as hands-on experience. You will participate in simulation learning using modern technology, practising your skills in a safe environment. You will graduate with 140 clinical simulation hours and over 800 professional practice hours and through our clinical placement program.

GRADUATE OUTCOMES
You will graduate job-ready and eligible to register and work as a Division 1 Registered Nurse. This course is fully accredited by the Australian Nursing and Midwifery Accreditation Council. Career options include working in settings such as medical/surgical, mental health, emergency, orthopaedics, radiology, research, eye and ear, paediatric and residential care.

YEAR 1
- Professional Nurse or Midwife
- Anatomy and Physiology 1
- Foundations in Nursing 1
- Indigenous Health and Wellbeing
- Anatomy and Physiology 2
- Foundations in Nursing 2
- Primary Health Care Across the Lifespan
- Professional Experience Placement 1 Nursing

YEAR 2
- Contemporary Nursing A
- Contemporary Nursing and Mental Health A
- Contemporary Nursing B
- Professional Experience Placement 2 Nursing

YEAR 3
- Contemporary Nursing and Mental Health B
- Professional Experience Placement 3 Nursing Mental Health
- Research and Evidence Based Practice
- Contemporary Nursing C

YEAR 3
- Nursing in Specialty Areas
- Professional Experience Placement 4 Nursing
- Transition to Nursing Practice
- Nursing and Complex Care
- Nursing for Chronic Illness and Continuing Care
- Interprofessional Practice
- Consolidation of Nursing Practice
BACHELOR OF MIDWIFERY/BACHELOR OF NURSING
vu.edu.au/courses/international/HBMA

COURSE CODE: HBMA
CRICOS: 105376F

LOCATION
St Albans

DURATION
4 years

2022 INTAKES
February

$2022 FEES
A$16,750 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 7.0 (no band less than 7.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 12 certificate, with study in maths. Students must complete a Police Records Check, a Working with Children Check and declare their health and immunisation status. Check ANMAC English language requirements for registration.

COURSE DESCRIPTION
Prepare for a career supporting life and bringing new life into the world. Our double degree in midwifery and nursing gives you the knowledge and practical skills for two distinct, in-demand professions. Our state-of-the-art technology lets you participate in simulation learning, practising your new skills in a safe environment. Video recording from fixed cameras will give you specific and immediate feedback to help you learn quickly. You’ll also undertake many weeks’ clinical practice, including care for individual women through pregnancy, childbirth, and post-birth.

GRADUATE OUTCOMES
Registered midwives work in hospitals, group practices and the community sector in antenatal, birthing and postnatal units; nursing graduates work in general practice, acute care, aged care, rehabilitation, mental health, palliative care and health education. Many of our graduates hold nursing positions at Sunshine Hospital (Western Health) and the Royal Women’s Hospital. When you graduate, you’ll be eligible to register with the Nursing and Midwifery Board of Australia to practise as a nurse/midwife in the Australian healthcare system. You’ll also meet the standards of midwifery and nursing practice to register with the Australian Health Practitioners Regulation Agency.

YEAR 1
Anatomy and Physiology 1
Professional Nurse or Midwife Foundations of Midwifery
Foundations in Nursing 1
Primary Health Care Across the Lifespan
Anatomy and Physiology 2
Fundamentals of Midwifery and Nursing
Midwifery and Nursing Professional Practice Experience

YEAR 2
Pathophysiology and Medications for Midwives
Contemporary Nursing A
Contemporary Nursing B
Professional Experience Placement 2 Nursing
Indigenous Health and Wellbeing
Midwifery Care 1: Developing Midwifery Practice
Midwifery Practice Experience 1
Research and Evidence Based Practice

SHBS0115 DIPLOMA OF BEAUTY THERAPY
vu.edu.au/courses/international/SHBS0115

COURSE CODE: SHBS0115
CRICOS: 089066B

LOCATION
City King St

DURATION
1 year

2022 INTAKES
February

$2022 FEES
A$8,900 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 5.5 (no band less than 5.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 12 certificate.

COURSE DESCRIPTION
Gain high-level skills and become a trusted beauty expert. You will be ready to work in-house, manage spas or salons, or work as an independent freelance expert. You’ll learn the theory and science behind treatments and the latest beauty techniques. Training includes facials, manicures, make-up, waxing, electrolysis and spa treatments.

GRADUATE OUTCOMES
As a qualified beauty therapist, you will find employment around the world. This qualification prepares you to manage your own beauty salon and employ staff. You could also work as a freelance beauty consultant. Upon completion of this course, graduates receive credit towards the Bachelor of Dermal Sciences.

CORE UNITS
SHBBBOS001 - Provide body massages
SHBBBOS003 - Provide body treatments
SHBBFAS001 - Provide lash and brow services
SHBBFAS002 - Provide facial treatments and skin care recommendations
SHBBFAS003 - Provide specialised facial treatments
SHBBHRS001 - Provide waxing services
SHBBMUP002 - Design and apply make-up
SHBBNLS001 - Provide manicure and pedicare services
SHBBRE001 - Research and apply beauty industry information
SHHXXC001 - Conduct salon financial transactions

ELECTIVE UNITS
SHBBCCS002 - Provide salon services to clients
SHBXIND001 - Comply with organisational requirements within a personal services environment
SHBXXWS001 - Apply safe hygiene, health and work practices

The full course structure is on the website.

PATHWAYS
SHBS0115 Diploma of Beauty Therapy

Bachelor of Dermal Sciences
3 Years
BACHELOR OF BIOMEDICAL SCIENCE
vu.edu.au/courses/international/HBBS

COURSE CODE: HBBS
CRICOS: 092499F
LOCATION
St Albans
DURATION
3 years
2022 INTAKES
February
$2022 FEES
A$15,800 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 6.0
(no band less than 6.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 12 certificate with study in one of the following: biology, chemistry, health & human development, mathematics or physical education.

COURSE DESCRIPTION
This degree provides you with an in-depth knowledge of how the human body functions, focusing on physiology, anatomy and cell biology. It provides you with a strong foundation in the medical sciences and advanced laboratory skills. Core study areas include physiology, anatomy, biochemistry, cell and molecular biology, immunology and genetics.

GRADUATE OUTCOMES
Embark on a career in biomedical research, gain entry to postgraduate health courses including medicine, or work in forensic science, teaching or the pharmaceutical industry. Biomedical sciences graduates also gain employment with research organisations.

FIRST YEAR CORE UNITS
- Biological Systems
- Mathematics and Statistics for Biomedicine
- Functional Anatomy of the Trunk
- Functional Anatomy of the Limbs
- Human Physiology 1-2
- Chemistry 1A-1B

MAJORS
- Human Physiology
- Molecular Cell Biology

MINORS
- Applied Research
- Anatomy & Integrated Physiology
- Molecular Cell Biology

The full course structure is on the website.
**BACHELOR OF HUMAN NUTRITION**

vu.edu.au/courses/international/HBNT

**COURSE DESCRIPTION**
Contribute to a more equitable world through better food production and supply. Start with a solid foundation in nutrition, food and related sciences and move on to specialisations in human nutrition and food science. In final year you will acquire further specialist knowledge and skills in human nutrition. You have the option of studying a minor in biomedical nutrition, public health nutrition or exercise and nutrition.

**GRADUATE OUTCOMES**
Career options include roles in government programs, humanitarian assistance, international development work, hospital and aged care services, food processing industries, or food safety. Graduates seeking to become accredited dietitians must complete a postgraduate program accredited by the Dietitians Association of Australia.

**COLLEGE CORE UNITS**
- Introduction to Human Nutrition and Food
- Food Components
- Nutrition, Society and Communication

**PROFESSIONAL CORE UNITS**
- Medical Microbiology and Immunity
- Research Methods
- Research Project
- Properties of Food
- Interpersonal Skills and Communication
- Family Health and Nutrition Through the Lifespan
- Diet & Disease
- Community & Public Health Nutrition
- Nutrition Communication & Education

**MINORS**
- Food Science
- Biomedical Nutrition
- Public Health Nutrition
- Analytical Chemistry
- Exercise and Nutrition

The full course structure is on the website.

---

**BACHELOR OF HEALTH SCIENCE**

vu.edu.au/courses/international/HBHL

**COURSE DESCRIPTION**
Choose a rewarding career in public health, health services or community development with a Bachelor of Health Science from VU. You’ll study core bioscience, research and public health topics. In your second year, choose a health science or biomedical specialisation in line with your career goals.

**GRADUATE OUTCOMES**
You will graduate with the skills and knowledge to work for government health programs, community organisations, pharmaceutical industries, professional associations, health foundations, health administration, public health research programs, or non-government organisations.

**FIRST YEAR CORE UNITS**
- Indigenous Health and Wellbeing
- Anatomy and Physiology 1
- Anatomy and Physiology 2
- Professional Communication
- Introduction to Public Health and Wellness
- Evidence and Health 1
- Australian Health and Social Care Systems and Policy
- Introduction to Human Nutrition and Food

**MAJORS**
- Public Health
- Indigenous Health

**MINORS**
- Bioscience
- Health and Nutrition
- Health (Sport Science Minor)
- Indigenous Health

The full course structure is on the website.
BACHELOR OF SCIENCE (OSTEOPATHY) & MASTER OF HEALTH SCIENCE (OSTEOPATHY)

vu.edu.au/courses/international/HCOP

COURSE DESCRIPTION
You will study anatomy, osteopathic principles and techniques, physiology, pathology, population health and evidence-based practice. Osteopathic treatments include soft-tissue techniques, joint manipulation, joint mobilisation, exercise rehabilitation and general healthcare advice. You’ll gain work experience through extensive clinical practice. This perfect mix of scientific study and hands-on practice will have you job-ready when you graduate.

GRADUATE OUTCOMES
You’ll be qualified for a career as a practising osteopath after completing both the degree and the Master of Health Science (Osteopathy). You will be able to work in a variety of healthcare settings including hospitals, private practice clinics, maternal health centres and community organisations. You can gain registration as an osteopath in all Australian states and in New Zealand.

BACHELOR FIRST YEAR CORE UNITS
Biomedical Science for Osteopathy 1-4
Clinical Skills 1-2
Professional Communication
Evidence and Research

YEAR 2
Biomedical Science for Osteopathy 5-7
Patient and Health System 1
Clinical Skills 3-4
Evidence Based Practice for Osteopathy
Clinical Skills 4A

YEAR 3
Biomedical Science for Osteopathy 8-9
Evidence Based Practice for Osteopathy 2-3

2022 FEES
A$15,800 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 6.5 (no band less than 6.0)

ADMISSION REQUIREMENT
Bachelor: A secondary school qualification equivalent to an Australian Year 12 certificate with studies in biology, chemistry, physics or maths. Students also need a Police Records Check.
Masters: A degree equivalent to an Australian undergraduate degree or equivalent in the same discipline. Students must have a First Aid Certificate, Working With Children Check and attend an interview.

BACHELOR OF PARAMEDICINE

vu.edu.au/courses/international/HBPD

COURSE DESCRIPTION
This course is held in regard by the industry because of its scenario-based assessments and 360 hours of clinical placements, combined with theory. Our state-of-the-art facilities include clinical practice rooms, self-learning laboratories, lifelike mannequin technology and medical simulation suites. You will gain practical experience as a real paramedic with a clinical supervisor from Ambulance Victoria.

GRADUATE OUTCOMES
This course is accredited by the Council of Ambulance Authorities. A Bachelor of Paramedic from an accredited university, such as VU, is the only qualification accepted by Ambulance Victoria. You could also gain employment with ambulances services worldwide. Job titles include air ambulance paramedic and MICA paramedic.

