Welcome

FROM THE VICE-CHANCELLOR

Among New Zealand universities, Massey is unique. Throughout its 92-year history Massey has played a defining role in the development of New Zealand through its ground-breaking research, contribution to land-based industries, distinctive mix of internal, distance and international teaching, commitment to innovation and close links with the community. Massey staff and students have led the way in business innovation, creative arts, food, animal and general sciences, health, humanities and social sciences, many of these delivered through New Zealand’s largest and most successful distance learning service.

Massey is recognised as a leading teaching university and is host to the National Centre for Tertiary Teaching Excellence. It is also a research leader and has numerous collaborations with other researchers at institutions in New Zealand and around the world.

We are proud of our commitment to Māori and Pacific students. Our international focus has seen Massey establish a strong presence in Asia. By joining Massey you are making a decision to carry on a tradition that has shaped New Zealand and made significant contributions around the world. It is that history which makes Massey students so in-demand. Employers like the mix of values, practical competencies and relevant knowledge that a Massey graduate represents.

Wherever you choose to study you will be able to access a comprehensive range of undergraduate and postgraduate programmes covering everything from education to humanities and social sciences, to sciences, engineering and health, to arts and business. This prospectus showcases all of our undergraduate offerings, available for school leavers and others seeking to enrol. You will learn about our three campuses at Auckland, Manawatū and Wellington and the flexibility of distance learning.

There is a helpful list of recommended and required subjects and preparation study options as well as information on services available to help all new students adjust to university life. There is advice about admission, budgeting and the terminology used at Massey. There is a section presenting more detail around our certificates and diplomas and an easy to see visual guide to Massey’s accreditations for each qualification.

Whatever you choose to do, Massey is committed to ensuring you are prepared to take on whatever challenges you may encounter in the future.

Professor Jan Thomas
@ProfJanThomas

He mihi

FROM THE DEPUTY VICE-CHANCELLOR MĀORI

E te huinga tauira e tau nei, nau mai, haere mai.

Haere mai rā ki Te Kunenga ki Pōrehuroa. Tomokia te whare ako, te whare o te mātauranga, kia tikina mai ai ngā kete o te wānanga. Mā tōnei ara, e tutuki ai ngā wawata me ngā tūmanako e ngākaunuitia ana mō te rangi āpōpō. Haere mai ki ōna whenua kura, ko Turitea ki Manawatū, ko Ōtehā ki Ōkahukura, ko Pukeahu ki Te Ūpoko o Te Ika. Ko Te Pōrehuroa e whakahuatia nei, he rarangi whetū ki te rangi, he hinātore ki te māramatanga. Inā hoki, ahakoa he tīmatanga, kāhore he mutunga o tōnei mahi te whai i te mātauranga. Nō reira, nau mai, kia mārama ai ngā pūmanawa, kia pakari ai ngā pōkenga. Ka ea te kōrero, mā tīnī, mā mano ka rapa te whai, ka hua ai te wānanga.

Koia tōnei ko te reo maioha o Te Kunenga Pōrehuroa, e tukuna atu ana ngā mihi manahau ki a koutou katoa. E rarau ki te tapuwae mō i ōnā, ko Tāne-i-te-Wānanga, ko Tāne-nui-ā-Rangi. Kia 0 ki te ara, kia mau ki te mātauranga, kia manawatui ki te āko, nei oranga mātauranga mō, mō tātou katoa. Kia toi te mana, kia tau te mauri, kia tupu te māramatanga ki a tātou katoa.

The name Te Kunenga ki Pōrehuroa is a symbolic reference to the knowledge journey that you have now embarked upon. Te Pōrehuroa represents the infinite constellations of stars that radiate the skies above us, illuminating a pathway towards a future that you will cultivate and forge during your time here at Massey University. The acquisition of knowledge brings with it a lifelong commitment to learning and is a journey without end – from inception to infinity. We encourage you to draw inspiration from the many kōrero, or ancient narratives, that make Massey University so distinctive. In the spirit of the great knowledge seeker Tāne, we hope that your time here is fulfilling, that you prepare yourself well for the challenges ahead of you and that you may aspire to attain ultimate success.

Nāku noa, nā

Professor Meihana Durie
Rangītāne, Ngāti Kauwhata, Ngāti Raukawa Te Au ki Te Tonga,
Ngāti Porou, Rongo Whakaata, Ngāti Tahu
Massey is New Zealand’s university of choice for almost 30,000 students every year from more than 100 countries. We are committed to helping you achieve your personal aspirations and full potential.

ACHIEVE YOUR GOALS AT MASSEY
We’re here to help you reach your educational goals and your career dreams. We want you to succeed. We have award-winning teachers, well-connected lecturers and world-renowned researchers. Add to this our committed support staff and you have the best learning environment to help you move towards your future.

STUDY WITH FLEXIBILITY
We’re New Zealand’s only truly national university. You can study on-campus at Auckland, Manawatū or Wellington, via distance learning, or a combination of both. You can also change where and how you study if your circumstances change. With the largest number of qualifications on offer, the choice of where and how you study is completely up to you.

EARN AN INTERNATIONALLY RECOGNISED QUALIFICATION
Massey’s researchers are respected internationally, and many of our qualifications have international accreditation. Some of these include:
> A 5-star plus rating overall from the QS world university ranking agency
> In the top 300 universities worldwide
> Accrediting Council on Education in Journalism and Mass Communications (ACEJMC)
> Association to Advance Collegiate Schools of Business (AACSB)
> Association of MBAs
> Chartered Financial Analyst Institute (CFA) Program Partner
> Association of Asia-Pacific Business Schools
> American Veterinary Medical Association
> Institute of Food Technologists
> The Washington Accord through Engineering New Zealand
> International Association of Schools of Social Work
> Asian and Pacific Association for Social Work Education
> Australian Institute of Medical Scientists
> Royal Institution of Chartered Surveyors
> Pacific Association of Quantity Surveyors
You can be confident your learning will be up to the latest international standards and your qualification will be well received wherever your journey takes you after you graduate.

MASSEY’S GRADUATES
Our graduates are knowledgeable, creative, visionary, innovative and recognised for their practical nature and ability to get stuck in from the get-go. It’s this reputation and hands-on attitude that sets Massey graduates apart. You’ll become part of a proud tradition when you graduate from Massey, you can bank on it.

GET THE CAREER YOU WANT
Our qualifications are respected in New Zealand and around the world. You’ll be taught by teachers, lecturers, and researchers with strong links within their industries and professional organisations. This means you’ll graduate with a highly relevant qualification sought after by leading employers.

Find your Potential
Rapua te mea nga ro
JUST FOLLOW THESE STEPS TO CHOOSE AND ENROL FOR YOUR COURSE OF STUDY

1. WHAT ARE YOU INTERESTED IN?
   You can find more detailed information about our core degrees starting from page 16. You can also go to massey.ac.nz and complete this process online.

2. NEED MORE INFORMATION?
   Once you know what you want to study, use the resources listed on page 52 to find or request more information.

3. WHERE CAN I STUDY?
   You can study at one of our campuses in Auckland, Manawatū or Wellington, and/or via distance learning. It really is up to you. To view our campus videos go to the campuses page at massey.ac.nz

4. CHECK OUT ENROLMENT DATES AND SELECTION CRITERIA
   You can apply for 2022 and 2023 now. You’ll need to be aware some degrees have special selection criteria and early application dates.

5. NEED ACCOMMODATION?
   Applications open on 1 August and you need to apply before 1 October to be in the first round of offers. Make sure you apply online at massey.ac.nz/accommodation

6. FOR FINANCIAL ASSISTANCE CHECK OUT OUR SCHOLARSHIPS
   There are more than 350 individual scholarships to choose from every year. Check out massey.ac.nz/scholarships/

7. ENROL
   Once you know what, how and where you want to study, it’s time to enrol for your future! You can enrol online at massey.ac.nz/apply/

IMPORTANT NOTE: There are a few degrees that require you to go through a selection process before you can enrol. These include: Diplomas in Fashion Design and Technology, Photography, and Bachelor degrees in Aviation, Commercial Music, Design, Fine Arts, Māori Visual Arts, Nursing, Social Work, Speech and Language Therapy, and Graduate Diplomas in Design, Fine Arts, and Teaching.

There are several easy options to contact us if you need help:
Call: 0800 627 739
Email: contact@massey.ac.nz
Text: 5222
Web: massey.ac.nz
Or visit us on-campus in Auckland, Manawatū or Wellington.

Your road to success at Massey

KEY DATES

22 Feb  Semester One and Double Semester begin
20 May  Virtual Undergraduate Information Evening
03 June  Virtual Postgraduate Information Evening
12 Jul  Semester Two begins
30-31 Jul  Virtual Open Days (online)
01 Aug  Accommodation applications open
04 Aug  Manawatū campus Taster Day
20 Aug  Wellington campus Taster Day
21 Aug  Auckland campus Taster Day
01 Oct  All accommodation applications due
05-07 Oct  Auckland and Palmerston North Enrolment Drop Ins
02-05 Nov  National Virtual Zoom Enrolment Sessions (Secondary Schools)
15 Nov  Summer School begins

2022
08-11 Feb  Summer School exams
11 Feb  Summer School ends
28 Feb  Semester One and Double Semester begin
8-22 Apr  Mid-Semester One break (study and field trips)
Easter is 15-18 April
03 June  Final day of Semester One lectures
07-10 Jun  Study break
13-24 Jun  Semester One examinations
27 Jun – 15 Jul  Mid-year break
18 Jul  Semester Two begins
29 Aug – 09 Sept  Mid-Semester Two break (study and field trips)
25-28 Oct  Study break
31 Oct – 16 Nov  Examinations for Semester Two and Double Semester
16 Nov  End of Semester Two/Double Semester
21 Nov  Summer School begins

Dates are indicative only and may be subject to change. Check massey.ac.nz closer to the time for up to date information.
We have 35 bachelor’s degrees to choose from. A degree is made up of individual courses, each of which has a credit value. To complete a three-year degree like the Bachelor of Business, you’ll need to pass courses to the value of 360 credits. This usually means studying eight 15-credit courses per year – four in each semester. A four-year degree like the Bachelor of Design with Honours is made up of 480 credits, and the five-year Bachelor of Veterinary Science requires 600 credits. You can view the structure of our degrees online at: massey.ac.nz/courses

DIPLomas AND CERTIFICATES
If you don’t want to study for a three-year degree, you can choose from a range of other qualifications with our diplomas and certificates. They might take six months or a year of full-time study, or longer if you’re studying part-time. See page 33 for a list of diplomas and certificates.

MAJORS, DOUBLE MAjORS AND MINORS
When planning your course of study, most degrees allow you to choose a major (your speciality) and/or a minor in particular subject areas. Some degrees allow you to graduate with a double major by completing the requirements for two subject areas within one degree.

CONJOINT DEGREE PROGRAMMES
We offer three conjoint degree programmes, which allow you to graduate with two degrees at the end of four years of full-time study. These programmes are:
> Bachelor of Arts / Bachelor of Business
> Bachelor of Arts / Bachelor of Science
> Bachelor of Business / Bachelor of Science

If you’re applying straight from school, you’ll need a high level of achievement in NCEA Level 3 (or equivalent) to gain admission. Alternatively, you may be admitted if you achieve good grades in your first year in a single degree course (ie Bachelor of Arts, Bachelor of Business or Bachelor of Science).
You should seek specific planning advice from our experts for your first year if you’re considering enrolment in a conjoint degree in your second year at Massey. See page 32 for more information about Massey’s conjoint degree programmes.
A HELPING HAND WHILE YOU STUDY
With more than $7 million worth of scholarships available every year, there’s a good chance there’s one with your name on it. Scholarships are available at all levels of study and for a wide variety of disciplines. Many scholarships are awarded for academic achievement, while others recognise excellence in areas such as leadership, community involvement, creativity, and sports. We also have scholarships recognising excellence amongst Māori and Pacific students, scholarships for our international students, and scholarships to assist with the cost of accommodation on each campus. There are numerous other scholarships, bursaries, and awards listed on our website which are offered by external organisations and available to Massey students. To find out more, check out our website at massey.ac.nz/scholarships or give us a call on: 0800 627 739.
Preparation study options

PRE-DEGREE OPTIONS

UNIVERSITY PREPARATION
Massey offers a range of programmes and short courses to help you develop your academic and English language skills, and learn strategies for successful study at university. Pathway programmes enable you to not only prepare for study but also meet the entry requirements for your undergraduate degree.
For details on the Certificate in Foundation Studies (Full Foundation) and the Certificate of University Preparation (Fast-track Foundation, see page 34.
For further information or to apply, please visit massey.ac.nz/uniprep or contact us via email uniprep@massey.ac.nz

UNDERGRADUATE OPTIONS

SUMMER SCHOOL
Some students find it beneficial to learn a bit more about a particular subject before they start a formal programme of study and enrol in preparatory courses in order to gain the necessary pre-requisite requirements for some subjects, while others want to fast-track their qualification. Summer School makes this possible with courses covering a wide range of subjects. Summer School runs from mid-November to mid-February. Jump online at massey.ac.nz/courses to find out more about Summer School at Massey.

SCIENCE SUMMER SCHOOL
This programme is for students who don't have the subjects required in the sciences and mathematics at NCEA Level 3, but who need them to gain admission to their preferred choice of study. We offer a selection of introductory Summer School courses in biology, chemistry, physics and mathematics with calculus and in statistics. Successful completion of these enables students to meet entry criteria. Available at Auckland and by distance. Full details are available at massey.ac.nz/summerschool
YOUR GUIDE TO AUCKLAND / ŌTEHĀ CAMPUS

CAMPUS TASTER DAY
SATURDAY 21 AUGUST 2021

In the heart of one of New Zealand’s fastest-growing regions, Massey’s Auckland campus is situated in Albany. It is the home of New Zealand’s first university trading room. This state-of-the-art facility provides would-be fund managers with a truly innovative learning environment and ensures they will be job-ready upon graduation.
The campus is located a short drive from the heart of New Zealand’s largest and most vibrant city, and is surrounded by a thriving business and retail community, which provides many opportunities for students seeking part-time employment.

The campus offers a trading room creating an applied experience for finance students, and much more. There is an excellent bus service, awesome facilities including a recreation centre, science labs, modern library, funky cafés and Student Central, where students hang out.

The award winning 292-bed student accommodation (Te Ōhanga Village) is located on the campus so that students only have a very short walk to the library, lecture theatres and the dining hall.

The campus is surrounded by a wide range of amenities including numerous cafés, shopping centres, a cinema complex, libraries, extensive leisure and sport facilities including the QBE Sports Stadium.

 YOUR GUIDE TO MANAWATŪ / TURITEA CAMPUS
CAMPUS TASTER DAY
WEDNESDAY 4 AUGUST 2021
Massey Manawatū is where it all began.
Today the heritage campus is home to a thriving student community learning from some of the best academics around and enjoying everything that student-friendly ‘Palmy’ has to offer.
Manawatū Turitea Campus

Our picturesque Manawatū campus is home to New Zealand’s only internationally-accredited veterinary science teaching and research programme, and university-based aviation school, and is New Zealand’s number one university for agriculture. Great sports facilities, including an award-winning gym and recreation centre, an equestrian centre, the Massey Sport and Rugby Institute with multiple grass sport fields and an all-weather Olympic-standard athletics track.

Our Manawatū campus boasts:

- Qualmark accredited on-campus accommodation
- Wealth of clubs and activities
- Free bus service to and from campus and around the city
- The campus champions industrial innovation within food science and technology, biotechnology, advanced material sciences and product development, it is also home to exciting options in humanities, business and health
- The heart of Palmerston North’s (and New Zealand’s) prestigious new Food HQ – New Zealand’s international centre for collaborative food research is based here in Palmerston North
- World-class education at a price you can afford

Palmerston North is New Zealand’s student city, with nearly half the population under 25 and some of the most competitively priced accommodation in the country.
YOUR GUIDE TO WELLINGTON / PUKEAHU CAMPUS
CAMPUS TASTER DAY
FRIDAY 20 AUGUST 2021

A friendly and creative campus within short walking distance of the central city with its vibrant arts scene. Student life revolves around campus clubs, the marae and Tussock café, alongside the many music and comedy festivals and art, film and theatre shows that are hosted in Wellington, the coolest little capital city, throughout the year.
Wellington’s Pukeahu campus is centrally located, offering excellent access to the many attractions in the capital as well as to modern student accommodation. Our world-class College of Creative Arts sits in the heart of the campus, offering programmes in design, fine arts, commercial music, and creative media production. The College has provided excellence in creative arts education since 1886. The Wellington School of Design is currently ranked No 2 in Asia Pacific for Design Concept, and the College ranks in the QS top 100 globally for art and design. Its faculty includes globally connected academics and practitioners who, along with industry standard facilities, offer a stimulating and highly innovative learning environment. Similarly, the College of Health offers world-class programmes in health science and nursing; the latter of which is ranked in the top 150 in the world according to QS 2021 rankings. The Wellington campus is home to the School of Health Sciences and its internationally acclaimed Centre for Public Health Research and the Sleep/Wake Research Centre, as well as the Joint Centre for Disaster Research at the School of Psychology, and the Centre for Defence and Security Studies.

massey.ac.nz/wellington
Massey has led distance learning in New Zealand for more than half a century. We make sure you've got the right experience, services and delivery modes to ensure you are equipped for distance learning.
STUDY WHAT YOU WANT, WHERE YOU WANT
Our lecturers are specialists in interacting with students studying by distance. We have unrivalled support services including self-help tools, online-learning support, an assignment pre-reading service and a specialised library service. We help students get together on-campus, around the country (and the world) and online. It’s part of what makes us New Zealand’s number one provider of distance learning — being responsive to students’ needs — so no one has to study in isolation. There’s no difference in teaching standards when you study by distance learning. The lecturers who teach from a distance also teach on-campus.

massey.ac.nz/distance

UNDERGRADUATE OPTIONS:
> Extensive subject offerings with more than 1500 courses to choose from
Accountancy has evolved beyond mere number crunching and tax returns to now be the ‘bottom-line’ language of business. Accountants are increasingly adopting a business perspective, providing their services everywhere from small-to-medium businesses to multinational corporations.

The Bachelor of Accountancy degree will provide you with a fundamental understanding of business activities by focusing on the processes of identifying and communicating financial and non-financial information. You’ll develop inter-personal, critical thinking and business communication skills. Massey is world-ranked in accounting and finance.

**CAREER OPPORTUNITIES**

New Zealand’s agribusiness sector is flourishing and there’s a demand for graduates in: rural banking, farm consultancy, farm management, international marketing, economics, rural valuation, policy and business.

massey.ac.nz/bacc
BACHELOR OF AGRICULTURAL SCIENCE

Most courses available via Distance Learning, but not necessarily every year

DURATION 3 YEARS FULL-TIME STUDY

Our world-class agricultural science programme focuses on the overlapping areas of agriculture, management and technology, enabling you to come up with innovative solutions to the challenges our primary industries face today. You will gain an understanding of agricultural systems within the wider context of the economy and society. You will learn about soils, plants and animals, economics and agricultural systems and management. Your studies will also give you an insight into the environmental issues in agriculture and how they can be managed. We are New Zealand’s number one university in agriculture (QS ranking).

CAREER OPPORTUNITIES

As an agricultural science graduate you could find employment in: agricultural and horticultural production and consultancy; fertiliser, feed, seed and stock companies; pest monitoring services; rural banking and farm management; biosecurity; plant and animal breeding; education; or research.

massey.ac.nz/bagrisci

BACHELOR OF ANIMAL SCIENCE

Animal Genetics and Breeding
Animal Nutrition and Growth
Animal Welfare
Equine Science

DURATION 3 YEARS FULL-TIME STUDY

If you’re interested in animals and science this is the degree for you. Our animal, veterinary and agricultural science lecturers are among the best in the world and they will teach you about the latest developments in animal science. You will learn about genetics and breeding, nutrition and growth and animal welfare. This degree also offers an equine major. Our rigorous programme is supported by industry and provides you with the valuable skills employers are looking for. We lead animal science in New Zealand and internationally.

This is the only Animal Science degree programme in New Zealand. It has a distinct New Zealand flavour and complements established international programmes. Massey University has several internationally-recognised animal-based research centres, including: Al Rae Genetics Centre, Monogastric Research Centre, Centre for Feline Nutrition, Equine Parentage, Equine Research Centre, Animal Welfare Science and Bioethics Centre and International Sheep Research Centre.

The animal industries, relevant government departments and iwi-owned agribusinesses recognise the importance of animal science in what they do.

CAREER OPPORTUNITIES

The Bachelor of Animal Science will provide you with the broad base of knowledge, attributes and expertise you require for a career in animal-related industries. There are opportunities with animal genetics companies, animal breeding programmes, animal feed companies, government agencies and in the increasingly important field of animal welfare. The equine industries, including sport and racing sectors, continue to offer roles requiring expert knowledge and understanding.

Some courses

Partially available: these majors can be completed on-campus but the core courses for the Bachelor of Arts are not all available on-campus.

DURATION 3 YEARS FULL-TIME STUDY, OR THE EQUIVALENT IN PART-TIME STUDY

Our BA will help ignite your intellectual passion. Our rigorous programme offers a wide range of subjects that will fire your imagination, enable you to think critically and help you to apply what you learn in the real world. We will challenge your thinking and enable you to be more imaginative, more innovative and more adaptable. You will learn valuable skills that allow you to connect with your work, your community and your world.

WHAT ARE THE ARTS?
The Arts – which include the Humanities and Social Sciences – are the study of people: how we think about, interact with and make sense of the local, national and global communities we live in. We ask the big questions: What does it mean to be human? What makes us think and act the way we do? How are different communities organised and governed? How do we make sense of the world we live in?

In the 21st century that world is rapidly changing. Studying with us allows you to develop critical thinking, analytical, communication and creative skills. It also gives you the ability to evaluate evidence, develop persuasive arguments and make informed choices – that means you can move into the future with confidence.

CAREER OPPORTUNITIES

The BA gives you the broad base of knowledge, attributes and expertise you require for the careers of the future. You will need excellent interpersonal abilities and the capacity to meet new challenges and master new information quickly and efficiently. At the heart of the BA are skills in critical thinking, written and oral communication and research. We’ve designed them into the BA because the employers we talk to tell us these are precisely the skills they are looking for in the workforce of the future.

Our BA graduates work everywhere – in New Zealand and overseas. They work in the corporate, not-for-profit and local and central government sectors. They are wine-makers, broadcasters, sports people, artists, analysts, educators, international aid workers, diplomats and more.

massey.ac.nz/studyarts
Aviation drives the global economy and now is a good time to be undertaking a professional aviation degree. In response to the Covid-19 pandemic global aviation organisations are actively engaged in developing strategies to not only reduce the virus risk to passengers but to convince governments of the need to phase in measures for a safe return to domestic and international air travel. The aviation industry will need more employees with the skills and critical thinking necessary to make significant contributions to the industry as it rebuilds. Massey's BAv - and its connections with the aviation sector - will help to prepare you to do so. This degree prepares you to be ‘flight deck manager’ combining a university education with an in-depth understanding of the industry.

**WE LEAD THE FIELD IN FLIGHT TRAINING IN NEW ZEALAND**

- Purpose-built state-of-the-art aviation campus.
- One of only four approved Air New Zealand 'Preferred Flight Training Organisations'
- Only professional aviation degree in NZ, integrating Professional Pilot licensing requirements of NZ CAA. Graduate with CPL and MEIR.
- Unique Equivalence Approval from the New Zealand Civil Aviation Authority
- Awarded both the Director of Civil Aviation Award ‘Organisation’ and ‘Flight Instructor’ (2017)
- The fleet includes state-of-the-art Diamond DA 40 single-engine and DA 42 twin-engine aircraft fitted with Garmin 1000 cockpit displays
- Plus a Robin R2160 – a fully aerobatic rated aircraft used for ‘Upset Prevention and Recovery Training’ purposes.
- Training devices include; Diamond Desk-Top Part-Trainers, Diamond Mentors, and simulators including the latest new generation DA 42 L380 Simulator, and a Frasca Tru-flite simulator
- Scenario-based flight training builds the ‘soft skills’ required by professional aviators
- Assistant Instructor Scheme. BAv – FIC Graduates. Employment – two-year fixed term. Upgrade to B Cat Multi-engine IFR (Return of Service and KPIs apply)
- RPAS Short courses for both professional development and school students
- RPAS team awarded the RAE’s ‘E.A. Gibson’ Award (2017) for contribution to flight safety in the agricultural sector

**CAREER OPPORTUNITIES**

The long-term demand for pilots remains robust. Massey’s BAv graduates continue to add value to the world’s major airline carriers as they work in a dynamic and multicultural industry.

massey.ac.nz/bav
The Bachelor of Business (BBus) combines theoretical and practical elements to give our graduates a distinctive and applied learning experience. Our graduates emerge career-ready and in demand by industry. You’ll receive a broad business education and get to choose from one of the largest range of specialist majors available in New Zealand, which you can pair with a minor (or possibly two minors) from other subject areas across the University, including arts and sciences. Our BBus will put you on the path to a promising career by teaching you to think clearly, critically, and analytically, along with the ability to conceptualise ideas and relate them to real life business situations. You’ll develop transferable skills to add value and make a positive contribution to any business or organisation.

**CAREER OPPORTUNITIES**

More than any other business degree, the BBus equips you with the flexible and highly portable skills today’s employers are looking for. Within just six months of graduation, up to 85 per cent of BBus graduates are employed in the career of their choice in New Zealand or overseas. Some more specific career opportunities include: chartered accountant, business and systems analyst, communications manager, economist, financial analyst, human resources manager, marketing executive, small business manager, property valuer or developer, project manager and policy analyst.

**BACHELOR OF BUSINESS**

- Accountancy
- Economics
- Finance
- Financial Planning and Advice
- Human Resource Management and Employment Relations
- International Business
- Management
- Marketing
- Organisational Technology Management
- Property
- Strategic Communication

**DURATION**

**3 YEARS FULL-TIME STUDY, OR THE EQUIVALENT IN PART-TIME STUDY**

massey.ac.nz/bbus

---

The Bachelor of Commercial Music degree is the most progressive music programme in New Zealand and is offered by Te Rewa O Puanga the School of Music and Creative Media Production. It is the only degree in New Zealand designed specifically to address the creation, production, promotion and distribution of tomorrow’s music. Future-focused and cross-genre, the programme emphasises new technology, is industry engaged and taught by some of the country’s best practicing musicians, industry professionals and academics. The programme operates out of a state-of-the-art multi-million dollar facility designed by leading UK studio designer Andy Munro. Unique in Australasia, it includes recording, rehearsal and live performance studios, production and post-production facilities, a dubbing theatre, music and creative technology labs, and a motion performance capture studio.

The degree offers a choice of three majors:

- **Music Technology** covers software and hardware development, electronics, live and studio engineering and concepts for developing new musical interfaces. You will design and build your own instruments and applications. You’ll learn how to operate large industry-standard consoles, as well as the latest digital recording and editing technologies.

- **Music Industry** covers artist development and management, label and distribution, music publishing, promotion, copyright, management, one-off and large-scale live events, and industry trends. You’ll manage live music for concerts, tours and festivals.

- **Music Practice** focuses on musicianship and cross-genre performance using your instrument or musical interface of choice, along with computer-based production and composition techniques. All content is firmly based in popular music, covering a wide range of genres and approaches to learning with a focus on original music. Students from all three majors collaborate across their core courses, enabling you to produce, promote and perform a gig, a music video, and a short tour. Other shared core studios look critically at aspects of the contemporary music industry, such as web development, social media, philosophy and musicology. You can also choose elective courses. You may continue your study with an optional fourth Honours year, which involves taught courses and a significant independent project that combines creativity with scholarly research and is a springboard to further postgraduate-level study.

**CAREER OPPORTUNITIES**

Music software developer, music hardware development, digital music distribution, creative technologist, professional musician, producer, promoter, label representative, music marketing, artist manager, songwriter, sound engineer, publisher, booking agent, composer for film/TV/games.

massey.ac.nz/music
BACHELOR OF COMMUNICATION

Communication Management (Major and Minor)
Digital Marketing (Major and Minor)
Expressive Arts (Major and Minor)
International Languages (Minors in Chinese, French, Japanese and Spanish)
Journalism (Major and Minor)
Linguistics (Major and Minor)
Media Studies (Major and Minor)
Public Relations (Major and Minor)

DURATION 3 YEARS FULL-TIME STUDY, OR THE EQUIVALENT IN PART-TIME STUDY

Our students tell us the two main reasons they enrol in the BC are (a) because they love the subject matter and (b) they know there are great job prospects. In our survey of BC graduates 2006-2017, they told us they have more than 280 different job titles and they are employed in 20 different industries. That shows the BC degree equips graduates for a vast array of different jobs across many different kinds of work. This degree stands out since it has been designed to integrate diverse perspectives from the arts and business to give you deep insights into communication and media at work.

You will study communication in action, including presentations, writing, media relations, marketing, and crisis communication, right through to strategic planning. Your creative skills will also be developed, with choices from theatre, media production, and creative writing. Internships and industry-connected projects ensure you have opportunities to gain relevant experience as you learn.

ACCREDITATION

Want to use your degree to get professional work overseas? Massey has Asia-Pacific’s only degree accredited by the elite US-based ACEJMC, Accrediting Council on Education in Journalism and Mass Communications. This shows how our communication degree has been recognised internationally for its excellent quality and its outstanding employment results.

CAREER OPPORTUNITIES

A short list of our BC graduates’ job titles includes: communication advisor, marketing coordinator, journalist, recruitment consultant, digital content manager, copywriter, events and communities coordinator, communication and planning advisor, project coordinator, international relations coordinator, digital communication advisor, social media editor, fund raising events manager, and community investment analyst. Many of these jobs did not exist a few years ago. The BC degree is tailored to fast-changing 21st century workplace realities. It equips graduates to be leaders not followers in the quickly-evolving world of communication and media work.

massey.ac.nz/communication

BACHELOR OF CONSTRUCTION

Construction Management
Quantity Surveying

DURATION 3 YEARS FULL-TIME STUDY

Become a construction expert and contribute to all sectors of the construction industry. Many students gain internship positions giving them valuable work experience while they study. Construction graduates are sought-after by employers.

Our degree is the only bachelor’s degree in a New Zealand university that is focused on construction. It teaches you how to develop and implement best practice building solutions and management techniques. You’ll learn how to add value to the sustainable development of the built environment, and its use, by integrating sound technical and theoretical knowledge with industry experience, management and interpersonal skills.

Graduates earn excellent starting salaries. There are more jobs than graduates each year and many have their own business within 10 years. There are currently two majors on offer: Quantity Surveying and Construction Management. Quantity surveyors ensure the achievement of value-for-money objectives, helping to cost projects, manage contracts and to enhance the financial side of construction projects. Construction managers help plan, coordinate and control the delivery of construction projects to meet cost, time and quality targets.

ACCREDITATION

> Both majors are RICS accredited.
> The Quantity Surveying major is also NZIQS and PAQS accredited.

CAREER OPPORTUNITIES

Whether you major in Quantity Surveying or Construction Management, you’ll be ready to take on a wealth of different careers. You could work in a consultancy offering services to project owners, or with construction companies. You can be involved with project management, building renovation, earthquake strengthening, property development and management, industrial and commercial building services and insurance.

massey.ac.nz/construction
The Bachelor of Creative Media Production is a unique programme, offered by Te Rewa O Puanga the School of Music and Creative Media Production, that gives you the knowledge and understanding of the production processes used in the multi-billion dollar screen industry, including film and television, animation and visual effects, creative technologies, immersive media (AR/VR), and producing and directing. Screen production is a growing industry that needs technically skilled artists, creative leaders, practitioners and storytellers, who can work across many platforms and technologies. This programme not only equips you with the hard skills to work both within and across disciplines, but also with the critical frameworks to explore and develop your own creative voice. From the first day of the course, you will be working hands-on with professional tools and pipelines, including state-of-the-art cameras, software, motion capture and green screen stages, audio and post-production suites, and mixed-reality gear.