YEAR 1
Anatomy and Physiology 1-2
Foundations of Professional Paramedic Practice
Paramedic Clinical Practice 1-2
Pre-Hospital Ethical and Legal Issues
Principles of Drug Actions for Health Professionals

YEAR 2
Introduction to Research Methods
Clinical Practice 3-4
Paramedic Clinical Science 1 (Medical Emergencies 1)
Social Epidemiology
Paramedic Clinical Science 2 (Trauma)
Paramedic Clinical Science 3 (Medical Emergencies 2)
Evidence-Based Practice

YEAR 3
Paramedic Clinical Science 4 (Mental Health and Mental Illness)
Paramedic Clinical Practice 5
Paramedic Clinical Science 5 (Special Populations)

SELECT ONE UNIT FROM THE FOLLOWING:
Health Program Planning and Evaluation
Career and Professional Development
Pinnacle Venture
Interprofessional Practice

2022 FEES
A$15,800 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 6.0 (no band less than 6.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 12 certificate, preferably with study in biology, physics or mathematics; or a diploma or higher equivalent to an Australian diploma. Students must have a First Aid certificate, Working With Children Check and attend an interview.

ACCREDITATION:
vu.edu.au/courses/international/HCOP
vu.edu.au/courses/international/HBPD

HEALTH, PSYCHOLOGY & DERMAL SCIENCES
**BACHELOR OF BIOMEDICAL AND EXERCISE SCIENCE**

**COURSE CODE:** HBES  
**CRICOS:** 096481F  
**LOCATION**  
Footscray Park  
**DURATION**  
3 years  
**2022 INTAKES**  
February  
**2022 FEES**  
A$15,800 per semester  
**ENGLISH REQUIREMENT**  
IELTS (or equiv.) overall 6.0 (no band less than 6.0)  
**ADMISSION REQUIREMENT**  
A secondary school qualification equivalent to an Australian Year 12 certificate with study in one of the following: biology, chemistry, health & human development, mathematics or physical education.  

**COURSE DESCRIPTION**  
This dual disciplinary degree integrates biomedical science and exercise science into a compelling new area of study in physical activity, sport and health research. It includes the fundamentals of anatomy and physiology, biochemistry, biomechanics and kinesiology, psychology, how the structure and function of the body is influenced by exercise and how it is impacted by disease. You will learn to apply theoretical knowledge and analytical techniques to a range of practical and clinical scenarios including learning in industry, workplace and community settings. You will also develop a solid foundation in designing research methodologies and performing analytical research by participating in active research as a team member.  

**GRADUATE OUTCOMES**  
Graduates can enter professional settings within the medical, public health and sporting sectors, often choosing to work in scientific, research and sporting science organisations. Alternatively, graduates may undertake further study in the fields of clinical exercise science, sports science, biomedical science, dietetics or education.  

**YEAR 1**  
- Biomechanics  
- Functional Anatomy of the Trunk  
- Functional Anatomy of the Limbs  
- Human Physiology 1  
- Human Physiology 2  
- Chemistry 1A  
- Chemistry 1B  
- Exercise and Sport Psychology  

**YEAR 2**  
- Exercise Interventions for Healthy Populations  
- Rehabilitation Anatomy  
- Pathophysiology 1  
- Medical Biochemistry  
- Sports Biomechanics  
- Motor Learning  
- Pathophysiology 2  
- Cardiorespiratory and Renal Physiology  

The full course structure is on the website.

---

**BACHELOR OF PSYCHOLOGICAL STUDIES**

**COURSE CODE:** ABPA  
**CRICOS:** 071141K  
**LOCATION**  
Footscray Park  
**DURATION**  
3 years  
**2021 INTAKES**  
February, August  
**2022 FEES**  
A$14,500 per semester  
**ENGLISH REQUIREMENT**  
IELTS (or equiv.) overall 6.0 (no band less than 6.0)  
**ADMISSION REQUIREMENT**  
A secondary school qualification equivalent to an Australian Year 12 certificate.  

**COURSE DESCRIPTION**  
Understand human behaviour – how we reason, react and relate – through studies in psychology, one of VU’s most popular subjects. In this course you’ll learn about people’s motivations, thought processes and interactions, which will prepare you for a career in areas including community services, marketing or teaching.  

**GRADUATE OUTCOMES**  
Our Bachelor of Psychological Studies is accredited by the Australian Psychological Accreditation Council. Prepare for a career as a counsellor, welfare worker, community worker, researcher, policy maker or market researcher. With a postgraduate qualification, graduates can become registered psychologists.  

**YEAR 1**  
- Introduction to Sociology  
- Psychology 1A  
- Psychology 1B  
- Organisational Skills 1  
- Foundations of Psychological Research  
- Foundations of Social Science Research  
- Introduction to Public Health and Wellness  
- Interpersonal Skills and Communication  

**YEAR 2**  
- Psychology 2A  
- Qualitative Social Research Methods 1  
- Developmental Psychology  
- 12 credit points of Minor studies  
- Psychology 2B  
- Quantitative Social Research Methods 1  
- 12 credit points of Psychology Elective studies  
- 12 credit points of Minor studies  

**YEAR 3**  
- Fieldwork  
- Research Methods in Psychology  
- History, Theories and Practice of Psychology  
- 12 credit points of Minor studies  
- Psychological Issues in the Workplace  
- Clinical Aspects of Psychology  
- 12 credit points of Psychology Elective studies  
- 12 credit points of Minor studies  

**PSYCHOLOGY ELECTIVES**  
- Counselling Theory and Practice  
- Group Behaviour  
- Organisations and Work  
- Psychobiology  
- Psychoanalysis  
- Cognitive Psychology  
- Relationship and Family Wellbeing  

The full course structure is on the website.
BACHELOR OF PSYCHOLOGY (HONOURS)

vu.edu.au/courses/international/ABPC

COURSE CODE: ABPC
CRICOS: 077996C

LOCATION
Footscray Park

DURATION
4 years

2022 INTAKES
February, August

2022 FEES
A$14,500 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 6.0
(no band less than 6.0)

ADMISSION REQUIREMENT
Applicants require a degree in the same discipline with a minimum third-year weighted average mark (WAM) of 70% and an APAC-accredited major in psychology. The equivalence of international degrees must be confirmed by the Australian Psychological Society (APS).

GRADUATE OUTCOMES
Graduates can apply for provisional registration as a psychologist and can find employment in human resources, welfare, community services, marketing and market research. If you’d like to become a registered psychologist, you’ll need further training at the masters and doctoral level.

YEAR 1
Introduction to Sociology
Psychology 1A-1B
Organisational Skills 1
Foundations of Psychological Research
Foundations of Social Science Research
Introduction to Public Health and Wellness
Interpersonal Skills and Communication

YEAR 2
Psychology 2A-2B
Interpersonal Skills 2
Qualitative Social Research Methods 1
Developmental Psychology
Organisational Skills 2
Quantitative Social Research Methods 1
12 credit points of Psychology Elective studies

YEAR 3
Fieldwork
Research Methods in Psychology
History, Theories and Practice of Psychology
Social Research Methods
Clinical Aspects of Psychology
Psychological Issues in the Workplace
Independent Research Project
12 credit points of Psychology Elective Studies

YEAR 4
Research Thesis
Social Research Methods in Context
Professional Orientation (Psychological Assessment)
Psychological Interventions
Psychology in Practice
Extended Research Thesis

The full course structure is on the website.
**MASTER OF COUNSELLING**

**COURSE CODE:** AMPE  
**CRICOS:** 042907J  
**LOCATION:** City Flinders  
**DURATION:** 2 years  
**2022 INTAKES:** February  
**2022 FEES:** A$14,300 per semester  
**ENGLISH REQUIREMENT:** IELTS (or equiv.) overall 7.0 (no band less than 6.5 in Reading & Writing and 7.5 in Speaking & Listening)  
**ADMISSION REQUIREMENT:** Completion of an Australian bachelor degree or equivalent in any discipline. You will need to provide academic and/or professional references and may be required to attend a selection interview and provide samples of your work.

**COURSE DESCRIPTION**

Develop an understanding of the theory and practice of counselling, including interventions and therapies. You'll gain experience in adult, child and adolescent counselling, practical skills through industry-based learning and placements, as well as insights on issues including depression, anxiety, grief, loss and addictions.

**GRADUATE OUTCOMES**

This course is accredited by the Australian Counselling Association, Australia's largest single registration body for counsellors and psychotherapists. This course leads to careers in counselling, multicultural services, family support, community work, palliative care, refugee services and youth work.

---

**MASTER OF PUBLIC HEALTH (GLOBAL NUTRITION AND ACTIVE LIVING)**

**COURSE CODE:** HMPG  
**CRICOS:** 089543M  
**LOCATION:** St Albans  
**DURATION:** 2 years  
**2022 INTAKES:** February, July  
**2022 FEES:** A$15,500 per semester  
**ENGLISH REQUIREMENT:** IELTS (or equiv.) overall 6.5 (no band less than 6.0)  
**ADMISSION REQUIREMENT:** Completion of an Australian bachelor degree or equivalent in any discipline.

**COURSE DESCRIPTION**

Equip yourself to tackle complex global health issues. This course focuses on global nutrition and active living in diverse communities, from both an Australian and international perspective. You will have the capabilities that the global marketplace demands for a challenging and rewarding career in public health, emergencies and development.

**GRADUATE OUTCOMES**

Graduates can pursue global work opportunities within national, state and local governments, the United Nations and other international health organisations (WHO, UNICEF, International Coalition for Aging and Physical Activity), non-profit organisations, academic institutions and research institutions.

- Counselling for Addictions
- Practicum 3
- Practicum 4
- Minor Thesis (Part A)
- Minor Thesis (Part B)

---

**YEAR 1**

- Foundations of Public Health
- Epidemiology
- Global Challenge - Non-Communicable Disease
- Nutrition for Global Health
- Public Health in Practice
- Biostatistics
- Culture and Society in Public Health
- Global Food Systems and Food Security

**YEAR 2**

- Nutrition Assessment and Program Management
- Migration and Health
- Research Methods in Public Health
- Behavioural Aspects of Active Living
- Concepts in Humanitarian Assistance
- Nutrition in Emergencies
- Professional project or minor thesis

---

**ACCREDITATION:** ACA
THE PROGRAM IS ACCREDITED BY THE AUSTRALIAN COUNSELLING ASSOCIATION, WHICH I THINK IS FUNDAMENTAL FOR GRADUATES TO BE COMPETITIVE IN THE WORKFORCE.

“I also had the opportunity to access VU’s support services such as counselling, learning hubs, and professional mentoring.”

MARIA (COLOMBIA)
Youth support worker, Uniting Master of Counselling
Join the world’s fastest-growing industries by taking advantage of our industry partnerships with companies such as Amazon, Cisco, Inspur, Microsoft and SAP. VU is a world leader in Enterprise Resource Planning (ERP) systems education. We offer more SAP-based subjects than any other Australian university and we are the first and only university in Australia to house a SAP Next-Gen Lab.

**STUDY AREAS**

- Information Technology
- Applied Information Technology
- Cyber Security

**A$104,156**

The median annual salary for software programmers before tax is A$104,156 (Job Outlook).

**3rd in Victoria**

We rank 3rd in the State of Victoria for computer science in the *Times Higher Education* World University Rankings by Subject 2021.

**State-of-the-art facilities**

Our facilities include Cisco routers and switches, 5G technology, Amazon cloud servers, graphics and video authoring tools and virtualisation tools.

“My course coordinator encouraged me to enter the VU Hackathon. It’s a really exciting competition organised within the University. I was part of a team of five and we won. My ambition is very simple – to do what I love, and I love programming. I would certainly recommend VU to other students. It can bring out the best in you.”