The programme is taught by staff with deep industry connections and active partnerships, and the course projects are designed with industry-led briefs. Core courses explore studio practice, creative leadership, storytelling, team development and collaboration, ideation, portfolio development, and client management. You can tailor your expertise through a range of electives that support your selected major and help define your graduate pathway.

CAREER OPPORTUNITIES
Graduates are equipped to work across many platforms in the screen and creative technology industries. Careers include producer, director, cinematographer, editor, pre-visualisation and storyboarding artist, VFX artist, game designer, creative technologist, sound designer, animation director, and many other future jobs within the creative technology industry.

massey.ac.nz/cmp

BACHELOR OF DESIGN WITH HONOURS

Our Bachelor of Design programme has a well-established reputation for excellence. Nga Pae Māhutonga Wellington School of Design has ranked in the top three in Asia Pacific by Red Dot for the past six years and continues to be the only school in Australasia to be included in the top 10. The College of Creative Arts is also placed in the QS Top 100 for Art and Design globally.

In this degree you will address local and global issues to produce inspirational design solutions for a rapidly changing world. The first year explores design practice and its core concepts, methods and applications. You’ll be introduced to the principles of design through investigation and concept development. With a strong focus on making, you can expect to spend about two-thirds of your time hands-on in the studio, workshop or media lab. You’ll also engage with different disciplines and cultural perspectives, and collaborate with other students across art, design, music and media production.

You can tailor your expertise through a range of electives that support your selected major and help define your graduate pathway. In fourth year you can choose whether to follow the research-based BDes(Hons) or project-based BDes programme. Either way, you’ll push the boundaries of design innovation, consolidate your skills and produce a significant final project.

CAREER OPPORTUNITIES
We are proud to report that 94%* of our design graduates are in full-time or self-employment six months after graduation. They bring strong design, leadership and collaboration skills to a wide range of creative industries, as well as serving in creative roles in non-design-based businesses. Many pursue postgraduate study through the Master of Design or Master of Fine Arts in Design. Others go on to create their own jobs and develop innovative businesses all over the world.

*2018 Graduate Destination Survey

massey.ac.nz/design
BACHELOR OF ENGINEERING WITH HONOURS

Auckland  Manawatū  Wellington  Distance

- Chemical and Bioprocess Engineering
- Electronics and Computer Engineering
- Mechatronics

DURATION 4 YEARS FULL-TIME STUDY

Start becoming an engineer from day one of your studies. Our emphasis on project-based learning and finding sustainable solutions to real-world problems means you’ll gain the skills and in-depth knowledge of engineering sought-after by employers in New Zealand and internationally. You are guaranteed your first choice of major whether you choose it at the start or end of the first year.

Our practical learning environment, solid work experience with commercial engineering firms and an international accredited degree, gives you the advantage of being work-ready from the day you graduate.

ACCREDITATION
Massey’s Bachelor of Engineering with Honours programme is accredited by Engineering New Zealand, under the Washington Accord, allowing our graduates to work internationally.

CAREER OPPORTUNITIES
Our engineering graduates are in demand worldwide. This degree has an excellent record for the rapid employment of graduates and their fast-track progression to senior management. You may find that early employment is often in design and development of technical projects for industry. Within five years it is likely that you would have moved into management in technical, research and development, production or quality assurance roles. Opportunities may then open up in general management or you may start your own business.

massey.ac.nz/bengineering

BACHELOR OF FINE ARTS WITH HONOURS

Auckland  Manawatū  Wellington  Distance

Available

DURATION 4 YEARS FULL-TIME STUDY

The Bachelor of Fine Arts programme at Whiti o Rehua School of Art will extend you, ground you in art theory and immerse you in art-making. Learn in a programme leading in transdisciplinary research addressing cultural, social, political and environmental issues. Diversity in art practice and expression is encouraged.

In your first year you will be immersed in contemporary art and design processes as well as theoretical studies to develop an understanding of the context of your work. You’ll create work responding to contemporary, multicultural and global ways of thinking. In years two and three you will develop your creative practices and media interests in your own studio space and you will begin to exhibit your work around the campus and beyond. In your fourth year you’ll consolidate what you’ve learned and expand and improve your own art practice. You could follow a discipline-specific path or work across multiple areas like digital media art, creative writing, performance, or sound alongside traditional media.

The College of Creative Arts is ranked in the QS Top 100 in the world for Art and Design.

The programme is delivered by internationally profiled artists, writers and curators who provide you one-to-one feedback alongside technical specialists helping you make your work.

You can tailor your skills through a range of elective courses, mixing and collaborating with students from all years of art, design, music and creative media. Fine arts areas include: sculpture, installation, video and film making, painting, drawing, performance, photography, print making, site-responsive work, curatorial activities and art writing.

CAREER OPPORTUNITIES
Our fine arts graduates use their degrees as an entrance into professional fine arts exhibition practice or as a stepping stone to careers in fields like arts education, administration or curation, gallery publicist, teacher, historian, archivist, videographer, film director, scriptwriter, illustrator, editor, stylist, publisher, filmmaker or involvement in a wide array of industries where creative problem-solving and collaborative skills are in demand. The programme is deeply connected to the art world and responds to rapidly expanding creative opportunities, with 72% of graduates exhibiting their work and 63% employed in fine art related fields following graduation. Honours graduates may also continue on to postgraduate studies such as a Master of Fine Arts.

massey.ac.nz/fine-arts
BACHELOR OF FOOD TECHNOLOGY
WITH HONOURS

Students can take the first 2.5 years of the Food Product Technology major at Auckland, then transfer to the Food Process Engineering major in Manawatu.

DURATION
4 YEARS FULL-TIME STUDY

You’ll launch your career with all the right ingredients to become a leader in New Zealand’s food industry. With a comprehensive mix of pure and applied science, engineering, business and entrepreneurial skills, you’ll be ready to meet the needs of today’s food industry employers. You’ll learn about the physical, chemical and biochemical properties of the materials you will be working with, and examine and analyse the most recent developments in ingredients, industrial equipment and processing systems. You’ll also learn to assess the needs of consumers, the latest taste sensations and also develop a sound business sense. You will gain in-depth knowledge of raw foods and how they can be handled, processed and packaged to be safe, convenient, nutritious and, most importantly, great tasting products. If you are creative and are keen on science or engineering, then this is the degree for you.

Our BFoodTech(Hons) is accredited by Engineering New Zealand and approved by the US-based Institute of Food Technologists (IFT).

CAREER OPPORTUNITIES
The BFoodTech(Hons) has an international reputation for creating highly skilled professionals in hot demand by the food industry. This degree has an enviable record for the rapid employment of graduates and their fast-track progression to senior management.

Our food technology graduates manage some of New Zealand’s largest industrial companies, and many have found employment elsewhere in the world. They typically start their careers in technical support roles before their ultimate destinations in the management, commercial, consulting or research and development areas within food industries.

First jobs for graduates include: food technologist – researching new foods and beverages, developing new products, packaging or processes; product development technologist – developing a new product from concept to final product; process technologist – improving and fixing food product processes; process engineer – developing new technology that improves food production processes; flavour technologist – developing flavour and texture innovations; packaging technologist – developing more efficient or sustainable food packaging.

massey.ac.nz/foodtech

BACHELOR OF HEALTH SCIENCE

DURATION
3 YEARS FULL-TIME STUDY, OR THE EQUIVALENT IN PART-TIME STUDY

Health Science is an interdisciplinary study of the many dimensions of individual and population health including biological, psychological, social, cultural, and environmental factors.

A broad range of specialisations are offered, and you can build your degree with your unique interests in mind. Through real world learning, you will create and transform knowledge, translating it for the benefit of society. As a graduate, you will have the skills to investigate challenges, generate solutions, create interventions and develop new ideas for better health for communities, both nationally and internationally.

CAREER OPPORTUNITIES
You can launch yourself into a rewarding career and excel in a wide range of healthcare environments, including government, private, public and community sectors (Māori and Pacific), addressing contemporary and emerging health challenges.

Possible career choices include environmental health officers, occupational health and safety officers/managers, health educators, disability and rehabilitation case managers, programme coordinators and evaluators, health promoters, community health workers, policy advisers, analysts and health advocates. You may also want to undertake advanced study at the postgraduate level.

massey.ac.nz/healthscience
BACHELOR OF HORTICULTURAL SCIENCE

Most courses available via Distance Learning, but not necessarily every year

DURATION 3 YEARS FULL-TIME STUDY OR THE EQUIVALENT IN PART-TIME STUDY

Our world-class horticultural science programme focuses on giving you the relevant, contemporary skills that industry requires and will ensure that you can take your place leading this exciting industry into the future. You will gain an understanding of the breadth of horticulture in New Zealand and internationally.

You will learn about plant biology, soils and environment, be introduced to production horticulture, agribusiness and agri-related analytics and statistics. Your studies will also give you industry experience while you study, with practical work courses including labs, sponsored multi-day study tours to horticultural regions within New Zealand and overseas, and field trips. You'll also complete work experience over the summer. All this will give you an advantage with prospective employers upon graduation, with industry contacts, a better understanding of the primary industries and the management skills to lead it.

Become a future leader in feeding the world sustainably. We are New Zealand's number one university in agriculture and horticulture (QS Rankings).

CAREER OPPORTUNITIES

After completing your qualification in horticultural science, you will be prepared for a wide range of technical and management positions, in New Zealand and internationally. You could be employed in: knowledge transfer and consultancy; orchard and greenhouse production management; international markets (access); crop disease and pest control; innovation and robotics; or post-harvest management.

massey.ac.nz/bhort

BACHELOR OF INFORMATION SCIENCES

Computer Science
Data Science
Information Systems
Information Technology
Software Engineering

DURATION 3 YEARS FULL-TIME STUDY, OR THE EQUIVALENT IN PART-TIME STUDY

There is huge demand around the world for people with information and communication technology skills. Our degree gives you the skills needed to make you a sought-after employee in New Zealand and internationally.

The Bachelor of Information Sciences is one of the few computing degrees in New Zealand to be accredited by the IT industry. Massey University's majors in computer science, information technology and software engineering are all endorsed by the Institute of IT professionals, the professional body for the IT industry. Our degree is the only one in New Zealand that includes all five majors and you can choose to study more or less of these disciplines in various combinations. You'll learn business management, software and hardware development and gain a well-rounded understanding of the industry as well as the specialist skills you will need.

CAREER OPPORTUNITIES

ICT offers interesting careers in all areas of human endeavour, and all types of industry that require sophisticated software applications. In general, graduates with ICT qualifications are paid higher salaries than those in many other professions. We encourage you to get online and Google ICT vacancies in New Zealand and internationally!

massey.ac.nz/binfsci
BACHELOR OF MĀORI VISUAL ARTS

Available

Available in mixed mode – some courses will have to be completed by distance learning

DURATION 4 YEARS FULL-TIME STUDY

Toioho ki Āpiti Māori Visual Arts programme is the only university-based, four-year degree in Māori visual arts and culture in the world, and is grounded in kaupapa Māori principles. It has produced some of the most respected contemporary Māori artists in the country.

The Bachelor of Māori Visual Arts is structured around Maori/Indigenous notions of mana whakapapa, mana tiriti, mana whenua and mana tangata. Your practice will develop and grow through the four years: Mata Puare (opening the eyes), Mata Aho (awakening perceptual capacity), Mata Aro (exciting the senses) and Matatau (generating understanding through perceptual and conceptual insight).

The notion of mana tangata sets the scene for you to engage with traditional toi Māori and tikanga, and to push the boundaries of your own art practice within a contemporary context.

Based on the Manawatū campus, Toioho ki Āpiti is a unique community where te reo, tikanga and whanaungatanga are the keys to growing creative practices and processes in toi Māori.

The programme includes contemporary Māori art practices, studio-based painting, sculpture, photography, moving image and installation. The lecturers are globally recognised practicing Māori artists, curators and academic writers, and are well connected to the international indigenous art community.

You don’t need to be Māori or fluent in te reo to enrol in the BMVA. You’ll have the chance to learn te reo Māori at the rate that’s right for you.

CAREER OPPORTUNITIES

Many Toioho ki Āpiti graduates practice as contemporary artists exhibiting in New Zealand and around the world. Alternatively, you might go on to find work in galleries, museums and the wider creative sector, or teach Māori art at secondary or tertiary levels.

massey.ac.nz/maori-visual-arts

BACHELOR OF NURSING

Available

DURATION 3 YEARS FULL-TIME STUDY

Nursing combines compassion, knowledge and sophisticated health technology to restore, maintain and promote the health of individuals and communities. A Bachelor of Nursing is the accepted entry-level qualification to become a registered nurse, and upon graduation you’ll be equipped with the skills and knowledge to work in a variety of healthcare settings.

Our degree is an integrated course taught by experienced staff who are committed to creating a supportive learning environment and providing the best possible experience for nursing students at all levels. We achieved research excellence relative to other New Zealand universities in the subject area of nursing (NZ PBRF rankings, 2018).

Designed to meet the requirements of the Nursing Council of New Zealand for registration as a comprehensive nurse, this course combines theoretical knowledge from nursing, health and social sciences, together with a minimum of 1100 hours in a wide variety of clinical settings to give you every opportunity to prepare for registration as a nurse.

Our high quality undergraduate nursing programme provides for a seamless connection with our postgraduate programmes.

MORE COMPELLING REASONS TO JOIN US IN NURSING

> Massey’s nursing programme is taught by the largest number of highly qualified nursing lecturers in the country, many recognised nationally and internationally for their research
> Massey is the leading institution for nursing research in New Zealand
> We are the only university in the country offering you our undergraduate nursing degree (Bachelor of Nursing) on three different campuses – Auckland, Manawatū and Wellington
> Our proven programmes are approved by the New Zealand Nursing Council

CAREER OPPORTUNITIES

There are more than 50,000 nurses registered in New Zealand – the largest sector of the health professional workforce. Our graduates are employed in many countries. In the future you could work clinically with children and young people or with adults with complex health conditions, including mental health issues. Nurses provide healthcare in accident and medical centres, nurse-led clinics, general practices, schools, marae, public health units, and aged residential care facilities, as well as hospitals. Nurses also work in occupational health and safety, the defence forces, sexual health services, in prisons, as ACC case managers, educators and researchers, lead health organisations, and develop government policies.

massey.ac.nz/study-nursing

BACHELOR OF RESOURCE AND ENVIRONMENTAL PLANNING

Available

DURATION 4 YEARS FULL-TIME STUDY

Resource and Environmental Planning is a creative professional field dealing with the natural and human dimensions of the world around us. It is a future-oriented area of study that integrates knowledge about our economic, social and natural systems.

Planners promote more liveable, sustainable and resilient environments that respond to economic, environmental, political and technological changes. They shape cities and urban areas to be liveable and vibrant. They also design efficient and accessible transport systems, create neighbourhoods that are safe and affordable, help plan for productive rural areas that balance economic and environmental goals, and foster natural areas that conserve indigenous flora and fauna, providing opportunities for active recreation and the appreciation and enjoyment of our unique biodiversity.

This four-year degree is structured around a core of compulsory planning courses, a minor (a set of courses from another subject) and other planning-related courses, along with an elective course. A further aspect of the degree is practical experience, which you’ll gain through field trips, projects and reports, workshops, studio work, case studies and interaction with people already working in the field.

CAREER OPPORTUNITIES

Our graduates usually find work very quickly, and often well before they graduate. They are employed in a variety of roles in New Zealand and internationally. Some work for local councils or central government in environmental and natural resource planning, or urban planning. Many are in private practice in small or large consulting firms. Others are in agencies or businesses working in developing countries in Asia and the Pacific. Planners work across a broad spectrum including conservation, built heritage, or transport and energy infrastructure, natural hazards and recreation.

**Duration** 3 years full-time study, or the equivalent in part-time study

Make a difference with an exciting and challenging career. The study of science provides a flexible programme that will challenge you and give you the satisfaction of discovery. Leaders and influential thinkers around the world see the training, nurturing and appointment of well-qualified scientists and technologists as instrumental for positive growth and development. Studying sciences will put you in sync with this thinking and set you up for an exciting and prosperous future. Our degree gives you flexibility and freedom of choice. You can select from a wide variety of majors from zoology to statistics, chemistry to psychology and more. You may choose minors from across the University programmes in sciences, business and arts. You may complete a double major, or a conjoint degree in just four years. If you’re interested in further study and are doing well you can advance through our postgraduate offerings.

You’ll learn from some of the top science researchers and teachers in the world and learn about and use some of the best facilities in New Zealand.

**Career Opportunities**

Our graduates have the knowledge and skills in demand by employers for today’s modern workplaces. BSc graduates are wanted for diverse roles, including: research, government positions (technical, advisory, policy, regulatory and communications roles), in industries (agriculture, horticulture, viticulture, pharmaceutical), business, teaching and consultancy.

[massey.ac.nz/bsc](https://massey.ac.nz/bsc)

**Pathways**

If you are not sure if you have the correct background to enter our science and technology qualifications, or feel that you need to upskill in a particular subject, our ‘Pathways Tool’ will help you work out what you might need to do next.

[massey.ac.nz/pathway-science](https://massey.ac.nz/pathway-science)
BACHELOR OF SOCIAL WORK

Available

Not all courses are available on all campuses each year.

DURATION 4 YEARS FULL-TIME STUDY, OR THE EQUIVALENT IN PART-TIME STUDY

Develop your passion for helping others into a rewarding career. Our highly sought-after, internationally recognised degree can take you around the globe as you build a better world. The Bachelor of Social Work (BSW) degree equips you with the knowledge and skills needed to understand people, whānau, families and communities in the modern world as you work with them to better their lives. The BSW is a structured degree, made up of compulsory courses. The content of the degree reflects some of the key national and international issues and trends in social work such as identity, sustainability and decolonisation. A highlight of the programme is the completion of two semesters of practical work in approved placement agencies.

CAREER OPPORTUNITIES

Our Bachelor of Social Work is a New Zealand and internationally recognised social work qualification, and graduates are in demand by employers. This degree allows you to apply for provisional registration with the New Zealand Social Work Registration Board, and to practice in New Zealand and in many other countries in a wide range of social service fields. Some of these are child, youth and family agencies, Māori and iwi services, disability services, faith-based organisations, health and mental health social work in hospitals and primary care and the probation service (plus many more).

massey.ac.nz/social-work

BACHELOR OF SPEECH AND LANGUAGE THERAPY WITH HONOURS

Available

DURATION 4 YEARS FULL-TIME STUDY, PART-TIME STUDY OPTIONS AVAILABLE

The Bachelor of Speech and Language Therapy with Honours combines academic coursework with supervised clinical experience. You’ll participate in work-integrated learning alongside practicing speech-language therapists. You’ll develop your skills working in a range of settings (early learning centres/kohanga reo, schools/kura, hospitals, rehabilitation facilities, and people’s homes). Topics studied include speech sound and language development in children and ways to support them when they have difficulty, fluency, voice, motor speech, and communication difficulties related to stroke and head injuries, along with individuals of all ages with feeding and eating difficulties. Cultural, professional and ethical issues are highlighted in the programme. Students will also undertake a small research project in their final year.

CAREER OPPORTUNITIES

Graduating with a Speech and Language Therapy degree, you’ll be well-equipped to support people of all ages who are experiencing communication and/or feeding and swallowing difficulties. As a qualified speech-language therapist, you can work in education, health, rehabilitation, and private practice. The qualification is accredited, which allows graduates to work in New Zealand and overseas.

massey.ac.nz/speech-language-therapy
In our fast-paced society, physical activity for health, wellbeing and fitness has never been more important. Studying a Bachelor of Sport and Exercise (BSpEx) will give you the knowledge and practical skills to make a difference to the way people live, play and perform. With the Bachelor of Sport and Exercise you will get a broad, interdisciplinary understanding of sport and exercise, then choose to further specialise with a major in Physical Education, Exercise Prescription or Sport Development.

Through a combination of theoretical understanding and practical application you will become knowledgeable in aspects of sport, exercise and physical activity as they relate to health, education, performance, organisation and promotion.

By undertaking a major in Physical Education you will gain an understanding of pedagogical, exercise and sporting concepts in an educational context.

Studying the Exercise Prescription major will provide you with the knowledge and capability needed to enhance health and performance in general, athletic and compromised populations.

The Sport Development major will give you the knowledge and skills to initiate, support and promote sport and physical activity at the volunteer, club, regional and national organisational levels. Available by distance, and internally at Manawatū, this major is ideal for students who are already engaged in the community or already working in the wider sport and exercise industry.

To prepare you for entry into the work force, in the third year of the degree you will gain invaluable experience with our hands-on internship programme that gives you real-life work experience and often leads directly to job offers.

CAREER OPPORTUNITIES
The BSpEx will prepare you for a variety of careers in New Zealand’s large sport and exercise industry. This might include the growing areas of community sport, fitness, professional sport, sport administration and wellness. Potential careers and fields include:

> National and regional sporting organisations
> Sport events and recreation programmes
> Sport venues and facilities
> Community sports and fitness centres
> Sport, health and physical activity promotion
> Medical centres, hospitals, clinics and aged care facilities
> Sports trainer or coach of athletes and teams
> Teaching (further study required)
> School sport coordinators

massey.ac.nz/sportexerciseresources
Join the only university in New Zealand that offers a veterinary degree – a programme ranked in the top 50 in the world. It's widely recognised internationally, so graduates may work in the UK, USA, Australia, Canada, Singapore and many other countries. Our veterinary school was the first in the Southern Hemisphere to be accredited by the American Veterinary Medical Association (AVMA). This means the degree is recognised as equivalent to a Doctor of Veterinary Medicine degree from an accredited North American university.

This five-year (10 semester) programme requires a good background in the sciences. The ‘pre-selection’ semester begins in late February and is only offered on the Manawatū campus. Depending on your performance in this phase, you may be selected to the ‘professional phase’ of the qualification, beginning in mid-July (a further 4.5 years). Each year about 325 students apply for the 100 domestic places, so focusing on great results in the pre-selection phase is vital.

**CAREER OPPORTUNITIES**

Most graduates begin work in veterinary clinical practice providing high quality care for animals including a wide range of pets, production animals and horses. Some clinicians focus on specialty areas and undertake further study and qualifications. Some vets go on to non-clinical veterinary careers including animal disease investigators working on responses to disease outbreaks, food safety veterinarians, teaching and research at university or with pharmaceutical companies, and protecting New Zealand wildlife. The areas of One Health and One Welfare are becoming increasingly important with vets working to protect the health and welfare of animals, people and the environment. The COVID-19 pandemic is an example of how the health of animals and humans is closely linked and affected by changes in the environment.

**WORK EXPERIENCE**

Before you embark on your veterinary studies at Massey, you will need to complete at least 10 days (minimum 80 hours) of veterinary work experience.

**SELECTION**

Selection is based on both academic and non-academic criteria but there are minimum academic requirements to be eligible for selection. Most of the non-academic assessments are held during a selection testing weekend on the Manawatū campus in Semester One. Students not studying on the Manawatū campus in Semester One will need to travel to Palmerston North to participate in the testing weekend. Please see the ‘Entry requirements’ tab of the Bachelor of Veterinary Science web page to access the pathway details appropriate for you. Students who are not selected can credit passed courses towards other Massey degrees and may reapply for selection in the future if they still want to become a veterinarian.

CONJOINT PROGRAMMES AVAILABLE

Bachelor of Arts/Bachelor of Business
As a conjoint degree programme student, you will need to choose a Bachelor of Arts (BA) major and a Business (BBus) major from the lists shown earlier for the BA and BBus degrees (page 18 and page 20).

Bachelor of Arts/Bachelor of Science
As a conjoint degree programme student, you should choose a Bachelor of Arts (BA) major and a Bachelor of Science (BSc) major from the lists shown earlier for the BA and BSc degrees (page 18 and page 28).

Bachelor of Business/Bachelor of Science
As a conjoint degree programme student, you should choose a Bachelor of Business (BBus) major and a Bachelor of Science (BSc) major from the lists shown earlier for the BBus and BSc degrees (page 20 and page 28).

CAREER OPPORTUNITIES

Bachelor of Arts/Bachelor of Business
By combining these two degrees, you’ll enhance your prospects of employment and gain a competitive edge in the job market. Employment opportunities are rapidly increasing for students who have developed capacities in enquiry, analysis, expression and communication, as well as an understanding of human behaviour, society and the environment.

Bachelor of Arts/Bachelor of Science
This programme meets the professional needs of graduates seeking careers in national and international organisations where knowledge of languages, culture and society complement knowledge of science. Combinations such as languages, philosophy or sociology with experimental or information sciences are very relevant and viable options open to students of the course.

Bachelor of Business/Bachelor of Science
Today’s business world revolves around the cutting edge of business and science. The success of many modern companies hinges on being able to make the right scientific decisions. By combining a BBus with a BSc, you give yourself a head start, and can expect to be in demand by employers.
We also offer a variety of diplomas, certificates and graduate diplomas. These are listed below. For more information about those that interest you contact us:

**PREPARATORY LEVEL**
- Certificate in Foundation Studies (Full Foundation)  
- Certificate of University Preparation (Fast Track Foundation)

**UNDERGRADUATE CERTIFICATES AND DIPLOMAS**
- Certificate in Arts
- Certificate in Aviation Studies
- Certificate in Border and Biosecurity
- Certificate in Business Studies
- Certificate in Mental Health and Addiction
- Certificate in Public Health
- Certificate in Science and Technology
- Certificate in Visual Arts
- Diploma for Education Support Workers
- Diploma in Arts
- Diploma in Border and Biosecurity
- Diploma in Business Studies
- Diploma in Communication
- Diploma in Dairy Technology
- Diploma in Facilities Management
- Diploma in Science and Technology
- Diploma in Visual Arts

**GRADUATE CERTIFICATES AND GRADUATE DIPLOMAS**
Aimed at holders of a Bachelor level qualification or in some cases equivalent experience and/or learning, and in general are aiming to gain skills in addition to their original training area.

**GRADUATE CERTIFICATES**
- Graduate Certificate in Arts
- Graduate Certificate in Emergency Management
- Graduate Certificate in Science and Technology
- Graduate Certificate in Teaching English as an Additional Language

**GRADUATE DIPLOMAS**
- Graduate Diploma in Arts
- Graduate Diploma in Aviation
- Graduate Diploma in Business Studies
- Graduate Diploma in Design
- Graduate Diploma in Emergency Management
- Graduate Diploma in Environmental Health
- Graduate Diploma in Facilities Management
- Graduate Diploma in Fine Arts
- Graduate Diploma in Information Sciences
- Graduate Diploma in Journalism
- Graduate Diploma of Learning and Teaching
- Graduate Diploma in Logistics and Supply Chain Management
- Graduate Diploma in Occupational Health and Safety
- Graduate Diploma in Science and Technology

CERTIFICATE IN FOUNDATION STUDIES
(FULL FOUNDATION)

Available

DURATION 2 SEMESTERS FULL-TIME STUDY

If you have not met the academic and/or literacy requirements for admission to university, you can apply to enrol in the Certificate in Foundation Studies. Successful completion of this two-semester qualification will give you admission to University and prepare you for undergraduate study.

WHAT IS IT LIKE?

To complete the Certificate you will do eight courses – four compulsory courses that focus on academic study and critical thinking skills and four elective courses from your area of academic interest. Elective courses can be chosen from Business, Creative Arts, Science, Health and Humanities/Social Science pathways (subject to academic approval).

On successful completion of the Certificate in Foundation Studies you will be eligible for admission to unrestricted undergraduate programmes at Massey University and other New Zealand universities. If you are intending to take an undergraduate degree with additional subject or portfolio requirements, you should contact the University for advice.

CERTIFICATE OF UNIVERSITY PREPARATION
(FAST TRACK FOUNDATION)

Available

DURATION 1 SEMESTER FULL-TIME STUDY

If you have narrowly missed gaining the academic requirements for admission to university, or are over 20 and have been out of study for some time, you can apply to enrol in the Certificate of University Preparation. Successful completion of this one-semester qualification will give you admission to University and prepare you for undergraduate study.

WHAT IS IT LIKE?

To complete the Certificate you will do four courses – two compulsory courses that focus on academic study and critical thinking skills and two elective courses from your area of academic interest. Elective courses can be chosen from Business, Creative Arts, Science, Health and Humanities/Social Science pathways.

On successful completion of the Certificate of University Preparation you will be eligible for admission to unrestricted undergraduate programmes at Massey University and other New Zealand universities. If you are intending to take an undergraduate degree with additional subject or portfolio requirements, you should contact the University for advice.
CERTIFICATE IN ARTS

DURATION 1 SEMESTER FULL-TIME STUDY, OR EQUIVALENT PART-TIME

The world is full of challenging and wonderful places and studying the Arts is your passport to discover these.

WHAT IS IT LIKE?
The Certificate in Arts is designed for students who wish to participate in university study without having to commit to completing a large set of courses. It is also available for those who wish to take a few interest courses at university level.
The Certificate can be used as a stepping-stone to the Diploma in Arts, and from there to a Bachelor of Arts degree.
The Arts are the study of humanity: our history, beliefs, society, language, and culture. They ask questions about how we think, how we communicate, and how we interact with our environment. They teach us to make sense of the meaning behind what we are, what we do, and how we came to be that way.

YOU CHOOSE WHAT YOU STUDY
With a Massey Certificate in Arts you can study what you enjoy and explore subject areas that spark your interest. You can choose courses from 30 subjects areas in College of Humanities and Social Sciences.

DO IT YOUR WAY
The Certificate in Arts is extremely flexible and you can include courses from different disciplines, including one from outside the College of Humanities and Social Sciences.

WHY STUDY ARTS AT MASSEY?
Massey offers passionate and friendly lecturers, a world-class distance-learning programme and access to multi-media learning materials. Massey will prepare you to be the sort of inquisitive and imaginative thinker able to lead New Zealand into the future and help solve some of our big problems.

CERTIFICATE IN AVIATION STUDIES

DURATION 1 SEMESTER FULL-TIME STUDY, OR EQUIVALENT PART-TIME

WHAT IS IT LIKE?
Massey is the only place in New Zealand where you can turn your passion for aviation into a tertiary qualification.
We are an internationally-recognised pilot training facility, but we also give you a broad knowledge of the global aviation industry.
You will learn communication, management and administrative skills that will broaden out the range of careers open to you in the aviation industry.
The qualification consists of 60 credits (four courses). You can either stop here, or continue studying towards a bachelor’s degree like the Bachelor of Aviation Management. Should you choose to continue studying, the credits from your certificate study will be credited towards this degree.

GET A TASTE OF AN AVIATION QUALIFICATION
Aviation Courses undertaken in the Certificate in Aviation Studies draw on existing entry-level courses offered in the Bachelor of Aviation Management, giving you an insight into what studying towards this qualification may be like. Topics include Management in Aviation, Human Factors, and Aviation Studies.

KEY SKILLS FOR PROGRESSING YOUR CAREER
You will gain knowledge of specialist aviation subjects to assist your professional development. You will also learn some of the essential skills necessary to move into senior roles and those that are hallmarks of tertiary study:
> Self-directed and independent learning
> High-level oral and written communication skills
> Basic research skills

Graduating with a Certificate in Aviation Studies will give you a solid platform to move into further tertiary study, if you so wish.
CREDIT IN BORDER AND BIOSECURITY

DURATION 1 SEMESTER FULL-TIME STUDY, OR EQUIVALENT PART-TIME

WHAT IS IT LIKE?
Massey University’s Certificate in Border and Biosecurity will give you a credible and contemporary qualification to enhance your career prospects in border, biosecurity or primary industries. Massey’s Certificate in Border and Biosecurity is a part-time, multi-disciplinary border and biosecurity qualification.

FOLLOW YOUR INTERESTS
You can choose from a wide range of subject areas including plant and animal science, border security, biosecurity, organisational behaviour, law, globalisation and trade, data management and decision making, logistics and supply chain management.

STUDY TO SUIT YOU
Your first year will include two compulsory courses relating to border and biosecurity studies. The rest of your qualification will be made up of elective courses that you choose to suit your interests.
Massey excels at distance learning, and all your teaching will be provided by distance and/or block courses. This offers flexibility for students with jobs or other commitments.

You’ll learn about:
> the concepts of border security and biosecurity
> contemporary border and biosecurity issues and practices, and
> the implications of these for countries’ national security and the economic and social wellbeing of their people.