BUILD ON YOUR COMPUTING SKILLS, PREPARING FOR SENIOR IT ROLES. WE FOCUS ON SOLVING REAL-WORLD PROBLEMS IN CLOUD COMPUTING, CYBERSECURITY, ADVANCED PROGRAMMING, SOFTWARE ENGINEERING, WIRELESS AND MOBILE NETWORKING, MOBILE APPLICATIONS, DATA ANALYTICS AND PROJECT MANAGEMENT. TAKE PART IN AN INDUSTRY PLACEMENT PROGRAM AND COMPLETE AN INDUSTRY PROJECT.
Pursue a dynamic and fulfilling role in the legal profession with our courses in legal practice, migration law, criminal justice and criminology. In the heart of Melbourne’s CBD and the legal district, the College of Law and Justice provides you with the skills to address the challenges of contemporary legal practice. We have industry links with a broad range of legal organisations that inform our teaching and offer practical placements, ensuring you are ready to take on the challenges of a career in law. Our teaching staff and adjunct professors include a former High Court judge and human rights advocate, and Australia’s first female Attorney-General.

**STUDY AREAS**
- Law
- Criminal Justice
- Criminology
- Migration Law

**Prepare your case**
Get practical experience preparing for court and representing clients with our on-campus moot (simulation) courts and award-winning mooting program.

**Learn in the workplace**
Internship opportunities are available at the County, Magistrates’ and Supreme Courts, with some of Australia’s leading lawyers, judges and barristers.

**Number 10 in the world**
We rank 10 in the world for Peace, Justice and Strong Institutions in the 2021 Times Higher Education (THE) Impact Rankings. In an example of the many projects that have contributed to our stellar world ranking, we run an annual sentencing theory and practice masterclass for policymakers, defence lawyers, prosecutors, police, corrections officers and courts and tribunals staff through the Sir Zelman Cowan Centre.

SINCE I WAS A CHILD, I DREAMT OF STUDYING IN AUSTRALIA. I WAS INSPIRED BY MY FATHER, SISTER AND BROTHER, WHO HAVE CAREERS IN LAW AND JUSTICE.

“VU is very multicultural, just like my country. University study is less stressful with the VU Block Model because you can focus on one subject at a time. The class sizes are small, so we can easily interact with teachers and receive personalised feedback.”

TOOLSIKA (MAURITIUS)
Bachelor of Criminal Justice and Psychological Studies
**BACHELOR OF LAWS**

vu.edu.au/courses/international/BLAW

**COURSE CODE:** BLAW  
**CRICOS:** 040190B

**LOCATION**  
City Queen

**DURATION**  
4 years

**2022 INTAKES**  
February, August

**2022 FEES**  
A$14,900 per semester

**ENGLISH REQUIREMENT**  
IELTS (or equiv.) overall 6.5  
(no band less than 6.0)

**ADMISSION REQUIREMENT**  
A secondary school qualification equivalent to an Australian Year 12 certificate. Entry requires a completed supplementary form.

**COURSE DESCRIPTION**  
Gain a broad perspective on legal practice and specialist academic and professional skills in advocacy, ethical judgement, communication, legal research and writing, interviewing and negotiation. Take advantage of our moot program, which simulates court room proceedings, and gain real-world experience of the justice system with our industry partners.

**GRADUATE OUTCOMES**  
You could work as a lawyer or in legal practice in areas including criminal law, family law, commercial law and business. Many of our graduates choose to work in community legal centres providing legal access to disadvantaged groups, and in not-for-profit organisations. Roles include solicitor, lawyer, policy adviser, legal adviser or human rights advocate.

**YEAR 1**  
- Australian Legal System in Context  
- Contracts 1  
- Torts  
- Criminal Law  
- Criminal Investigation, Procedure and Sentencing  
- Legal Writing and Drafting

Accreditations apply to individual courses. Please see course details on pages 72-75 to see which accreditations apply.
“As part of my studies I took part in a justice tour in India. The opportunity to attend classes and immerse myself in the Indian culture was absolutely incredible and such a life-changing experience.”

RHIANNON (AUSTRALIA)
Bachelor of Laws/Bachelor of Criminology
## BACHELOR OF CRIMINOLOGY

**COURSE CODE:** LBCR  
**CRICOS:** 102415F  
**LOCATION** City Queen  
**DURATION** 3 years  
**2022 INTAKES** February, August  
**2022 FEES** A$13,400 per semester  
**ENGLISH REQUIREMENT** IELTS (or equiv.) overall 6.0 (no band less than 6.0)  
**ADMISSION REQUIREMENT** A secondary school qualification equivalent to an Australian Year 12 certificate.  
**ACCREDITATION:** VLAB  

### COURSE DESCRIPTION
Develop an understanding of the motivation behind criminal acts and gain the knowledge and skills needed to help police, legal, and social-welfare organisations address the causes and results of criminal behaviour. You will study areas including policing and offending, law, crime and forensic investigations. Your strong foundation in law subjects will help you work effectively within the legal system.

### GRADUATE OUTCOMES
Your qualification will be widely recognised in areas including forensic work, police work, community legal settings, legal aid, paralegal work, youth justice, correctional services and community services.

### YEAR 1
- Applied Human Rights  
- Australian Legal System in Context  
- Legal Research Methods  
- Introduction to Criminology  
- Policing and Offending  
- Criminal Law  
- Criminal Investigation, Procedure and Sentencing  
- Legal Interpretation

### YEAR 2
- Criminal Justice Systems 2  
- Sociology of Law  
- Corporate Crime  
- History of Criminal Law and Trials  
- Contemporary Issues in Criminology  
- 24 credit points Minor 1 Units 1-2  
- 12 credit points Minor 2 Unit 1

### MINORS
- Human Rights  
- Interpersonal Skills and Conflict Resolution  
- Psychology  
- International Security  
- Comparative Criminal Justice and Human Rights

## BACHELOR OF LAWS/BACHELOR OF CRIMINOLOGY

**COURSE CODE:** LBLC  
**CRICOS:** 102415E  
**LOCATION** City Queen  
**DURATION** 4.5 years  
**2022 INTAKES** February, August  
**2022 FEES** A$14,900 per semester  
**ENGLISH REQUIREMENT** IELTS (or equiv.) overall 6.5 (no band less than 6.0) unless a graduate of other tertiary study  
**ADMISSION REQUIREMENT** A secondary school qualification equivalent to an Australian Year 12 certificate.  
**ACCREDITATION:** VLAB  

### COURSE DESCRIPTION
Launch a career investigating and prosecuting crime, or defending the criminally accused, with a law and criminology degree from VU. Our Bachelor of Laws/Bachelor of Criminology will give you broad knowledge of the causes and consequences of crime. You’ll gain expertise in criminal investigation, sentencing, and security, at national and international levels. You will also develop practical skills in investigating and providing strategic advice in relation to crime and crime management.

### GRADUATE OUTCOMES
The Bachelor of Laws satisfies the academic requirements to become an Australian lawyer, as required by the Victorian Legal Admissions Board. In order to become an Australian Lawyer, you’ll also need to complete practical legal training or an equivalent.

### YEAR 1
- Australian Legal System in Context  
- Contracts 1  
- Legal Research Methods  
- Torts  
- Introduction to Criminology  
- Policing and Offending  
- Criminal Law  
- Criminal Investigation, Procedure and Sentencing

### YEAR 2
- Criminal Justice Systems 2  
- Corporate Crime  
- History of Criminal Law and Trials  
- Legal Writing and Drafting  
- Legal Interpretation

### YEAR 3
- Victims, Justice and the Law  
- Crime Research and Methods  
- Research Project  
- 24 credit points Minor 1 Units 3-4  
- 36 credit points Minor 2 Units 2-4

### MINORS
- Corporations Law  
- Constitutional Law  
- Privacy and Media Law  
- Sociology of Law  
- Real Property Law  
- Contemporary Issues in Criminology  
- Crime Across Borders  
- Commercial Law  
- Equity and Trusts  
- Lawyers’ Ethics and Professional Responsibility  
- 12 credit points of Law Elective studies

**The full course structure is on the website.**
**BACHELOR OF CRIMINAL JUSTICE**

**COURSE CODE:** ABCJ  
**CRICOS:** 088599C  
**LOCATION** Footscray Park  
**DURATION** 3 years  
**2022 INTAKES** February, August  
**$2022 FEES** A$12,800 per semester  
**ENGLISH REQUIREMENT** IELTS (or equiv.) overall 6.0 (no band less than 6.0)  
**ADMISSION REQUIREMENT** A secondary school qualification equivalent to an Australian Year 12 certificate.  

**COURSE DESCRIPTION**  
Gain in-depth knowledge of our justice systems and develop a holistic understanding of community justice. You will study the law and restorative justice models and learn the contributing factors to why people interact with the legal system. You will learn in a dynamic classroom environment that tests your ideas, builds your practical skills and strengthens your foundational knowledge. You will also undertake an industry placement.

**GRADUATE OUTCOMES**  
You will graduate work-ready in areas that support the legal system, including prisons, police, corrections, the courts and youth justice. Possible job titles include community justice worker, customs or immigration officer, police officer, correctional officer or court administrator.

**YEAR 1**  
Young People in a Global Community  
Aboriginal Traditions and Policy  
Applied Human Rights  
Criminal Justice Systems  
Youth and Community Contexts  
Working in Human Services Organisations  
Policing and Offending  
Australian Legal System in Context

**YEAR 2**

**DURATION** 1 year  
**2022 INTAKES** February, July  
**$2022 FEES** A$16,100 per semester  
**ENGLISH REQUIREMENT** IELTS (or equiv.) overall 6.5 (no band less than 6.0)  
**ADMISSION REQUIREMENT**  
An Australian undergraduate degree or equivalent in any discipline.

**COURSE DESCRIPTION**  
VU is Australia’s leading migration law education provider, with the longest-running program nationwide. Through applied research and study, you will gain practical knowledge and skills in migration law and policy expertise, legal research and drafting skills, submission writing techniques, professional and interpersonal communication skills, as well as knowledge about the migrant experience and human rights issues.

**GRADUATE OUTCOMES**  
The Graduate Diploma in Migration Law is designed for prospective migration agents, including legal practitioners, HR migration specialists and government workers. By completing the Graduate Diploma in Migration Law and the prescribed external capstone exam, you will be eligible for registration as a migration agent with the Office of the Migration Agents Registration Authority.

**YEAR 1**  
Practitioner Legal Skills for Australian Migration Law  
Australian Migration Law  
Australia’s Visa System 1  
Australia’s Visa System 2  
Visa Compliance and Cancellation  
Migration Review Mechanisms  
Applied Migration Law  
Managing a Migration Agent business
SOCIAL, COMMUNITY & YOUTH DEVELOPMENT

Make a difference with a rewarding career in social, community or youth development. Our placements help you gain the experience you need to begin your career with confidence. Through community development studies you can find fulfilling work in social welfare and community organisations in Australia and abroad. Our youth work degrees can lead to a rewarding career supporting young people to develop their potential. Our graduates find employment in government, not-for-profit organisations and in the private sector.

STUDY AREAS

- Social Work
- Youth Work
- Community Development

Learn in the workplace
Access 150+ professional placement programs.

Join an industry in demand
Future projections for careers in welfare, recreation and community arts; support, health and service and counsellors predict very strong job growth (Australian Government’s JobOutlook).

Contribute to local culture
Enrich Melbourne’s west through local partnerships such as Maribyrnong City Council and Footscray Community Arts Centre.

For more information visit vu.edu.au/youth-community
"The level of care I experienced from lecturers and staff was incredible. They were enthusiastic and knowledgeable, and some were still practising youth workers."

“All of the coursework was current and left me feeling even more ambitious.
I did two work placements during my degree – the first at a local government youth program in Melton, and the second a placement overseas in the Solomon Islands and Vanuatu – which was such an enriching experience. Both placements were invaluable for my development, and prepared me for my employment.”