PROTECT NEW ZEALAND’S ECONOMY, TAONGA AND WAY OF LIFE
Biosecurity is a multi-disciplinary practice concerned with protecting valued life from pests and diseases. New Zealand’s primary industries are critical to the economy on a local scale and play an important role in food security on a global one. Protecting the biodiversity of indigenous flora and fauna is equally important. The qualification has a distinctly New Zealand focus while maintaining global relevance.

CREDIT IN BUSINESS STUDIES

DURATION 1 SEMESTER FULL-TIME STUDY, OR EQUIVALENT PART-TIME

WHAT IS IT LIKE?
The Certificate in Business Studies is designed for students who want a formal university qualification but do not want to undertake a full degree programme. It is ideal if you wish to pursue an interest in a particular subject area or study a range of courses for personal interest.
Massey’s business and management programmes are ranked as some of the best globally.

Massey University’s business and management studies rank in the world’s top 300 by QS (Quacquarelli Symonds) rankings. We are also ranked in the top 150 universities worldwide for business administration programmes by the ShanghaiRanking’s Global Ranking of Academic Subjects.

PATHWAYS
You could choose to use the Certificate as a stepping stone to study for a degree. You must meet the normal university entrance requirements to enrol for a course of study for the Certificate in Business Studies. You could then graduate with the Certificate, then apply to cross-credit 15 credits of Certificate courses toward an undergraduate degree, provided the courses comply with regulations for that degree.
If you wish to credit courses totalling more than 15 credits you must surrender the Certificate in Business Studies before transfer of credit will be granted.
CERTIFICATE IN MENTAL HEALTH AND ADDICTION

DURATION STUDIED PART-TIME OVER TWO SEMESTERS (TWO COURSES PER SEMESTER)

WHAT IS IT LIKE?
The New Zealand government is actively exploring ways to support, educate, professionally develop and grow the mental health and addiction workforce. Support workers represent more than 30% of the mental health and addiction workforce and have been a primary driver of its growth over the past five years.

As a support worker in this field, you'll work to promote and sustain the mental health and wellbeing of individuals, whānau and communities. You'll focus on the health potential of people and their everyday settings for living. You'll work to reduce inequities and to improve the social, cultural, environmental and political determinants of mental health and addiction.

DAPAANZ RECOGNITION
Drug and Alcohol Practitioners’ Association Aotearoa–New Zealand (DAPAANZ) is the membership association representing the professional interests of practitioners working in addiction treatment.

The Certificate in Mental Health and Addiction has a four-course structure that reflects the DAPAANZ knowledge and engagement competencies expected of support workers working with Māori and non-Māori in the mental health and addiction sector.

TE RAU PUAWAI
Each year the Te Rau Puawai Workforce Programme provides bursaries and learning support for students who are seeking to commence or complete a Massey University qualification in the field of Māori mental health. Students who want to enrol in this programme might be eligible to apply.

massey.ac.nz/cert-mha

CERTIFICATE IN PUBLIC HEALTH

DURATION 1 YEAR OF PART-TIME STUDY

WHAT IS IT LIKE?
The Certificate in Public Health is an entry-level undergraduate qualification in the School of Health Sciences. This certificate is ideal if you are already working in the public health sector, in primary care and in community health roles. It is also great if you are starting university study and aspire to a career in public health.

The certificate is a 60-credit qualification designed to be completed in two semesters.

You will:
> Strengthen your knowledge of public health and acquire practical skills for developing public health initiatives. These include initiatives to improve population health outcomes and address health inequities for Māori, Pacific and other specific population groups
> Use research and evaluation skills to improve your public health practice
> Analyse health inequities in New Zealand through an understanding of the social, cultural, political, and economic determinants of health
> Identify opportunities to promote and protect population health through knowledge of community-based health interventions, including public health policy and public health advocacy
> Contribute effectively to community health development
> Gain an understanding of public health issues from a Te Tiriti o Waitangi perspective and other key public health strategies like Te Pae Mahutonga and the Ottawa Charter.

Students already working in health and community roles in New Zealand can apply for a fees grant from the Ministry of Health.

CAREERS
The Certificate in Public Health is designed for students who aspire to careers in public health. It is particularly relevant to public health workers and those in primary care and community health roles who have yet to achieve university level qualifications in public health.

Graduates will have a critical understanding of public health issues. They will be able to work within a range of public health settings such as District Health Boards, Primary Health Organisations, non-government organisations, local and central government, and Māori and Pacific health organisations. Their roles may include public health worker, health promoter, kaaimahi, kaiahwina, youth worker, community health worker, family violence worker.

massey.ac.nz/cph
**CERTIFICATE IN SCIENCE AND TECHNOLOGY**

**Available**

- Some courses

**DURATION**

**1 SEMESTER FULL-TIME STUDY, CAN BE STUDIED PART-TIME**

If you are under 20 and have University Entrance but are missing a few important subjects, enrol in the Certificate in Science and Technology with the subjects you need.

**WHAT IS IT LIKE?**

The Certificate in Science and Technology is a flexible programme that allows students to undertake a shorter course of study at university level than is required by a three-year bachelor’s degree or one-year diploma. Students may elect to have courses passed under the certificate programme credited to a bachelor’s degree or diploma provided the courses comply with the regulations of the degree or diploma in question. If students intend to cross-credit more than 15 credits, the Certificate must be surrendered to the University.

The Certificate is equivalent to one semester of full-time study, but it will often be taken on a part-time basis. The course is open to anyone who has gained admission to Massey University, but in some cases specific courses may require a subject background at NCEA Level 3.

**PATHWAYS**

Massey offers a number of ‘pathway’ programmes like this certificate. To find out which is suitable for your needs, go to our pathways tool.

massey.ac.nz/pathway-science

---

**CERTIFICATE IN VISUAL ARTS**

**Available**

**DURATION**

**EQUIVALENT TO 1 YEAR OF FULL-TIME STUDY**

If you’d like a taste of design or art then a Certificate in Visual Arts is the way to go. Through four courses that total 60 credits, you’ll be introduced to the basics of art and design – creative thinking, visual communication, specialist skills and critical awareness – through a flexible programme of study with lots of choice. No portfolio is required, just passion.

You’ll study with art and design degree students in a range of studio and lecture-based courses. These exciting electives cover everything from critical and contextual studies, to fashion pattern-making, painting, and digital fabrication.
**DIPLOMA IN ARTS**

**Available**

**DURATION** EQUIVALENT TO 1 YEAR OF FULL-TIME STUDY

With a Massey Diploma in Arts you can study what you enjoy and explore subject areas that spark your interest.

**WHAT IS IT LIKE?**

Explore tertiary study with a Diploma in Arts. For many students, this is the first step towards taking a full Bachelor of Arts. The Diploma in Arts consists of eight courses (120 credits) from the Bachelor of Arts schedule, and is often used as a springboard to completing the full Bachelor of Arts degree.

**YOU CHOOSE WHAT YOU STUDY**

You can complete the Diploma in Arts with or without an endorsement in a subject area. Completing the diploma without endorsement lets you sample different subjects and build a qualification that reflects your own particular interests.

If you want to take an endorsement, you can choose from 25 subjects from the Bachelor of Arts degree, and major in the one that sparks your passion.

Massey’s Diploma in Arts is extremely flexible and you can include courses from many disciplines, including some from outside the humanities.

**WHY STUDY ARTS AT MASSEY?**

Massey offers passionate and friendly lecturers, a world-class distance-learning programme and access to multi-media learning materials.

The Arts are the study of humanity: our history, beliefs, society, language and culture. They ask questions about how we think, how we communicate, and how we interact with our environment. They teach us to make sense of the meaning behind what we are, what we do, and how we came to be that way.

Massey will prepare you to be the sort of inquisitive and imaginative thinker able to lead New Zealand into the future and help solve some of our big problems.

---

**DIPLOMA IN BORDER AND BIOSECURITY**

**Available**

**DURATION** EQUIVALENT TO 1 YEAR OF FULL-TIME STUDY

**WHAT IS IT LIKE?**

Massey University’s Diploma in Border and Biosecurity will give you a credible and contemporary qualification to enhance your career prospects in border, biosecurity or primary industries.

Massey’s Diploma in Border and Biosecurity is a part-time, multi-disciplinary border and biosecurity qualification.

**FOLLOW YOUR INTERESTS**

You can choose from a wide range of subject areas including plant and animal science, border security, biosecurity, organisational behaviour, law, globalisation and trade, data management and decision-making, logistics and supply-chain management.

**STUDY TO SUIT YOU**

Your first year will include two compulsory courses relating to border and biosecurity studies. The rest of your qualification will be made up of elective courses that you choose to suit your interests.

Massey excels at distance learning, and all your teaching will be provided by distance and/or block courses. This offers flexibility for students with jobs or other commitments.

You’ll learn about:

> the concepts of border security and biosecurity
> contemporary border and biosecurity issues and practices
> the implications of these for countries’ national security and the economic and social wellbeing of their people.

You may also gain specialist knowledge in one or more of the following areas:

> advanced theoretical frameworks and government policies for a range of biosecurity challenges
> the sources of New Zealand law, legal principles and basic rules of interpretation
> the range of security challenges that face global and New Zealand borders
> the evaluation of international transportation systems and the global food system from different perspectives
> the fundamental features of the main classes of micro-organisms, insects, plants and/or animals and their relevance to biosecurity practices
> data analysis, research, fieldwork, and report and summary writing
> analysis of organisational decision-making strategies and evaluation of the potential effects of globalisation and technological advances on organisational behaviour.
**Diploma in Business Studies**

**Available**

**Duration** Equivalent to 1 year of full-time study

**What is it like?**
The Diploma in Business Studies is designed for students who want a formal university qualification but do not want to undertake a full degree programme. It is ideal if you wish to pursue an interest in a particular subject area or study a range of courses for personal interest. The Diploma in Business Studies is taught at Massey University at Manawatu, Auckland and Wellington campuses. The programme can also be completed via distance learning.

**World-leading**
Massey University’s business and management studies rank in the world’s top 300 by QS (Quacquarelli Symonds) rankings. We are also ranked in the top 150 universities worldwide for business administration programmes by the ShanghaiRanking’s Global Ranking of Academic Subjects.

---

**Diploma in Communication**

**Available**

**Duration** Equivalent to 1 year’s full-time study

**What is it like?**
The Diploma in Communication is designed to introduce students to a selection of disciplines in the communication field. It provides students with employment pathways into fields including:
- Public relations
- Communication management
- Arts administration
- Event management
- Digital marketing
- Relationship management
- Web content management
- Social media advising
- Brand management
- Advertising
- Marketing/communications management, or
- Media planning/buying

Massey University’s communication and media studies ranks in the top 150 globally by QS (Quacquarelli Symonds) rankings. We are also ranked number one in New Zealand for communication (and in the top 200 globally) and in the top 150 universities worldwide for business administration programmes by the ShanghaiRanking’s Global Ranking of Academic Subjects.
Diploma in Dairy Technology

Available

DURATION Equivalent to 1 year of full-time study

WHAT IS IT LIKE?
Massey University’s Diploma in Dairy Technology is for those working in the dairy industry. It provides essential skills for new employees to the dairy industry as well as providing upskilling and opportunities for diversification for established employees within the sector.
The Diploma could also be a good way to get dairy-industry-specific knowledge if you have a non-specialised degree or have previously worked in a different industry.
You will study elements of dairy microbiology and food safety, engineering, processing and chemistry. Ingredient and product technology as well as manufacturing principles are also part of the curriculum.

FLEXIBLE AND PRACTICAL
The Diploma in Dairy Technology is offered via distance learning with short compulsory contact workshops, which are on-campus sessions at the Massey University Manawatū campus.

Diploma in Facilities Management

Available

DURATION Equivalent to 1 year of full-time study

WHAT IS IT LIKE?
Facilities management is the final step in the design-build-manage cycle of construction. As a facilities manager you’ll oversee the operational management and maintenance of buildings once they’re built to ensure our public spaces and workplaces are safe, healthy, sustainable, and productive. You’ll contribute significantly to the success of an organisation by making sure buildings are fit-for-purpose. That ensures everyone can perform their jobs effectively and efficiently.
The Diploma in Facilities Management is aimed at school leavers and also at junior level facilities management professionals. For those already in the workforce, it will assist you to underpin your skills and practice with foundational knowledge of a rapidly growing sector.
You’ll learn about operational maintenance and management of built facilities. Skills you’ll learn include:
> facilities management planning
> asset management
> health and safety
> teamwork and communication
> business and financial skills
> technology and innovation.

The programme also covers a range of facilities. These include:
> hospitals
> commercial office blocks
> educational institutions
> industrial buildings
> key support services.

RESEARCH-LED LEARNING FROM INDUSTRY EXPERTS
Your lecturers are professional experts in the fields of construction, facilities management, architecture, business, engineering, IT and other industries.
Our lecturers are active in research, ensuring you will be at the cutting edge of this fast-growing industry.

FLEXIBLE STUDY
The programme is flexible so you can study either on campus or via distance learning. You can also study part time or full time.
DIPLOMA IN SCIENCE AND TECHNOLOGY

**DURATION** 1 YEAR FULL-TIME STUDY, CAN BE STUDIED PART-TIME

**WHAT IS IT LIKE?**
The Diploma in Science and Technology is a flexible programme that allows you to undertake a shorter course of study at university level than that required by a three-year bachelor’s degree. You may elect to have courses passed under the diploma programme credited to a bachelor's degree, provided the courses comply with the regulations of the degree in question. The Diploma is equivalent to one year of full-time study, but it will often be taken on a part-time basis. The Diploma is open to anyone who has gained admission to Massey University, but in some cases specific courses may require a subject background at level 3 NCEA.

**PATHWAYS**
Massey offers a number of ‘pathway’ programmes like this diploma. To find out which is suitable for your needs, go to our pathways tool.

massey.ac.nz/pathway-science

DIPLOMA IN VISUAL ARTS

**DURATION** EQUIVALENT TO 1 YEAR OF FULL-TIME STUDY

**WHAT IS IT LIKE?**
If you’d like to explore art and design in a little more depth then the 120 credit (eight courses) Diploma in Visual Arts may be right for you. You will explore creative thinking, visual communication, specialist skills and critical awareness – through a flexible programme of study with lots of choice. No portfolio is required, just passion. You’ll study with art and design degree students in a range of studio and lecture-based courses. These exciting electives cover everything from critical and contextual studies, to fashion patternmaking, painting, and digital fabrication.
One degree not enough? Want to study some more? With Postgraduate study you can. We have more than 130 postgraduate programmes for you to specialise in. Our programmes offer the opportunity to undertake in-depth study in a particular area of interest and build your skill set. Postgraduate qualifications give you the edge over others when applying for jobs and can amount to an increase in your pay packet. They are also extremely relevant if you want a career change or want to move up the hierarchical ladder later in your career development. Some companies even sponsor you to do research work in particular fields. This is an excellent way to earn while you learn and do something you love in a supported environment. Some careers require you to do postgraduate qualifications, for example clinical psychologists require a master’s qualification in order to be professionally registered practitioners.

So start thinking about your academic pathway today so that you can set yourself up for the future.

For more information regarding pathways to postgraduate study please email us at contact@massey.ac.nz

---

**Rob Pidgeon** is in the prime of his career. In the last year of his Bachelor of Business Studies majoring in Sport Business Management degree he interned with Bowls New Zealand and was offered a full-time position once he graduated. During his four years with the organisation he completed a Postgraduate Diploma in Marketing to give him more job opportunities in the future.

A keen surf lifesaver, his dream was to work for Surf Life Saving New Zealand and he is now working in the Northern Region Office as the Club Development Officer.

Despite working full-time, Rob has retained his volunteer directorship position at the Piha club and still spends his weekends patrolling the beach. He says studying at Massey gave him the confidence he needed to succeed.

Bachelor of Design with Honours

Selected entry requirements: Students who have been endorsed with Excellence in NCEA Level 2, including excellence in an approved art, design or technology subject will be offered automatic entry to the BDes(Hons) programme. This is subject to achieving University Entrance with 14 credits in an approved art, design or technology subject at NCEA Level 3. Students who do not qualify under the automatic entry criteria will need to submit a portfolio of work: see creative.massey.ac.nz

For students of the Cambridge International Examination system, automatic entry requires an AS grade A or B in an approved art, design or technology subject. Entry would be confirmed once the student has achieved university entrance.