CHANEL
Bachelor of Youth Work
COURSE CODE: ABSW
CRICOS: 077997B

LOCATION
Footscray Nicholson

DURATION
4 years

2022 INTAKES
February

$2022 FEES
A$13,400 per semester

ENGLISH REQUIREMENT

Careers in sport begin at VU. With more sports-related courses than any other Australian university, world-leading research and world-class facilities, we offer amazing opportunities to kick off your career in exercise science, outdoor education, sport management and more. You’ll benefit from our comprehensive partnerships with community and industry organisations and be empowered by teaching staff who are also highly regarded coaches, advisers and sports professionals.

Our extensive partnerships range from community sport to outdoor education and adventure sports through to elite national and international organisations including the International Federation of Association Football (FIFA), Sport Australia, Australian Institute of Sport, Melbourne Victory FC, Real Madrid Graduate School Universidad Europea, Western United FC and The Outdoor Education Group.

9th in the world
We are ranked equal 9th in the world for sport science in the 2020 Academic Ranking of World Universities published by the ShanghaiRanking Consultancy.

Elite Athletes
We have A$68 million sport and exercise science facilities at Footscray Park Campus and an A$8 million sport and recreation learning centre at VU Whitten Oval.

World-class facilities
Our elite athlete students include 37 Olympians, four Paralympians and 26 Commonwealth Games athletes.

For more information visit vu.edu.au/sport-exercise-science
“VU was my first choice because of its resources and because it ranks in the top 2% of universities in the world.

“The best thing about my course is that I can follow my passion and study what I love. For any person passionate about sports, VU is heaven. I could not find such a variety of courses anywhere else. I am sure this course will lead me to my dream of creating an impact in the sports and fitness industry.”

**BACHELOR OF EXERCISE SCIENCE (CLINICAL PRACTICE)**

**COURSE CODE:** ABHE

**CRICOS:** 084834G

**LOCATION**

Footscray Park

**DURATION**

3 years

**2022 INTAKES**

February, August

**$2022 FEES**

A$16,000 per semester

**ENGLISH REQUIREMENT**

IELTS (or equiv.) overall 6.0 (no band less than 6.0)

**ADMISSION REQUIREMENT**

A secondary school qualification equivalent to an Australian Year 12 certificate, or higher. A Police Records Check and Working with Children Check are required prior to placements.

**COURSE DESCRIPTION**

This course focuses on using exercise for rehabilitation. It covers biomechanics, clinical exercise, pathophysiology, nutrition and diet, and motor learning. You’ll develop a solid understanding of the science that underpins sport and exercise. You’ll work with new ideas and technologies, and gain knowledge and skills for a professional career in clinical exercise physiology, rehabilitation, sport science or human movement.

**GRADUATE OUTCOMES**

Join a group of VU graduates known to be strong performers in the sports industry due to their practical experience. This course will allow you to gain employment in a range of roles including as an exercise physiologist, personal trainer, sport scientist, strength and conditioning coach, or sport nutritionist.

**YEARS 2 & 3**

- Nutrition and Diet for Exercise and Physical Education
- Exercise Interventions for Healthy Populations
- Motor Learning
- Advanced Resistance Training

---

**BACHELOR OF EXERCISE SCIENCE (SPORT PRACTICE)**

**COURSE CODE:** ABHD

**CRICOS:** 084833G

**LOCATION**

Footscray Park

**DURATION**

3 years

**2022 INTAKES**

February, August

**$2022 FEES**

A$16,000 per semester

**ENGLISH REQUIREMENT**

IELTS (or equiv.) overall 6.0 (no band less than 6.0)

**ADMISSION REQUIREMENT**

A secondary school qualification equivalent to an Australian Year 12 certificate, or higher. A Police Records Check and Working with Children Check are required prior to placements.

**COURSE DESCRIPTION**

Learn from world-leading experts in sport studies and enjoy access to state-of-the-art facilities. This course covers biological and social sciences, with a focus on sports physiology and biomechanics. You will build a solid understanding of the science that underpins sports and exercise. You will benefit from our industry connections, with professional placements and industry networking opportunities.

**GRADUATE OUTCOMES**

Our graduates find employment at elite sport organisations, leisure centres, community service organisations and even start their own businesses. Pursue a career in exercise physiology, personal fitness training, community fitness and health services, sports data analysis, performance coaching, athlete talent identification and development, and sports nutrition.

**YEARS 2 & 3**

- Nutrition and Diet for Exercise and Physical Education
- Exercise Interventions for Healthy Populations
- Sports Biomechanics
- Motor Learning

---

**YEAR 1**

- Structural Kinesiology
- Research Methods for Exercise Professionals
- Human Growth and Lifespan Development
- Resistance Training
- Biomechanics
- Human Physiology
- Exercise Physiology
- Exercise and Sport Psychology

---

**YEAR 2 & 3**

- Nutrition and Diet for Exercise and Physical Education
- Exercise Interventions for Healthy Populations
- Sports Biomechanics
- Motor Learning

---

**Advanced Resistance Training**

**Functional Kinesiology**

**Advanced Exercise Physiology**

**Advanced Biomechanics**

**Sport Physiology**

**Clinical Exercise Practice 1**

**Social Dimensions of Sport and Exercise**

**Applied Exercise Psychology**

**Motor Control**

**Professional Ethics**

**Advanced Training and Conditioning**

**Exercise, Health and Disease**
BACHELOR OF OUTDOOR LEADERSHIP  
vu.edu.au/courses/international/SBOL

**COURSE CODE:** SBOL  
**CRICOS:** 099055M  
**LOCATION**  
Footscray Park  
**DURATION**  
3 years  
**2022 INTAKES**  
February, August  
**2022 FEES**  
A$15,500 per semester  
**ENGLISH REQUIREMENT**  
IELTS (or equiv.) overall 6.0  
(no band less than 6.0)  
**ADMISSION REQUIREMENT**  
A secondary school qualification equivalent to an Australian Year 12 certificate and pass the entry skills test.  
A Police Records Check and Working with Children Check are required prior to placements.

**COURSE DESCRIPTION**  
This unique degree meets the needs of the outdoor education and recreation sectors. Learn about the natural environment, planning and group leadership and apply your on-campus study during activities in our outdoor labs. The main themes are explored through activities such as bushwalking, canoeing, cycling, rafting, alpine activities and rock climbing. The course includes a paid internship with The Outdoor Education Group.

**GRADUATE OUTCOMES**  
Career options include roles in adventure tourism, adventure sports, environmental education, outdoor adventure, outdoor education, outdoor recreation and nature tourism. Job titles include camp program manager, environmental educator, outdoor educator, outdoor adventure guide, instructor or facilitator, park ranger or business owner.

**YEAR 1**  
Interpersonal Skills and Communication  
Introduction to Adventure Environments  
Natural Environments 1  
Safety in Natural Environments  
Adventure Based Learning for Outdoor Environments  
Preparing to Lead in Natural Environments  

**PROFESSIONAL CORE UNITS**  
Natural Environments 2  
River Environments 1  
Bush Environments  
Mountain Environments  
Risk Management in Natural Environments  
Leading Facilitating and Interpreting in Natural Environments  

**ELECTIVES – MAJORS**  
Ecology and Environmental Management  
Sport and Active Communities  
Sport Coaching  
Outdoor Leadership Industry Internship

“I FEEL VU’S FOCUS ON INDUSTRY EXPERIENCE THROUGH WORK PLACEMENTS IS A VITAL FEATURE OF THEIR APPROACH TO EDUCATION.”
Bachelor of Sport Management/Bachelor of Business

**Course Code:** SBBSB  
**CRICOS:** 084880A

**Location:** Footscray Park  
**Duration:** 4 years

**2022 Intakes:** February, August

**2022 Fees:** A$14,600 per semester

**English Requirement:** IELTS (or equiv.) overall 6.0 (no band less than 6.0)

**Admission Requirement:** A secondary school qualification equivalent to an Australian Year 12 certificate, or higher. A Police Records Check and Working with Children Check are required prior to placements.

**Course Description:** Aim for an exciting career in sport or business with this double degree, which prepares you for management, training and operational roles. We teach important skills in policy, planning and strategy, team management, player welfare and support, gym and exercise program administration, and coordination of community-based activity programs. You’ll also gain valuable work experience and industry contacts through our placement program.

**Graduate Outcomes:** You’ll graduate ready to plan, organise and lead activities at the elite and community level. Your understanding of planning, finance, marketing and people management will prepare you for a range of careers in business, sporting organisations, local government, or outdoor adventure.

**Year 1 Core Units:**
- Integrated Business Challenge
- Management and Organisation Behaviour
- Introduction to Sport and Active Recreation
- Foundations of Sport and Active Recreation
- Accounting for Decision Making
- Information Systems for Business
- Introduction to Marketing
- Human Resources for Sport and Active Recreation

**Year 2 Core Units:**
- Business Statistics
- Business Law
- Economic Principles
- Community Building for Sport and Active Recreation
- Ethics in Sport Management and Active Recreation

**The full course structure is on the website.**

Bachelor of Physical Education and Sport Science

**Course Code:** SBPH  
**CRICOS:** 088601C

**Location:** Footscray Park  
**Duration:** 3 years

**2022 Intakes:** February, August

**2022 Fees:** A$15,500 per semester

**English Requirement:** IELTS (or equiv.) overall 6.0 (no band less than 6.0)

**Admission Requirement:** A secondary school qualification equivalent to an Australian Year 12 certificate, or higher. A Police Records Check and Working with Children Check are required prior to placements.

**Course Description:** Turn your passion for physical activity and sport, and your ability to inspire others, into a lifelong career. In our top-rated physical education and sport science program you will study a range of subjects across disciplines such as games and sports, skill acquisition, motor development, inclusive physical activity, anatomy, kinesiology, health, exercise physiology, biomechanics, individual fitness activities, aquatics, athletics and nutrition.

**Graduate Outcomes:** Graduates of this course can pursue careers in fields including physical education, sport science, fitness, health, exercise rehabilitation and coaching.

**Year 1:**
- Structural Kinesiology
- Biomechanics
- Human Physiology
- Exercise Physiology
- Exercise and Sport Psychology
- Introduction to Adventure Environments
- Inclusion and Diversity in Physical Activity
- Aquatic and Athletic Movement Activities

**Year 2:**
- Nutrition and Diet for Exercise and Physical Education
- Motor Learning
- Sport and Social Analysis
- Social Dimensions of Sport and Exercise
- Sexuality and Relationships
- Social Bases of Health: Global Perspectives
- Rhythmic and Expressive Movement
- Major and Minor Games
- Growth and Motor Development
- Games and Sports
- Perspectives on Physical Education
- Sport Ethics

MASTER OF CLINICAL EXERCISE SCIENCE AND REHABILITATION
vu.edu.au/courses/international/AMEP

COURSE CODE: AMEP
CRICOS: 077582C
LOCATION
Footscray Park
DURATION
1.5 years
2022 INTAKES
February

$2022 FEES
A$15,800 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 7.0
(no band less than 7.0)

ADMISSION REQUIREMENT
Completion of an Australian bachelor degree or equivalent in a similar discipline, or higher.

COURSE DESCRIPTION
Become an accredited exercise physiologist. You will learn to assess and prescribe exercise and physical activity for people with chronic conditions or complex care needs. Our program follows a strong evidence-based approach to the scope of practice of clinical exercise physiology. To consolidate your theoretical learning, you will gain significant practical experience during clinical placements.

GRADUATE OUTCOMES
This course will prepare you to work with people who have musculoskeletal injuries, neurological conditions, metabolic conditions, cardiovascular conditions and various comorbidities. You will be eligible for accreditation as an exercise physiologist and could work in a range of settings including hospitals, community health centres, sports clinics and rehabilitation clinics.