Bachelor of Engineering with Honours

These requirements guarantee entry. Students who don't meet these will still be considered on a case by case basis.

> NCEA LEVEL 3: 16 credits in Mathematics (including standards 91577, 91578 and 91579); 16 credits in Physics (including standards 91523, 91524 and 91526); plus [for Chemical and Bioprocess Engineering major only] 14 credits in Chemistry (including standards 91390, 91391 and 91392).

> CIE: a C grade at A Level in each of Mathematics and Physics, plus [for Chemical and Bioprocess Engineering major only] a C grade at A Level in Chemistry. Excludes General Paper.

> IB: 29 points including 5 points at higher level in each of Mathematics and Physics, plus [for Chemical and Bioprocess Engineering major only] 5 points at higher level Chemistry.

Bachelor of Fine Arts with Honours

Selected entry requirements: Students who have been endorsed with Excellence in NCEA Level 2, including excellence in an approved art, design or technology subject will be offered automatic entry to the BFA(Hons) programme. This is subject to achieving University Entrance with 14 credits in an approved art, design or technology subject at NCEA Level 3.

For students of the Cambridge International Examination system, automatic entry requires an AS grade A or B in an approved art, design or technology subject. Entry would be confirmed once the student has achieved university entrance.

Students who do not qualify under the automatic entry criteria will need to submit a portfolio of work: see creative.massey.ac.nz

Fine Arts applicants are also asked to attend an informal interview.

Bachelor of Food Technology with Honours

These requirements guarantee entry. Students who don't meet these will still be considered on a case by case basis.

> NCEA LEVEL 3: 16 credits in Mathematics (including standards 91577, 91578 and 91579); 16 credits in Physics (including standards 91523, 91524 and 91526); plus 14 credits in Chemistry (including standards 91390, 91391 and 91392).

> CIE: a C grade at A Level in each of Mathematics and Physics, plus a C grade at A Level in Chemistry. Excludes General Paper.

> IB: 29 points including 5 points at higher level in each of Mathematics and Physics, plus 5 points at higher level Chemistry.

Bachelor of Health Science

No specific subject requirements.

Bachelor of Horticultural Science

Biology, Chemistry and English are strongly recommended. Statistics is recommended.
Students for whom English is a second language are required to achieve an IELTS score of 6.5 – no band lower than 6.0.

Bachelor of Information Sciences

Calculus or Statistics is recommended.

Bachelor of Māori Visual Arts

Selected entry requirements: Students who have been endorsed with Excellence in NCEA Level 2, including excellence in an approved art, design or technology subject will be offered automatic entry to the BMVA programme. This is subject to achieving University Entrance with 14 credits in an approved art, design or technology subject at NCEA Level 3.

For students of the Cambridge International Examination system, automatic entry requires an AS grade A or B in an approved art, design or technology subject. Entry would be confirmed once the student has achieved university entrance.

Students who do not qualify under the automatic entry criteria will need to submit a portfolio of work: see creative.massey.ac.nz

MVA applicants are also asked to attend an informal interview.

Bachelor of Nursing

> NCEA: 14 credits or more at Level 3 or higher in at least one to the following subjects: biology, chemistry or physics

Selected entry requirements: a first aid certificate is required on admission, as well as a written statement, referees, and a criminal record check.

Students for whom English is a second language are required to achieve an IELTS score of 6.5 on every band.

Bachelor of Resource & Environmental Planning

No specific subject requirements. Useful subjects include Geography, Design, Business, History, Māori Studies and Science.

**Key**

- ✓ = Recommended
- ≈ = Strongly Recommended

† Subject to CUAP approval

* Can include any standards from Calculus, Statistics and Mathematics subjects.

** Calculus is a required subject for the major in Mathematics.

---

### Bachelor of Social Work

- **Selected entry requirements**: Criminal record check, referees, written statement and must meet the requirements set down by the Social Worker Registration Act 2003 in terms of being a fit and proper person to practise social work. Students for whom English is a second language are required to achieve an IELTS score of 6.5 on every band.

### Bachelor of Speech and Language Therapy with Honours

- **Students require either**:
  - > NCEA: 14 credits at NCEA Level 3 or higher in English and 16 credits or more at NCEA Level 3 or higher in one of the following subjects: Biology, Chemistry, Physics, Calculus or Statistics;
  - > CIE: B grade at A level in any one of Biology, Chemistry, Physics, Calculus or Statistics. Plus C grade at A Level English.
  - > IB: 5 points at higher level in one of: Biology, Chemistry, Calculus, Physics, Science, or Statistics, plus an IB score of 28. Plus 3 points at Higher level in IB English (or 5 points at standard level in IB English).

- **Selected entry requirements**: Written statement, referees, criminal record check, interview.

### Bachelor of Sport and Exercise

- **No specific subject requirements.**
- **Useful subjects for Exercise Prescription and Physical Education majors include Physical Education and Biology.**

### Bachelor of Sport Management

- **No specific subject requirements.**

### Bachelor of Veterinary Science

- **For 2022, entry into the veterinary pre-selection semester is open to all applicants who meet university entrance standards. However, we strongly recommend that in order to give yourself the best chance of success in being selected to the professional phase of the BVSc, you should complete 14-20 credits in each of Biology, Chemistry, Physics and EITHER Calculus OR Statistics at NCEA Level 3.**

- **Note**: Students are selected into the professional phase on the basis of passing all the pre-requisite courses, completing 80 hours of veterinary work experience, their grades, and performance in the other selection assessments.

- **Students for whom English is a second language are required to achieve an IELTS score of 7.0 overall with no band less than 6.5 for selection into the professional phase.**

### Te Aho Tatairangi: Bachelor of Teaching and Learning Kura Kaupapa Māori

- **Selected entry requirements**: Fluency in Te Reo Māori, referees, criminal record and safety checks, interview.

### Conjoint degrees

- **Students must meet the requirements of both degrees.**

- ✔ Some or most majors available
- ▲ Some courses available
- ● Semester one pre-selection only
UNDERGRADUATE ADMISSION
Massey University includes a preferential admission scheme in our policies for admission to undergraduate qualifications for domestic students. This scheme helps us manage our enrolments if courses are over subscribed, but it is likely you will be offered a place in your qualification of choice.

Your application will be assessed as follows:
1. Assessment of eligibility for University Entrance through NCEA Level 3 or another recognised admission method explained below;
2. Assessment of a rank score, based on educational background, using the methods explained below. We will calculate a rank score for you;
3. Assessment against the specific requirements for selection, if any (eg assessment of your portfolio of work for the Bachelor of Design with Honours).

If you are under 20 years of age, you will be given preference if you gain University Entrance and score equal to or above the Preferential Entry Score of 140 points and meet the specific requirements for selection where required. If you are 20 years of age or older, and we must make selection decisions because your qualification of choice has limited places and is over-subscribed, the assessments outlined above will be used to make those selection decisions. However, we may give preference to students from under-represented groups when making selections into qualifications.

Students who achieve admission to university with a rank score lower than the Preferential Entry Score, or who have no rank score, are still eligible to apply, and it is anticipated that most will be admitted to a qualification. If there are more applicants for a qualification than can be accommodated, the rank score may be used, together with any stated selection criteria for the course concerned. This will be to prioritise applicants or to determine whether a place can be offered in an alternative qualification.

Some qualifications have specific requirements for selection (see 3 above). Please refer to the specific requirements for each qualification listed from page 44 onwards.

INTERNATIONAL STUDENTS
As an international student, you will need to meet both the academic and English language requirements of your intended programme of study. Check out massey.ac.nz/international for the specific criteria for pre-degree and undergraduate level applicants, and details on how to apply.
**National Certificate in Educational Achievement**

We strongly encourage you to take achievement standards in approved subjects at Level 3 to help you to achieve the Preferential Entry Score, and to provide you with the best preparation for university studies. From 1 March 2014, to be awarded University Entrance you will need:

- **NCEA Level 3**
- 3 subjects at Level 3* (14 credits each) in three approved subjects
- **Literacy**: 10 credits at Level 2 or above made up of 5 credits in reading and 5 credits in writing
- **Numeracy**: 10 credits at Level 1 or above, made up of specified achievement standards or a package of three numeracy unit standards (26623, 26626, 26627—all three required).

* Students completing UE in 2020 will have the amended NCEA requirements applied. Please refer to the NZQA website for further information on these specific requirements.

14 Level 3 credits in the NZIM Certificate in Management or the NZIM Certificate in Small Business Management, or a completed Young Enterprise Certificate (YES) may be able to be used toward meeting the NCEA Level 3 entrance standard. Applications are assessed on a case-by-case basis. Students should provide information about any such credits when they apply. See the NZQA website for more information. [nzqa.govt.nz/qualifications-standards/awards/university-entrance/](http://nzqa.govt.nz/qualifications-standards/awards/university-entrance/)

**Admission to Your Chosen Qualification via CIE**

The Preferential Entry Score from CIE, for the majority of undergraduate qualifications, is 140 points.

Your rank score will be calculated by:

- Identifying a maximum of six subject units from your last two years of study, at AS, A2 or A level, from subjects on the approved list;
- Using the UCAS Tariff to calculate points for these subjects based on grades achieved, on the basis of the table below.

![Table showing UCAS Tariff points for A, A2, A, B, C, D, and E grades.]

The CIE rank score is only calculated over approved subjects so may differ from the UCAS tariff used for University Entrance. A subject passed at A level counts as two subject units.

If you have passed more than six subject units, the subjects with the best level of achievement will be used to calculate the rank score. If you achieve fewer than six subject units, the score will be based on those you have achieved.

**Admission to Your Chosen Qualification via NCEA**

The Preferential Entry Score from NCEA, for the majority of undergraduate qualifications, is 140 points.

Your rank score will be calculated by:

- Identifying a maximum of six subject units from your last two years of study, at AS, A2 or A level, from subjects on the approved list;
- Awarding four points for credits achieved with Excellence, three for Merit and two for Achieved.

Both achievement standards and unit standards in approved subjects will be counted. If you achieve fewer than 80 credits, the score will be based on those credits you have gained. If you achieve more than 80 credits, the credits achieved with the highest level of achievement will be used. Only five approved subjects are included in the calculation. A maximum of 24 credits per subject are used and any credits above this limit are excluded. See the example in the table above. Level 3 subject requirements for a particular qualification may be met in Year 12.

</tbody>
</table>

TOTAL: 212 points

NCEA Level 3 entrance standard. Applications are assessed on a case-by-case basis. Students should provide information about any such credits when they apply. See the NZQA website for more information: [nzqa.govt.nz/qualifications-standards/awards/university-entrance/](http://nzqa.govt.nz/qualifications-standards/awards/university-entrance/)

**National Certificate in Management**

You are qualified for admission to University if you have obtained a minimum of 120 points on the UCAS Tariff at A or AS Level, including:

- A minimum grade of D in each of at least three different subjects equivalent to those on the approved subject list at A or AS level (excluding Thinking Skills), plus;
- For the literacy and numeracy requirements, you will need:
  - An E grade or better in any one of the AS English Language, Language and Literature in English, Literature in English,
  - A grade of D or better in IGCSE or GCSE mathematics, or any mathematics passed at AS level.

Or Literacy and Numeracy as prescribed for University Entrance with NCEA.

**NCEA Level**

Level 3 credits achieved before Year 13 may be counted toward the 80 best credits required for ranking purposes. Credits obtained in any required subjects do not have to be among the best 80 credits required for ranking purposes.

**Cambridge International Examinations (CIE)**

You are qualified for admission to University if you have obtained a minimum of 120 points on the UCAS Tariff at A or AS Level, including:

- A minimum grade of D in each of at least three different subjects equivalent to those on the approved subject list at A or AS level (excluding Thinking Skills), plus;
- For the literacy and numeracy requirements, you will need:
  - An E grade or better in any one of the AS English Language, Language and Literature in English, Literature in English,
  - A grade of D or better in IGCSE or GCSE mathematics, or any mathematics passed at AS level.

TOTAL: 212 points

Both achievement standards and unit standards in approved subjects will be counted. If you achieve fewer than 80 credits, the score will be based on those credits you have gained. If you achieve more than 80 credits, the credits achieved with the highest level of achievement will be used. Only five approved subjects are included in the calculation. A maximum of 24 credits per subject are used and any credits above this limit are excluded. See the example in the table above. Level 3 subject requirements for a particular qualification may be met in Year 12.
INTERNATIONAL BACCALAUREATE
You are qualified for admission to university if you have been awarded the full International Baccalaureate (IB) Diploma (a minimum of 24 points).

ADMISSION TO YOUR CHOSEN QUALIFICATION VIA IB
The Preferential Entry Score from IB, for the majority of undergraduate qualifications, is 26 points.
You will be given a rank score equivalent to your IB score, for example, if you achieve an IB score of 31 points, you will be given a rank score of 31.

DISCRETIONARY ENTRANCE
1. A person under the age of 20 years who does not meet the University Entrance standard, but:
   a) Is a citizen or a holder of a residence class visa of New Zealand or Australia*;
   b) Is at least 16 years of age and under 20 on the first day of the semester in which they wish to study,
   and
   c) has not otherwise qualified for admission may apply for Discretionary Entrance.
   *Australian applicants’ most recent year of schooling must have been in New Zealand.
2. Discretionary Entrance applicants are expected to have a very good academic record. The normal criteria for consideration for Discretionary Entrance are:
   a) Has received secondary schooling to at least New Zealand Year 12 level (or its equivalent overseas)
   and
   b) Has achieved a minimum of 72 credits at NCEA Level 2 including 14 credits in each of four subjects (three of which must be approved subjects) with a majority of credits at Merit or Excellence;
   and
   c) Has met the literacy and numeracy standards required for University Entrance, or their equivalents.
3. Discretionary Entrance is granted to a nominated undergraduate qualification.
4. Persons who attempt to qualify for University Entrance in Year 13, but who fail to do so, may be considered for mid-year admission in the year following their NCEA assessment. Admission will be at the discretion of the University.
5. A person studying at a New Zealand secondary school, who is attempting to qualify for entrance to University, may apply for Discretionary Entrance in the same year for the purpose of enrolling in courses offered in a Summer School by a university. Any person admitted under this regulation who does not, in the following January, meet the University Entrance standard, will be required to withdraw from the University and may re-apply for admission at mid-year. Students required to withdraw may complete their Summer School programme before doing so, but any courses passed will not be credited to a qualification until University Entrance is gained.

ADULT ADMISSION
You are qualified for admission to university if you are a New Zealand citizen or holder of a New Zealand residence class visa, you do not have the entrance qualifications described above, but you will be at least 20 years of age by the final date for acceptance of late enrolment applications for the enrolment period in which your proposed programme of study commences.

ADMISSION TO YOUR CHOSEN QUALIFICATION VIA ADULT ADMISSION
Applicants who are 20 years of age or older, and who do not have a University Entrance qualification, are eligible for admission to their chosen qualification, provided that places are available or where places are limited, that the applicant is selected for a place.
A range of online self-assessment tools are available under the Learning section of our website, massey.ac.nz, that will help you gauge your readiness for university study. We also offer short university preparation courses that are an excellent way for mature students to refresh study skills. Short courses in specific subject areas, such as Physics and

Check out: massey.ac.nz/courses/

OTHER METHODS OF ADMISSION
If you have studied overseas or at another New Zealand tertiary institution, we will assess your admission on a case-by-case basis. Information on equivalent admission qualifications from other countries is available at massey.ac.nz/international. International students who successfully complete the one-semester Certificate of University Preparation or the two-semester Certificate in Foundation Studies will qualify for university entrance.

If you are a domestic student, under the age of 20 years, and you do not qualify under any of the methods above, we recommend that you enrol in one of our bridging programmes.

For more information:
Call: 0800 627 739
Email: contact@massey.ac.nz
Text: 5222

ADMISSION TO GRADUATE QUALIFICATIONS
Graduate qualifications include Graduate Diplomas and Graduate Certificates.
Entry requirements differ by qualification; please refer to the admission requirements for your qualification of choice at massey.ac.nz. Generally, admission to graduate qualifications requires applicants to hold an undergraduate degree, although some graduate qualifications allow admissions based on professional experience.