UNITS
- Exercise Assessments and Interventions for Cardiorespiratory Conditions
- Exercise Assessments and Interventions for Metabolic Conditions and Cancer
- Exercise and Mental Health
- Case Management for Clinical Exercise
- Clinical Exercise Practice
- Exercise Assessments and Interventions for Musculoskeletal Conditions
- Exercise Assessments and Interventions for Neurological Conditions
- Occupational Health and Exercise Rehabilitation
- Advanced Case Management and Practice
- Applied Sports Statistics

OPTION 1 - Coursework
- Enhancing Muscular Performance
- Behavioural Aspects of Active Living

OPTION 2 - Thesis
- Minor Thesis

MASTER OF SPORT BUSINESS
vu.edu.au/courses/international/SMBS

COURSE CODE: SMBS
CRICOS: 103438B
LOCATION
City Flinders
DURATION
1.5 years
2022 INTAKES
February, August

$2022 FEES
A$19,100 per semester

ENGLISH REQUIREMENT
IELTS (or equiv.) overall 6.5
(no band less than 6.0)

ADMISSION REQUIREMENT
Completion of an Australian bachelor degree or equivalent in a similar discipline, or higher.

COURSE DESCRIPTION
Gain the professional and personal skills to succeed in the global sport business industry with a Master of Sport Business from VU. This course prepares you for the pressures and complexity of contemporary sport management by combining cutting-edge theory with intensive case analysis and best-practice strategic management. You will have the opportunity to undertake professional-level research, study abroad through our partnership with the Real Madrid Graduate School Universidad Europea and gain industry experience to ensure you are a highly competent and confident graduate.

GRADUATE OUTCOMES
As a graduate of the Master of Sport Business, you will be suited to a range of management and leadership roles in the global sport industry. You will be equipped to add to the public value of the sport industry through working in sport integrity, partnerships, marketing, economics, strategic management, facilities and events, and many other opportunities locally and globally.

UNITS
- Current Issues and Trends in Sport
- Research Methods and Applied Statistics
- Industry Engagement
- Sport Integrity and Ethics
- Learning to Lead People in High Performance Teams
- Strategic Sport Marketing
- Strategic Planning and Management for Sport Business
- Sport Facility and Event Management

SPECIALISATIONS
- Minor Thesis
- Applied Research Management
Start your career in the rapidly growing tourism, hospitality and events sector.

We are the only Australian university to offer industry-based programs from vocational certificate level through to PhDs. Industry partnerships and placements are central to our teaching at VU. Learn in the workplace with our extensive industry partnership network that includes the Melbourne Convention and Exhibition Centre, Crown Hotels and Resorts, RACV Clubs and Resorts, Museums Victoria and Melbourne Fashion Week.

1st for the visitor economy
VU has established Australia’s first School for the Visitor Economy.

State-of-the-art facilities
We have three state-of-the-art commercial kitchens and an award-winning 150-seat training restaurant.

37th in the world
VU is ranked world standard for research in Tourism (Excellence in Research Australia).

For more information visit vu.edu.au/tourism-hospitality
WHEN CHOOSING A UNIVERSITY I LOOKED AT THE COURSE PLAN ON THE VU WEBSITE AND WAS IMPRESSED WITH THE PRACTICAL, HAND-ON TRAINING IT OFFERED.

“Cooking in the restaurant for real customers has been a highlight of the course for me.

REMONA (SRI LANKA)
Certificate III in Commercial Cookery
TOURISM, HOSPITALITY & EVENTS

SIT30816 CERTIFICATE III IN COMMERCIAL COOKERY & SIT40516 CERTIFICATE IV IN COMMERCIAL COOKERY

COURSE CODES: SIT30816 & SIT40516
CRICOS: 095616D & 0100178

LOCATION
Footscray Nicholson

DURATION
Certificate III: 1 year
Certificate IV: 1.5 years

2022 INTAKES
February, July

$2022 FEES
A$6,500 per semester

ENGLISH REQUIREMENT
Certificate III: IELTS (or equiv.) overall 5.5 (no band less than 5.0)
Certificate IV: IELTS (or equiv.) overall 5.5 (no band less than 5.0)

ADMISSION REQUIREMENT
A secondary school qualification equivalent to an Australian Year 11 qualification, or higher. A Police Records Check is required prior to placements.

ACREDITATION:
vu.edu.au/courses/international/SIT50416

COURSE DESCRIPTION
Certificate III and Certificate IV provide a strong understanding of the hospitality industry, including menu planning, specialised cooking, food hygiene and sustainable work practices. You will learn how to prepare dishes in our state-of-the-art hospitality training centre, which includes commercial and demonstration kitchens, a training bar and a 150-seat restaurant that has been named best training restaurant in Victoria.

CERTIFICATE IV CORE UNITS
BSBDIV501 - Manage diversity in the workplace
BSBSUS5401 - Implement and monitor environmental sustainability
SITXWHS003 - Implement and monitor work health and safety practices
SITXINV002 - Maintain the quality of perishable items
SITHKOP005 - Coordinate cooking operations
SITHPAT006 - Produce desserts
SITXCM005 - Manage conflict
SITXFIN003 - Manage finances within a budget
SITXFA001 - Use hygienic food safety practices
SITXFA002 - Participate in safe food handling
SITXHHR001 - Coach others in job skills
SITXHHR003 - Lead and manage people
SITXNV002 - Maintain the quality of perishable items
SITXMTG001 - Monitor work operations
SITXWH003 - Implement and monitor work health and safety practices

GRADUATE OUTCOMES
Certificate IV gives you the skills and knowledge required to find employment in restaurants, hotels and clubs. It gives you practical culinary and management skills, preparing you for leadership or supervisory positions in kitchen environments. Graduates of the Certificate IV can become a head chef, sous chef or chef de partie (line chef).

The full course structure is on the website.

- VHH2004 Hospitality and Hotel Management Innovation Challenge  
- VHH2005 Contracts, Risk and Business Law  
- VHH2006 Information Systems for Management  
- VHH2007 Economic Principles for Management  
- VHH2008 Statistical Analysis for Management

PATHWAYS
Associate Degree in Hospitality and Hotel Management  
Bachelor of Business
International PhD student Anu George is exploring responsible tourism and green growth “to make better places to live in and better places to visit”, with a focus on sustainable tourism development in Kerala, a state on the southwestern Malabar Coast of India.

“I’m a member of the VU Tourism Club – it organises different trips and excursions for students at VU. It’s a lot of fun because we get to interact with so many different international students and learn about their culture.”

ANU (INDIA)
PhD candidate (College of Business)
SCHOOL FOR THE VISITOR ECONOMY

Our hospitality and tourism courses, from certificates to PhDs, are part of VU’s School for the Visitor Economy – a cross-university school providing qualified graduates to Victoria’s fast-growing tourism and hospitality sectors. Courses for international students in the School for the Visitor Economy include:

- SIT30816 Certificate III in Commercial Cookery
- SIT40516 Certificate IV in Commercial Cookery
- SIT50416 Diploma of Hospitality Management
- SIT60316 Advanced Diploma of Hospitality Management
- Associate Degree in Hospitality and Hotel Management
- Bachelor of Business (major options in Event Management or Tourism & Hospitality Management)
- Doctor of Philosophy
- Doctor of Philosophy (Integrated)

The School also undertakes cross-disciplinary research that supports growth and sustainability in tourism destinations and visitor economy–related businesses. This work builds on a long history of tourism-related research at VU, which has ranked highly by national and international agencies for more than 30 years. Key research themes include: tourism and the green economy and planetary health; tourism risk and recovery; tourism economics; tourism marketing; wellness tourism; and events management and evaluation.

“The Work Integrated Learning (WIL) program allows people who are studying a particular discipline to come into our business and actually do work in a practical placement as part of their curriculum.

“I think that immersion in a business and trying to solve a problem is probably a really big benefit when going out into the workplace.”

AMANDA WILSON
Director of People, Culture & Improvement at the Melbourne Convention and Exhibition Centre
Member of the Advisory Board for VU’s School for the Visitor Economy
VU Research supports all aspects of the University’s research activity. It includes the Institute for Sustainable Industries and Liveable Cities and the Institute for Health and Sport.

**Institute for Sustainable Industries and Liveable Cities (ISILC)**

ISILC collaborates with industry and community to create liveable cities and sustainable industry practice through new technologies, social equity and cohesion, improved environmental outcomes and policy development. The research of 170 academic staff and 450 research students is underpinned by a dynamic intellectual environment and world-class facilities.

Areas of excellence include:

- applied informatics, mathematics and artificial intelligence
- applied economics (energy policy, health and education policy and regional development)
- power systems and renewable energy integration
- financial systems
- construction research
- fire (modelling and experimental)
- education and youth engagement
- countering violent extremism
- food processing and chemistry
- history, including Irish studies
- supply chain management
- tourism and the visitor economy
- water resource management
- sensor development, control systems and telecommunications.

**Centre of Policy Studies (CoPS)**

CoPS specialises in Computable General Equilibrium (CGE) modelling. The Centre undertakes academic/contract research and software development, conducts training courses in CGE modelling and offers student supervision. It also undertakes economic-modelling research for governments and businesses in many parts of the world. CoPS has created Australia’s best known large-scale economic models, ORANI, MMRF and TERM, now developed for over 25 countries worldwide.

**Centre for International Research on Education Systems (CIRES)**

CIRES investigates the origins and consequences of low achievement in education. CIRES researchers are recognised internationally for their work on student and school outcomes. They have conducted projects in every state and territory in Australia and every sector of education and training, and increasingly with researchers, schools and systems internationally.

**The Institute for Health and Sport (IHES)**

IHES addresses problems of local, national and global relevance. IHES has more than 120 research staff and 250 research students, and is supported by world-class research infrastructure.

Areas of excellence include:

- exercise science
- active living
- chronic disease
- biomedical sciences
- technology
- psychology
- nursing, community and public health
- sport performance, participation and business.

VU.edu.au/graduate-research
VU.edu.au/research

VU is committed to Place-Based Planetary Health. Our whole-of-university commitment prioritises planetary health in our teaching, university practice, partnerships, and in research. Place-Based Planetary Health research finds sustainable solutions that are locally anchored, to challenges impacting the wellbeing of people, communities, country, and environment; recognising that the wellbeing of all is dependent on the wellbeing of our planet.

In 2020, the Planetary Health Alliance (PHA) welcomed VU as its newest member. The PHA was launched with the support of the Rockefeller Foundation in 2016 and is based at Harvard University.
VU Professor Clare Hanlon and Gymnastics Australia coach Shaoyi Jiang are building the leadership capacity of sportswomen in the Asia-Pacific region.

*Excellence in Research for Australia 2018
With state-of-the-art facilities and an outstanding research profile ranking world-class or above by the Australian Government, VU is the ideal place to commence your research career. Complete a doctoral or research masters degree in one of our flagship areas and achieve your career goals.

**Doctor of Philosophy**

We offer two Doctor of Philosophy (PhD) programs, and on successful completion of either program, you can use the title “doctor”. Students commence their doctoral research under the guidance of an experienced supervisor.

**PHD (INTEGRATED)**

The PhD (Integrated) supports candidates who do not have research experience but have a masters degree by coursework. Students undertake five advanced coursework units in their first year. They will also complete a Year 1 Thesis, which is integrated into the larger doctoral program of research, and will complete the course in the standard four years.

**PHD**

The PhD program has been designed for applicants who have: a four-year undergraduate degree which included a research component; a masters by coursework and a minor thesis; or a masters by research.

**Research Masters Degrees**

Our research masters degrees recognise your prior qualifications and your disciplinary expertise, meaning your program is tailored to your skills and career aspirations.

**Research support**

You will have access to quality supervision, mentoring, English language support and research training. We have a comprehensive orientation program and a range of seminars, workshops and research events.

Our Researcher Professional Development Program focuses on: database searches; literature reviews; research design, methods and analysis; ethics and integrity; commercialisation and intellectual property; presentations; academic; and writing for journals, industry and your thesis.

**International focus**

Our research activities have a global reach. We work with universities, government, industry and other organisations around the world to facilitate researcher and student exchange, foster international research collaborations and create global research networks.

**Entrance requirements**

All research degrees require:

- a minimum of 70% in your qualifying degree (or equivalent to an Australian degree with a minimum of 70%)
- English language proficiency (IELTS) based on an academic test module of 6.5 overall (no band less than 6.0).

Network and share your research through the following events and activities:

- Visualise Your Thesis
- Three Minute Thesis

- social events in conjunction with our student associations.

MyVU Plan is a platform to document your professional development during your research degree to help you achieve your career aspirations.
Professor Vasso Apostolopoulos is a world-renowned researcher who has been recognised with over 100 awards. In response to the COVID-19 pandemic, Vasso and her team at VU are focusing on developing a vaccine to treat the virus.

Her areas of expertise include immunology, x-ray crystallography, medicinal chemistry, cellular biology and molecular biology. Professor Apostolopoulos was the first in the world to develop the concept of immunotherapy for cancer in the early 1990s. It is now used by hundreds of labs around the world to boost specific immune cells and program them to kill cancer cells.

Using immunotherapy, Professor Apostolopoulos has developed vaccines for breast cancer and ovarian cancer. Committed to the wide-ranging benefits of immunotherapy, Professor Apostolopoulos has applied this approach to other diseases including a vaccine for multiple sclerosis. She is also working on a vaccine for type-1 diabetes.
**RESEARCH**

**STEP 1 CHOOSE YOUR RESEARCH GROUP**

- **Institute for Health and Sport**
  - Study towards a qualification in a range of health and sport-related streams including biomedical sciences, biotechnology, business, nursing, food science, sport science, and social sciences.

- **Institute for Sustainable Industries and Liveable Cities**
  - Address important contemporary issues such as climate change, cultural diversity, arts and social justice, technology in future industries, education and related policy, and urban planning.

**STEP 2 CHOOSE YOUR STUDY LEVEL/COURSE**

<table>
<thead>
<tr>
<th>MASTERS</th>
<th>PHD</th>
</tr>
</thead>
</table>
| **Master of Research Practice (1 Year)**
  - Acknowledging your honours (or equivalent) degree, this masters course includes only two core units, allowing you to begin your thesis and graduate in one year. The research component is undertaken throughout the degree, supported by the coursework units academic supervision. |
| **Master of Research (1.5 Years)**
  - This course is tailored to graduates with a related bachelor degree, or an honours degree in a different discipline, and your study will be individualised according to your academic background. |
| **Master of Applied Research (2 Years)**
  - This course is designed for bachelor-level graduates in any discipline. Study key topics including research methods, ethics, project design and disciplinary expertise. |

**DOCTOR OF PHILOSOPHY**

- **UPAD (064447F)** Institute for Health and Sport
- **UPAF (064447F)** Institute for Sustainable Industries and Liveable Cities

**ADMISSION REQUIREMENT (OPTION 1, 2 OR 3)**

1. Completion of an Australian undergraduate honours degree (or equivalent) in the same discipline with an average grade of at least H2A/distinction or equivalent.
2. Completion of an Australian masters degree (or equivalent) in the same discipline with minor thesis, with an average grade of at least H2A/distinction or equivalent.
3. Completion of an Australian masters by research degree (or equivalent) in the same discipline with an average grade of at least H2A/distinction or equivalent, or demonstrated exceptional ability during partial completion of a research project in a masters by research degree.

**COURSEWORK UNITS**

- Conceptualising and Contextualising Research
- Research Integrity and Ethics
- Doctoral Industry Project Placement

**Thesis Unit**

To attain the Doctor of Philosophy, students will be required to complete 384 credit points over a maximum duration of 4 years (full-time).

**DOCTOR OF PHILOSOPHY (INTEGRATED)**

- **UPAE (099052C)** Institute for Health and Sport
- **UPAG (099052C)** Institute for Sustainable Industries and Liveable Cities

**ADMISSION REQUIREMENT (OPTION 1, 2, 3 OR 4)**

1. Completion of an Australian undergraduate honours degree (or equivalent) in the same discipline with an average grade of at least H2A/distinction or equivalent.
2. Completion of an Australian masters degree (or equivalent) in a different discipline with an average grade of at least H2A/distinction in the final year.
3. Completion of an Australian masters by research degree (or equivalent) in the same discipline with an average grade of at least H2A/distinction or equivalent, or demonstrated exceptional ability during partial completion of a research project in a masters by research degree.
4. Any of the admission requirements listed in the PhD.

**YEAR 1 COURSEWORK UNITS**

- Introduction to Research Methodology
- Research Design and Proposal Development
- Research Integrity and Ethics
- Doctoral Industry Project Placement

**ELECTIVE STUDIES**

- Introduction to Qualitative Research Methods
- Introduction to Quantitative Research Methods
- Enhancing Researcher Knowledge and Skills

**Thesis Unit**

To attain the award of Doctor of Philosophy through the Doctor of Philosophy (Integrated), students will be required to complete 384 credit points over a maximum duration of 4 years (full-time).
**MASTER OF APPLIED RESEARCH**

**ADMISSION REQUIREMENT**
A degree equivalent to an Australian undergraduate degree (or equivalent) in any discipline, with an average grade of distinction (or equivalent) in the final year.

**CORE UNITS**
- Introduction to Research Methodology
- Research Design and Proposal Development
- Research Integrity and Ethics

**ADMISSION REQUIREMENT**
- An Australian undergraduate degree (or equivalent) in the same discipline with an average grade of distinction (or equivalent).
- An Australian graduate diploma (or equivalent) in the same discipline with an average grade of distinction (or equivalent).

**CORE UNITS**
- Research Design and Proposal Development
- Research Integrity and Ethics

**PLUS**
- Students with AQF7 qualification in a cognate discipline:
  - Introduction to Research Methodology
- Students with AQF8 qualification in a noncognate discipline:
  - Enhancing Researcher Knowledge and Skills

**DURATION**
2 years (4 semesters of study)

**2022 INTAKES**
February, July

**2022 FEES**
A$13,200 to A$17,900 per semester depending on field of research

---

**MASTER OF RESEARCH**

**ADMISSION REQUIREMENT**
1. An Australian undergraduate degree (or equivalent) in the same discipline with an average grade of distinction (or equivalent).
2. An Australian undergraduate (bachelor) honours degree (or equivalent) in a different discipline with an average grade of distinction (or equivalent).

**CORE UNITS**
- Research Design and Proposal Development
- Research Integrity and Ethics

**PLUS**
- Students with AQF7 qualification in a cognate discipline:
  - Introduction to Research Methodology
- Students with AQF8 qualification in a noncognate discipline:
  - Enhancing Researcher Knowledge and Skills

**DURATION**
1.5 years (3 semesters of study)

**2022 INTAKES**
February, July

**2022 FEES**
A$13,200 to A$17,900 per semester depending on field of research

---

**MASTER OF RESEARCH PRACTICE**

**ADMISSION REQUIREMENT**
1. A degree equivalent to an Australian undergraduate degree (or equivalent) in the same discipline with an average grade of distinction (or equivalent).
2. An Australian graduate diploma (or equivalent) in the same discipline with an average grade of distinction (or equivalent).

**CORE UNITS**
- Research Design and Proposal Development
- Research Integrity and Ethics

**PLUS**
- Research Thesis

**DURATION**
1 year (2 semesters of study)

**2022 INTAKES**
February, July

**2022 FEES**
A$13,200 to A$17,900 per semester depending on field of research
CAMPUS

VU has campuses in the centre of Melbourne and in its cosmopolitan western suburbs. We also have a campus in central Sydney. All campuses are easily accessible by public transport.

VU CITY TOWER

The VU Tower is being built in the heart of Melbourne’s CBD. It will have state-of-the-art teaching and research spaces that promote both focused and collaborative learning and research. It will include a student services area, library and prayer room as well as a social hub with a student lounge area and a café. This exciting project will be ready in 2022 for students enrolled in Business, Dermal Sciences, Osteopathy, Counselling, Digital Media, Sport Management and Business, Public Health, postgraduate IT, Early Childhood, English language and Foundation courses, and the Diploma of Engineering.
CITY FLINDERS
In Melbourne’s city centre and directly opposite the iconic Flinders Street Station, City Flinders Campus consists of two buildings on Flinders Street and Flinders Lane. It is a short walk from shopping areas, the Yarra River and the world-class Southbank dining precinct. Courses in osteopathy, dermal sciences, business and information systems are taught here. City Flinders is also home to VU College, which delivers higher education diplomas, English language courses and foundation studies.

CITY KING
A short walk from Southern Cross Station, this campus delivers beauty therapy and dermal sciences qualifications. It features a beauty day spa and a massage clinic, in which students can apply their knowledge and skills to treat real clients using medical-grade equipment.

CITY QUEEN
Home to the VU Law School and the College of Law and Justice, City Queen is in the centre of Melbourne’s legal precinct. This campus includes two moot courts, a law library, computer laboratories, lecture theatres and a student lounge. The City Queen campus is a short walk from Flagstaff Railway Station.

FOOTSCRAY NICHOLSON
Footscray Nicholson is the hub of our vocational education and training. The campus features commercial cooking facilities at our award-winning VenU restaurant, contemporary classrooms, a café, childcare centre and information and technology services. It is a short walk from Footscray Railway Station.

FOOTSCRAY PARK
Our largest campus is home to our on-campus accommodation, UniLodge Victoria University. It also has cafés, world-class sports facilities, state-of-the-art lecture theatres and learning commons, a swimming pool and a fitness centre. Located next to landscaped parklands and the Maribyrnong River, this campus offers a variety of courses including business, engineering, sport and exercise science, and education. Footscray is six kilometres from the centre of Melbourne, or a 12-minute train ride.

ST ALBANS
St Albans Campus is the hub for health and nutrition programs. This campus houses hospital and paramedicine simulation laboratories and practical learning facilities for health science students, including trainee nurses and paramedics. Features include a childcare centre, gym and award-winning architecture. The campus is within walking distance to St Albans Railway Station.

SUNSHINE
Sunshine Campus is our primary site for high-quality and innovative vocational education and training. It is home to the Sunshine Skills Hub, which uses robotics, virtual reality and 3D printing as learning tools. The campus includes a health and community services centre of excellence, an innovation and incubation space, and a state-of-the-art training facility for building and construction trade courses. Engineering is also taught here. The campus is a short walk from Sunshine Railway Station.

WERRIBEE
Our Werribee Campus has specialised facilities for teaching and research, including major research centres for water treatment, food science, biomedical science and fire safety. Features include a café and childcare centre, a public osteopathy clinic and a health and fitness centre. It is a short walk from Hoppers Crossing Railway Station.

VU SYDNEY
Our Sydney Campus is in Sydney’s central business district, close to the famous Darling Harbour. In partnership with the Education Centre of Australia, VU delivers higher education diplomas, undergraduate and postgraduate courses in business and information technology to international students in Sydney.

NO SMOKING
All campuses are tobacco and smoke-free.
VU offers many experiences to help you graduate as a well-prepared job seeker. With course content informed by industry practice and a focus on entrepreneurial thinking, our courses are structured to help you make a successful transition to your career. Opportunities to develop your professional skills include industry projects, placements with industry partners, professional mentoring and hands-on learning in high-tech labs and creative studios.

**VU Employ**

VU Employ is a service that provides advice and support along every step of your career journey – from crafting your résumé for casual employment to exploring your graduate career options. VU Employ makes sure you have the skills, experience, confidence and knowledge needed to be job and career ready.

[vu.edu.au/vu-employ](http://vu.edu.au/vu-employ)

**Talent Connect Mentoring**

This program carefully matches you with a mentor to guide you in the transition from university to work. Through a series of online mentoring sessions, you can gain advice and support regarding your employability skills, career direction, networking and applications. You can also attend career readiness masterclasses.