ENGLISH LANGUAGE REQUIREMENTS
All students studying at Massey University are expected to be able to write grammatically correct English, read English actively and with understanding, listen to and discern key points in spoken English and speak English freely and clearly. Procedures also exist for those students who wish to submit written work or examinations in Māori. All international students whose first language is not English will be required to provide satisfactory evidence of their English language proficiency in the form of an academic IELTS or TOEFL score or equivalent. More information is available at massey.ac.nz/international.

SELECTED ENTRY PROGRAMMES
There are a few degrees that require you to go through a selection process before you can enrol. This includes a portfolio entry for Design, Fine Arts and Māori Visual Arts, and an audition for the Music Practice major in Commercial Music. An audition or interview for Commercial Music. Other qualifications with selection requirements include Bachelor degrees in Aviation, Nursing, Social Work, Speech and Language Therapy and Graduate Diplomas in Design, Fine Arts, and Teaching. Get your application under way well before 1 October for these programmes, to allow time for the selection process. For more information, please contact us:

Whether you’re a distance student or study at a campus, support and advice is available to you. If you’re looking for help with study options, accommodation, or if you just want to meet like-minded students visit the student services section on our website massey.ac.nz/massey/student-life.

STUDY SUPPORT

ONLINE TOOL SET
Massey offers a range of online tools to help you plan your studies and to provide you with support as you study. massey.ac.nz/academic-support

LEARNING SUPPORT
Each campus has a Centre for Teaching and Learning providing academic learning support services to help students succeed in their university study. Learning and writing consultants can provide feedback on your assignments and help you prepare for exams, manage your time and study effectively. You can book a confidential consultation online or in person, access resources, ask questions about academic writing on the Q&A forum, submit draft assignments to the pre-reading service for written feedback, and attend or view free online workshops throughout the year. massey.ac.nz/teachinglearning

STUDY RESOURCES
Our Online Writing and Learning Link (OWLL) links students to workshops, appointments, and a wide range of resources for writing assignments, preparing for assessments, referencing correctly and studying effectively. owll.massey.ac.nz

LIBRARY SERVICES
The libraries at our campuses house more than one million print and electronic books, as well as providing access to hundreds of thousands of print and electronic journal articles – the guides online at are a great way to discover the range of resources and get help. Distance learning and block-mode students are also offered a postal library service. massey.ac.nz/library

COMPUTING
Our Information Technology Service (ITS) provides students with access to computer facilities across our campuses and online. All students are assigned a Massey student usercode and email address, which can be used to access online services such as course and campus information, email and enrolment. Once enrolled, you can access your online learning environment at massey.ac.nz/stream. You can access your email and the Internet from computer labs, the halls of residence mini-labs at Auckland and Manawatū, and the Information Commons areas in the libraries on all three campuses. With your student login id, you can store data to your ‘home’ drive, and use the printing facilities to support your coursework. massey.ac.nz/itslabs

COURSE ADVICE
Course advisers help plan your course of study. They provide information to all prospective students, whether you’re a school-leaver or coming to university after a break. Choosing the right courses is an important first stage of university study and we’re here to help. If you would like any assistance or advice in planning your study please contact us:
Call: 0800 627 739

STUDENT LIFE

MASSEY CAREER CENTRE
At Massey Career Centre, we can help you plan your career, find and apply for jobs, and connect with employers at career events. You’ll also get access to our career tools and resources online. While we’ll never tell you what to do, or what to be, we will tell you that it’s never too early to start planning for your career. We can help you explore your career options based on what you’re studying, your interests, the skills you already have, your values, what kind of work suits your personality. We’ll ask you what kind of difference you want to make in the world, and help you work out how you can make it happen through your choice of career. We hold career events for our students throughout the year. Our events include career talks, workshops, drop-in sessions, online seminars and employer presentations. You’ll find Massey Career Centre through MyHub, a digital platform for Massey students available when you enrol. massey.ac.nz/careers

STUDENT ASSOCIATIONS
Each Massey campus has its own student association. There is also one for distance students. They provide leadership and represent all students. They are student advocates to the University and wider community, and...
also help run events like orientation week. They are here to give you a helping hand and ensure your student voice is heard.

massey.ac.nz/studentassoc

CLUBS AND SOCIETIES
We have more than 200 student-run clubs and interest groups across our three campuses and online. Engaging with your student community can help add to an amazing university experience. You can meet new people, explore interests, make friends and even discover strengths to add to your CV. Connecting helps you have the best time possible while on your study journey and enhances your student experience.

SPORT AND RECREATION
We have sport and recreations centres on each of our three campuses, for use by students, staff and members of the public via membership or casual entry. Massey students get special rates. Each modern, well-equipped centre has a gym and a range of health and fitness facilities, group classes and programmes, with qualified fitness instructors. They can help with your fitness goals by performing fitness appraisals and designing exercise programmes that are exciting, challenging and fun.

We also have a range of specialised, world-class sports facilities. These include the Manawatū campus all-weather equestrian centre, community athletics track, 11 rugby and football fields and the Massey University Sport and Rugby Institute. The Auckland Recreation Centre in Albany is home to the Massey University Cricket Centre. All three campuses host a range of social sports leagues and club sports. Auckland and Manawatū have indoor sports halls within their recreation centres that are able to be configured for a variety of sports and events. For more information, see massey.ac.nz/recreation

AUCKLAND
We have a wide range of sports facilities, gym equipment, and health and fitness services. Members have access to modern cardiovascular and weight machines and equipment, a group fitness studio and a team of qualified fitness instructors. The Recreation Centre also has an on-site physiotherapy clinic and a café. Follow the Auckland Recreation Centre on Facebook: facebook.com/MasseyAlbanyRecreation

MANAWATŪ
We offer free access to a large range of indoor and outdoor sports courts including basketball, badminton, tennis and squash. Through your membership you will also have access to Les Mills group fitness classes and a fully equipped cardio and weights room. Other offerings include indoor social sports leagues, yoga, small group training and personal training. Follow the Manawatū Recreation Centre on Facebook: facebook.com/MasseyReccentre

WELLINGTON
We have a fitness centre providing a resistance and cardio training facility in addition to exercise-to-music classes. We also offer karate and yoga classes, social sports, bike sharing and a gym that’s open to everyone through membership. Follow the Wellington Recreation Centre on Facebook: facebook.com/recreationwlg

STUDENT WELLBEING
HEALTH AND MEDICAL SERVICES
All three of our campuses have student Health + Counselling Services situated in central locations where you can make appointments with doctors, nurses or counsellors. You have the option to register as a casual patient or enrol, making the health centre your primary health care provider.

The levy you pay for student services contributes funding which makes the visit to the doctor much cheaper than other general practice visits. Services include general health consultations, injury management, information and advice. Doctors are available for appointments Monday to Friday, and we have skilled practice nurses on staff who can help you.

COUNSELLING AND MENTAL HEALTH SUPPORT
Confidential and professional counselling is available in all of our student Health + Counselling Services. You do not need to pay to see a counsellor. Our registered counsellors are professionals who can help you to work through your problems and get back into study and student life, and offer a safe place for you to share your thoughts, feelings and concerns. All Massey students currently enrolled and living in New Zealand can make an appointment to talk with a counsellor. Students learning online in New Zealand can choose which campus Health + Counselling Service to attend, or get counselling remotely over videoconference or by phone no matter where you are studying in New Zealand. Students outside New Zealand cannot use the service because our counsellors can only work in the country they are professionally registered in.

DISABILITY SUPPORT SERVICES
We offer a wide range of support services and resources for students with disabilities, impairments and health issues. We give support in response to your individual needs, to help you succeed in your studies. Contact us to discuss support options as soon as you are able. Having conversations early gives us the chance to make sure support is in place when your studies start. See massey.ac.nz/ds

SPIRITUAL WELLBEING, FAITH GROUPS AND CHAPLAINCY SERVICE | TAHĀ WAIRUA
Taking care of yourself in a holistic way can help you get the most out of your university life and study. Chaplains are here to support you through your time at Massey. They have an understanding of life as physical, emotional, intellectual and spiritual. They can provide a listening ear, help you to make sense of life, and guide and advise. A range of student faith groups are available on each campus. These are run through student association cultural clubs, and include groups such as Chinese Christian, Muslim societies and prayer spaces, Catholic, Pasifika, and Tertiary Students Christian Fellowship. massey.ac.nz/sw

CHILD CARE ON CAMPUS
We offer high-quality early childhood education on the Auckland and Manawatū campuses. After school childcare and holiday programmes are available on the Manawatū campus. massey.ac.nz/childcare

AUCKLAND
Your child will feel at home at Massey Childcare Centre Inc, a not-for-profit early childhood centre with a history of positive Education Review Office reports and great teacher-child ratios. Our highly-qualified and experienced teachers nurture children from birth to six years old in a newly-built facility.

MANAWATŪ
Your child will thrive in this innovative community-oriented daycare centre, Massey Childcare Inc. Our highly-qualified full-time teachers nurture children from birth to six years old. At Te Uru Karaka Kōhanga Reo we also offer a wonderful and unique experience for tamariki aged from six months to six years old in a full immersion reo Māori environment.

WELLINGTON
We do not offer childcare on the Wellington campus but there are many excellent preschool and after school care options very near to us.
E NGĀ ĀKONGA MĀORI

Piki mai, kake mai, haere mai ki Te Kunenga ki Pōrehuroa. Ka wea mai rā ngā tino tūmanako, ngā wawata anō hoki i roto i a koe kia tutuki ai tō hikoitanga ki te ara o te mātauranga. Mai i tōna kunengatanga ki tōna pōrehuroatanga rā anō. Nō reira, e ngā tai e whā o te motu, e ngā reo huhua o tēna iwi, o tēna hapū, o tēna whānau, puta noa i te ao whānui tonu, tēna koutou katoa.

Māori@Massey represents a kaupapa that helps to connect and support ākonga Māori (students, staff and our wider community so that you have every opportunity to achieve success as ākonga Māori at our University. By connecting with Māori@Massey you will come into contact with a wider support network of staff who are committed to your success during your time at Massey.

We look forward to supporting your journey with us wherever in Aotearoa or the world you may be studying from. Our ākonga Māori go on to make rich and distinctive contributions after graduating with many returning to pursue Masters and PhD studies. Part of our focus is to ensure that you have access and opportunities as Māori here at Massey. With increasing numbers of te reo Māori first language speakers studying at Massey, we continue to build our capacity to ensure that we can cater to the needs and aspirations of our ākonga kōrero Māori. Ko te reo te mauri o te mana Māori. Our Māori@Massey Facebook page provides a helpful information hub as do our webpages on the Massey University website. You can find links to both of these at the bottom of the page.

We offer a diverse and contemporary range of study pathways at Massey and regardless of which courses, programmes or qualifications you may pursue, the Māori@Massey whānau are here to support and help you along the way. Massey is dedicated to nurturing Māori academic achievement and promoting excellence in teaching and research that nurtures both Te Iwi Māori and Te Ao Māori. We have more than 100 Māori subject courses available, taught by top academics in their field at both undergraduate and postgraduate levels.

Courses are available to study from anywhere in Aotearoa and the world and internally as well. With increasing numbers of Ākonga Māori studying at Massey University, now is the time to take up the challenge and study with us as part of the Māori@Massey whānau.

BACHELOR’S DEGREES
- Te Aho Tātairangi: Bachelor of Teaching and Learning
  - Kura Kaupapa Māori
- Arts (Māori Knowledge)
- Arts (Te Reo Māori)
- Māori Visual Arts (Toioho ki Āpiti)
- Resource and Environmental Planning
- Arts with Honours (Māori Knowledge)

GRADUATE DIPLOMAS/POSTGRADUATE CERTIFICATES IN
- Arts (Māori Knowledge)
- Education (Māori Education)
- Health Science (Major Health)
- Te Aho Paerewa: Māori Medium Teaching and Learning
- Māori Visual Arts (Toioho ki Āpiti)

MASTER’S DEGREES
- Arts (Māori Knowledge)
- Health Science (Māori Health)
- Education (Māori Education)
- Māori Visual Arts (Toioho ki Āpiti)

Te Rau Tauawhi, Māori Student Support team
MĀORI STUDENT SUPPORT

We have passionate teams of staff dedicated to helping ākonga Māori succeed. Each of our 5 colleges has its own Associate Dean Māori to champion Māori student success along with Māori Student Advisers (Kaitautoko Māori) to provide academic support.

There are dedicated ākonga Māori study and whānau spaces on each campus and our three Māori Student Associations organise events and whakawhanaungatanga for students.

TE RAU TAUAWHI – MĀORI STUDENT CENTRE

Founded on principles of whanaungatanga and manaakitanga, Te Rau Tauawhi provides on-campus support for all ākonga Māori. Services include:

> Provision of culturally relevant learning environments
> Mentoring and advocacy support
> Whanaungatanga events and activities

TE WHEKE A TOI

Te Wheke a Toi: The International Indigenous Centre for Critical Doctoral Studies offers cultural and whānau centred support to potential and current Māori and Indigenous doctoral students in order to successfully navigate doctoral journeys.

For all Māori services visit massey.ac.nz/maori

MARAE

The Pukeahu Campus (Wellington) has a new Marae to be opened early 2021, providing a distinctive space that is guided by kaupapa, tikanga and kawa. The Marae will bring rich and culturally distinctive opportunities for students, staff and the community to connect and learn in a tikanga Māori environment which also recognises our longstanding relationship with Te Ātiawa iwi.

Te Pūtahi-a-Toi, School of Māori Knowledge in Manawatū Campus, comprises Turitea, a whare rūnanga in which hui, conferences, akoranga, noho marae, pōwhiri and karakia are regularly held.

The wharekai, Te Toi Ora, provides a space for ākonga to learn about and engage in manaakitanga. On the Otehā campus (Albany), Te Whare Taupua in the Atrium Building provides a welcoming space for ākonga Māori.

SCHOLARSHIPS AND SUPPORT

The Pōrehuora Scholarship Awards provide entrance, under-graduate and post-graduate scholarship awards to Māori students. These awards include financial, academic and mentoring support across a range of fields of study. Te Rau Puawai is a highly successful scholarship programme providing financial, academic and pastoral support to ākonga Māori studying across areas of relevance to Māori mental health.

MĀORI STUDENT RECRUITMENT ADVISERS

Māori student recruitment advisors can help with advice about which courses to choose and how to enrol. Contact them at massey.ac.nz/sra

Tēnā, tomokia mai ki te whare wānanga nei, kia tū kaha ai koe i roto i tō whai mātauranga hei matapihi ki te ao nui, ki te ao roa.
Warm Pacific greetings to you all. Welcome to Massey University, where our goal is to support academic excellence of Pacific students by creating a learning environment that acknowledges cultural values and practices, making Pacific success a norm. We are committed to providing services that support Pacific students, whether you have chosen to study on-campus or by distance learning.

Our staff are empathetic to student needs and understand the diverse backgrounds and shared values of Pacific students. Pacific Learning Advisers are able to give academic guidance to students, helping you reach your goals. Our students can access services, including student-based learning workshops, mentoring programmes, and online developmental resources.

Pacific Orientations are held to familiarise new students with Massey University’s support services and prepare them for the year ahead. The Massey Association of Pasifika Students at Albany (MAPSA), Massey University Pasifika Students Association (MUPSA) in Manawatu and the Massey Association of Pasifika Students (MAPS) in Wellington, provide vibrant cultural and social support networks on our three campuses. We also understand the importance of celebrating success with family and in conjunction with graduation ceremonies, special Celebrations to Honour Pacific Graduates are held annually on each campus, incorporating academic excellence and community awards for current students.

PATHWAYS TO TERTIARY STUDY
We encourage pathways to academic excellence through our outreach to schools including the innovative Aganu’u programme. Massey has an ongoing commitment to supporting the ASB Polyfest through a long running sponsorship of the Tongan stage.