**LEAD Program**

Our LEAD program is a free, interactive and engaging leadership program for VU students. It is designed to help you become a more effective leader, build important workplace skills and enhance your employability. Take part in our series of leadership workshops and activities throughout your studies. Once you have completed the requirements, the LEAD program will be included on your VU transcript.

[vu.edu.au/lead2change](http://vu.edu.au/lead2change)

**Work While You Study**

An Australian student visa (subclass 500) allows you to work in Australia for up to 40 hours every two-week period once your course has started. During semester breaks, you can work unlimited hours. Work that is formally registered as a requirement of your course, such as work placements, is not included in the 40-hour limit.

As a result of the COVID-19 pandemic, the Australian Government’s Department of Home Affairs has lifted the 40 hour per fortnight working cap for student visa holders in specific industries. This means that you can work for more than 40 hours a fortnight if you are:

- employed in the tourism and hospitality sector
- employed in the agriculture sector
- employed by a registered National Disability Insurance Scheme (NDIS) provider
- employed by an aged care Approved Provider or Commonwealth-funded aged care service provider with a RACS ID or a NAPS ID
- enrolled in a health care related course and you are supporting the health effort against COVID-19, as directed by health officials
- employed in a supermarket, or associated distribution facility, located in an area impacted by COVID-19 lockdown restrictions for the duration of the lockdown.

**Work After Graduation**

There are two options available to you if you wish to work in Australia after graduation, under the Temporary Graduate visa (subclass 485) Post-Study Work and Graduate Work.

The Post-Study Work stream is for international students who have recently graduated from an Australian institution, in any discipline. The Graduate Work stream is for international students who have recently graduated with skills and qualifications that are relevant to specific high demand occupations in Australia. Both visas let you live, study and work in Australia temporarily.

STUDENT LIFE

At VU, being a student is about more than just study. We have events, clubs and volunteering opportunities to help make your time at VU unforgettable.

VU is a welcoming and inclusive community. Our students were born in 120 different countries, speak over 170 languages and are part of more than 90 different cultures. Joining one of over 60 student clubs or groups is a great way to become part of the VU community and make friends for life.

The fun starts with orientation and O-Fest. We hold orientation sessions specifically for international students about living in Melbourne and getting the most from your VU experience. At O-Fest, you will meet other students, enjoy performances and games, go on campus tours and learn about more of the social and recreational activities at VU.
STUDENT SERVICES

We want you to achieve your best and to enjoy all the benefits of an international education. To help this happen, we provide a range of support services to help you with your transition to life in Melbourne, your studies and your day-to-day needs.

Airport Pick-Up
When you first arrive in Melbourne, we can welcome you at the airport and take you to your accommodation. This free service is available if you register your request at least 10 days before your arrival. You will be greeted in the arrivals hall at Melbourne Airport.

vu.edu.au/airport-reception

International Support
Adjusting to a new culture and environment is both exciting and challenging. We can help you understand what’s required of you as an international student, and of the opportunities and support available. We can show you how to adjust to a new culture and environment, make new friends and succeed in your studies. This includes pre-departure information, help resolving visa issues, accommodation advice and suggestions on social activities.

vu.edu.au/international-support

VUHQ
VUHQ is the name of our student service centres and your first point of contact for assistance, advice and support. Located at every campus, VUHQ’s friendly student advisers provide personalised advice, and can connect you with the services you need to succeed at VU.

vu.edu.au/vuhq

Learning Hubs
You can get advice and support on your university work and career goals in person at our Learning Hubs, and through our 24/7 online service, Learning Hub Tutoring. We offer daily drop-in sessions and practical workshops dedicated to writing, maths, business, careers, and research support, with further help available via Student Mentor drop-ins and study spaces. Learning Hubs are located at most campuses.

vu.edu.au/learning-hubs

Disability Services
VU provides advice and assistance for students with a health condition or disability that impacts their study. The condition may be permanent, ongoing, or temporary. Students are invited to attend a confidential meeting with an Accessibility Liaison Officer, who will talk to you about support services available.

vu.edu.au/disability

Counselling Services
Adjusting to university life can be difficult. Free and confidential support is available to help you develop practical skills to better manage your time, money and personal matters so you can make the most of your studies and university life. If required, we can also link you to community organisations for assistance with cultural issues, consumer rights, legal issues and women’s support services.

vu.edu.au/welfare

Digital Experience
A leader in educational technology, we offer a seamless digital experience. As well as more than 150 student computer labs across our campuses, our desktop and application virtualisation system means that all on-campus services and applications are accessible on any device with Internet, anywhere in the world. Our on-campus cybersecurity program also helps you to protect yourself from cybercrime, and we use latest Geofencing technology to offer one-touch security and first-aid assistance.

vu.edu.au/IT-services

Download the VU App
The award-winning VU App offers everything you need to navigate your student life, including:

- unit content, assessments, results, exams, timetable and teacher communication
- fees and enrolments
- your Learning Hub account with skill development and career-readiness programs
- interactive campus maps
- your digital ID student card
- IT services and Student Life activities.

vu.edu.au/vu-app
Melbourne is one of the world’s most liveable cities and one of the safest to live, work and study in. Melbourne is in the top 10 of The Economist Intelligence Unit’s Safe City Index. At VU, the safety of our students and staff is paramount. Australia is also ranked the safest country in the world for women, according to the 2019 Global Wealth Migration Review.

Orientation Information
Our Orientation events feature information sessions from Melbourne’s police, fire and ambulance services. International students receive current advice and emergency contact information. You will receive personal safety tips and access to the VU Safe app.

Shuttle Buses
Make use of our free shuttle buses connecting the Footscray and St Albans Campuses to their nearest railway stations.

VU Security
VU Security is responsible for security services across all VU campuses. Our emergency contact centre is staffed 24 hours a day, 7 days a week. You can request a security escort, report an incident or seek emergency assistance on campus.

VU Safe Mobile App
VU Safe is the free, official safety app of VU. It’s packed with all the information, tools and features to keep you safe on campus. It includes an emergency alert that allows VU Security to see your location, as well as safety notifications, a tool to request a security escort and a virtual safe walk function. You can download the app for free for iOS and Android.
STUDENT CLUBS AND VOLUNTEERING

Make friends and learn new skills while you build your résumé. Join one of our clubs, volunteer for student roles or become a student mentor. We have more than 60 clubs to choose from, or you could even start a new club.

Make Friends from Home
The first social gatherings for many new students are with students from their home country. Our student clubs will help you connect with other students and celebrate your culture. They include the African Society, the Chinese Student & Scholar Society, the Greek Society, the Indian Club, the Indonesian Students Association, the VU Lankan Club, the Malaysian Association and VU Pakistan.

VU International Student Association (ISA)
ISA is the main group representing international students at VU and provides guidance and advice when students need it most. It organises events and activities for international students including a snow trip, Iftar dinner and Holi festival.

The association also provides practical advice on academic and career opportunities.

Other Clubs & Societies
Find people who share your interests or learn something new. Our student clubs and societies cover a wide range of interests – from women in science and engineering to screen media, fashion, films, philosophy, politics and religion. We also have clubs for cheerleading, gaming, cricket, soccer, martial arts, swimming, football, badminton, cycling, hockey, snow sports and volleyball. You will meet people, learn new skills and have fun with your peers.

vu.edu.au/clubs

VU Student Union (VUSU)
VUSU is the peak body representing and supporting all students at VU. It organises a range of activities including orientation events, an annual ball, mental health training and a series of festivals. VUSU also organises forums to discuss students’ views and issues.

vustudentunion.com
Volunteer with VU Vollies
The VU Vollies program provides students with volunteering opportunities on campus and in the local community. It’s a great way for you to make new friends, learn new skills, improve your English and make a positive impact. You can help organise and host student festivals, welcome guests, and assist with events in the local area. Our graduates credit the program with improving their communication and leadership skills. The Vollies program will appear on your VU Extra Transcript once you volunteer for more than 30 hours.

vu.edu.au/vu-vollies

Become a Student Mentor
VU offers experienced and successful students the opportunity to become student mentors. You will receive training in the role, develop your leadership and communication skills and help fellow students adjust to university life and meet their academic goals.

vu.edu.au/student-mentors

Become a Student Ambassador
The VU Student Ambassador program provides opportunities for students to develop communication and networking skills through paid activities. If selected for the program, you will attend key events, meet with people from across the University and the community, and speak on behalf of VU.

vu.edu.au/student-ambassadors

VU Extra Transcript
VU Extra Transcript is an official document provided to graduates along with their academic transcript to highlight extracurricular and voluntary activities in approved programs. These activities are automatically added to the document at the end of the course. VU Extra-approved programs include the LEAD Program, International Host Program, VU Vollies Program, as well as many more.

vu.edu.au/academic-records
VU offers safe, modern, friendly and fully furnished on-campus student accommodation. It’s the perfect home away from home.

**UniLodge Victoria University**

VU offers guaranteed accommodation to new and continuing international students, in partnership with UniLodge. This purpose-built, 537-bed student accommodation complex is safe, secure and affordable. It features high-tech study rooms, gourmet kitchens, dining rooms and TV lounges, a barista café, convenience store and rooftop garden, as well as a basketball half-court, BBQ, pool table and table tennis table. There’s also a cinema room with access to Foxtel services, gaming consoles and media players.

UniLodge is next to our Footscray Park Campus. It’s just a short walk from our Footscray Nicholson Campus and the Footscray Railway Station, which is a 12-minute trip to the centre of Melbourne and our City Flinders Campus.

UniLodge features fully-furnished twin-share studio apartments from A$150 per week, as well as two and six-bedroom apartments. There is unlimited WiFi, membership to our Residential Life Program and all utilities are included in the cost. It’s the perfect option for students wanting to make friends in a safe and supportive environment, while enjoying the convenience of being close to our key campuses.

[vu.edu.au/accommodation-guarantee](http://vu.edu.au/accommodation-guarantee)

**Under 18s**

We offer a safe, secure and friendly place to live and study. Our trained staff have police and working with children checks, and offer a special orientation program, single gender apartments, and regular communication with parents or guardians of under 18 students.
Other Accommodation Options

If you prefer to rent privately, options include:

- **Homestays** – live with a local family in their home for a minimum of four weeks. VU’s preferred homestay provider is the Australian Homestay Network.
- **Share houses** – rent a room in a house and share facilities
- **Private rentals** – houses, flats, units and apartments, usually unfurnished
- **Short-stay** – hotels, hostels and private rooms give you somewhere to stay while you look for longer-term options.

homestaynetwork.org/vu
realestate.com.au/share
realestate.com.au/rent

VU Student Housing Service

Once you arrive in Australia, our student housing service can provide:

- access to the VU student housing database – a free online guide with a list of property vacancies
- a student housing guide with tips, checklists and links
- information about moving in, staying, and moving out of your rental property
- rental information in multiple languages
- support with housing issues.

We recommend booking accommodation before you arrive in Australia, at least for the first few weeks. An inspection should be conducted before agreeing to a long-term private rental or share house arrangement.

FEES & LIVING COSTS

Before you start your studies, it’s a great idea to prepare a budget based on your lifestyle and accommodation choices.

TUITION FEES

Your tuition fees will be outlined in your offer letter. Fees are charged one semester at a time and are payable before the semester starts. Tuition fees vary by course and may change.

STUDY COSTS

You might need to buy equipment, textbooks or clothing such as a uniform, for some courses. These costs are separate from your tuition fees. Allow approximately A$650 for books and stationery each year, plus any compulsory equipment or uniforms.

Other possible study costs include:
- travel to work placements
- graduation ceremony costs
- library expenses (printing/scanning/photocopying).

LIVING COSTS

As a condition of your student visa you must have enough money to pay the costs of your stay, including your travel and living expenses.