PACIFIC STUDENT RECRUITMENT ADVISERS
Pacific student recruitment advisors can help with advice about which courses to choose and how to enrol. Contact them at massey.ac.nz/sra

PACIFIC STUDENT TEACHING SUPPORT (PSTS)
If you are new to Massey or tertiary study you may find the Pacific Student Teaching Support (PSTS) useful. PSTS is available to all first-year Pacific students and connects you with a tutor who can support you to succeed. It is a tutoring programme to help Pacific students build confidence in understanding course materials and confidence in their grade performance. Our PSTS tutors assist in tutoring undergraduate papers under the supervision of the Pacific Student Success office. PSTS provide academic support to Pacific students so that they can achieve and excel in learning outcomes for prescribed courses. PSTS will be confident in providing tutorials in both a face-to-face and on-line learning environment. There is no expectation that the successful tutors assigned to these roles are from the Pacific: these roles are available for students of any ethnicity who wish to work with Pacific students.

PSTS provide advice on study preparation; helping students understand lecturer expectations with assignment tasks; reviewing past exam questions – helping students understand what exam questions are most often asked, what they are asking and what the lecturer is expecting in an answer. The tutors have course based content knowledge and close working relationships with the course lecturers.
HULITA TAUVELI PhD candidate (Psychology)
PSTS tutor for the College of Humanities and Social Sciences
“I am of Tongan descent, born and raised in South Auckland. I am studying towards my PhD in Psychology and interested in how the Christian faith is drawn upon by Pacific and Tongan youth for wellbeing and resiliency. When I am not studying or working, I enjoy going on adventures. I feel humbled and blessed to be a part of the ‘Pacific Student Success’ team as a Pacific Student Teaching Support, as I know how it feels to be a shy Pacific student.”

SARAH SEUMANU - BA (Psychology)
PSTS Student in the Tū Rangarang, 230.210 PSTS tutoring programme
“I seemed to be automatically enrolled as part of this program as I always received emails about the support available. For a while I ignored them, afraid to be seen as reaching out for help. The turning point came when I got a grade I was unhappy with and knew that my pride was in the way of me achieving what I wanted to, so I bit the bullet and reached out. It was the best decision I made! I found the programme extremely helpful. I study via distance to work around life commitments and I was struggling to understand what lecturers/markers were wanting from me in assignments. I reached out to Hennah, who was the tutor for this specific course, and we were able to meet in person and have discussions that helped clarify my understanding of concepts. I like how the support was from those who had access to the course and really understood the material. It was also incredible to have a pre-reading service that was more personalised to the course. Wish I had taken more notice earlier on!

I was really touched by the kind-hearted support I received. Hennah made my experience of reaching out for help so genuinely amazing it encouraged me to take advantage of more support systems that are available at Massy and through the PSTS program. Hennah was selfless in offering so much of her time amidst all her own study and life commitments. There was no sense of embarrassment or shame in having to reach out for support, which is a barrier that has prevented me from doing so in the past.

I highly recommend students to sign up to the PSTS programme. The help and support is invaluable and it helps improve confidence towards your study. The support I received helped me to achieve goal grades but also helped with my overall understanding. Cannot recommend this programme enough.”
We welcome more than 5000 international students from 100 countries each year across our three campuses. We pride ourselves on the relevance of our programmes; on our openness to students of diverse backgrounds spanning age, geographic location, educational background, ethnicity and culture; on the support we provide for students through our commitment as a signatory to the Education (Pastoral Care of International Students) Code of Practice 2016; and on the relationships we have built with our alumni worldwide.

The International Recruitment team is the first point of contact for prospective students. Our staff can provide information and advice about the University’s programmes, tuition fees, admission requirements, accommodation, student exchange, and any other questions you might have about Massey. If you are considering studying at Massey we welcome your enquiry and look forward to the possibility of you joining our community. For contact information refer to massey.ac.nz/iss

The International Student Support team (ISS) on each campus provides comprehensive advice and wellbeing services for all international students. It is also a resource centre for students and their families. ISS staff work to assist you to achieve success in your studies and to help you with any difficulties you may experience while studying in New Zealand.

- Pre-arrival and orientation of new international students
- Pastoral care
  - Case management
  - Referral to other Massey services
- International student engagement
  - International ambassador and peer-mentoring programme
  - Trips, workshops, events, information sessions
- Visas
  - General enquiries and support
  - Visa compliance – checking, verifying and recording
- Insurance
  - General enquiries and support
  - Partner and family insurance applications
Choosing where you will live is one of many important decisions you may need to make. Our accommodation provides you with an opportunity to really enhance your university experience. You will meet a diverse range of people, make lifelong friends, enjoy an active social life with a range of organised activities available throughout the year and have support 24/7.

All Massey accommodation has Residential Assistants (RAs) who are senior Massey students living on site. Their role is to help provide a supportive residential community.

AUCKLAND
Te Ōhanga Village, opened in 2015, is the only student accommodation in New Zealand to achieve the Qualmark 5 star rating for its accommodation and a gold award for its sustainability initiatives. It offers a full range of on campus accommodation options from catered Halls of Residence to self-catered apartments and studio units. The accommodation is situated in the heart of the campus in close proximity to Westfield Mall Albany, QBE Stadium, Albany Village, parks, cafés, restaurants and bars. Its a 20-minute drive to the heart of Auckland city and is just minutes away from extensive recreation options and stunning beaches.

MANAWATŪ
Our beautifully landscaped Manawatū campus has an extensive range of Qualmark accredited accommodation with catered and self-catered options available. The accommodation is located on campus to suit your budget and needs. Palmerston North is an easy city to get around whether you are walking, cycling or taking one of the free buses to and from the city, and is renowned for its cafés and range of sporting and recreational activities on its doorstep.

WELLINGTON
The Wellington Halls are situated very close to campus and within walking distance to most places in the city. Wellington campus is close to the bustling business and shopping areas in the city, and there are extensive public transport options available.

HOMESTAY
Homestay accommodation is a good option for students who would benefit from living in a family environment. Local homestay hosts are carefully selected and welcome students into their families and homes. If you are interested in this option please contact the Accommodation Office for the campus you are going to be studying at.

VIRTUAL TOURS
Take a look at all the options available at massey.ac.nz/accommodation

COSTS
All of the costs associated with the different options are available on our website. Costs differ depending on location and catering option. Our catered halls consist of lunch and dinner Monday – Friday and brunch and dinner at weekends.

HOW TO APPLY
Visit massey.ac.nz/accommodation

OPENING AND CLOSING DATES
Accommodation applications open on 1 August each year. To be considered in the first round of allocations your application must be submitted by 1 October. If you are a domestic school leaver we will need your common confidential reference form. You may need to submit an application for accommodation before you have been accepted into your chosen programme.

For more detailed information we publish an accommodation guide with further information. You can request this guide by calling 0800 627 739 or downloading it at: massey.ac.nz/accommodation

WHY CHOOSE MASSEY HALLS?
Location: our halls are situated either on campus or within a short walking distance of the University. Everything you need is nearby.

24/7 support: we have a team of staff to support you 24/7 and our Residential Assistants all live on campus.

Better grades: research shows that students living in university-provided accommodation tend to achieve better results.

Student community: you will be living with a community of students, giving you the opportunity to meet people and make life long friends from around the world.

Activities and events: we offer a full and varied residential life programme, so there is no excuse not to get involved.

Safe and secure: our buildings are safe and secure with key fob access. We have a security team that does regular checks through the day and night.

No fuss payments: our fees are straightforward. You pay one fee that includes your rent, water, power, internet and meals, if catered.

Home away from home: we do our best to make you feel at home.

Student leadership opportunities: our residents have opportunities to take on leadership roles, such as floor wardens, and hall representatives. After a year, you could apply to join our team and become an RA.
Budgeting

Cost is an important factor when considering tertiary study. Tuition fees can vary depending on the programme of study you’re undertaking, but you can always get an idea of costs from previous years. You’ll also need to consider other costs such as accommodation and living expenses. There are several sources of funding to help you with your tertiary education and a range of scholarships (see page 6) and other options, such as student allowances and student loans. This section will give you an idea of the costs involved, options for funding your tertiary education and who to contact for more information.

TUITION FEES
Fees for each programme of study vary, however the tables on this page provide a general idea of the costs for first-year tuition for a domestic student. For further information, call 0800 627 739 or use the online fees calculator to estimate your fees at massey.ac.nz/fees/

SOURCES OF FUNDING
There are several different ways to fund your studies such as:
> Holiday employment
> Scholarships
> Part-time or casual employment during the semester
> Student allowances
> Student loans
> Bursaries
> Grants from prospective employers
> Financial support from your family
> Savings
> Loans and overdrafts

STUDENT ALLOWANCES
Some full-time students may be eligible for a student allowance to help meet their living expenses. If you are aged between 18 and 24, the amount of the student allowance you may receive depends on the combined income of your parents. There are also some special allowances for students who do not meet these criteria. You can find out more and apply online for student allowances on the Studylink website at studylink.govt.nz

STUDENT LOANS
Some domestic full-time students may qualify for a student loan to help pay for compulsory fees, books, materials and, in some cases, living costs. Some domestic part-time students may even qualify for a student loan to pay for compulsory fees. You can find out more and apply online for student loans on the Studylink website at studylink.govt.nz

NOTE: The information in these tables is for estimation purposes only and is based on tuition fees for domestic students. Fees will be finalised on confirmation of enrolment. Staff who are able to give budget advice are available on each campus.
More information

MASSEY.AC.NZ
On our website you can find out more about what each campus has to offer, areas you can study at Massey, scholarships, events, accommodation, and enrol online. Our website is being constantly updated, so keep checking back for the latest information.

CONTACT CENTRE
0800 627 739
You can find out more about Massey’s three campuses, distance learning, and the courses offered by calling our friendly contact centre staff or you can visit the Campus Information Service located on each of our three campuses.

STUDENT ADVISERS
If you’d rather have a one-on-one chat, call the student adviser in your area. They’re available to help you with any questions you might have about studying at Massey, whatever age or stage you’re at. And if you’d like to have a sneak preview of university life, just ask your local adviser about taking a tour around any of our campuses. There are also dedicated advisers for Māori, Pacific and International students.

PROGRAMME GUIDE BOOKS
Having read this prospectus, you may now want to explore your proposed area of study in greater detail. We produce a range of guide books, grouped around our core schools of study. These books provide details of entry requirements, majors, course structures and career outcomes for various programmes.
To obtain copies:
Call: 0800 627 739
Web: massey.ac.nz/yourguideto
Or, visit a Campus Information Service.

EVENTS
Check out Massey life at one of our campus Taster Days. Learn about our programmes and exciting career opportunities, our accommodation, facilities on-campus and talk to lecturers and students.
We also have stands at various career and tertiary education expos held throughout the country. If you want to know where you’ll see us next, give your local student recruitment adviser a call or visit massey.ac.nz/events/.

He whakamārama anō
Bachelor's Degree
Normally at least three years of full-time study.

Block Mode Courses
Courses in which the class contact is in a compressed time period. Off-campus locations may be used.

Conjoint Degrees
Allows candidates to qualify for approved conjoint awards of two degrees. The most common conjoint programmes entail the completion of two undergraduate degrees by passing a reduced number of credits in combinations as specified in the qualification regulations.

Core Course
A compulsory course that must be passed as part of a particular qualification.

Course
A module of work with a unique code number involving lectures, tutorials, seminars, and practicals. A typical undergraduate degree, studied full-time, would consist of 8 courses per year, with 4 in each semester.

Course Code
Each course has a six-figure code to identify it. For example, in course 150.214 the ‘150’ denotes Māori Studies, the ‘2’ shows it is a 200-level course and the final two digits ‘14’ identify the course.

Credits
Every programme has a credit value and every course within a programme also has a credit value. For example, a typical undergraduate degree is worth 360 credits and a typical undergraduate course is worth 15 credits.

Distance Learning
University study undertaken by correspondence and/or by electronic means. Also known as ‘extramural’.

Elective Courses
Non-compulsory courses chosen by students (with certain guidelines usually provided).

Graduate
A student who has completed a Bachelor's degree or higher.

Graduate Diploma
A qualification open to graduates or to those who can demonstrate equivalent experience.

Honours Degree
Honours degrees are postgraduate qualifications where students engage in basic research. Students may complete an additional year of study above the basic Bachelor's degree in a subject, such as BA(Hons) and BSc(Hons), or they may enrol in an Honours programme from the start, such as BDes(Hons) and BFA(Hons). An Honours degree is equivalent to a Postgraduate Diploma. Entry to an Honours programme requires prior high academic performance.

Internal
University study undertaken by attendance at the regularly scheduled classes for a course.

Level of course
Typical undergraduate degrees consist of 100, 200 and 300-level courses. 100-level courses are taught in the first year, 200-level courses in second year and 300-level courses may be studied once 200-level courses are successfully completed. Postgraduate courses are taught at 700, 800 and 900-levels.

Major
A substantial component of an undergraduate degree (at least a quarter of all the courses in the degree).

Master's Degree
A postgraduate degree awarded for advanced study that normally builds on the principal discipline area(s) of a qualifying undergraduate degree.

Minor
A combination of courses in an undergraduate degree that is smaller than a major.

Mixed Delivery Mode
A course of study which includes courses which are delivered by different modes.
Mode
Refers to the teaching method of the course, which may be internal, distance, or block delivery.

Postgraduate Diploma
A qualification that builds on attainment in the prior degree, open to graduates or those with equivalent experience.

Postgraduate Study
Involves study at either 700-, 800-, or 900-level, or a combination of these levels, normally for an honours degree, master’s degree or doctoral degree, a postgraduate certificate or a postgraduate diploma. Normally undertaken when a Bachelor’s degree has been completed.

Prerequisite
A course that must be completed before a student’s enrolment in another course is confirmed.

Restriction
Some courses that are similar in content are restricted against each other. Students will not be permitted to enrol in both courses nor credit them both to a qualification.

Semester
A prescribed period of the academic year during which a course is taught and completed. A single semester normally comprises 13 weeks of teaching followed by final assessment where appropriate.

Specialisation
The collective term covering majors, minors, subjects and endorsements in a specific discipline for a qualification.

Stream
The Learning Management System adopted by Massey University. Stream is Massey University’s virtual learning environment. Many courses are supported or enhanced by this environment, which includes features such as discussion boards, online quizzes, digital learning resources, and more.

Summer School
A period of study during the summer. It is shorter in length than a normal semester. Some Summer School courses are delivered over the full mid-November to mid-February period, and other courses are delivered over a shorter time span.

Tutorial
Usually a period of instruction for a small group of up to about 20 students during which the academic content of a course is discussed with a tutor.

Undergraduate
Before graduation, e.g., an undergraduate student is someone who has yet to complete the requirements of a Bachelor’s degree.
Contact Massey for more information

MASSEY.AC.NZ
Our website is full of useful information covering everything you need to know – from what each campus has to offer, their departments and qualifications, scholarships, events, accommodation and plenty more.

CALL OUR CONTACT CENTRE
If you’d rather speak to a real person, feel free to give our friendly contact centre staff a call on 0800 627 739.
Or, if you’d like to actually see a real person, drop in to our campuses in Auckland, Palmerston North or Wellington.

STUDENT ADVISERS
We have heaps of people available to answer any questions you may have about studying with us. We understand it’s a big decision. To speak to someone, or to get someone to visit your school or workplace:
Phone: 0800 627 739
Text: 5222
Email: academicadvice@massey.ac.nz

Dedicated international, Māori and Pasifika student advisers are also available.

PROGRAMME GUIDES
We produce a range of guide books with programmes grouped around particular interest areas. They provide details of entry requirements, majors, course structures and career outcomes covering all our qualifications.
To obtain copies of these guide books:
Download them at massey.ac.nz/yourguide
Phone: 0800 627 739
Text: 5222
Email: contact@massey.ac.nz

EVENTS
VIRTUAL OPEN DAYS
Online 30-31 July 2021

CAMPUS TASTER DAYS
Manawatū 4 August
Wellington 20 August
Auckland 21 August

We also have stands at various career and tertiary education expos held all over New Zealand (and beyond). If you want to know where you’ll see us next:
Call: 0800 627 739
Text: 5222
Email: contact@massey.ac.nz
Visit: massey.ac.nz/events

INTERNATIONAL STUDENTS
We welcome thousands of International Students from 100 countries each year. The International Recruitment team is the first point of contact for prospective students. If you are considering studying at Massey we welcome your enquiry and look forward to helping you join us. For more information:
Phone: +64 6 350 5701
Email: international@massey.ac.nz
Web: massey.ac.nz/international