As of October 2019, the 12-month living costs set by the Australian Government are:
- student or guardian – A$21,041
- accompanying partner or spouse – A$7362
- accompanying child – A$3152.

To help you prepare for life in Melbourne, here is an indication of some of the costs you may incur. This is an approximate guide only and does not take into account your budget and spending habits.

Accommodation
- Hostels and guesthouses – $90 to $150 per week
- Shared rental – $95 to $215 per week
- On-campus at UniLodge Victoria University – $172 to $362 per week
- Homestay – $235 to $325 per week
- Rental – $185 to $440 per week.

Other living expenses
- Groceries and eating out – $140 to $280 per week
- Gas, electricity – $10 to $20 per week
- Phone and Internet – $15 to $30 per week
- Car (after purchase) – $150 to $260 per week
- Entertainment – $80 to $150 per week.

The Insider Guide’s Cost of Living Calculator is another useful way to help estimate your costs in Australia.

HEALTH INSURANCE

You must arrange health insurance for the duration of your stay in Australia as a condition of your student visa. Overseas Student Health Cover (OSHC) provided by Allianz Global Assistance is the preferred provider for VU. Allianz Global Assistance offers competitive rates and broad coverage of medical conditions and treatment.

studyinaustralia.gov.au

vu.edu.au/health-cover
SCHOOLING FOR CHILDREN

If you have children aged between 5 and 18 years accompanying you to Australia, they must attend school, in accordance with the Victorian Government Schools International Student Program. Your children may be exempt from school fees at government schools if you:

• are a postgraduate research student enrolled in a doctoral (PhD) or masters by research course, and you have a subclass 500 visa: or
• receive a fully-funded award or scholarship from the Australian Government.

TRANSPORT COSTS

Our campuses are easily accessible using Melbourne’s public transport network.

As an international student you may be eligible for an iUSEpass, which saves you 50% on an annual travel card, or myki. The annual cost of the iUSEpass is A$877.50 or less than A$17 a week. You can use your iUSEpass for all your travel in Melbourne, even if you’re just going out with friends.

ptv.vic.gov.au/tickets
You need to provide evidence that you have completed an approved English language test, not more than two years prior to commencing your studies at VU. Where you have more than one proof of English proficiency, only the most recent qualification and score will be considered. English language requirements are outlined in the following table:

<table>

| General Certificate of Education (GCE A Levels)                              | • A grade of C in the following:  
• AS Level subjects: General Paper, English Language; or  
• A Level subject: English Language |
| International Baccalaureate                                                | A minimum of 4 in English (Standard Level) or a minimum of 3 in English (Higher Level). |
| Australian University Foundation Program                                    | Completion of a recognised foundation program where English is the medium of instruction and assessment (with a minimum grade of 60% in all English subjects). |
| Australian Qualifications Framework qualification (AQF)                     | Satisfactory completion of one year of full-time study (Certificate IV or higher) completed in the standard duration, excluding approved intermission and having completed these studies no more than two years prior to commencing studies at VU. |
| Secondary schooling or tertiary studies in an English-speaking country (overseas) | Satisfactory completion of two years' senior secondary schooling OR two years' (full-time) academic study in a tertiary institution in an English-speaking country where English was the language of instruction and assessment for the whole institution, and having completed these studies no more than two years prior to commencing studies at VU.  
Where studies were completed more than two but less than five years prior to application, the applicant will be eligible to have their language proficiency accepted without testing if they completed their entire secondary schooling OR two years' (full-time) academic study in a tertiary institution in the English speaking country where English was the language of instruction and assessment for the whole institution. |
| Australian Senior Secondary School Certificate                              | Victorian Certificate of Education (VCE) Units 3 and 4 in English with a study score of 20 or EAL with a study score of 25 (or interstate equivalent) or Victorian Certificate of Applied Learning - senior (VCAL). |

</tbody>
</table>

^Recognition may apply if:
- the qualification was delivered in Australia or in a specified English-speaking country (Canada – excluding Quebec), Fiji, Republic of Ireland, Kenya, New Zealand, Papua New Guinea, Samoa, Singapore, Solomon Islands, South Africa, United Kingdom, United States of America (excluding Puerto Rico) and Zambia);
- the AQF qualification is delivered at a registered training organisation and listed on aqf.edu.au and training.gov.au;
- the course applied for does not have a higher English language proficiency requirement than the requirements outlined;
- the qualification was completed in the minimum duration. Time limitations apply to these qualifications.

Applications that do not meet the above requirements may be considered on a case-by-case basis, providing:
- the most recent studies were of at least two years in duration;
- were conducted solely in English (language of instruction and assessment); and
- were completed no more than two years prior to commencement of studies at Victoria University.

Each application will be assessed on a case-by-case basis and Victoria University reserves the right to request further evidence. Time limits may apply to English language requirements.

Additional requirements
In some cases you may be required to provide additional information to be eligible for entry into a specific course. Check the entry requirements for specific courses in this guide and ensure you submit this with your application.
## ENTRANCE REQUIREMENTS

For entry into our foundation, diploma, undergraduate and postgraduate courses

Meeting the minimum admission requirements means you are eligible to apply for our courses but does not guarantee you entry into the course. Some courses receive more applications than the number of places available and may require additional selection criteria such as minimum age, prerequisites, personal statement, interview, audition, etc which are considered together with your academic qualifications.

Check the minimum academic requirements for entry into our foundation, diploma, bachelor (undergraduate) and postgraduate (coursework and research) courses according to the qualifications in your country. If your qualification is not listed and you would like to know if you meet the minimum entry requirements, you can submit an online enquiry by visiting [eaams.vu.edu.au/enquiry](http://eaams.vu.edu.au/enquiry)

**1** Marks are calculated as a total of 3 Advanced Level subjects in the same academic year, where the mark of A*/A=5, B=4, C=3, D=2 and E=1. Any prerequisite subjects require a C or above. The qualification must be awarded by an approved examining board.

**2** Successful completion of the National Examination is required.

**3** The province the examination was completed in and the stream of subjects undertaken are relevant to the score required.

**4** Where 60 is the passing mark.

**5** Average of a minimum of 4 core academic subjects (excluding local language).

**6** Average of a minimum of 4 core academic subjects (excluding local language). Qualifications are assessed on an individual basis.

**7** Academic requirements may vary depending on the institution at which the qualification was obtained.

**8** Successful completion of the National Examination is also required. Overall average of academic subjects and examinations as shown on the final transcript.

**9** Grade calculation is based on a total of 3 Subject Grade Points (SGP) of the academic subjects only where A=4, A-=3.67, B+=3.33, B=3, B-=2.67, C+=2.33, C=2, C-=1.67, D+=1.33, D=1 and F=0.

**10** Calculation of grade is based on an average of the best five subjects (maximum of two languages can be included) where A1 = 1, A2 = 2, B3 = 3, B4 = 4, B5 = 5, B6 = 6, C7 = 7, C8 = 8 and F = 0.

**11** Marks are calculated as a total of 3 Advanced Level subjects where A*/A=5, B=4, C=3, D=2 and E=1 in the same academic year. Any prerequisite subjects require a C or above.

**12** Average is calculated on a 1-5 scale with 1 being the highest grade. On a 1-4 scale, 4 is the highest grade.

**13** Marks are calculated from 3 H2 level subjects where A=5, B=4, C=3, D=2 and E=1. H1 subject marks are calculated as half points where A=2.5, B=2, C=1.5, D=1 and E=0.5. Any prerequisite subjects require a C or above.

**14** Total score of a maximum of the best 3 A Level subjects taken in one examination sitting, where A=5, B=4, C=3 and S=1. Any prerequisite subjects require a C or above.

Qualification standards displayed are indicative only and achieving one of these levels does not guarantee a place in a VU course. VU reserves the right to adjust these at any time. Where the highest qualification referred to is a bachelor or master’s degree, meeting the entrance requirement does not waive the requirement for the entry degree to be assessed as comparable to an Australian bachelor degree or higher. Some courses, such as Bachelor of Laws and Master’s (by Research), require academic results that are higher than results stated. Please refer to [vu.edu.au/study-at-vu/how-to-apply/international-applicants/entry-requirements](http://vu.edu.au/study-at-vu/how-to-apply/international-applicants/entry-requirements)

**NOTE:** Information and fees listed above are for international students commencing a course in 2022. Fees are subject to approval and may change. For some courses, equipment and clothing is required at an additional cost to the course fees listed in this guide, and we recommend you check the website. **Intakes are February/March (1), July/August (2) and October/November (3). **IELTS requirement is based on academic test module (overall score, no band less than). *All research fees are indicative and depend on field of research studied. †Entry requires HBSO as a prerequisite. ††High-achieving students in NBIT will be eligible to transfer into NBIP to take part in a 12-month paid IT internship. Visit vu.edu.au/bachelor-of-it-professional-placement-scholarship-application for more information. Entry requirements, fees, and CRICOS information in this guide are for courses at VU campuses in Melbourne only.

**NOTE:** Information and fees listed above are for international students commencing a course in 2022. Fees are subject to approval and may change. For some courses, equipment and clothing is required at an additional cost to the course fees listed in this guide, and we recommend you check the website. **^^Intakes are February/March (1), July/August (2) and October/November (3). **^^^IELTS requirement is based on academic test module (overall score, no band less than). *All research fees are indicative and depend on field of research studied. †Entry requires HBSO as a prerequisite. ††Entry requires CHC30113 as a prerequisite. †‡High-achieving students in NBIT will be eligible to transfer into NBIP to take part in a 12-month paid IT internship. Visit vu.edu.au/bachelor-of-it-professional-placement-scholarship-application for more information. Entry requirements, fees, and CRICOS information in this guide are for courses at VU campuses in Melbourne only.
HOW TO APPLY

1. Choose Your Course
More information about all our international courses is available at vu.edu.au. It includes information specifically for international students. Check the entrance requirements and the course details.

vu.edu.au/courses/international

2. Collect Supporting Documents
Gather the documents required to support your application. Providing the correct documents when you apply will ensure your application is processed promptly.

This may include:
• signed International Declaration Form
• a certified copy of the identity pages in your passport
• evidence of English language proficiency
• certified copies of your academic transcripts and graduation certificates
• VU Background Information Checklist and Financial Declaration
• Advanced Standing or Recognition of Prior Learning forms

3. Apply Online
Go to eaams.vu.edu.au to apply and attach the supporting documents.

The online system also allows you to:
• check your application status
• respond to University comments and requests
• accept your offer.

Make sure the information you enter and your signature match your passport.

4. Accept Your Offer
Log into your VU account to check your application status. If you have a conditional offer it means you need to provide more information. Once you receive a full offer you need to:
• sign your International Student Written Agreement
• pay your tuition fee.

Make sure your full name and signature match your passport. Once we have processed your acceptance, we will send you a Confirmation of Enrolment (CoE) that you need to apply for a student visa.

5. Arrange a Student Visa
Australia’s Department of Home Affairs issues student visas. Student visa processing times can vary, so you should accept your offer as early as possible to have as much time as possible to apply for your visa. If you wish to commence your studies by Online Real-Time (ORT) learning before you are able to arrive in Australia and wish to count this time towards a post-study work visa, you must have a student visa even if you are studying outside of Australia.

For more information, go to homeaffairs.gov.au/visas.

6. Enrol Online
You can enrol online before your arrive in Australia if you are studying a higher education diploma, bachelor or postgraduate (coursework) program. You can also arrange your timetable, check results, access emails and view tuition fees online. If you are studying a foundation, English language, TAFE or research program, you will enrol in person.

EDUCATION AGENTS

You may wish to apply through a VU-approved education agent. Some agents may charge a fee their services, so ask what the costs are before making an appointment. VU may require you to apply through an agent. If we require this, we will ask you to appoint an agent if you apply directly to us. To find a VU-registered agent near you, visit eaams.vu.edu.au/BrowseAgents.aspx
